AN ACT to amend the public authorities law, in relation to directing the New York state energy research and development authority to prepare a report regarding the replacement of decommissioned or dormant electric generating sites with renewable energy development and energy storage opportunities

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision 1 of section 1902 of the public authorities law is amended by adding a new paragraph (c) to read as follows:

(c) Within eighteen months of the effective date of this paragraph, the authority shall prepare a report to be submitted to the governor, the temporary president of the senate and the speaker of the assembly, that at a minimum contains:

(i) a survey of decommissioned or dormant electric generating sites in the state, and plants expected to be decommissioned or dormant in the next eighteen months;

(ii) an identification of renewable energy development and energy storage opportunities at each such decommissioned or dormant electric generating sites, and whether such site should be a build ready site, and if not, why not;

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD04143-09-2

(iii) an assessment of the economic impacts on affected communities of repowering dormant electric generating sites with renewable energy, and energy storage projects, including impacts to the local tax base and local employment; and

(iv) an assessment of the impacts on electric system reliability.

§ 2. This act shall take effect immediately, provided, however that the amendments to section 1902 of the public authorities law made by section one of this act shall not affect the expiration and repeal of such section and shall expire and be deemed repealed therewith.
