- 15. (a) For purposes of this subdivision, the term "dam" shall mean a dam classified by the department of environmental conservation as a class C or high hazard dam pursuant to section 673.5 of part 673 of title 6 of the New York state code of rules and regulations.
- (b) The canal corporation shall install a water monitoring system at any dam within its jurisdiction, as set forth in subdivision one of this section, provided that the governing board of the municipality in which such dam is located or any other municipality which is adjacent to such municipality and downstream from such dam, after public hearing, adopts a local law, ordinance or resolution providing for such installation.
- (c) Water monitoring systems installed at dams pursuant to this subdi-14 vision shall be able to provide information in real time about the water level and flood risk at such dams. Such information shall be made available: (i) to local emergency management authorities in order to assist 16 such authorities in their ability to respond to dangerous conditions or flooding at such dams; and (ii) on the alert.ny.gov webpage.
 - (d) The canal corporation is hereby authorized to promulgate rules and regulations necessary to implement the provisions of this subdivision.
- 2.1 § 2. This act shall take effect on the one hundred twentieth day after 22 it shall have become a law. Effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implemen-24 tation of this act on its effective date are authorized to be made and completed on or before such date.
