The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 86 of the public officers law is amended by adding two new subdivisions 10 and 11 to read as follows:

10. "State agency" means any state department, division, commission, public authority or public corporation.

11. "Head of agency" means the commissioner, acting commissioner, deputy commissioner, superintendent, director, deputy director, or chief executive officer of a state agency.

1 grant or deny such request, and where such request is granted, such  
2 entity shall have up to a maximum of ninety days from the date of the  
3 request to make such record available to the person requesting it. When  
4 a state agency grants a request for records from a person and the  
5 records are not made available within thirty days of such request, the  
6 head of such agency shall have a duty to review such request and direct  
7 such agency, in writing, to make the records available to the person who  
8 made the request no later than ninety days from the date of such  
9 request, and to ensure such records are made available. When a state  
10 agency receives a request for records and provides a statement of the  
11 approximate date when such request will be granted or denied, the head  
12 of such agency shall have a duty to direct such agency, in writing, to  
13 make such determination no later than thirty days from the date of such  
14 request, and to ensure such determination is made by such agency within  
15 such time. When a state agency has not denied a request for records or  
16 made records available within thirty days of a request for records, the  
17 head of such agency shall sign a certification, under penalty of perju-  
18 ry, which shall be signed and posted on the agency's website within  
19 forty-five days of the date of the request, and which shall include:

20 (i) Whether the head of such agency reviewed the request for records;  
21 (ii) Whether the head of such agency directed the agency, in writing,  
22 to make a determination to grant or deny such request within thirty days  
23 from the date of such request;  
24 (iii) Whether the request was granted or denied by the agency, or  
25 whether the agency failed to make a determination to grant or deny such  
26 request; and  
27 (iv) Whether the head of such agency directed, in writing, that the  
28 records be made available to the person who requested them no later than  
29 ninety days after the date of such request. When a state agency receives  
30 a request for records, and a determination whether to grant or deny such  
31 request has not been made within thirty days of such request, the head  
32 of such agency shall have a duty to notify the governor that the agency  
33 has failed to make such determination, as required by this article, and  
34 to provide a copy of such request. Upon receipt of such notice, the  
35 governor, and any senior staff member of the governor, shall have an  
36 affirmative duty to review such request and to direct such state agency,  
37 in writing, to make a determination within forty-five days of the  
38 request and to direct such state agency, in writing, to make the  
39 requested records available within ninety days of the request, if such  
40 agency grants such request. If such state agency fails to make a deter-  
41 mination to grant or deny a request within forty-five days of the  
42 request, or fails to make the requested records available within ninety  
43 days of the request, the governor, and any senior appointed staff member  
44 of the governor, shall each sign a separate certification, under penalty  
45 of perjury, which shall be signed and posted on the governor's website  
46 within sixty days after the record request and shall state whether the  
47 governor, or any senior appointed staff member, directed such state  
48 agency, in writing, to make a determination within forty-five days of  
49 the request and whether the governor, or any senior appointed staff  
50 member, directed such state agency to make the requested records avail-  
51 able within ninety days of the request, if such agency granted such  
52 request.

53 (3) An agency shall not deny a request on the basis that the request  
54 is voluminous or that locating or reviewing the requested records or  
55 providing the requested copies is burdensome because the agency lacks  
56 sufficient staffing or on any other basis if the agency may engage an

1 outside professional service to provide copying, programming or other  
2 services required to provide the copy, the costs of which the agency may  
3 recover pursuant to paragraph (c) of subdivision one of section eighty-  
4 seven of this article. An agency may require a person requesting lists  
5 of names and addresses to provide a written certification that such  
6 person will not use such lists of names and addresses for solicitation  
7 or fund-raising purposes and will not sell, give or otherwise make  
8 available such lists of names and addresses to any other person for the  
9 purpose of allowing that person to use such lists of names and addresses  
10 for solicitation or fund-raising purposes. If an agency determines to  
11 grant a request in whole or in part, and if circumstances prevent  
12 disclosure to the person requesting the record or records within twenty  
13 business days from the date of the acknowledgement of the receipt of the  
14 request, the agency shall state, in writing, both the reason for the  
15 inability to grant the request within twenty business days and a date  
16 certain within a reasonable period, depending on the circumstances, when  
17 the request will be granted in whole or in part. Upon payment of, or  
18 offer to pay, the fee prescribed therefor, the entity shall provide a  
19 copy of such record and certify to the correctness of such copy if so  
20 requested, or as the case may be, shall certify that it does not have  
21 possession of such record or that such record cannot be found after  
22 diligent search. Nothing in this article shall be construed to require  
23 any entity to prepare any record not possessed or maintained by such  
24 entity except the records specified in subdivision three of section  
25 eighty-seven and subdivision three of section eighty-eight of this arti-  
26 cle. When an agency has the ability to retrieve or extract a record or  
27 data maintained in a computer storage system with reasonable effort, it  
28 shall be required to do so. When doing so requires less employee time  
29 than engaging in manual retrieval or redactions from non-electronic  
30 records, the agency shall be required to retrieve or extract such record  
31 or data electronically. Any programming necessary to retrieve a record  
32 maintained in a computer storage system and to transfer that record to  
33 the medium requested by a person or to allow the transferred record to  
34 be read or printed shall not be deemed to be the preparation or creation  
35 of a new record.

36 § 3. Title P of the penal law is amended by adding a new article 285  
37 to read as follows:
