AN ACT to amend the vehicle and traffic law and the public officers law, in relation to authorizing political subdivisions and certain public authorities to establish demonstration programs implementing railroad grade crossing monitoring systems by means of photo devices; and providing for the repeal of such provisions upon expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 135-a of the vehicle and traffic law, as added by chapter 501 of the laws of 2016, is amended to read as follows:

§ 135-a. Railroad grade crossing. A location where [a public highway or private road, including associated sidewalks, crosses one or more] railroad tracks [at grade] intersect a public or private highway, roadway or sidewalk.

§ 2. The vehicle and traffic law is amended by adding a new section 1170-a to read as follows:

8 9 § 1170-a. Owner liability for failure of operator to obey signal 10 indicating approach of train. (a) 1. Notwithstanding any other 11 provision of law, any political subdivision is hereby authorized and 12 empowered to adopt and amend a local law, ordinance or resolution estab-13 lishing a demonstration program imposing monetary liability on the owner 14 of a vehicle for failure of an operator thereof to comply with section eleven hundred seventy of this article. Such demonstration program shall 15 16 empower a political subdivision to install and operate railroad grade 17 crossing photo violation-monitoring devices at any railroad grade cross-18 ing within its jurisdiction. If installation, operation or maintenance 19 of equipment pursuant to this section requires entry upon the property of the commuter railroad, the political subdivision or its agent shall 20 first secure permission from such railroad to enter upon the property. 22 All such work shall be performed in accordance with applicable federal

and state requirements and industry safety standards. The cost of such photo violation-monitoring devices may be borne by the political subdivision, a commuter railroad operating within the political subdivision, or a combination of both such political subdivision and commuter railroad pursuant to a memorandum of understanding.

- 2. Such demonstration program shall utilize necessary technologies to ensure, to the extent practicable, that photographs produced by such railroad grade crossing photo violation-monitoring systems shall not include images that identify the driver, the passengers or the contents of the vehicle. Provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because a photograph or photographs allow for the identification of the contents of a vehicle, provided that such political subdivision has made a reasonable effort to comply with the provisions of this paragraph.
- (b) Within the jurisdiction of any such political subdivision which has adopted a local law, ordinance or resolution pursuant to subdivision (a) of this section, the owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, in violation of section eleven hundred seventy of this article, and such violation is evidenced by information obtained from a railroad grade crossing photo violation-monitoring system; provided, however, that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of the underlying violation of section eleven hundred seventy of this article.
- 26 (c) For purposes of this section, the following terms shall have the 27 following meanings:
  - 1. "Owner" shall have the meaning provided in article two-B of this chapter.
  - 2. "Railroad grade crossing photo violation-monitoring system" shall mean a vehicle sensor installed to work in conjunction with a railroad sign or signal which automatically produces two or more photographs, two or more microphotographs, a videotape or other recorded images of each vehicle at the time it is used or operated in violation of section eleven hundred seventy of this article.
  - 3. "Political subdivision" shall mean a county, city, town or village located within the metropolitan commuter transportation district, as defined in section twelve hundred sixty-two of the public authorities law.
  - 4. "Commuter railroad" shall mean a railroad owned and operated by the metropolitan transportation authority and located within the metropolitan commuter transportation district, as defined in section twelve hundred sixty-two of the public authorities law.
- 5. "Operator" shall have the same meaning as provided in section two hundred thirty-nine of this chapter.
- (d) A certificate, sworn to or affirmed by a technician employed by the political subdivision in which the charged violation occurred, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a railroad grade crossing photo violation-monitoring system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation pursuant to a local law, ordinance or resolution adopted pursuant to this section.

(e) An owner liable for a violation of section eleven hundred seventy of this article pursuant to a local law, ordinance or resolution adopted pursuant to this section shall be liable for monetary penalties in accordance with a schedule of fines and penalties to be established in such local law, ordinance or resolution. The liability of the owner pursuant to this section shall not exceed one hundred dollars for each violation; provided, however, that an adjudicating authority may provide for an additional penalty of not in excess of twenty-five dollars for each violation for the failure to respond to a notice of liability within the prescribed period of time.

- (f) An imposition of liability under a local law, ordinance or resolution adopted pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.
- (g) 1. A notice of liability shall be sent by first class mail to each person alleged to be liable as an owner for a violation of section eleven hundred seventy of this article pursuant to this section. Personal delivery on the owner shall not be required. A manual or automatic record of mailing prepared in the ordinary course of business shall be prima facie evidence of the facts contained therein.
- 2. A notice of liability shall contain the name and address of the person alleged to be liable as an owner for a violation of section eleven hundred seventy of this article pursuant to this section, the registration number of the vehicle involved in such violation, the location where such violation took place, the date and time of such violation and the identification number of the camera which recorded the violation or other document locator number.
- 3. The notice of liability shall contain information advising the person charged of the manner and the time in which he or she may contest the liability alleged in the notice. Such notice of liability shall also contain a warning to advise the person charged that failure to contest in the manner and time provided shall be deemed an admission of liability and that a default judgment may be entered thereon.
- 4. The notice of liability shall be prepared and mailed by the political subdivision, or by any other entity authorized by such political subdivision to prepare and mail such notification of violation.
- (h) Adjudication of the liability imposed upon owners by this section shall be by the court having jurisdiction over traffic infractions, except that if such political subdivision has established an administrative tribunal to hear and determine complaints of traffic infractions constituting parking, standing or stopping violations such political subdivision may, by local law, authorize such adjudication by such tribunal.
- (i) If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle was reported to a law enforcement agency as having been stolen, it shall be a valid defense to an allegation of liability for a violation of section eleven hundred seventy of this article pursuant to this section that the vehicle had been reported to the police as stolen after the owner found out it was stolen and had not been recovered by the time the violation occurred. For purposes of asserting the defense provided by this subdivision it shall be sufficient that a certified copy of a police report on the stolen vehicle be sent by first class mail to the court or administrative tribunal having jurisdiction.

- 38 (II) Failure to comply with clause (B) of subparagraph (I) of this 39 paragraph shall render the owner liable for the penalty prescribed in 40 this section.
  - (III) Where the lessor complies with the provisions of this paragraph, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for such violation pursuant to this section and shall be sent a notice of liability pursuant to subdivision (q) of this section.
  - (k) 1. If the owner liable for a violation of section eleven hundred seventy of this article pursuant to this section was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.
- 2. Notwithstanding any other provision of this section, no owner of a vehicle shall be subject to a monetary fine imposed pursuant to this section if the operator of such vehicle was using or operating such 54 vehicle without the permission of the owner at the time such operator failed to obey a railroad sign or signal indicating the approach of a 55 train.   - (n) It shall be a defense to any prosecution for a violation of section eleven hundred seventy of this article pursuant to a local law or ordinance adopted pursuant to this section that the railroad signal indications were malfunctioning at the time of the alleged violation.
- § 3. The vehicle and traffic law is amended by adding a new section 45 1633 to read as follows:
- 46 § 1633. Railroad grade crossing enforcement; demonstration program. (a) 1. If installation, operation or maintenance

of equipment pursuant to this section requires entry upon the property of the political subdivision, the commuter railroad or its agent shall first secure permission from such political subdivision to enter upon the property. All such work shall be performed in accordance with appli-cable federal and state requirements and industry safety standards. The costs associated with the installation, operation and maintenance of the railroad grade crossing photo violation-monitoring equipment located on the railroad right of way shall be borne by the commuter railroad, provided, however, in any case where the equipment is to be located on both railroad property and the property of the political subdivision, the terms and conditions for installation, operation and maintenance of such equipment, including cost apportionment, if applicable, shall be determined pursuant to a memorandum of understanding between the commu-ter railroad and the political subdivision.

- 2. Such demonstration program shall utilize necessary technologies to ensure, to the extent practicable, that photographs produced by such railroad grade crossing photo violation-monitoring systems shall not include images that identify the driver, the passengers or the contents of the vehicle. Provided, however that no notice of liability issued pursuant to this section shall be dismissed solely because a photograph or photographs allow for the identification of the driver, the passengers or the contents of a vehicle, provided that the commuter railroad has made a reasonable effort to comply with the provisions of this paragraph.
- (b) Subject to the provisions of subdivision (a) of this section and subject to the adjudicatory process of the appropriate political subdivision, the owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, in violation of section eleven hundred seventy of this chapter, and such violation is evidenced by information obtained from a railroad grade crossing photo violation—monitoring system; provided, however, that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of the underlying violation of section eleven hundred seventy of this chapter.

- (g) 1. A notice of liability shall be sent by first class mail to each person alleged to be liable as an owner for a violation of section eleven hundred seventy of this chapter pursuant to this section and a copy of such notice shall be sent by first class mail to the political subdivision. - (h) Adjudication of the liability imposed upon owners by this section shall be by the court having jurisdiction over traffic infractions, except that if a political subdivision has established an administrative tribunal to hear and determine complaints of traffic infractions constituting parking, standing or stopping violations, such political subdivision may, by local law, authorize such adjudication by such tribunal.
- (i) If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle was reported to a law enforcement agency as having been stolen, it shall be a valid defense to an allegation of liability for a violation of section eleven hundred seventy of this chapter pursuant to this section that the vehicle had been reported to the police as stolen after the owner found out it was stolen and had not been recovered by the time the violation occurred.   - (iii) Where the lessor complies with the provisions of this paragraph, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for such violation pursuant to this section and shall be sent a notice of liability pursuant to subdivision (g) of this section.
  - (k) 1. If the owner liable for a violation of section eleven hundred seventy of this chapter pursuant to this section was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.
- 2. Notwithstanding any other provision of this section, no owner of a vehicle shall be subject to a monetary fine imposed pursuant to this section if the operator of such vehicle was using or operating such vehicle without the permission of the owner at the time such operator

failed to obey a railroad sign or signal indicating the approach of a train. For purposes of this subdivision there shall be a presumption that the operator of such vehicle was using or operating such vehicle with the permission of the owner at the time such operator failed to obey a railroad sign or signal indicating the approach of a train.
