1 (b) Sales of kratom shall be made only to an individual who demon-
2 strates, through (i) a valid driver's license or non-driver's identifi-
3 cation card issued by the commissioner of motor vehicles, the federal
4 government, any United States territory, commonwealth or possession, the
5 District of Columbia, a state government within the United States or a
6 provincial government of the dominion of Canada, or (ii) a valid pass-
7 port issued by the United States government or any other country, or
8 (iii) an identification card issued by the armed forces of the United
9 States, or (iv) any other photographic identification card issued by a
10 governmental entity or educational institution indicating that the indi-
11 vidual is at least eighteen years of age. Such identification need not
12 be required of any individual who reasonably appears to be at least
13 twenty-five years of age, provided, however, that such appearance shall
14 not constitute a defense in any proceeding alleging the sale of kratom
15 to an individual under eighteen years of age.

16 (c)(i) Any person operating a place of business wherein kratom is sold
17 or offered for sale may perform a transaction scan as a precondition for
18 such purchases.

19 (ii) In any instance where the information deciphered by the trans-
20 action scan fails to match the information printed on the driver's
21 license or non-driver identification card, or if the transaction scan
22 indicates that the information is false or fraudulent, the attempted
23 transaction shall be denied.

24 (iii) In any proceeding pursuant to section thirteen hundred ninety-
25 nine-ee of this article, it shall be an affirmative defense that such
26 person had produced a driver's license or non-driver identification card
27 apparently issued by a governmental entity, successfully completed that
28 transaction scan, and that the kratom has been sold, delivered or given
29 to such person in reasonable reliance upon such identification and tran-
30 saction scan. In evaluating the applicability of such affirmative
31 defense the commissioner shall take into consideration any written poli-
32 cy adopted and implemented by the seller to effectuate the provisions of
33 this article. Use of a transaction scan shall not excuse any person
34 operating a place of business wherein kratom is sold, or the agent or
35 employee of such person, from the exercise of reasonable diligence
36 otherwise required by this article. Notwithstanding the above
37 provisions, any such affirmative defense shall not be applicable in any
38 civil or criminal proceeding, or in any other forum.

39 (d) A business or agent or employee of such business shall only use a
40 device capable of deciphering any electronically readable format, and
41 shall only use the information recorded and maintained through the use
42 of such devices, for the purposes contained in paragraph (c) of this
43 subdivision. No business or agent or employee of such business shall
44 resell or disseminate the information recorded during such a scan to any
45 third person. Such prohibited resale or dissemination includes but is
46 not limited to any advertising, marketing or promotional activities.
47 Notwithstanding the restrictions imposed by this subdivision, such
48 records may be released pursuant to a court ordered subpoena or pursuant
49 to any other statute that specifically authorizes the release of such
50 information. Each violation of this subdivision shall be punishable by a
51 civil penalty of not more than one thousand dollars.

52 (e) A business or agent or employee of such business may electron-
53 ically or mechanically record and maintain only the information from a
54 transaction scan necessary to effectuate this section. Such information
55 shall be limited to the following: (i) name, (ii) date of birth, (iii)

1 driver's license or non-driver identification number, and (iv) expira-
2 tion date.

3 (f) As used in this subdivision, "a device capable of deciphering any
4 electronically readable format", "card holder" and "transaction scan"
5 shall have the same meanings as are ascribed to such terms by section
6 thirteen hundred ninety-nine-cc of this article.

7 § 4. The commissioner of health shall conduct a study relating to
8 kratom. The study shall include but not be limited to the potential
9 health risks, benefits and effects of kratom and shall review all avail-
10 able data relating to such. Such commissioner shall publish and submit a
11 report of his or her findings and recommendations to the governor, the
12 speaker of the assembly and the temporary president of the senate on or
13 before one year from the effective date of this act.

14 § 5. This act shall take effect immediately.
