Introduced by M. of A. PAULIN -- read once and referred to the Committee on Health

AN ACT to amend the public health law, in relation to requiring the department of health to develop and maternal health care providers to distribute written information about episiotomy to maternity patients

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- 1 Section 1. The public health law is amended by adding a new section 2 2500-m to read as follows:
- § 2500-m. Duty of providers of maternity services to inform. 1. (a)
 Every maternal health care provider shall provide the written communication established in subdivision two of this section prior to delivery
 to each pregnant patient for whom a vaginal delivery is planned.
- 7 (b) Every maternal health care provider who attends to a vaginal 8 delivery which was not planned prenatally shall provide the written 9 communication established in subdivision two of this section to the patient following delivery.
- 11 (c) As used in this section: "maternal health care provider" or
 12 "provider" shall mean a physician, midwife, nurse practitioner, or
 13 physician assistant, acting within the practitioner's scope of practice,
 14 managing the pregnancy or labor of a pregnant patient.
- 15 2. (a) The commissioner shall develop a written communication or communications for maternal health care providers to distribute to 16 maternity patients as required in subdivision one of this section, which 17 contains information about episiotomy. The commissioner shall consult 18 with appropriate health care professionals, providers, consumers, educa-19 20 tors and patients or organizations representing them, including but not 21 limited to the American College of Obstetricians and Gynecologists and 22 the New York State Association of Licensed Midwives to develop such 23 written communication or communications.
- 24 (b) Such written communication or communications shall include, but 25 not be limited to information on:
- 26 <u>i. potential maternal injuries associated with episiotomy;</u>
- 27 <u>ii. the impact an episiotomy may have on future deliveries;</u>
