

STATE OF NEW YORK

1829--A

Cal. No. 119

2021-2022 Regular Sessions

IN SENATE

January 16, 2021

Introduced by Sens. SKOUFIS, GAUGHRAN, HINCHEY -- read twice and ordered printed, and when printed to be committed to the Committee on Energy and Telecommunications -- recommitted to the Committee on Energy and Telecommunications in accordance with Senate Rule 6, sec. 8 -- reported favorably from said committee, ordered to first and second report, ordered to a third reading, amended and ordered reprinted, retaining its place in the order of third reading

AN ACT to amend the public authorities law, in relation to directing the New York state energy research and development authority to study and make recommendations regarding siting renewable energy resources at decommissioned or dormant electric generating sites; and directs the New York state energy research and development authority to issue a request for proposal in support of a renewable energy project at a dormant electric generating site

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The public authorities law is amended by adding a new
2 section 1884 to read as follows:

3 § 1884. Report; energy storage at decommissioned or dormant electric
4 generating sites. 1. For the purposes of this section:

5 (a) "renewable energy resources" shall mean resources that generate
6 electricity or thermal energy through the use of the following technolo-
7 gies: solar thermal, photovoltaics, on land and offshore wind, hydro-
8 electric, geothermal electric, geothermal ground source heat, tidal
9 energy, wave energy, ocean thermal, and fuel cells.

10 (b) "energy storage" shall mean systems that store electricity, that
11 was generated by renewable energy resources, through mechanical, chemi-
12 cal, or thermal processes for use at a later time.

13 2. (a) The authority is hereby directed to prepare a report, in
14 consultation with the public service commission and empire state devel-
15 opment corporation, containing recommendations regarding siting renewa-

EXPLANATION--Matter in italics (underscored) is new; matter in brackets

LBD04143-06-2

1 ble energy resources and energy storage at decommissioned or dormant
2 electric generating sites.

3 (b) The report shall include, but not be limited to:

4 (i) a survey of decommissioned or dormant electric generating sites in
5 the state;

6 (ii) an identification of renewable energy development opportunities
7 at decommissioned or dormant electric generating sites;

8 (iii) an assessment of the economic impacts on affected communities of
9 repowering dormant electric generating sites with renewable energy,
10 including impacts to the local tax base and local employment;

11 (iv) an assessment of the impacts on electric system reliability;

12 (v) an assessment of the siting process in converting brownfield
13 locations to renewable energy resource and energy storage projects,
14 including a review of the applicable state and local laws; and

15 (vi) recommendations to further develop renewable energy resources and
16 energy storage projects at decommissioned or dormant electric generating
17 sites and surrounding properties containing the generating site's
18 infrastructure.

19 3. The authority shall submit the report required pursuant to subdivi-
20 sion two of this section to the governor, the temporary president of the
21 senate and the speaker of the assembly within one year of the effective
22 date of this section.

23 § 2. The New York state energy research and development authority is
24 directed to establish the "repowering with renewable energy" program to
25 develop renewable energy resources and energy storage at decommissioned
26 and dormant electric generating facilities.

27 1. After the completion of the report established pursuant to subdivi-
28 sion two of section 1884 of the public authorities law, the authority
29 shall issue a request for proposal through the New York green bank for a
30 repowering with renewable energy project at the Lovett Power Plant in
31 Rockland county (Lovett). Such solicitation shall leverage existing
32 state programs to attract competitive private investment in the program.

33 2. After the selection of a successful bid for the repowering with
34 renewable energy project at Lovett, the authority shall, as appropriate,
35 open solicitations for additional repowering projects in the state.

36 § 3. This act shall take effect immediately.
