34 the foregoing provisions and subject to legislative approval of the  
35 tracts to be exchanged prior to the actual transfer of title, the state,  
36 in order to consolidate its land holdings for better management, may  
37 convey to International Paper Company approximately eight thousand five  
38 hundred acres of forest preserve land located in townships two and three  
39 of Totten and Crossfield Purchase and township nine of the Moose River  
40 Tract, Hamilton county, and in exchange therefore International Paper  
41 Company shall convey to the state for incorporation into the forest  
42 preserve approximately the same number of acres of land located within  
43 such townships and such County on condition that the legislature shall

46 foregoing provisions and subject to legislative approval of the tracts  
47 to be exchanged prior to the actual transfer of title and the conditions

5 the natural and historic character of the lands and buildings conveyed  
6 by the state will be secured by appropriate covenants and restrictions  
7 and that the lands and buildings conveyed by the state will reasonably  
8 be available for public visits according to agreement between Sagamore  
9 Institute, Inc. and the state. Notwithstanding the foregoing provisions  
10 the state may convey to the town of Arietta fifty acres of forest  
11 preserve land within such town for public use in providing for the

27 ty to be received by the state is at least equal in value to the land to  
28 be conveyed by the state.

29 Notwithstanding the foregoing provisions and subject to legislative  
30 approval prior to actual transfer of title, because there is no viable  
31 alternative to using forest preserve lands for the siting of drinking  
32 water wells and necessary appurtenances and because such wells are  
33 necessary to meet drinking water quality standards, the state may convey  
34 to the town of Long Lake, Hamilton county, one acre of forest preserve  
35 land within such town for public use as the site of such drinking water  
36 wells and necessary appurtenances for the municipal water supply for the  
37 hamlet of Raquette Lake. In exchange therefor, the town of Long Lake  
38 shall convey to the state at least twelve acres of land located in

49 convey to the state for incorporation into the forest preserve at least  
50 10 acres of forest land owned by National Grid in St. Lawrence county,  
51 on condition that the legislature shall determine that the property to  
52 be received by the state is at least equal in value to the land conveyed  
53 by the state.

54 Notwithstanding the foregoing provisions, the legislature may author-  
55 ize the settlement, according to terms determined by the legislature, of  
56 title disputes in township forty, Totten and Crossfield purchase in the

town of Long Lake, Hamilton county, to resolve longstanding and competing claims of title between the state and private parties in said township, provided that prior to, and as a condition of such settlement, land purchased without the use of state-appropriated funds, and suitable for incorporation in the forest preserve within the Adirondack park, shall be conveyed to the state on the condition that the legislature shall determine that the property to be conveyed to the state shall provide a net benefit to the forest preserve as compared to the township forty lands subject to such settlement.

Notwithstanding the foregoing provisions, the state may authorize NYCO Minerals, Inc. to engage in mineral sampling operations, solely at its expense, to determine the quantity and quality of wollastonite on approximately 200 acres of forest preserve land contained in lot 8, Stowers survey, town of Lewis, Essex county provided that NYCO Minerals, Inc. shall provide the data and information derived from such drilling to the state for appraisal purposes. Subject to legislative approval of the tracts to be exchanged prior to the actual transfer of title, the state may subsequently convey said lot 8 to NYCO Minerals, Inc., and, in exchange therefor, NYCO Minerals, Inc. shall convey to the state for incorporation into the forest preserve not less than the same number of acres of land, on condition that the legislature shall determine that the lands to be received by the state are equal to or greater than the value of the land to be conveyed by the state and on condition that the assessed value of the land to be conveyed to the state shall total not less than one million dollars. When NYCO Minerals, Inc. terminates all mining operations on such lot 8 it shall remediate the site and convey title to such lot back to the state of New York for inclusion in the forest preserve. In the event that lot 8 is not conveyed to NYCO Minerals, Inc. pursuant to this paragraph, NYCO Minerals, Inc. nevertheless shall convey to the state for incorporation into the forest preserve not less than the same number of acres of land that is disturbed by any mineral sampling operations conducted on said lot 8 pursuant to this paragraph on condition that the legislature shall determine that the lands to be received by the state are equal to or greater than the value of the lands disturbed by the mineral sampling operations.

Notwithstanding the foregoing provisions and subject to legislative approval prior to actual transfer of title, a total of no more than two hundred fifty acres of forest preserve land shall be used for the establishment of a health and safety land account. Where no viable alternative exists and other criteria developed by the legislature are satisfied, a town, village or county may apply, pursuant to a process determined by the legislature, to the health and safety land account for projects limited to: address bridge hazards or safety on county highways, and town highways listed on the local highway inventory maintained by the department of transportation, dedicated, and in existence on January first, two thousand fifteen, and annually plowed and regularly maintained; elimination of the hazards of dangerous curves and grades on county highways, and town highways listed on the local highway inventory maintained by the department of transportation, dedicated, and in existence on January first, two thousand fifteen, and annually plowed and regularly maintained; relocation and reconstruction and maintenance of county highways, and town highways listed on the local highway inventory maintained by the department of transportation, dedicated, and in existence on January first, two thousand fifteen and annually plowed and regularly maintained, provided further that no single relocated portion

2 necessary appurtenances when such wells are necessary to meet drinking  
3 water quality standards and are located within five hundred thirty feet  
4 of state highways, county highways, and town highways listed on the  
5 local highway inventory maintained by the department of transportation,  
6 dedicated, and in existence on January first, two thousand fifteen, and  
7 annually plowed and regularly maintained. As a condition of the creation  
8 of such health and safety land account the state shall acquire two  
9 hundred fifty acres of land for incorporation into the forest preserve,  
10 on condition that the legislature shall approve such lands to be added  
11 to the forest preserve.

12 Notwithstanding the foregoing provisions and subject to legislative  
13 approval of the tracts to be exchanged prior to the actual transfer of  
14 title and the conditions herein set forth, the state, in order to facil-  
15 itate the preservation of historic buildings listed on the national  
16 register of historic places may convey to Debar Pond Institute, Inc., a  
17 not-for-profit corporation, approximately six acres of land including  
18 Debar Pond Lodge and associated buildings with rights of ingress and  
19 egress on and the right to use, maintain, and improve for safe passage  
20 the road from County Route 26 to Debar Pond Lodge, the right to use and  
21 maintain the existing utility lines and poles, the right to co-locate  
22 future utilities along the utility line, and the right to draw water  
23 from Debar Pond for the purposes of water supply and fire suppression,  
24 in the Town of Duane, county of Franklin, and in exchange therefor;  
25 Debar Pond Institute, Inc. shall convey to the state for incorporation  
26 into the forest preserve not less than four hundred acres of land  
27 located within the Adirondack Park on condition that the legislature  
28 shall determine that the lands to be received by the state are at least  
29 equal in value to the lands and buildings to be conveyed by the state,  
30 that the lands and buildings conveyed by the state will be reasonably  
31 available for public use and visits, and that the natural and historic  
32 character of the lands and buildings conveyed by the state will be  
33 secured by a lawful conservation easement held by the state of New York.

34 § 2. Resolved (if the Senate concur), That the foregoing amendment be  
35 referred to the first regular legislative session convening after the  
36 next succeeding general election of members of the assembly, and, in  
37 conformity with section 1 of article 19 of the constitution, be  
38 published for 3 months previous to the time of such election.
