STATE OF NEW YORK

25--A

2021-2022 Regular Sessions

IN SENATE

(Prefiled)

January 6, 2021

- Introduced by Sen. KAPLAN -- read twice and ordered printed, and when printed to be committed to the Committee on Commerce, Economic Development and Small Business -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee
- AN ACT in relation to requiring the Empire State development corporation in consultation with the state university of New York, the city university of New York and the commission on independent colleges and universities to study the economic impact of optimizing kitchen incubators in New York state

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. The legislature hereby finds that in 2 order to improve the economic opportunities for its citizens and entre-3 preneurs, it must use the established capabilities of its university 4 systems to offer space and resources to the next generation of food 5 manufacturing businesses.

6 It has been documented that the chief obstacle for start-up food manu-7 facturing businesses is their inability to access affordable commercial 8 kitchen space. Currently all over the state, there are only a few kitch-9 en incubators facing high demand and unable to meet the needs of the 10 many potential start-up businesses.

11 Kitchen incubators are valuable resources for New York state as it 12 moves to promote more job development, business development and 13 increased tax revenues.

14 In New York City alone, there are more than 900 food firms, with over 15 16,000 employees and another 2,500 who are self-employed. This has been 16 viewed as evidence of entrepreneurs' intent on developing their food 17 manufacturing ideas into full scale production capabilities and fully 18 functional business entities.

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD01961-02-1

1 Minority and immigrant populations are growing significantly through-2 out the state and so are their number in entrepreneurship activities, 3 including in the development of foods from their native place of origin 4 and this creates growing demand for such foods by increasing minority 5 and immigrant communities.

6 Kitchen incubators housed at select college campuses throughout New 7 York state and New York city will help develop new entrepreneurs and 8 increase the economic benefits of such activities for the entire state.

9 However, New York must do more to propel these business start-ups and 10 potential manufacturers into full scale operations and should move to 11 allow its university systems to expand their regional economic catalyst 12 activities to serve entrepreneurs looking to enter the food manufactur-13 ing sector.

14 § 2. For purposes of this act, the term "kitchen incubator" shall mean 15 an affordable small space with shared ovens, ranges, industrial mixers 16 and other commercial kitchen equipment, to be rented by entrepreneurs to 17 assist them in the development and/or manufacturing of food products for 18 commercial purposes.

19 § 3. a. The Empire State Development Corporation, in consultation with 20 the state university of New York, the city university of New York, and 21 the Commission on Independent Colleges and Universities and groups selected by the Empire State Development Corporation, shall study and 22 examine the potential economic impact for optimizing kitchen incubators 23 in New York state including establishing and/or expanding such opportu-24 25 nities on the state university of New York campuses, the city university 26 of New York campuses, and at public and private institutions of higher 27 learning.

28 b. The study conducted pursuant to this section shall evaluate the 29 impact of such optimization on entrepreneurship efforts in growing 30 minority and immigrant populations.

31 c. The Empire State Development Corporation shall create a report 32 containing recommendations for the creation, funding and future expan-33 sion of kitchen incubators throughout the state at public and private institutions for higher learning; and increasing entrepreneurial success 34 35 in the culinary industry, by providing comprehensive advisory and busi-36 ness development services along with access to facilities and equipment 37 in a co-working environment conducive to collaboration, networking and 38 mentorship.

d. The report compiled by the Empire State Development Corporation pursuant to paragraph c of this section shall be submitted to the governor and the legislature not later than May 1, 2022.

42 § 4. This act shall take effect immediately.
