PART G

Section 1. The public health law is amended by adding a new article 29-J to read as follows:

ARTICLE 29-J

MEDICAL RESPITE PROGRAM

Section 2999-hh. Medical respite program.

§ 2999-hh. Medical respite program. 1. Legislative findings and purpose. The legislature finds that an individual who lacks access to safe housing faces an increased risk of adverse health outcomes. By offering medical respite programs as a lower-intensity care setting for individuals who would otherwise require a hospital stay or lack a safe option for discharge and recovery, medical respite programs will reduce hospital inpatient admissions and lengths of stay, hospital readmissions, and emergency room use. The legislature finds that the establishment of medical respite programs will protect the public interest and the interests of patients.

2. Definitions. As used in this article, the following terms shall have the following meanings, unless the context clearly otherwise requires:

(a) "Medical respite program" means a not-for-profit corporation licensed or certified pursuant to subdivision three of this section to serve recipients whose prognosis or diagnosis necessitates the receipt of:

(i) Temporary room and board; and

(ii) The provision or arrangement of the provision of health care and support services; provided, however, that the operation of a medical respite program shall be separate and distinct from any housing programs offered to individuals who do not qualify as recipients.

(b) "Recipient" means an individual who:

(i) Has a qualifying health condition that requires treatment or care;

(ii) Does not require hospital inpatient, observation unit, or emergency room level of care, or a medically indicated emergency department or observation visit; and

(iii) Is experiencing homelessness or at imminent risk of homelessness. (A) Subject to clause (B) of this subparagraph and any rules or regulations promulgated pursuant to subdivision four of this section, a person shall be deemed "homeless" if they are unable to secure or maintain permanent or stable housing without assistance.

1 (B) An operator of a medical respite program may establish eligibility
2 standards using a more limited definition of "homelessness" if such
3 limitation is necessary to ensure the availability of a funding source
4 that will support the medical respite program's provision of room and
5 board, and such limitations are otherwise consistent with any rules or
6 regulations promulgated pursuant to subdivision four of this section.
7 This applies to conditions that may exist in connection with:

8 (1) Public funding provided by a federal, state, or local government
9 entity; or

10 (2) Subject to the approval of the department, private funding from a
11 charitable entity or other non-governmental source.

12 3. Licensure or certification. (a) Notwithstanding any inconsistent
13 provision of law, the commissioner may license or certify a not-for-pro-
14 fit corporation as an operator of a medical respite program.

15 (b) The commissioner may promulgate rules and regulations to establish
16 procedures to review and approve applications for a license or certif-
17 ication pursuant to this article, which may be promulgated on an emer-
18 gency basis and which shall, at a minimum, specify standards for: recip-
19 ient eligibility; mandatory medical respite program services; physical
20 environment; staffing; and policies and procedures governing health and
21 safety, length of stay, referrals, discharge, and coordination of care.

22 4. Operating standards; responsibility for standards. (a) Medical
23 respite programs licensed or certified pursuant to this article shall:

24 (i) Provide recipients with temporary room and board; and

25 (ii) Provide, or arrange for the provision of, health care and support
26 services to recipients.

27 (b) Nothing contained within this article shall affect the applica-
28 tion, qualification, or requirements that may apply to an operator with
29 respect to any other licenses or operating certificates that such opera-
30 tor may hold, including, without limitation, under article twenty-eight
31 of this chapter or article seven of the social services law.

32 5. Temporary accommodation. A medical respite program shall be consid-
33 ered a form of emergency shelter or temporary shelter for purposes of
34 determining a recipient's eligibility for housing programs or benefits
35 administered by the state or by a local social services district,
36 including programs or benefits that support access to accommodations of
37 a temporary, transitional, or permanent nature.

38 6. Inspections and compliance. The commissioner shall have the power
39 to inquire into the operation of any licensed or certified medical
40 respite program and to conduct periodic inspections of facilities with
41 respect to the fitness and adequacy of the premises, equipment, person-
42 nel, rules and by-laws, standards of medical care and services, system
43 of accounts, records, and the adequacy of financial resources and sourc-
44 es of future revenues.

45 7. Suspension or revocation of license or certification. (a) A license
46 or certification for a medical respite program under this article may be
47 revoked, suspended, limited, annulled or denied by the commissioner, in
48 consultation with either the commissioners of the office of mental
49 health, the office of temporary and disability assistance, or the office
50 of addiction services and supports, as appropriate based on a determi-
51 nation of the department depending on the diagnosis or stated needs of
52 the individuals being served or proposed to be served in the medical
53 respite program being considered for revocation, suspension, limitation,
54 annulment or denial of certification, if an operator is determined to
55 have failed to comply with the provisions of this article or the rules
56 and regulations promulgated thereunder. No action taken against an oper-

1 ator under this subdivision shall affect an operator's other licenses or
2 certifications; provided however, that the facts that gave rise to the
3 revocation, suspension, limitation, annulment or denial of certification
4 may also form the basis of a limitation, suspension or revocation of
5 such other licenses or certifications.

6 (b) No such medical respite program license or certification shall be
7 revoked, suspended, limited, annulled or denied without a hearing;
8 provided that a license or certification may be temporarily suspended or
9 limited without a hearing for a period not in excess of thirty days upon
10 written notice that the continuation of the medical respite program
11 places the public health or safety of the recipients in imminent danger.

12 (c) Nothing in this section shall prevent the commissioner from impos-
13 ing sanctions or penalties on a medical respite program that are author-
14 ized under any other law or regulation.

15 § 2. This act shall take effect immediately and shall be deemed to
16 have been in full force and effect on and after April 1, 2021.

43 hundred eighty-c of the public health law or violated any regulation,
44 subpoena or order of the superintendent or of another state's insurance

46 such capacity after such license has been issued or renewed pursuant to
47 section two thousand nine hundred six of this article;

48 (2) provided materially incorrect, materially misleading, materially
49 incomplete or materially untrue information in the registration or
50 license application;

51 (3) obtained or attempted to obtain a registration or license through
52 misrepresentation or fraud;

53 (4)(i) used fraudulent, coercive or dishonest practices;

54 (ii) demonstrated incompetence;

55 (iii) demonstrated untrustworthiness; or

1 (iv) demonstrated financial irresponsibility in the conduct of busi-
2 ness in this state or elsewhere;

3 (5) improperly withheld, misappropriated or converted any monies or
4 properties received in the course of business in this state or else-
5 where;

6 (6) intentionally misrepresented the terms of an actual or proposed
7 insurance contract;

8 (7) admitted or been found to have committed any insurance unfair
9 trade practice or fraud;

10 (8) had a pharmacy benefit manager registration or license, or its

12 district or territory;

13 (9) failed to pay state income tax or comply with any administrative
14 or court order directing payment of state income tax;

15 (10) failed to pay any assessment required by this article; or

16 (11) ceased to meet the requirements for registration or licensure
17 under this article.

18 (b) Before revoking or suspending the registration or license of any
19 pharmacy benefit manager pursuant to the provisions of this article, the
20 superintendent shall give notice to the registrant or licensee and shall
21 hold, or cause to be held, a hearing not less than ten days after the
22 giving of such notice.

23 (c) If a registration or license pursuant to the provisions of this
24 article is revoked or suspended by the superintendent, then the super-
25 intendent shall forthwith give notice to the registrant or licensee.

26 (d) The revocation or suspension of any registration or license pursu-
27 ant to the provisions of this article shall terminate forthwith such
28 registration or license and the authority conferred thereby upon all
29 licensees. For good cause shown, the superintendent may delay the effec-
30 tive date of a revocation or suspension to permit the registrant or
31 licensee to satisfy some or all of its contractual obligations to
32 perform pharmacy benefit management services in the state.

33 (e)(1) No individual, corporation, firm or association whose registra-
34 tion or license as a pharmacy benefit manager has been revoked pursuant
35 to subsection (a) of this section, and no firm or association of which
36 such individual is a member, and no corporation of which such individual
37 is an officer or director, and no controlling person of the registrant
38 or licensee shall be entitled to obtain any registration or license
39 under the provisions of this article for a minimum period of one year
40 after such revocation, or, if such revocation be judicially reviewed,

43 (2) If any such registration or license held by a firm, association or
44 corporation be revoked, no member of such firm or association and no
45 officer or director of such corporation or any controlling person of the
46 registrant or licensee shall be entitled to obtain any registration or
47 license, under this article for the same period of time, unless the
48 superintendent determines, after notice and hearing, that such member,
49 officer or director was not personally at fault in the matter on account
50 of which such registration or license was revoked.

51 (f) If any corporation, firm, association or person aggrieved shall
52 file with the superintendent a verified complaint setting forth facts
53 tending to show sufficient ground for the revocation or suspension of
54 any pharmacy benefit manager's registration or license, then if the
55 superintendent finds the complaint credible, the superintendent shall,

1 after notice and a hearing, determine whether such registration or
2 license shall be suspended or revoked.

3 (g) The superintendent shall retain the authority to enforce the
4 provisions of and impose any penalty or remedy authorized by this chap-
5 ter against any person or entity who is under investigation for or
6 charged with a violation of this chapter, even if the person's or enti-
7 ty's registration or license has been surrendered, or has expired or has
8 lapsed by operation of law.

9 (h) A registrant or licensee subject to this article shall report to
10 the superintendent any administrative action taken against the regis-
11 trant or licensee or any of the members, officers, directors, or desig-
12 nated employees of the applicant named in the registration or licensing
13 application in another jurisdiction or by another governmental agency in
14 this state within thirty days of the final disposition of the matter.
15 This report shall include a copy of the order, consent to order or other
16 relevant legal documents.

17 (i) Within thirty days of the initial pretrial hearing date, a regis-
18 trant or licensee subject to this article shall report to the super-
19 intendent any criminal prosecution of the registrant or licensee or any
20 of the members, officers, directors, or designated employees of the
21 applicant named in the registration or licensing application taken in
22 any jurisdiction. The report shall include a copy of the initial
23 complaint filed, the order resulting from the hearing and any other
24 relevant legal documents.

25 § 2908. Penalties for violations. (a) In addition to any other power
26 conferred by law, the superintendent may in any one proceeding by order,
27 require a registrant or licensee who has violated any provision of this
28 article or whose license would otherwise be subject to revocation or
29 suspension to pay to the people of this state a penalty in a sum not
30 exceeding the greater of: (1) one thousand dollars for each offense and
31 two thousand five hundred dollars for each subsequent violation; or (2)
32 the aggregate gross receipts attributable to all offenses.

33 (b) Upon the failure of such a registrant or licensee to pay the
34 penalty ordered pursuant to subsection (a) of this section within twenty
35 days after the mailing of the order, postage prepaid, registered, and
36 addressed to the last known place of business of the licensee, unless
37 the order is stayed by an order of a court of competent jurisdiction,
38 the superintendent may revoke the registration or license of the regis-
39 trant or licensee or may suspend the same for such period as the super-
40 intendent determines.

41 § 2909. Stay or suspension of superintendent's determination. The
42 commencement of a proceeding under article seventy-eight of the civil
43 practice law and rules, to review the action of the superintendent in
44 suspending or revoking or refusing to renew any certificate under this
45 article, shall stay such action of the superintendent for a period of
46 thirty days. Such stay shall not be extended for a longer period unless
47 the court shall determine, after a preliminary hearing of which the
48 superintendent is notified forty-eight hours in advance, that a stay of
49 the superintendent's action pending the final determination or further
50 order of the court will not injure the interests of the people of the
51 state.

52 § 2910. Revoked registrations or licenses. (a)(1) No person, firm,
53 association, corporation or other entity subject to the provisions of
54 this article whose registration or license under this article has been
55 revoked, or whose registration or license to engage in the business of
56 pharmacy benefit management in any capacity has been revoked by any

1 other state or territory of the United States shall become employed or
2 appointed by a pharmacy benefit manager as an officer, director, manag-
3 er, controlling person or for other services, without the prior written
4 approval of the superintendent, unless such services are for maintenance
5 or are clerical or ministerial in nature.

6 (2) No person, firm, association, corporation or other entity subject
7 to the provisions of this article shall knowingly employ or appoint any
8 person or entity whose registration or license issued under this article
9 has been revoked, or whose registration or license to engage in the
10 business of pharmacy benefit management in any capacity has been revoked
11 by any other state or territory of the United States, as an officer,
12 director, manager, controlling person or for other services, without the
13 prior written approval of the superintendent, unless such services are
14 for maintenance or are clerical or ministerial in nature.

15 (3) No corporation or partnership subject to the provisions of this
16 article shall knowingly permit any person whose registration or license
17 issued under this article has been revoked, or whose registration or
18 license to engage in the business of pharmacy benefit management in any
19 capacity has been revoked by any other state, or territory of the United
20 States, to be a shareholder or have an interest in such corporation or
21 partnership, nor shall any such person become a shareholder or partner
22 in such corporation or partnership, without the prior written approval
23 of the superintendent.

24 (b) The superintendent may approve the employment, appointment or
25 participation of any such person whose registration or license has been
26 revoked:

27 (1) if the superintendent determines that the duties and responsibil-
28 ities of such person are subject to appropriate supervision and that
29 such duties and responsibilities will not have an adverse effect upon
30 the public, other registrants or licensees, or the registrant or licen-
31 see proposing employment or appointment of such person; or

32 (2) if such person has filed an application for reregistration or
33 relicensing pursuant to this article and the application for reregistra-
34 tion or relicensing has not been approved or denied within one hundred
35 twenty days following the filing thereof, unless the superintendent
36 determines within the said time that employment or appointment of such
37 person by a registrant or licensee in the conduct of a pharmacy benefit
38 management business would not be in the public interest.

39 (c) The provisions of this section shall not apply to the ownership of
40 shares of any corporation registered or licensed pursuant to this arti-
41 cle if the shares of such corporation are publicly held and traded in
42 the over-the-counter market or upon any national or regional securities
43 exchange.

44 § 2911. Change of address. A registrant or licensee under this article
45 shall inform the superintendent by a means acceptable to the superinten-
46 dent of a change of address within thirty days of the change.

47 § 2912. Duties. (a) A pharmacy benefit manager shall be required to
48 adhere to the code of conduct, as the superintendent may establish by
49 regulation pursuant to section twenty-nine hundred six of this article.

50 (b) No contract with a health plan shall limit access to financial or
51 utilization information of the pharmacy benefit manager in relation to
52 pharmacy benefit management services provided to the health plan.

53 (c) A pharmacy benefit manager shall disclose in writing to a health
54 plan with whom a contract for pharmacy benefit management services has

2 relationship with, or duties and obligations to, the health plan.

3 (d) A pharmacy benefit manager shall assist a health plan in answering
4 any inquiry made under section three hundred eight of this chapter.

5 (e) No pharmacy benefit manager shall violate any provision of the
6 public health law applicable to pharmacy benefit managers.

7 (f) (1) Any information required to be disclosed by a pharmacy benefit
8 manager to a health plan under this section that is reasonably desig-
9 nated by the pharmacy benefit manager as proprietary or trade secret
10 information shall be kept confidential by the health plan, except as
11 required or permitted by law or court order, including disclosure neces-
12 sary to prosecute or defend any legitimate legal claim or cause of
13 action.

14 (2) Designation as proprietary or trade secret information under this
15 subsection shall have no effect on the obligations of any pharmacy bene-
16 fit manager or health plan to provide that information to the depart-
17 ment.

18 § 2913. Applicability of other laws. Nothing in this article shall be
19 construed to exempt a pharmacy benefit manager from complying with the
20 provisions of articles twenty-one and forty-nine of this chapter and
21 articles forty-four and forty-nine and sections two hundred eighty-a and
22 two hundred eighty-c of the public health law, section three hundred
23 sixty-four-j of the social services law, or any other provision of this
24 chapter or the financial services law.

25 § 2914. Assessments. Notwithstanding section two hundred six of the
26 financial services law, pharmacy benefit managers that file a registra-
27 tion with the department or are licensed by the department shall be
28 assessed by the superintendent for the operating expenses of the depart-
29 ment that are attributable to regulating such pharmacy benefit managers
30 in such proportions as the superintendent shall deem just and reason-
31 able.

32 § 2. Subsection (b) of section 2402 of the insurance law, as amended
33 by section 71 of part A of chapter 62 of the laws of 2011, is amended to

12 PART K

13 Section 1. Section 18 of chapter 266 of the laws of 1986, amending the
14 civil practice law and rules and other laws relating to malpractice and
15 professional medical conduct is amended by adding a new subdivision 9 to
16 read as follows:

17 (9) This subdivision shall apply only to excess insurance coverage or
18 equivalent excess coverage for physicians or dentists that is eligible
19 to be paid for from funds available in the hospital excess liability
20 pool.

21 (a) Notwithstanding any law to the contrary, for any policy period
22 beginning on or after July 1, 2021, excess coverage shall be purchased
23 by a physician or dentist directly from a provider of excess insurance
24 coverage or equivalent excess coverage. Such provider of excess insur-
25 ance coverage or equivalent excess coverage shall bill, in a manner
26 consistent with paragraph (e) of this subdivision, the physician or
27 dentist for an amount equal to fifty percent of the premium for such
28 coverage, as established pursuant to paragraph (c) of this subdivision,
29 during the policy period. At the conclusion of the policy period the
30 superintendent of financial services and the commissioner of health or
31 their designee shall, from funds available in the hospital excess
32 liability pool created pursuant to subdivision 5 of this section, pay
33 half of the remaining fifty percent of the premium to the provider of
34 excess insurance coverage or equivalent excess coverage, and the remain-
35 ing twenty-five percent shall be paid one year thereafter. If the funds
36 available in the hospital excess liability pool are insufficient to meet
37 the percent of the costs of the excess coverage, the provisions of
38 subdivision 8 of this section shall apply.

39 (b) If at the conclusion of the policy period, a physician or dentist,
40 eligible for excess coverage paid for from funds available in the hospi-
41 tal excess liability pool, has failed to pay an amount equal to fifty
42 percent of the premium as established pursuant to paragraph (c) of this
43 subdivision, such excess coverage shall be cancelled and shall be null
44 and void as of the first day on or after the commencement of a policy
45 period where the liability for payment pursuant to this subdivision has
46 not been met. The provider of excess coverage shall remit any portion
47 of premium paid by the eligible physician or dentist for such a policy
48 period.

49 (c) The superintendent of financial services shall establish a rate
50 consistent with subdivision 3 of this section that providers of excess
51 insurance coverage or equivalent excess coverage will charge for such
52 coverage for each policy period. For the policy period beginning July
53 1, 2021, the superintendent of financial services may direct that the

1 premium for that policy period be the same as it was for the policy
2 period that concluded June 30, 2020.

3 (d) No provider of excess insurance coverage or equivalent excess
4 coverage shall issue excess coverage to which this subdivision applies
5 to any physician or dentist unless that physician or dentist meets the
6 eligibility requirements for such coverage set forth in this section.
7 The superintendent of financial services and the commissioner of health
8 or their designee shall not make any payment under this subdivision to a
9 provider of excess insurance coverage or equivalent excess coverage for
10 excess coverage issued to a physician or dentist who does not meet the
11 eligibility requirements for participation in the hospital excess
12 liability pool program set forth in this section.

13 (e) A provider of excess insurance coverage or equivalent coverage
14 that issues excess coverage under this subdivision shall bill the physi-
15 cian or dentist for the portion of the premium required under paragraph
16 (a) of this subdivision in twelve equal monthly installments or in such
17 other manner as the physician or dentist may agree.

18 (f) The superintendent of financial services in consultation with the
19 commissioner of health may promulgate regulations giving effect to the
20 provisions of this subdivision.

21 § 2. Paragraph (a) of subdivision 1 of section 18 of chapter 266 of
22 the laws of 1986, amending the civil practice law and rules and other
23 laws relating to malpractice and professional medical conduct, as
24 amended by section 1 of part AAA of chapter 56 of the laws of 2020, is
25 amended to read as follows:

26 (a) The superintendent of financial services and the commissioner of
27 health or their designee shall, from funds available in the hospital
28 excess liability pool created pursuant to subdivision 5 of this section,
29 purchase a policy or policies for excess insurance coverage, as author-
30 ized by paragraph 1 of subsection (e) of section 5502 of the insurance
31 law; or from an insurer, other than an insurer described in section 5502
32 of the insurance law, duly authorized to write such coverage and actual-
33 ly writing medical malpractice insurance in this state; or shall
34 purchase equivalent excess coverage in a form previously approved by the
35 superintendent of financial services for purposes of providing equiv-
36 alent excess coverage in accordance with section 19 of chapter 294 of
37 the laws of 1985, for medical or dental malpractice occurrences between
38 July 1, 1986 and June 30, 1987, between July 1, 1987 and June 30, 1988,

30 2010. The superintendent shall direct insurers to establish segregated
31 accounts for premiums, payments, reserves and investment income attrib-
32 utable to such premium periods and shall require periodic reports by the
33 insurers regarding claims and expenses attributable to such periods to
34 monitor whether such accounts will be sufficient to meet incurred claims
35 and expenses. On or after July 1, 1989, the superintendent shall impose
36 a surcharge on premiums to satisfy a projected deficiency that is
37 attributable to the premium levels established pursuant to this section

49 surgeons were insured by another insurer during such periods, all or a

56 insured by an insurer subject to rates established by the superintendent

1 during such policy periods, and at any time thereafter a hospital,

9 property/casualty insurance security fund shall receive the portion of

23 of the insurance law, rates already established and to be established by
24 the superintendent pursuant to this section are deemed adequate if such
25 rates would be adequate when taken together with the maximum authorized
26 annual surcharges to be imposed for a reasonable period of time whether
27 or not any such annual surcharge has been actually imposed as of the
28 establishment of such rates.

Such evidence or sworn testimony offered to the committee on professional conduct shall be strictly limited to evidence and testimony relating to the nature and severity of the penalty to be imposed upon the licensee. Where the charges are based on the conviction of state law crimes in other jurisdictions, evidence may be offered to the committee which would show that the conviction would not be a crime in New York state. The committee on professional conduct may reasonably limit the number of witnesses whose testimony will be received and the length of time any witness will be permitted to testify. The determination of the committee shall be served upon the licensee and the department in accordance with the provisions of paragraph (h) of this subdivision. A determination pursuant to this subdivision may be reviewed by the administrative review board for professional medical conduct.

§ 12. Subdivision 12 of section 230 of the public health law, as amended by chapter 627 of the laws of 1996, paragraph (a) as amended by chapter 477 of the laws of 2008 and paragraph (b) as amended by section 3 of part CC of chapter 57 of the laws of 2018, is amended to read as follows:

12. Summary action. (a) Whenever the commissioner, (i) after being presented with information indicating that a licensee is causing, engaging in or maintaining a condition or activity which has resulted in the transmission or suspected transmission, or is likely to lead to the transmission, of communicable disease as defined in the state sanitary code or HIV/AIDS, by the state and/or a local health department and if in the commissioner's opinion it would be prejudicial to the interests of the people to delay action until an opportunity for a hearing can be provided in accordance with the prehearing and hearing provisions of this section; ~~or~~ (ii) after requiring that a licensee produce documents in accordance with subdivision four of section two hundred six of this chapter, and such licensee has failed to produce the required documents within ten days, or within such shorter period as may have been specified in the commissioner's written demand for documents; or (iii) after an investigation and a recommendation by a committee on professional conduct of the state board for professional medical conduct, based upon a determination that a licensee is causing, engaging in or maintaining a condition or activity which in the commissioner's opinion ~~constitutes an imminent danger~~ presents a risk to the health of the people, and that it therefore appears to be prejudicial to the interests of the people to delay action until an opportunity for a hearing can be provided in accordance with the prehearing and hearing provisions of this section; the commissioner may order the licensee, by written notice, to discontinue such dangerous condition or activity or take certain action immediately and for a period of ~~ninety~~ one hundred twenty days from the date of service of the order. Within ~~ten~~ thirty days from the date of service of the said order, the state board for professional medical conduct shall commence and regularly schedule such hearing proceedings as required by this section, provided, however, that the hearing shall be completed within ~~ninety~~ one hundred twenty days of the date of service of the order. To the extent that the issue of ~~imminent danger~~ risk of the health of the people can be proven without the attorney representing the office of professional medical conduct putting in its entire case, the committee of the board shall first determine whether by a preponderance of the evidence the licensee is causing, engaging in or maintaining a condition or activity which ~~constitutes an imminent danger~~ presents a risk to the health of the people. The attorney representing the office of professional medical conduct shall have the burden of going forward and proving by a preponderance of the evidence that the licensee's condition, activity or practice ~~constitutes an imminent danger~~ presents a risk to the health of the people. The licensee shall have an opportunity to be heard and to present proof. When both the office and the licensee have completed their cases with respect to the question of ~~imminent danger~~ risk to the health of the people, the committee shall promptly make a recommendation to the commissioner on the issue of ~~imminent danger~~ risk to the health of the people and determine whether the summary order should be left in effect, modified or vacated, and continue the hearing on all the remaining charges, if any, in accordance with paragraph (f) of subdivision ten of this section. Within ten days of the committee's recommendation, the commissioner shall determine whether or not to adopt the

1 committee's recommendations, in whole or in part, and shall leave in
2 effect, modify or vacate his summary order. The state board for profes-
3 sional medical conduct shall make every reasonable effort to avoid any
4 delay in completing and determining such proceedings. If, at the conclu-
5 sion of the hearing, (i) the hearing committee of the board finds the
6 licensee guilty of one or more of the charges which are the basis for
7 the summary order, (ii) the hearing committee determines that the summa-
8 ry order continue, and (iii) the ninety day term of the order has not
9 expired, the summary order shall remain in full force and effect until a
10 final decision has been rendered by the committee or, if review is
11 sought, by the administrative review board. A summary order shall be
12 public upon issuance.

13 (b) When a licensee has pleaded or been found guilty or convicted of
14 committing an act constituting a felony under New York state law or
15 federal law, or the law of another jurisdiction which, if committed
16 within this state, would have constituted a felony under New York state
17 law, or when a licensee has been charged with committing an act consti-
18 tuting a felony under New York state or federal law or the law of another
19 jurisdiction, where the licensee's alleged conduct, which, if commit-
20 ted within this state, would have constituted a felony under New York
21 state law, and [~~in the commissioner's opinion the licensee's alleged~~
22 ~~conduct constitutes an imminent danger~~] where the licensee's alleged
23 conduct may present a risk to the health of the people, or when the duly
24 authorized professional disciplinary agency of another jurisdiction has
25 made a finding substantially equivalent to a finding that the practice
26 of medicine by the licensee in that jurisdiction [~~constitutes an immi-~~
27 ~~nent danger~~] presents a risk to the health of its people, or when a
28 licensee has been disciplined by a duly authorized professional disci-
29 plinary agency of another jurisdiction for acts which if committed in
30 this state would have constituted the basis for summary action by the
31 commissioner pursuant to paragraph (a) of this subdivision, the commis-
32 sioner, after a recommendation by a committee of professional conduct of
33 the state board for professional medical conduct, may order the licen-
34 see, by written notice, to discontinue or refrain from practicing medi-
35 cine in whole or in part or to take certain actions authorized pursuant

33 SUBPART B

34 Section 1. Paragraph 4 of subdivision (c), paragraph 2 of subdivision
35 (h), paragraph 1 of subdivision (k) and subdivision (l) of section 9.60
36 of the mental hygiene law, as amended by chapter 158 of the laws of 2005
37 and paragraph 1 of subdivision (k) as added by chapter 1 of the laws of
38 2013, are amended to read as follows:

39 (4) has a history of lack of compliance with treatment for mental
40 illness that has:

41 (i) except as otherwise provided in subparagraph (ii) of this para-
42 graph, prior to the filing of the petition, at least twice within the
43 last thirty-six months been a significant factor in necessitating hospi-
44 talization in a hospital, or receipt of services in a forensic or other
45 mental health unit of a correctional facility or a local correctional
46 facility, not including any current period, or period ending within the
47 last six months, during which the person was or is hospitalized or
48 incarcerated; or

49 (ii) except as otherwise provided in subparagraph (iii) of this para-
50 graph, prior to the filing of the petition, resulted in one or more acts
51 of serious violent behavior toward self or others or threats of, or
52 attempts at, serious physical harm to self or others within the last
53 forty-eight months, not including any current period, or period ending

1 within the last six months, in which the person was or is hospitalized
2 or incarcerated; ~~[and] or~~

3 (iii) notwithstanding subparagraphs (i) and (ii) of this paragraph,
4 resulted in the issuance of an order for assisted outpatient treatment
5 which has expired within the last six months, and since the expiration
6 of the order, the person has experienced a substantial increase in symp-
7 toms of mental illness and a loss of function.

8 (2) The court shall not order assisted outpatient treatment unless an
9 examining physician, who recommends assisted outpatient treatment and
10 has personally examined the subject of the petition no more than ten
11 days before the filing of the petition, testifies ~~[in-person]~~ at the
12 hearing. Such physician shall state the facts and clinical determi-
13 nations which support the allegation that the subject of the petition
14 meets each of the criteria for assisted outpatient treatment.

15 (1) Prior to the expiration of an order pursuant to this section, the
16 appropriate director shall review whether the assisted outpatient
17 continues to ~~[meet the criteria for]~~ benefit from assisted outpatient
18 treatment. If, as documented in the petition, (i) the director deter-
19 mines that ~~[such criteria continue to be met]~~: (A) as a result of his or
20 her mental illness, the outpatient is unlikely to voluntarily partic-
21 ipate in outpatient treatment that would enable him or her to live safe-
22 ly in the community; and (B) in view of his or her treatment history and
23 current behavior, is in need of assisted outpatient treatment in order
24 to prevent a relapse or deterioration which would be likely to result in
25 serious harm to the person or others as defined in section 9.01 of this
26 article; and (C) the outpatient is likely to benefit from continued
27 assisted outpatient treatment; or (ii) the director has made appropriate
28 attempts to, but has not been successful in eliciting, the cooperation
29 of the subject to submit to an examination, within thirty days prior to
30 the expiration of an order of assisted outpatient treatment, such direc-
31 tor may petition the court to order continued assisted outpatient treat-
32 ment pursuant to paragraph two of this subdivision. Upon determining
33 whether such criteria continue to be met, such director shall notify the
34 program coordinator in writing as to whether a petition for continued
35 assisted outpatient treatment is warranted and whether such a petition
36 was or will be filed.

37 (1) Petition for an order to stay, vacate ~~[or]~~, modify or extend the
38 order. (1) In addition to any other right or remedy available by law
39 with respect to the order for assisted outpatient treatment, the
40 assisted outpatient, the mental hygiene legal service, or anyone acting
41 on the assisted outpatient's behalf may petition the court on notice to
42 the director, the original petitioner, and all others entitled to notice
43 under subdivision (f) of this section to stay, vacate ~~[or]~~, modify, or
44 extend the order. An application for an extension of a current order
45 can be made when the appropriate director has made attempts but has not
46 been successful in giving the subject of the petition the notice of the
47 hearing.

48 (2) The appropriate director shall petition the court for approval
49 before instituting a proposed material change in the assisted outpatient
50 treatment plan, unless such change is authorized by the order of the
51 court. Such petition shall be filed on notice to all parties entitled to
52 notice under subdivision (f) of this section. Not later than five days
53 after receiving such petition, excluding Saturdays, Sundays and holi-
54 days, the court shall hold a hearing on the petition; provided that if
55 the assisted outpatient informs the court that he or she agrees to the
56 proposed material change, the court may approve such change without a

1 hearing. Non-material changes may be instituted by the director without
2 court approval. For the purposes of this paragraph, a material change is
3 an addition or deletion of a category of services to or from a current
4 assisted outpatient treatment plan, or any deviation without the
5 assisted outpatient's consent from the terms of a current order relating
6 to the administration of psychotropic drugs.

7 § 2. This act shall take effect immediately; provided, however, that
8 the amendments to section 9.60 of the mental hygiene law made by section
9 one of this act shall not affect the repeal of such section and shall be
10 deemed repealed therewith.

40 impair, or invalidate the remainder thereof, but shall be confined in
41 its operation to the clause, sentence, paragraph, subdivision, section
42 or part thereof directly involved in the controversy in which such judg-
43 ment shall have been rendered. It is hereby declared to be the intent of
44 the legislature that this act would have been enacted even if such
45 invalid provisions had not been included herein.

(e) The commissioners of the office of addiction and mental health[~~r~~] services and the office for people with developmental disabilities[~~r~~ and ~~the office of alcoholism and substance abuse services~~] shall cause to have all new contracts with agencies and providers licensed by the offices to have a clause requiring notice be provided to all current and new employees of such agencies and providers stating that all instances of abuse shall be investigated pursuant to this chapter, and, if an employee leaves employment prior to the conclusion of a pending abuse investigation, the investigation shall continue. Nothing in this section shall be deemed to diminish the rights, privileges, or remedies of any employee under any other law or regulation or under any collective bargaining agreement or employment contract.

§ 5. Section 7.01 of the mental hygiene law, as added by chapter 978 of the laws of 1977, is amended to read as follows:

§ 7.01 Declaration of policy.

The state of New York and its local governments have a responsibility for the prevention and early detection of mental illness and for the comprehensively planned care, treatment and rehabilitation of their mentally ill citizens.

Therefore, it shall be the policy of the state to conduct research and to develop programs which further prevention and early detection of mental illness; to develop a comprehensive, integrated system of treatment and rehabilitative services for the mentally ill. Such a system should include, whenever possible, the provision of necessary treatment services to people in their home communities; it should assure the adequacy and appropriateness of residential arrangements for people in need of service; and it should rely upon improved programs of institutional care only when necessary and appropriate. Further, such a system should recognize the important therapeutic roles of all disciplines which may contribute to the care or treatment of the mentally ill, such as psychology, social work, psychiatric nursing, special education and other disciplines in the field of mental illness, as well as psychiatry and should establish accountability for implementation of the policies of the state with regard to the care and rehabilitation of the mentally ill.

To facilitate the implementation of these policies and to further advance the interests of the mentally ill and their families, a new autonomous agency to be known as the office of addiction and mental health services has been established by this article. The office and its commissioner shall plan and work with local governments, voluntary agencies and all providers and consumers of mental health services in order to develop an effective, integrated, comprehensive system for the delivery of all services to the mentally ill and to create financing procedures and mechanisms to support such a system of services to ensure that mentally ill persons in need of services receive appropriate care, treatment and rehabilitation close to their families and communities. In carrying out these responsibilities, the office and its commissioner shall make full use of existing services in the community including those provided by voluntary organizations.

§ 6. Section 19.01 of the mental hygiene law, as added by chapter 223 of the laws of 1992, is amended to read as follows:

§ 19.01 Declaration of policy.

The legislature declares the following:

1 Alcoholism, substance abuse and chemical dependence pose major health
2 and social problems for individuals and their families when left
3 untreated, including family devastation, homelessness, and unemployment.
4 It has been proven that successful prevention and treatment can dramati-
5 cally reduce costs to the health care, criminal justice and social
6 welfare systems.

7 The tragic, cumulative and often fatal consequences of alcoholism and
8 substance abuse are, however, preventable and treatable disabilities
9 that require a coordinated and multi-faceted network of services.

10 The legislature recognizes locally planned and implemented prevention
11 as a primary means to avert the onset of alcoholism and substance abuse.
12 It is the policy of the state to promote comprehensive, age appropriate
13 education for children and youth and stimulate public awareness of the
14 risks associated with alcoholism and substance abuse. Further, the
15 legislature acknowledges the need for a coordinated state policy for the
16 establishment of prevention and treatment programs designed to address
17 the problems of chemical dependency among youth, including prevention
18 and intervention efforts in school and community-based programs designed
19 to identify and refer high risk youth in need of chemical dependency
20 services.

21 Substantial benefits can be gained through alcoholism and substance
22 abuse treatment for both addicted individuals and their families. Posi-
23 tive treatment outcomes that may be generated through a complete contin-
24 uum of care offer a cost effective and comprehensive approach to reha-
25 bilitating such individuals. The primary goals of the rehabilitation and
26 recovery process are to restore social, family, lifestyle, vocational
27 and economic supports by stabilizing an individual's physical and
28 psychological functioning. The legislature recognizes the importance of
29 varying treatment approaches and levels of care designed to meet each
30 client's needs. Relapse prevention and aftercare are two primary compo-
31 nents of treatment that serve to promote and maintain recovery.

32 The legislature recognizes that the distinct treatment needs of
33 special populations, including women and women with children, persons
34 with HIV infection, persons diagnosed with mental illness, persons who
35 abuse chemicals, the homeless and veterans with posttraumatic stress
36 disorder, merit particular attention. It is the intent of the legisla-
37 ture to promote effective interventions for such populations in need of
38 particular attention. The legislature also recognizes the importance of
39 family support for individuals in alcohol or substance abuse treatment
40 and recovery. Such family participation can provide lasting support to
41 the recovering individual to prevent relapse and maintain recovery. The
42 intergenerational cycle of chemical dependency within families can be
43 intercepted through appropriate interventions.

44 The state of New York and its local governments have a responsibility
45 in coordinating the delivery of alcoholism and substance abuse services,
46 through the entire network of service providers. To accomplish these
47 objectives, the legislature declares that the establishment of a single,
48 unified office of [~~alcoholism and substance abuse~~] addiction and mental
49 health services will provide an integrated framework to plan, oversee
50 and regulate the state's prevention and treatment network. In recogni-
51 tion of the growing trends and incidence of chemical dependency, this
52 consolidation allows the state to respond to the changing profile of
53 chemical dependency. The legislature recognizes that some distinctions
54 exist between the alcoholism and substance abuse field and the mental
55 health field and where appropriate, those distinctions may be preserved.
56 Accordingly, it is the intent of the state to establish one office of

1 [~~alcoholism and substance abuse~~] addiction and mental health services in
2 furtherance of a comprehensive service delivery system.

3 § 7. Upon or prior to January 1, 2022, the governor may nominate an
4 individual to serve as commissioner of the office of addiction and
5 mental health services. If such individual is confirmed by the senate
6 prior to January 1, 2022, they shall become the commissioner of the
7 office of addiction and mental health services. The governor may desig-
8 nate a person to exercise the powers of the commissioner of the office
9 of addiction and mental health services on an acting basis, until
10 confirmation of a nominee by the senate, who is hereby authorized to
11 take such actions as are necessary and proper to implement the orderly
12 transition of the functions, powers as duties as herein provided,
13 including the preparation for a budget request for the office as estab-
14 lished by this act.

15 § 8. Upon the transfer pursuant to this act of the functions and
16 powers possessed by and all of the obligations and duties of the office
17 of mental health and the office of addiction services and supports as
18 established pursuant to the mental hygiene law and other laws, to the
19 office of addiction and mental health services as prescribed by this
20 act, provision shall be made for the transfer of all employees from the
21 office of mental health and the office of addiction services and
22 supports into the office of addiction and mental health services.
23 Employees so transferred shall be transferred without further examina-
24 tion or qualification to the same or similar titles and shall remain in
25 the same collective bargaining units and shall retain their respective
26 civil service classifications, status, and rights pursuant to their
27 collective bargaining units and collective bargaining agreements.

28 § 9. Notwithstanding any contrary provision of law, on or before Octo-
29 ber 1, 2021 and annually thereafter, the office of addiction and mental
30 health services, in consultation with the department of health, shall
31 issue a report, and post such report on their public website, detailing
32 the office's expenditures for mental health and addiction services and
33 supports, including total Medicaid spending directly by the state to
34 licensed or designated providers and payments to managed care providers
35 pursuant to section 364-j of the social services law. The office of
36 addiction and mental health services shall examine reports produced
37 pursuant to this section and may make recommendations to the governor
38 and the legislature regarding appropriations for mental health and
39 addiction services and supports or other provisions of law which may be
40 necessary to effectively implement the creation and continued operation
41 of the office.

42 § 10. Severability. If any clause, sentence, paragraph, section or
43 part of this act shall be adjudged by any court of competent jurisdic-
44 tion to be invalid, such judgment shall not affect, impair or invalidate
45 the remainder thereof, but shall be confined in its operation to the
46 clause, sentence, paragraph, section or part thereof directly involved
47 in the controversy in which such judgment shall have been rendered.

48 § 11. This act shall take effect immediately. Effective immediately,
49 the office of mental health and the office of addiction services and
50 supports are authorized to promulgate the addition, amendment and/or
51 repeal of any rule or regulation or engage in any work necessary for the
52 implementation of this act on its effective date authorized to be made
53 and completed on or before such effective date.

1 Section 1. This act shall be known and may be cited as the "comprehen-
2 sive outpatient services act of 2021".

3 § 2. Section 364-m of the social services law is amended by adding a

50 REPEALED.

51 § 2. This act shall take effect April 1, 2021.

52 PART FF

1 Section 1. Subdivision 3 of section 2999-h of the public health law,

9 appointments, prescription and non-prescription medications, and other
10 health care costs actually incurred for services rendered to and
11 supplies utilized by qualified plaintiffs, which are necessary to meet
12 their health care needs, as determined by their treating physicians,
13 physician assistants, or nurse practitioners and as otherwise defined by
14 the commissioner in regulation.

15 § 2. Subdivisions 2 and 4 of section 2999-j of the public health law,

23 receiving care or assistance that would, at a minimum, be authorized
24 under the medicaid program;

25 [~~(b)~~] (ii) if any prior authorization is required by such regulation,
26 the regulation shall require that requests for prior authorization be

54 by the department) or care coordination.

55 2. Where, in two consecutive inspections, regardless of the timeframe
56 between such inspections, a residential health care facility has been

1 issued more than one statement of deficiencies citing violations of the
2 department's regulations concerning infection control, such residential
3 health care facility shall, at its own expense, contract with a quality
4 improvement organization, or such other independent quality monitor

22 read as follows:

23 § 2828. Residential health care facilities; excess revenue. 1.
24 Notwithstanding any law to the contrary, the department shall promulgate
25 regulations governing the disposition of revenue in excess of expenses
26 for residential health care facilities. Such regulations shall require
27 that a minimum of seventy percent of revenue be spent on direct resident
28 care, and that forty percent of revenue shall be spent on resident-fac-
29 ing staffing, provided that amounts spent on resident-facing staffing
30 shall be included as a part of amounts spent on direct resident care.
31 Beginning on and after January first, two thousand twenty-two, fifteen
32 percent of costs associated with resident-facing staffing that is
33 contracted out by a facility shall be deducted from the calculation of
34 the amount spent on resident-facing staffing and direct resident care.
35 Such regulations shall further include at a minimum that any residential
36 health care facility for which total operating revenue exceeds total
37 operating and non-operating expenses by more than five percent of total
38 operating and non-operating expenses, or that fails to spend the minimum
39 amount necessary to comply with the minimum spending standards for resi-
40 dent-facing staffing or direct resident care, calculated on an annual
41 basis, shall expend such excess revenue, or the difference between the
42 minimum spending requirement and the actual amount of spending on resi-
43 dent-facing staffing or direct care staffing, as the case may be, in a
44 manner to be determined by such regulations, by October first of the
45 following year. In the event any residential health care facility fails
46 to spend any excess revenue in the manner directed by such regulations
47 by October first of the following year, such excess revenue shall be
48 payable to the state by November first of such year. The department
49 shall collect such payments by methods including, but not limited to,
50 deductions or offsets from payments made pursuant to the Medicaid
51 program.

52 2. For the purposes of this section and section twenty-eight hundred
53 twenty-eight-a of this article, the following terms shall have the

2 sources as reported in the residential health care facility cost reports
3 submitted to the department.

4 (b) "Expenses" shall include all operating and non-operating expenses,
5 before extraordinary gains, reported in cost reports submitted pursuant
6 to this section, except as expressly excluded by regulations and/or this
7 section. Such exclusions shall include, but not be limited to, any
8 related party transaction to the extent that the value of such trans-
9 action is greater than fair market value, and the payment of compen-
10 sation for employees who are not actively engaged in or providing
11 services at the facility.

12 (c) "Direct resident care" shall exclude, at a minimum and without
13 limitation, capital depreciation, rent and leases, fiscal services, and
14 administrative services.

15 (d) "Resident-facing staffing" shall include all staffing expenses in
16 the ancillary and program services categories on exhibit h of the resi-
17 dential health care reports as in effect on February fifteenth, two
18 thousand twenty-one; provided that the department may by regulation, or
19 by emergency regulation, adjust such staffing expenses to align with any
20 change to the residential health care reports.

21 § 8-a. The public health law is amended by adding a new section 2828-a
22 to read as follows:

23 § 2828-a. Excess revenues for management salaries. Within the amounts
24 prescribed by section twenty-eight hundred twenty-eight of this article,
25 a salary for any executive or managerial position which does not involve
26 direct resident care shall be limited by regulation by the department
27 based upon the number of beds for resident care at such facility. In any
28 event such salary shall not exceed two hundred fifty thousand dollars
29 annually. Provided further, notwithstanding any other law to the contra-
30 ry, a residential care facility shall not expend more than fifteen
31 percent of expenses on executive or managerial salaries, and the depart-
32 ment shall be authorized to promulgate regulations to effectuate this
33 section.

34 § 9. Section 2860 of the public health law is amended by adding three
35 new subdivisions 3, 4 and 5 to read as follows:

36 3. A company shall post maximum rates to be charged for facilities and
37 services, fixed pursuant to subdivision one of this section, on a
38 publicly accessible website. Such posting shall be updated on an annual
39 basis no later than April first of each year. Such posting shall detail
40 rates for each non-governmental payer source.

41 4. A company shall: (a) publicly list all owners on a website main-
42 tained by the facility and shall submit such list to the department for
43 posting on its website and update such information within thirty days of
44 any change or transaction affecting ownership; (b) publicly disclose on
45 such facility's website and regularly update the name and business
46 address of any landlord of such facility's premises; and (c) publicly
47 provide a summary of all contracts for provision of goods or services
48 for which such facility pays with any portion of Medicaid or Medicare
49 funds or other agreements entered into by the company on such facility's
50 website within thirty days of execution of such agreement or contract.

51 5. The commissioner may promulgate such regulations as may be deemed
52 necessary or appropriate to implement subdivisions three and four of
53 this section.

54 § 10. Subdivision 7 of section 460-d of the social services law, as
55 added by chapter 669 of the laws of 1977, paragraph (a) as amended by
56 chapter 719 of the laws of 1989, paragraph (b) as amended by chapter 524

1 of the laws of 1984, and paragraph 2 of paragraph (b) as amended by
2 chapter 733 of the laws of 1994, is amended to read as follows:

3 7. (a) The department shall adopt regulations establishing civil
4 penalties of up to [~~one~~] ten thousand dollars per day to be assessed
5 against all adult care facilities except facilities operated by a social
6 services district for violations of (i) regulations of the department
7 pertaining to the care of residents in such facilities, (ii) paragraph
8 (a) of subdivision three of section four hundred sixty-one-a of this
9 chapter, or (iii) an order issued pursuant to subdivision eight of this
10 section. The regulations shall specify the violations subject to penalty
11 and the amount of the penalty to be assessed in connection with each
12 such violation and shall specify that only civil penalties of up to
13 [~~one~~] ten thousand dollars per day per violation shall be assessed
14 pursuant to this paragraph against an adult care facility found respon-
15 sible for an act of retaliation or reprisal against any resident,
16 employee, or other person for having filed a complaint with or having
17 provided information to any long term care patient ombudsman functioning
18 in accordance with section five hundred forty-four or five hundred
19 forty-five of the executive law.

20 (b) [~~(1)~~] In addition to any other civil or criminal penalty provided
21 by law, the department shall have the power to assess civil penalties in
22 accordance with its regulations adopted pursuant to paragraph (a) of
23 this subdivision, after a hearing conducted in accordance with the
24 procedures established by regulations of the department. Such procedures
25 shall require that notice of the time and place of the hearing, together
26 with a statement of charges of violations, shall be served in person or
27 by certified mail addressed to the facility at least thirty days prior
28 to the date of the hearing. The statement of charges of violations shall
29 set forth the existence of the violations, the amount of penalty for
30 which it may become liable and the steps which must be taken to rectify
31 the violation and, where applicable, a statement that the department
32 contends that a penalty may be imposed under this paragraph regardless
33 of rectification. An answer to the charges of violations, in writing,
34 shall be filed with the department, not less than ten days prior to the
35 date of hearing. The answer shall notify the department of the facili-
36 ty's position with respect to each of the charges and shall include all
37 matters which if not disclosed in the answer would be likely to take the
38 department by surprise. The commissioner, or a member of his staff who
39 is designated and authorized by him to hold such hearing, may in his
40 discretion allow the facility to prove any matter not included in the
41 answer. [~~Where the facility satisfactorily demonstrates that it either~~

42 ~~had rectified the violations within thirty days of receiving written~~
43 ~~notification of the results of the inspection pursuant to section four~~
44 ~~hundred sixty-one-a of this chapter, or had submitted within thirty days~~
45 ~~an acceptable plan for rectification and was rectifying the violations~~
46 ~~in accordance with the steps and within the additional periods of time~~
47 ~~as accepted by the department in such plan, no penalty shall be imposed,~~
48 ~~except as provided in subparagraph two of this paragraph.~~

49 ~~(2) Rectification shall not preclude the assessment of a penalty if~~
50 ~~the department establishes at a hearing that a particular violation,~~
51 ~~although corrected, endangered or resulted in harm to any resident as~~
52 ~~the result of:~~

53 ~~(i) the total or substantial failure of the facility's fire detection~~
54 ~~or prevention systems, or emergency evacuation procedures prescribed by~~
55 ~~department safety standard regulations;~~

~~(ii) the retention of any resident who has been evaluated by the resident's physician as being medically or mentally unsuited for care in the facility or as requiring placement in a hospital or residential health care facility and for whom the operator is not making persistent efforts to secure appropriate placement;~~

~~(iii) the failure in systemic practices and procedures;~~

~~(iv) the failure of the operator to take actions as required by department regulations in the event of a resident's illness or accident;~~

~~(v) the failure of the operator to provide at all times supervision of residents by numbers of staff at least equivalent to the night staffing requirement set forth in department regulations; or~~

~~(vi) unreasonable threats of retaliation or taking reprisals, including but not limited to unreasonable threats of eviction or hospitalization against any resident, employee or other person who makes a complaint concerning the operation of an adult care facility, participates in the investigation of a complaint or is the subject of an action identified in a complaint.~~

~~The department shall specify in its regulations those regulations to which this subparagraph two shall apply.~~

~~(3) In assessing penalties pursuant to this paragraph, the department shall consider promptness of rectification, delay occasioned by the department, and the specific circumstances of the violations as mitigating factors.]~~

(c) Upon the request of the department, the attorney general may commence an action in any court of competent jurisdiction against any facility subject to the provisions of this section, and against any person or corporation operating such facility, for the recovery of any penalty assessed by the department in accordance with the provisions of this subdivision.

(d) Any such penalty assessed by the department may be released or compromised by the department before the matter has been referred to the attorney general, and where such matter has been referred to the attorney general, any such penalty may be released or compromised and any action commenced to recover the same may be settled and discontinued by the attorney general with the consent of the department.

§ 11. Paragraph (a) of subdivision 9 of section 460-d of the social services law, as amended by chapter 558 of the laws of 1999, is amended to read as follows:

(a) The department shall have authority to impose a civil penalty not exceeding ~~one~~ ten thousand dollars per day against, and to issue an order requiring the closing of, after notice and opportunity to be heard, any facility which does not possess a valid operating certificate issued by the department and is an adult care facility subject to the provisions of this article and the regulations of the department. A hearing shall be conducted in accordance with procedures established by department regulations which procedures shall require that notice of the determination that the facility is an adult care facility and the reasons for such determination and notice of the time and place of the hearing be served in person on the operator, owner or prime lessor, if any, or by certified mail, return receipt requested, addressed to such person and received at least twenty days prior to the date of the hearing. If such operator, owner or prime lessor, if any, is not known to the department, then service may be made by posting a copy thereof in a conspicuous place within the facility or by sending a copy thereof by certified mail, return receipt requested, addressed to the facility. A written answer to the notice of violation may be filed with the depart-

1 ment not less than five days prior to the date of the hearing. Demon-
2 stration by the facility that it possessed an operating certificate
3 issued pursuant to this article, article twenty-eight of the public
4 health law or article sixteen, twenty-three, thirty-one or thirty-two of
5 the mental hygiene law at the time the hearing was commenced shall
6 constitute a complete defense to any charges made pursuant to this
7 subdivision.

8 § 12. Subdivision (c) of section 122 of part E of chapter 56 of the
9 laws of 2013 amending the public health law relating to the general
10 public health work program, as amended by section 7 of part E of chapter
11 57 of the laws of 2019, is amended to read as follows:

12 (c) section fifty of this act shall take effect immediately [~~and shall~~
13 ~~expire nine years after it becomes law~~];

14 § 13. Subdivisions 2, 3, 5 and 6 of section 2806-a of the public
15 health law, as added by section 50 of part E of chapter 56 of the laws
16 of 2013, and paragraph (a) of subdivision 2 as amended by section 8 and
17 subparagraph (iii) of paragraph (c) of subdivision 5 as amended by
18 section 9 of part K of chapter 57 of the laws of 2015, are amended to
19 read as follows:

20 2. (a) In the event that: (i) a facility seeks extraordinary financial
21 assistance and the commissioner finds that the facility is experiencing
22 serious financial instability that is jeopardizing existing or continued
23 access to essential services within the community, or (ii) the commis-
24 sioner finds that there are conditions within the facility that [~~seri-~~
25 ~~ously~~] endanger the life, health or safety of residents or patients, the
26 commissioner may appoint a temporary operator to assume sole control and
27 sole responsibility for the operations of that facility, or (iii) the
28 commissioner finds that there has been an improper delegation of manage-
29 ment authority by the governing authority or operator of a general
30 hospital, the commissioner shall appoint a temporary operator to assume
31 sole control and sole responsibility for the operations of that facili-
32 ty. The appointment of the temporary operator shall be effectuated
33 pursuant to this section and shall be in addition to any other remedies
34 provided by law.

35 (b) The established operator of a facility may at any time request the
36 commissioner to appoint a temporary operator. Upon receiving such a
37 request, the commissioner may, if he or she determines that such an
38 action is necessary to restore or maintain the provision of quality care
39 to the residents or patients or alleviate the facility's financial
40 instability, enter into an agreement with the established operator for
41 the appointment of a temporary operator to assume sole control and sole
42 responsibility for the operations of that facility.

43 3. (a) A temporary operator appointed pursuant to this section shall,
44 prior to his or her appointment as temporary operator, provide the
45 commissioner with a work plan satisfactory to the commissioner to
46 address the facility's deficiencies and serious financial instability
47 and a schedule for implementation of such plan. A work plan shall not be
48 required prior to the appointment of the temporary operator [~~pursuant to~~
49 ~~clause (ii) of paragraph (a) of subdivision two of this section~~] if the
50 commissioner has determined that the immediate appointment of a tempo-
51 rary operator is necessary because public health or safety is in immi-
52 nent danger or there exists any condition or practice or a continuing
53 pattern of conditions or practices which poses imminent danger to the
54 health or safety of any patient or resident of the facility. Where such
55 immediate appointment has been found to be necessary, the temporary

1 operator shall provide the commissioner with a work plan satisfactory to
2 the commissioner as soon as practicable.

3 (b) The temporary operator shall use his or her best efforts to imple-
4 ment the work plan provided to the commissioner, if applicable, and to
5 correct or eliminate any deficiencies or financial instability in the
6 facility and to promote the quality and accessibility of health care
7 services in the community served by the facility. Such correction or
8 elimination of deficiencies or serious financial instability shall not
9 include major alterations of the physical structure of the facility.
10 During the term of his or her appointment, the temporary operator shall
11 have the sole authority to direct the management of the facility in all
12 aspects of operation and shall be afforded full access to the accounts
13 and records of the facility. The temporary operator shall, during this
14 period, operate the facility in such a manner as to promote safety and
15 the quality and accessibility of health care services or residential
16 care in the community served by the facility. The temporary operator
17 shall have the power to let contracts therefor or incur expenses on
18 behalf of the facility, provided that where individual items of repairs,
19 improvements or supplies exceed ten thousand dollars, the temporary
20 operator shall obtain price quotations from at least three reputable
21 sources. The temporary operator shall not be required to file any bond.
22 No security interest in any real or personal property comprising the
23 facility or contained within the facility, or in any fixture of the
24 facility, shall be impaired or diminished in priority by the temporary
25 operator. Neither the temporary operator nor the department shall engage
26 in any activity that constitutes a confiscation of property without the
27 payment of fair compensation.

28 5. (a) The initial term of the appointment of the temporary operator
29 shall not exceed one hundred eighty days. After one hundred eighty days,
30 if the commissioner determines that termination of the temporary opera-
31 tor would cause significant deterioration of the quality of, or access
32 to, health care or residential care in the community or that reappoint-
33 ment is necessary to correct the conditions within the facility that
34 [seriously] endanger the life, health or safety of residents or
35 patients, or the financial instability that required the appointment of
36 the temporary operator, the commissioner may authorize up to two addi-
37 tional ninety-day terms.

38 (b) Upon the completion of the two ninety-day terms referenced in
39 paragraph (a) of this subdivision,

40 (i) if the established operator is the debtor in a bankruptcy proceed-
41 ing, and the commissioner determines that the temporary operator
42 requires additional terms to operate the facility during the pendency of
43 the bankruptcy proceeding and to carry out any plan resulting from the
44 proceeding, the commissioner may reappoint the temporary operator for
45 additional ninety-day terms until the termination of the bankruptcy
46 proceeding, provided that the commissioner shall provide for notice and
47 a hearing as set forth in subdivision six of this section; or

48 (ii) if the established operator requests the reappointment of the
49 temporary operator, the commissioner may reappoint the temporary opera-
50 tor for one additional ninety-day term, pursuant to an agreement between
51 the established operator, the temporary operator and the department.

52 (c) Within fourteen days prior to the termination of each term of the
53 appointment of the temporary operator, the temporary operator shall
54 submit to the commissioner and to the established operator a report
55 describing:

1 (i) the actions taken during the appointment to address such deficiencies and financial instability,

2 (ii) objectives for the continuation of the temporary operatorship if necessary and a schedule for satisfaction of such objectives,

3 (iii) recommended actions for the ongoing operation of the facility subsequent to the term of the temporary operator including recommendations regarding the proper management of the facility and ongoing agreements with individuals or entities with proper delegation of management authority; and

4 (iv) with respect to the first ninety-day term referenced in paragraph (a) of this subdivision, a plan for sustainable operation to avoid closure, or transformation of the facility which may include any option permissible under this chapter or the social services law and implementing regulations thereof. The report shall reflect best efforts to produce a full and complete accounting.

5 (d) The term of the initial appointment and of any subsequent reappointment may be terminated prior to the expiration of the designated term, if the established operator and the commissioner agree on a plan of correction and the implementation of such plan.

6. (a) The commissioner, upon making a determination to appoint a temporary operator pursuant to paragraph (a) of subdivision two of this section shall, prior to the commencement of the appointment, cause the established operator of the facility to be notified of the determination by registered or certified mail addressed to the principal office of the established operator. Such notification shall include a detailed description of the findings underlying the determination to appoint a temporary operator, and the date and time of a required meeting with the commissioner and/or his or her designee within ten business days of the date of such notice. At such meeting, the established operator shall have the opportunity to review and discuss all relevant findings. At such meeting or within ten additional business days, the commissioner and the established operator shall attempt to develop a mutually satisfactory plan of correction and schedule for implementation. In the event such plan of correction is agreed upon, the commissioner shall notify the established operator that the commissioner no longer intends to appoint a temporary operator. A meeting shall not be required prior to the appointment of the temporary operator ~~pursuant to clause (ii) of paragraph (a) of subdivision two of this section~~ if the commissioner has determined that the immediate appointment of a temporary operator is necessary because public health or safety is in imminent danger or there exists any condition or practice or a continuing pattern of conditions or practices which poses imminent danger to the health or safety of any patient or resident of the facility. Where such immediate appointment has been found to be necessary, the commissioner shall provide the established operator with a notice as required under this paragraph on the date of the appointment of the temporary operator.

(b) Should the commissioner and the established operator be unable to establish a plan of correction pursuant to paragraph (a) of this subdivision, or should the established operator fail to respond to the commissioner's initial notification, a temporary operator shall be appointed as soon as is practicable and shall operate pursuant to the provisions of this section.

(c) The established operator shall be afforded an opportunity for an administrative hearing on the commissioner's determination to appoint a temporary operator. Such administrative hearing shall occur prior to such appointment, except that the hearing shall not be required prior to

1 the appointment of the temporary operator [~~pursuant to clause (ii) of~~
2 ~~paragraph (a) of subdivision two of this section~~] if the commissioner
3 has determined that the immediate appointment of a temporary operator is
4 necessary because public health or safety is in imminent danger or there
5 exists any condition or practice or a continuing pattern of conditions
6 or practices which poses imminent danger to the health or safety of any
7 patient or resident of the facility. An administrative hearing as
8 provided for under this paragraph shall begin no later than sixty days
9 from the date of the notice to the established operator and shall not be
10 extended without the consent of both parties. Any such hearing shall be
11 strictly limited to the issue of whether the determination of the
12 commissioner to appoint a temporary operator is supported by substantial
13 evidence. A copy of the decision shall be sent to the established opera-
14 tor.

15 (d) The commissioner shall, upon making a determination to reappoint a
16 temporary operator for the first of an additional ninety-day term pursu-
17 ant to paragraph (a) of subdivision five of this section, cause the
18 established operator of the facility to be notified of the determination
19 by registered or certified mail addressed to the principal office of the
20 established operator. If the commissioner determines that additional
21 reappointments pursuant to subparagraph (i) of paragraph (b) of subdivi-
22 sion five of this section are required, the commissioner shall again
23 cause the established operator of the facility to be notified of such
24 determination by registered or certified mail addressed to the principal
25 office of the established operator at the commencement of the first of
26 every two additional terms. Upon receipt of such notification at the
27 principal office of the established operator and before the expiration
28 of ten days thereafter, the established operator may request an adminis-
29 trative hearing on the determination to begin no later than sixty days
30 from the date of the reappointment of the temporary operator. Any such
31 hearing shall be strictly limited to the issue of whether the determi-
32 nation of the commissioner to reappoint the temporary operator is
33 supported by substantial evidence.

34 § 14. Section 2810 of the public health law is amended by adding a new
35 subdivision 2-a to read as follows:

36 2-a. Notwithstanding any other law to the contrary, the commissioner
37 may appoint an emergency receiver, upon no less than twenty-four hours'
38 notice to the operator of a facility, upon a determination that public
39 health or safety is in imminent danger or that there exists any condi-
40 tion or practice or a continuing pattern of conditions or practices that
41 poses imminent danger to the health or safety of any patient or resident
42 of such facility. Such an emergency receiver shall serve until a final
43 determination has been made upon an order to show cause filed in accord-
44 ance with subdivision two of this section; provided, however, that an
45 application for such an order shall be made to the supreme court within
46 thirty days of the appointment of such emergency receiver.

47 § 15. Severability. If any provision of this act, or any application
48 of any provision of this act, is held to be invalid, that shall not
49 affect the validity or effectiveness of any other provision of this act
50 or any other application of any provision of this act.

51 § 16. This act shall take effect on the one hundred eightieth day
52 after it shall have become a law; provided that the amendments to subdivi-
53 sion 1 of section 12 of the public health law made by section one of
54 this act shall be subject to the expiration and reversion of such subdivi-
55 sion pursuant to section 32 of part A of chapter 58 of the laws of
56 2008, as amended, when upon such date the provisions of section two of

1 this act shall take effect; and provided further that the amendments to
2 subdivision 2 of section 12-b of the public health law made by section
3 three of this act shall be subject to the expiration and reversion of
4 such subdivision pursuant to section 32 of part A of chapter 58 of the
5 laws of 2008, as amended, when upon such date the provisions of section
6 four of this act shall take effect. Effective immediately, the addition,
7 amendment and/or repeal of any rule, regulation, or emergency regulation
8 necessary for the implementation of this act on its effective date are
9 authorized to be made and completed on or before such effective date.
