Section 1. The section heading of section 421-f of the real property tax law, as amended by chapter 590 of the laws of 1994, is amended to read as follows:
Exemption of capital improvements to residential buildings and certain new construction.

§ 2. Section 421-f of the real property tax law is amended by adding a new subdivision 1-a to read as follows:

1-a. Buildings classified as class one property in section eighteen hundred two of this chapter reconstructed, altered, improved, or newly constructed in a special assessing unit that is not a city shall be exempt from taxation and special ad valorem levies to the extent provided hereinafter in the same manner and to the same extent to county, town, special district and school district taxes levied on the assessment roll prepared by such special assessing unit. Additional buildings and yard improvements shall be excluded from receiving this exemption. An application shall not be required to receive the exemption.

§ 3. Subdivisions 2 and 3 of section 421-f of the real property tax law, as amended by chapter 590 of the laws of 1994, subparagraph (ii) of paragraph (a) of subdivision 2 and subdivision 3 as further amended by subdivision (b) of section 1 of part W of chapter 56 of the laws of 2010, are amended to read as follows:
2. (a) Such buildings shall be exempt for a period of one year to the extent of one hundred per centum of the increase in assessed value thereto attributable to such reconstruction, alteration or improvement, and new construction pursuant to subdivision one-a of this section, and for an additional period of seven years subject to the following:
   (i) The extent of such exemption shall be decreased by twelve and one-half per centum of the "exemption base" each year during such additional period. The "exemption base" shall be the increase in assessed value as determined in the initial year of the term of the exemption, except as provided in subparagraph (ii) of this paragraph.
   (ii) In any year in which a change in level of assessment of fifteen percent or more is certified for a final assessment roll pursuant to the rules of the commissioner, the exemption base shall be multiplied by a fraction, the numerator of which shall be the total assessed value of the parcel on such final assessment roll (after accounting for any physical or quantity changes to the parcel since the immediately preceding assessment roll), and the denominator of which shall be the total assessed value of the parcel on the immediately preceding final assessment roll. The result shall be the new exemption base. The exemption shall thereupon be recomputed to take into account the new exemption base, notwithstanding the fact that the assessor receives certification
of the change in level of assessment after the completion, verification and filing of the final assessment roll. In the event the assessor does not have custody of the roll when such certification is received, the assessor shall certify the recomputed exemption to the local officers having custody and control of the roll, and such local officers are hereby directed and authorized to enter the recomputed exemption certified by the assessor on the roll. The assessor shall give written notice of such recomputed exemption to the property owner, who may, if he or she believes that the exemption was recomputed incorrectly, apply for a correction in the manner provided by title three of article five of this chapter for the correction of clerical errors.

(iii) [Such] Except in a special assessing unit that is not a city, such exemption shall be limited to eighty thousand dollars in increased market value, or such other sum less than eighty thousand dollars, but not less than five thousand dollars as may be provided by the local law or resolution, of the property attributable to such reconstruction, alteration or improvement and any increase in market value greater than such amount shall not be eligible for the exemption pursuant to this section. In a special assessing unit that is not a city, the exemption shall be limited to seven hundred fifty thousand dollars in increased market value. For the purposes of this section, the market value of the reconstruction, alteration or improvement, or new construction as authorized by subdivision one-a of this section, shall be equal to the increased assessed value attributable to such reconstruction, alteration [or], improvement or new construction divided by the class one ratio in a special assessing unit or the most recently established state equalization rate or special equalization rate in the remainder of the state, except where the state equalization rate or special equalization rate equals or exceeds ninety-five percent, in which case the increase in assessed value attributable to such reconstruction, alteration [or], improvement or new construction shall be deemed to equal the market value of such reconstruction, alteration or improvement.

(b) [No] Except in a special assessing unit that is not a city, no such exemption shall be granted for reconstruction, alterations or improvements unless:

(i) such reconstruction, alteration or improvement was commenced subsequent to the effective date of the local law or resolution adopted pursuant to subdivision one of this section; and

(ii) the value of such reconstruction, alteration or improvement exceeds three thousand dollars; and

(iii) the greater portion, as so determined by square footage, of the building reconstructed, altered or improved is at least five years old.

(c) For purposes of this section the terms reconstruction, alteration and improvement shall not include ordinary maintenance and repairs.

3. [Such] Except in a special assessing unit that is not a city, such exemption shall be granted only upon application by the owner of such building on a form prescribed by the commissioner. The application shall be filed with the assessor of the city, town, village or county having the power to assess property for taxation on or before the appropriate taxable status date of such city, town, village or county. In a special assessing unit that is not a city, the exemption shall be applied based upon that completion of reconstruction, alteration, improvement or new construction on or before the applicable taxable status date of the special assessing unit; provided, however that the exemption for such reconstruction, alteration, improvement or new construction that occurred after the taxable status date of such special assessing unit
for the two thousand nineteen -- two thousand twenty assessment roll
and on or before the taxable status date of such special assessing unit
for the two thousand twenty -- two thousand twenty-one assessment roll
shall be applied beginning with the two thousand twenty-one -- two thou-
sand twenty-two assessment roll.

5. For the purposes of this section, except in a special assessing
unit that is not a city, a residential building shall mean any building
or structure designed and occupied exclusively for residential purposes
by not more than two families.
6. In the event that a building granted an exemption pursuant to this
section ceases to be used primarily for residential purposes [●], is no
longer classified as class one property in a special assessing unit that
is not a city, or title thereto is transferred to other than the heirs
or distributees of the owner in other than a special assessing unit that
is not a city, the exemption granted pursuant to this section shall
cease.
7. (a) [●] Except for a special assessing unit that is not a city, a
county, city, town or village may, by its local law, or school district,
by its resolution:
(i) reduce the per centum of exemption otherwise allowed pursuant to
this section;
(ii) limit eligibility for the exemption to those forms of reconstruc-
tion, alterations or improvements as are prescribed in such local
law or resolution;
(iii) provide that the exemption shall be applicable only to those
improvements which would otherwise result in an increase in the assessed
valuation of the real property but which consist of an addition, remodel-
ing or modernization to an existing residential structure to prevent
physical deterioration of the structure or to comply with applicable
building, sanitary, health and/or fire codes.
(b) No such local law or resolution shall reduce or repeal an
exemption granted pursuant to this section until the expiration of the
period for which such exemption was granted.
§ 5. Applicability. This act shall be applicable beginning with the
two thousand twenty -- two thousand twenty-one assessment roll through
and including the two thousand twenty-two -- two thousand twenty-three
assessment roll.
§ 6. Severability. If any clause, sentence, paragraph, section or part
of this act shall be adjudged by any court of competent jurisdiction to
be invalid and after exhaustion of all further judicial review, the
judgment shall not affect, impair or invalidate the remainder thereof,
but shall be confined in its operation to the clause, sentence, para-

in which the judgment shall have been rendered.

PART CCC

Section 1. This act enacts into law components of legislation that
would enable public employers to offer a temporary retirement incentive
to their employees, as well as to provide an age 55/25 years temporary
incentive for certain public employees. Each component is wholly
contained within a Subpart identified as Subparts A and B. The effective
date for each particular provision contained within such Subpart is set

periods.

A participating employer who makes an
election pursuant to this section and who offers or has offered a retirement incentive pursuant to the provisions of a collective bargaining agreement or by other arrangement shall prepare, and file with each retirement system, a list containing the names and social security numbers of all persons described in this subdivision.  g. "Active service" means service while being paid on the payroll, provided that (a) a leave of absence with pay shall be deemed active service; (b) other approved leave without pay not to exceed twelve weeks from February 1, 2021 and the commencement of the designated open period; and (c) the period of time subsequent to the June 2021 school term and on or before August 31, 2021 for a teacher (or other employee
employed on a school-year basis) who is otherwise in active service on
the effective date of this act shall be deemed active service.

h. "Open period" means the period beginning with the commencement date
as defined in subdivision i of this section and shall be ninety days in
length; provided however that there shall be only one such open period
and any such period shall not extend beyond September 30, 2021 for a
state employer and December 31, 2021 for a participating employer. For
educational employers who make election after June 1, 2021, the open
period shall begin immediately after such election, and shall not extend
beyond August 31, 2021. For the purposes of retirement pursuant to this
act, a service retirement application must be filed with the appropriate
retirement system not less than fourteen days prior to the effective
date of retirement to become effective, unless a shorter period of time
is permitted under law.

i. "Commencement date" means the first day the retirement benefit
mandated by this act shall be made available, which shall mean a date or
dates on or after the effective date of this act to be determined by the
director of state operations for the executive branch of the state, or
for any other state employer or any participating employer which elects
to participate pursuant to section three of this act a date on or after
the effective date of this act; provided, however, that for an educa-
tional employer which elects to participate pursuant to section three of
this act, the commencement date shall be June 1, 2021; or immediately
after election of the retirement incentive for educational employers who
elect after June 1, 2021 and provided, further that for participating
employers which elect to participate pursuant to section three of this
act, except the city of New York and participating employers which are
not empowered to act by local law, the commencement date shall be Octo-
ber 1, 2021. The director of state operations shall notify the head of
the appropriate retirement system of the date of the open period appli-
cable to employees of the executive branch or of a state employer prior
to the commencement date.

§ 2. a. A state employer which elects to participate pursuant to
section three of this act, participating employer which is not empowered
to act by local law which elects to participate pursuant to section
three of this act, or the city of New York, if it elects to participate
pursuant to section three of this act shall establish a commencement
date for the retirement benefit established under section five of this
act in the following manner: (a) for the executive branch, the director
of state operations shall establish the commencement date in writing to
the appropriate retirement system; (b) for state employers described in
paragraphs (b), (c), (d), (e) and (f) of subdivision c of section one of
this act and participating employers that are not empowered to act by
local law, its governing body shall adopt a resolution establishing a
commencement date; (c) for state employers described in paragraphs (g),
(h), (i) and (j) of subdivision c of section one of this act, the person
or persons who make the election to offer the retirement incentive
pursuant to subpart A of part CCC of the chapter of the laws of 2021
which added this subpart shall establish a commencement date in writing
to the appropriate retirement system; and (d) for the city of New York,
the chief executive officer shall issue an executive order establishing
the commencement date, provided, however, no executive order, in the
case of the city of New York issued pursuant to this section, shall in
any manner supersede any local charter. A copy of any such resolution or
executive order in the case of the city of New York establishing a
commencement date shall be filed with the appropriate retirement system
or systems, and, if applicable, on forms provided by such system. The
resolution or executive order in the case of the city of New York shall
be accompanied by the affidavit of the chief executive officer or other
comparable official certifying the commencement date.

b. A state employer, participating employer which is not empowered to
act by local law which elects to participate pursuant to section three
of this act, or the city of New York if it elects to participate pursuant
to section three of this act shall be required to establish a
commencement date under paragraph a of this subdivision for the retire-
ment benefit established under section five of this act. In the event
that a state employer, participating employer which is not empowered to
act by local law which elects to participate pursuant to section three
of this act, or the city of New York if it elects to participate pursuant
to section three of this act fails to establish a commencement date
for the retirement benefit established under section five of this act,
the commencement date for the eligible employees of a state employer
shall be July 1, 2021. The commencement date for the eligible employees
of all other employers referenced in this subdivision shall be September
1, 2021.

§ 3. On or before September 1, 2021, a participating employer or a
state employer described in paragraphs (b), (c), (d), (e) and (f) of
subdivision c of section one of this act may elect to provide its
employees the retirement incentive authorized by this act by (a) the
enactment of a local law or (b) in the case of a participating employer
which is not so empowered to act by local law or a state employer
described in paragraphs (b), (c), (d), (e) and (f) of subdivision c of
section one of this act, by the adoption of a resolution of its govern-
ning body; provided however, no local law or resolution enacted pursuant
to this section shall in any manner supersede any local charter,
provided further, that for an educational employer such election must be
made by July 1, 2021. For a community college operating under the
program of state university of New York, such election shall be made by
the board of trustees of such community college subject to the approval
of its sponsor. A copy of such law or resolution shall be filed with the
appropriate retirement system or systems, and, if applicable, on forms
provided by such system. The local law or resolution shall be accompa-
nied by the affidavit of the chief executive officer or other comparable
official certifying the validity of such local law or resolution. The
executive branch of the state shall be deemed to have made an election
under this section upon its enactment.

§ 4. Notwithstanding any other provision of law, any eligible employee
who (a) has been continuously in the active service of a state employer
or of a participating employer from February 1, 2021 to the date imme-
diately prior to the commencement date of the applicable open period,
files an application for service retirement that is effective during
the open period, and (c) is otherwise eligible for a service retirement
as of the effective date of the application for retirement shall be
entitled to the retirement benefit provided in section five of this act.

§ 5. a. Notwithstanding any other provision of law, an eligible
employee who is: (a) a member of a retirement system and (b) who is
entitled to a retirement benefit pursuant to section four of this act
may retire during the open period without the reduction of his or her
retirement benefit that would otherwise be imposed by article 11 or 15
of the retirement and social security law if he or she has attained the
age of fifty-five and has completed at least twenty-five or more years
of creditable service. An eligible employee who is covered by the
provisions of articles 11 and 15 of the retirement and social security law shall retire under the provisions of articles 11 and 15 of the retirement and social security law.

b. The director of state operations, the chief executive officer of the city of New York, or chief executive officer or governing board, as appropriate, of the participating employer may deny participation in the retirement benefit provided by subdivision a of this section if the director of state operations, the chief executive officer of New York city or the chief executive officer or governing board of the participating employer makes a determination that the employee holds a position that is deemed critical to the maintenance of public health and safety.

c. Where an employee is eligible for the retirement benefit under this section and the retirement incentive authorized pursuant to section six of subpart A of part CCC of the chapter of the laws of 2021 which added this subpart, such employee shall elect a section under which he or she will participate. The benefits provided by subdivision a of this section shall not be conditioned upon a state or participating employer making the benefits of section six of subpart A of this part available to employees in their employ. Further, the benefits provided by subdivision a of this section shall not be available in conjunction with the benefits of section six of subpart A of part CCC of the chapter of the laws of 2021 which added this subpart.

d. The action of the director of state operations, the chief executive officer of the city of New York, or chief executive officer or governing board, as appropriate, of the participating employer in denying the retirement benefit provided for in subdivision a of this section to any individual shall be subject to review in the manner provided for in article 78 of the civil practice law and rules. Such action for review pursuant to article seventy-eight of the civil practice law and rules shall only be commenced by the individual that was denied the retirement benefit provided by subdivision a of this section.

e. After making any such determination under subdivision b of this section, the director of state operations, the chief executive officer of the city of New York and the chief executive officer or governing board, as appropriate, of the participating employer shall notify the appropriate retirement system or teachers' retirement system of its determination.

§ 6. The pension benefit costs of section five of this act shall be paid by employers as provided by applicable law for each retirement system covered by this act over a period not to exceed five years commencing in the state fiscal year ending March 31, 2023.

§ 7. This act shall take effect immediately.

§ 3. Severability clause. If any clause, sentence, paragraph, subdivision, section or subpart of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or subpart thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 4. This act shall take effect immediately; provided, however, that the applicable effective date of Subparts A and B of this act shall be as specifically set forth in the last section of such Subparts.

FISCAL NOTE.—Pursuant to Legislative Law, Section 50:
This bill would provide a temporary retirement incentive for fiscal year 2021-2022 for eligible members of the New York State Teachers' Retirement System (NYSTRS).

Subpart A of the retirement incentive would provide certain eligible employees of employers who elect to participate a retirement incentive of one-twelfth of a year of additional service credit per year of accrued service credit up to a maximum of three additional years. To be eligible, a member must be eligible to retire, or have attained age 50 or greater, with at least ten years of service. Members subject to an early retirement reduction and less than age 55 at retirement will have their benefit further reduced by 3% per year prior to age 55. Members not subject to an early retirement reduction and less than age 55 at retirement will have their benefit reduced by 5% per year prior to age 55.

Subpart B of the retirement incentive would permit eligible Tier 2, 3 and 4 members of employers who elect to participate to retire without early retirement reductions upon attainment of at least age 55 with 25 years of service. Currently 30 years of service are required.

In order to receive either the Subpart A or Subpart B benefit, an eligible member of an employer who has elected to participate must retire during the employer's designated open period. For Subpart A, such open period shall be at least 30 but not more than 90 days in length and for educational employers, shall not extend beyond August 31, 2021. For Subpart B, the open period shall begin immediately after the election to participate and shall not extend beyond August 31, 2021. Members may not receive a benefit under both Subpart A and Subpart B. Employers participating in Subpart A or Subpart B (or both) would pay the cost of the retirement incentive over a period not to exceed five years, beginning in the state fiscal year ending March 31, 2023.

It is not possible to accurately forecast the total cost to the New York State Teachers' Retirement System employers electing to participate in this retirement incentive because the number of eligible members electing to retire under the incentive, their ages and the amount of service credited cannot be readily estimated. The Subpart A cost, measured as the increase in the present value of benefit per participating member, however, will range from 5% to approximately 250% of final average salary, depending on the member's age, years of service, and tier at retirement. The Subpart B cost per participating member will range from 3% to approximately 200% of final average salary, depending on the member's age, years of service, and tier at retirement. The potential number of members eligible to benefit under Subpart A is much greater than under Subpart B.

Member data is from the System's most recent actuarial valuation files, consisting of data provided by the employers to the Retirement System. Data distributions and statistics can be found in the System's Comprehensive Annual Financial Report (CAFR). System assets are as reported in the System's financial statements, and can also be found in the CAFR. Actuarial assumptions and methods are provided in the System's Actuarial Valuation Report.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would provide additional service credit (one-twelfth of a year for each year of non-sick leave, non-Article 19 service credited as of the date of retirement, up to a maximum of three years) for certain members of the New York State and Local Employees' Retirement System, New York State Teachers Retirement System, New York City Teachers Retirement System, New York City Board of Education and the New York City Employees' Retirement System. Further, for certain members who are not otherwise eligible for a service retirement benefit, this bill would provide the ability to retire with reductions. This benefit would be available to only targeted positions.

In addition, this bill would eliminate the early retirement reductions at 25 years of service instead of at 30 years of service for retirement during a specified 90 day period for Tier 2, 3 and 4 members of the New York State and Local Employees' Retirement System, New York State Teachers Retirement System, New York City Teachers Retirement System, New York City Board of Education and the New York City Employees' Retirement System. Employers electing this provision can declare health and safety positions to be ineligible.

Retiring members may not receive both the additional service credit and the elimination of the early retirement reductions at 25 years of service instead of at 30 years of service.

If this bill is enacted, insofar as it affects the New York State and Local Employees' Retirement System (ERS), the additional cost for each member who receives these benefits will vary depending on the member's age, years of service, retirement plan and final average salary.

We anticipate that the per-member cost (at retirement) of the additional service credit benefit will average approximately 65% of a member's final average salary. This cost will be borne by each employer electing the incentive over a period not to exceed five years commencing with a payment in the State fiscal year ending March 31, 2023.

We anticipate that the per-member cost (at retirement) of the elimination of the early retirement reductions at 25 years of service instead of at 30 years of service will average approximately 115% of a member's final average salary. This cost will be borne by each employer electing the incentive over a period not to exceed five years commencing with a payment in the State fiscal year ending March 31, 2023.
