FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill will allow airport firefighters employed by the division of military and naval affairs to retire to become covered by the provisions of a special 25-year retirement plan, which will provide a benefit of one-half of final average salary upon retirement for all tiers and an additional benefit of one-sixtieth of final average salary for each year of service, including non-firefighter service, in excess of 25 years for tiers 1 and 2 only.

If this bill is enacted during the 2022 legislative session, we anticipate there will be an increase of approximately $190,000 in the annual contributions of the State of New York for the fiscal year ending March 31, 2023. In future years, this cost will vary as the billing rates and salaries of the affected firefighters change.

In addition to the annual contributions discussed above, there will be an immediate past service cost of $1.86 million which will be borne by the State of New York as a one-time payment. This estimate is based on the assumption that payment will be made on March 1, 2023.

These estimated costs are based on 64 airport firefighters employed by the division of military and naval affairs with an annual salary of approximately $5.1 million for the fiscal year ending March 31, 2021.
