45 abuse; supervision of living arrangements; and any other services within
46 a local services plan developed pursuant to article forty-one of this
47 chapter, clinical or non-clinical, prescribed to treat the person's
48 mental illness and to assist the person in living and functioning in the
49 community, or to attempt to prevent a relapse or deterioration that may
50 reasonably be predicted to result in ~~suicide~~ serious physical harm to
51 any person or the need for hospitalization.

52 (2) "director" shall mean the director of community services of a
53 local governmental unit, or the director of a hospital licensed or oper-

The director of a hospital licensed or operated by the office ~~[of mental health]~~ may operate, direct and supervise an assisted outpatient treatment program, upon approval by the commissioner. Directors of community services shall be permitted to satisfy the provisions of this subdivision through the operation of joint assisted outpatient treatment programs. Nothing in this subdivision shall be interpreted to preclude the combination or coordination of efforts between and among local governmental units and hospitals in providing and coordinating assisted outpatient treatment.

(c) Criteria. A person may be ordered to receive assisted outpatient treatment if the court finds that such person:

- (1) is eighteen years of age or older; and
- (2) is suffering from a mental illness; and
- (3) is unlikely to survive safely in the community without supervision, based on a clinical determination; and
- (4) has a history of lack of compliance with treatment for mental illness that has:

(i) ~~[prior to the filing of the petition,]~~ at least twice within the ~~[last]~~ thirty-six months prior to the filing of the petition been a significant factor in necessitating hospitalization in a hospital, or receipt of services in a forensic or other mental health unit of a correctional facility or a local correctional facility~~[, not including];~~ provided that such thirty-six month period shall be extended by the length of any current period[~~, or period ending~~ of hospitalization or incarceration, and any such period that ended within the last six months~~[, during which the person was or is hospitalized or incarcerated];~~ or

(ii) within forty-eight months prior to the filing of the petition, resulted in one or more acts of serious violent behavior toward self or

3 that such forty-eight month period shall be extended by the length of

9 to live safely in the community; and

10 (6) in view of his or her treatment history and current behavior, is
11 in need of assisted outpatient treatment in order to prevent a relapse
12 or deterioration which would be likely to result in serious harm to the
13 person or others as defined in section 9.01 of this article; and

14 (7) is likely to benefit from assisted outpatient treatment.

15 (d) Health care proxy. Nothing in this section shall preclude a person
16 with a health care proxy from being subject to a petition pursuant to
17 this chapter and consistent with article twenty-nine-C of the public
18 health law.

19 (e) Investigation of reports. The commissioner shall promulgate regu-
20 lations establishing a procedure to ensure that reports of a person who
21 may be in need of assisted outpatient treatment, including those
22 received from family and community members of such person, are investi-
23 gated in a timely manner and, where appropriate, result in the filing of
24 petitions for assisted outpatient treatment.

25 (f) Petition to the court. (1) A petition for an order authorizing
26 assisted outpatient treatment may be filed in the supreme or county
27 court in the county in which the subject of the petition is present or
28 reasonably believed to be present. When a director of community
29 services has reason to believe that an assisted outpatient has changed
30 his or her county of residence, future petitions and applications under
31 this section may be filed in the supreme or county court in the new
32 county of residence, which shall have concurrent jurisdiction with the
33 court that initially ordered such treatment. Such petition may be initi-
34 ated only by the following persons:

35 (i) any person eighteen years of age or older with whom the subject of
36 the petition resides; or

37 (ii) the parent, spouse, sibling eighteen years of age or older, or
38 child eighteen years of age or older of the subject of the petition; or

39 (iii) the director of a hospital in which the subject of the petition
40 is hospitalized, or pursuant to section four hundred four of the
41 correction law; or

42 (iv) the director of any public or charitable organization, agency or
43 home providing mental health services to the subject of the petition or
44 in whose institution the subject of the petition resides; or

45 (v) a qualified psychiatrist who is either supervising the treatment
46 of or treating the subject of the petition for a mental illness; or

47 (vi) a psychologist, licensed pursuant to article one hundred fifty-
48 three of the education law, or a social worker, licensed pursuant to
49 article one hundred fifty-four of the education law, who is treating the
50 subject of the petition for a mental illness; or

51 (vii) the director of community services, or his or her designee, or
52 the social services official, as defined in the social services law, of
53 the city or county in which the subject of the petition is present or
54 reasonably believed to be present; or

55 (viii) a parole officer or probation officer assigned to supervise the
56 subject of the petition[]; or

(ix) the director of the hospital or the superintendent of a correctional facility in which the subject of the petition is imprisoned, pursuant to section four hundred four of the correction law.

(2) The commissioner shall promulgate regulations pursuant to which persons initiating a petition, pursuant to subparagraphs (i) and (ii) of paragraph one of this subdivision, may receive assistance in filing such petitions, where appropriate, as determined pursuant to subdivision (e) of this section.

(3) The petition shall state:

(i) each of the criteria for assisted outpatient treatment as set forth in subdivision (c) of this section;

(ii) facts which support the petitioner's belief that the subject of the petition meets each criterion, provided that the hearing on the petition need not be limited to the stated facts; and

(iii) that the subject of the petition is present, or is reasonably believed to be present, within the county where such petition is filed.

~~[(3)]~~ (4) The petition shall be accompanied by an affirmation or affidavit of a physician, who shall not be the petitioner, stating that such physician is willing and able to testify at the hearing on the petition and that either ~~[that]~~:

(i) such physician has personally examined the subject of the petition no more than ten days prior to the submission of the petition~~[7]~~ and recommends assisted outpatient treatment for the subject of the petition~~[, and is willing and able to testify at the hearing on the petition]~~; or

(ii) no more than ten days prior to the filing of the petition, such physician or his or her designee has made appropriate attempts but has not been successful in eliciting the cooperation of the subject of the petition to submit to an examination, such physician has reason to suspect that the subject of the petition meets the criteria for assisted outpatient treatment, and such physician is willing and able to examine the subject of the petition ~~[and testify at the hearing on the petition]~~ prior to providing testimony.

~~[(4)]~~ (5) In counties with a population of less than eighty thousand, the affirmation or affidavit required by paragraph ~~[three]~~ four of this subdivision may be made by a physician who is an employee of the office. The office is authorized and directed to make available, at no cost to the county, a qualified physician for the purpose of making such affirmation or affidavit consistent with the provisions of such paragraph.

~~[(5)]~~ (g) Service. The petitioner shall cause written notice of the petition to be given to the subject of the petition and a copy thereof to be given personally or by mail to the persons listed in section 9.29 of this article, the mental hygiene legal service, the health care agent if any such agent is known to the petitioner, the appropriate program coordinator, and the appropriate director of community services, if such director is not the petitioner.

~~[(6)]~~ (h) Right to counsel. The subject of the petition shall have the right to be represented by the mental hygiene legal service, or privately financed counsel, at all stages of a proceeding commenced under this section.

~~[(7)]~~ (i) Hearing. (1) Upon receipt of the petition, the court shall fix the date for a hearing. Such date shall be no later than three days from the date such petition is received by the court, excluding Saturdays, Sundays and holidays. Adjournments shall be permitted only for good cause shown. In granting adjournments, the court shall consider the need for further examination by a physician or the potential need to

1 provide assisted outpatient treatment expeditiously. The court shall
2 cause the subject of the petition, any other person receiving notice
3 pursuant to subdivision [~~(f)~~] (g) of this section, the petitioner, the
4 physician whose affirmation or affidavit accompanied the petition, and
5 such other persons as the court may determine to be advised of such
6 date. Upon such date, or upon such other date to which the proceeding
7 may be adjourned, the court shall hear testimony and, if it be deemed
8 advisable and the subject of the petition is available, examine the
9 subject of the petition in or out of court. If the subject of the peti-
10 tion does not appear at the hearing, and appropriate attempts to elicit
11 the attendance of the subject have failed, the court may conduct the
12 hearing in the subject's absence. In such case, the court shall set
13 forth the factual basis for conducting the hearing without the presence
14 of the subject of the petition.

15 (2) The court shall not order assisted outpatient treatment unless an
16 examining physician, who recommends assisted outpatient treatment and
17 has personally examined the subject of the petition no more than ten
18 days before the filing of the petition, testifies in person at the hear-
19 ing. Such physician shall state the facts and clinical determinations
20 which support the allegation that the subject of the petition meets each
21 of the criteria for assisted outpatient treatment; provided that the
22 parties may stipulate, upon mutual consent, that such physician need not
23 testify.

24 (3) If the subject of the petition has refused to be examined by a
25 physician, the court may request the subject to consent to an examina-
26 tion by a physician appointed by the court. If the subject of the peti-
27 tion does not consent and the court finds reasonable cause to believe
28 that the allegations in the petition are true, the court may order peace
29 officers, acting pursuant to their special duties, or police officers
30 who are members of an authorized police department or force, or of a
31 sheriff's department to take the subject of the petition into custody
32 and transport him or her to a hospital for examination by a physician.
33 Retention of the subject of the petition under such order shall not
34 exceed twenty-four hours. The examination of the subject of the petition
35 may be performed by the physician whose affirmation or affidavit accom-
36 panied the petition pursuant to paragraph [~~three~~] four of subdivision
37 [~~(e)~~] (f) of this section, if such physician is privileged by such
38 hospital or otherwise authorized by such hospital to do so. If such
39 examination is performed by another physician, the examining physician
40 may consult with the physician whose affirmation or affidavit accompa-
41 nied the petition as to whether the subject meets the criteria for
42 assisted outpatient treatment.

43 (4) A physician who testifies pursuant to paragraph two of this subdi-
44 vision shall state: (i) the facts [~~which~~] and clinical determinations
45 that support the allegation that the subject meets each of the criteria
46 for assisted outpatient treatment, (ii) that the treatment is the least
47 restrictive alternative, (iii) the recommended assisted outpatient
48 treatment, and (iv) the rationale for the recommended assisted outpa-
49 tient treatment. If the recommended assisted outpatient treatment
50 includes medication, such physician's testimony shall describe the types
51 or classes of medication which should be authorized, shall describe the
52 beneficial and detrimental physical and mental effects of such medica-
53 tion, and shall recommend whether such medication should be self-admin-
54 istered or administered by authorized personnel.

(5) The subject of the petition shall be afforded an opportunity to present evidence, to call witnesses on his or her behalf, and to cross-examine adverse witnesses.

~~[(i)]~~ (j) Written treatment plan. (1) The court shall not order assisted outpatient treatment unless a physician appointed by the appropriate director, in consultation with such director, develops and provides to the court a proposed written treatment plan. The written treatment plan shall include case management services or assertive community treatment team services to provide care coordination. The written treatment plan also shall include all categories of services, as set forth in paragraph one of subdivision (a) of this section, which such physician recommends that the subject of the petition receive. All service providers shall be notified regarding their inclusion in the written treatment plan. If the written treatment plan includes medication, it shall state whether such medication should be self-administered or administered by authorized personnel, and shall specify type and dosage range of medication most likely to provide maximum benefit for the subject. If the written treatment plan includes alcohol or substance abuse counseling and treatment, such plan may include a provision requiring relevant testing for either alcohol or illegal substances provided the physician's clinical basis for recommending such plan provides sufficient facts for the court to find (i) that such person has a history of alcohol or substance abuse that is clinically related to the mental illness; and (ii) that such testing is necessary to prevent a relapse or deterioration which would be likely to result in serious harm to the person or others. If a director is the petitioner, the written treatment plan shall be provided to the court no later than the date of the hearing on the petition. If a person other than a director is the petitioner, such plan shall be provided to the court no later than the date set by the court pursuant to paragraph three of subdivision ~~[(j)]~~ (k) of this section.

(2) The physician appointed to develop the written treatment plan shall provide the following persons with an opportunity to actively participate in the development of such plan: the subject of the petition; the treating physician, if any; and upon the request of the subject of the petition, an individual significant to the subject including any relative, close friend or individual otherwise concerned with the welfare of the subject. The appointed physician shall make a reasonable effort to gather relevant information for the development of the treatment plan from the subject of the petition's family member or members, or his or her significant other. If the subject of the petition has executed a health care proxy, the appointed physician shall consider any directions included in such proxy in developing the written treatment plan.

(3) The court shall not order assisted outpatient treatment unless a physician appearing on behalf of a director testifies to explain the written proposed treatment plan; provided that the parties may stipulate, upon mutual consent, that such physician need not testify. Such physician shall state the categories of assisted outpatient treatment recommended, the rationale for each such category, facts which establish that such treatment is the least restrictive alternative, and, if the recommended assisted outpatient treatment plan includes medication, such physician shall state the types or classes of medication recommended, the beneficial and detrimental physical and mental effects of such medication, and whether such medication should be self-administered or administered by an authorized professional. If the subject of the peti-

tion has executed a health care proxy, such physician shall state the consideration given to any directions included in such proxy in developing the written treatment plan. If a director is the petitioner, testimony pursuant to this paragraph shall be given at the hearing on the petition. If a person other than a director is the petitioner, such testimony shall be given on the date set by the court pursuant to paragraph three of subdivision ~~[(i)]~~ (k) of this section.

~~[(i)]~~ (k) Disposition. (1) If after hearing all relevant evidence, the court does not find by clear and convincing evidence that the subject of the petition meets the criteria for assisted outpatient treatment, the court shall dismiss the petition.

(2) If after hearing all relevant evidence, the court finds by clear and convincing evidence that the subject of the petition meets the criteria for assisted outpatient treatment, and there is no appropriate and feasible less restrictive alternative, the court may order the subject to receive assisted outpatient treatment for an initial period not to exceed one year. In fashioning the order, the court shall specifically make findings by clear and convincing evidence that the proposed treatment is the least restrictive treatment appropriate and feasible for the subject. The order shall state an assisted outpatient treatment plan, which shall include all categories of assisted outpatient treatment, as set forth in paragraph one of subdivision (a) of this section, which the assisted outpatient is to receive, but shall not include any such category that has not been recommended in ~~[both]~~ the proposed written treatment plan and ~~[the]~~ in any testimony provided to the court pursuant to subdivision ~~[(i)]~~ (j) of this section.

(3) If after hearing all relevant evidence presented by a petitioner who is not a director, the court finds by clear and convincing evidence that the subject of the petition meets the criteria for assisted outpatient treatment, and the court has yet to be provided with a written proposed treatment plan and testimony pursuant to subdivision ~~[(i)]~~ (j) of this section, the court shall order the appropriate director to provide the court with such plan and testimony no later than the third day, excluding Saturdays, Sundays and holidays, immediately following the date of such order; provided that the parties may stipulate upon mutual consent that such testimony need not be provided. Upon receiving such plan and any required testimony, the court may order assisted outpatient treatment as provided in paragraph two of this subdivision.

(4) A court may order the patient to self-administer psychotropic drugs or accept the administration of such drugs by authorized personnel as part of an assisted outpatient treatment program. Such order may specify the type and dosage range of such psychotropic drugs and such order shall be effective for the duration of such assisted outpatient treatment.

(5) If the petitioner is the director of a hospital that operates an assisted outpatient treatment program, the court order shall direct the hospital director to provide or arrange for all categories of assisted outpatient treatment for the assisted outpatient throughout the period of the order. In all other instances, the order shall require the appropriate director, as that term is defined in this section, to provide or arrange for all categories of assisted outpatient treatment for the assisted outpatient throughout the period of the order. Orders issued on or after the effective date of the chapter of the laws of two thousand twenty-one that amended this section shall require the appropriate director "as determined by the program coordinator" to provide or

1 arrange for all categories of assisted outpatient treatment for the
2 assisted outpatient throughout the period of the order.

3 (6) The director shall cause a copy of any court order issued pursuant
4 to this section to be served personally, or by mail, facsimile or elec-
5 tronic means, upon the assisted outpatient, the mental hygiene legal
6 service or anyone acting on the assisted outpatient's behalf, the
7 original petitioner, identified service providers, and all others enti-
8 tled to notice under subdivision ~~[(f)]~~ (g) of this section.

9 ~~[(k)]~~ (l) Relocation of assisted outpatients. The commissioner shall
10 promulgate regulations requiring that, during the period of the order,
11 an assisted outpatient and any other appropriate persons shall notify
12 the program coordinator within a reasonable time prior to such assisted
13 outpatient relocating within the state of New York to an area not served
14 by the director who has been directed to provide or arrange for the
15 assisted outpatient treatment. Upon receiving notification of such relo-
16 cation, the program coordinator shall redetermine who the appropriate
17 director shall be and cause a copy of the court order and treatment plan
18 to be transmitted to such director.

19 (m) Petition for ~~[additional periods of]~~ continued treatment. (1)
20 ~~[Prior]~~ Within thirty days prior to the expiration of an order pursuant
21 to this section, the appropriate director shall review whether the
22 assisted outpatient continues to meet the criteria for assisted outpa-
23 tient treatment. ~~[If, as documented in the petition, the director deter-~~
24 ~~mines that such criteria continue to be met or has made appropriate~~
25 ~~attempts to, but has not been successful in eliciting, the cooperation~~
26 ~~of the subject to submit to an examination, within thirty days prior to~~
27 ~~the expiration of an order of assisted outpatient treatment, such direc-~~
28 ~~tor may petition the court to order continued assisted outpatient treat-~~
29 ~~ment pursuant to paragraph two of this subdivision. Upon determining~~
30 ~~whether such criteria continue to be met, such director shall notify the~~
31 ~~program coordinator in writing as to whether a petition for continued~~
32 ~~assisted outpatient treatment is warranted and whether such a petition~~
33 ~~was or will be filed.]~~ Upon determining that one or more of such crite-
34 ria are no longer met, such director shall notify the program coordina-
35 tor in writing that a petition for continued assisted outpatient treat-
36 ment is not warranted. Upon determining that such criteria continue to
37 be met, he or she shall petition the court to order continued assisted
38 outpatient treatment for a period not to exceed one year from the expi-
39 ration date of the current order. If the court's disposition of such
40 petition does not occur prior to the expiration date of the current
41 order, the current order shall remain in effect until such disposition.
42 The procedures for obtaining any order pursuant to this subdivision
43 shall be in accordance with the provisions of the foregoing subdivision
44 of this section; provided that the time restrictions included in para-
45 graph four of subdivision (c) of this section shall not be applicable.
46 The notice provisions set forth in paragraph six of subdivision (k) of
47 this section shall be applicable. Any court order requiring periodic
48 blood tests or urinalysis for the presence of alcohol or illegal drugs
49 shall be subject to review after six months by the physician who devel-
50 oped the written treatment plan or another physician designated by the
51 director, and such physician shall be authorized to terminate such blood
52 tests or urinalysis without further action by the court.

53 (2) Within thirty days prior to the expiration of an order of assisted
54 outpatient treatment, ~~[the appropriate director or]~~ the current peti-
55 tioner, if the current petition was filed pursuant to subparagraph (i)
56 or (ii) of paragraph one of subdivision ~~[(e)]~~ (f) of this section, and

1 the current petitioner retains his or her original status pursuant to
2 the applicable subparagraph, may petition the court to order continued
3 assisted outpatient treatment for a period not to exceed one year from
4 the expiration date of the current order. If the court's disposition of
5 such petition does not occur prior to the expiration date of the current
6 order, the current order shall remain in effect until such disposition.
7 The procedures for obtaining any order pursuant to this subdivision
8 shall be in accordance with the provisions of the foregoing subdivisions
9 of this section; provided that the time restrictions included in para-
10 graph four of subdivision (c) of this section shall not be applicable.
11 The notice provisions set forth in paragraph six of subdivision [~~(j)~~]
12 (k) of this section shall be applicable. Any court order requiring peri-
13 odic blood tests or urinalysis for the presence of alcohol or illegal
14 drugs shall be subject to review after six months by the physician who
15 developed the written treatment plan or another physician designated by
16 the director, and such physician shall be authorized to terminate such
17 blood tests or urinalysis without further action by the court.

18 [~~(1)~~] (3) If neither the appropriate director nor the current peti-
19 tioner petition for continued assisted outpatient treatment pursuant to
20 this paragraph and the order of the court expires, any other person
21 authorized to petition pursuant to paragraph one of subdivision (f) of
22 this section may bring a new petition for assisted outpatient treatment.
23 If such new petition is filed less than sixty days after the expiration
24 of such order, the time restrictions provided in paragraph four of
25 subdivision (c) of this section shall not be applicable to the new peti-
26 tion.

27 (4) If, thirty days prior to the expiration of an order, the assisted
28 outpatient is deemed by the appropriate director to be missing and
29 thereby unavailable for evaluation as to whether he or she continues to
30 meet the criteria for assisted outpatient treatment, such director shall
31 petition the court to extend the term of the current order until sixty
32 days after such time as the assisted outpatient is located. If the court
33 grants the extension, the director shall continue reasonable efforts to
34 locate the assisted outpatient. Upon location of the assisted outpa-
35 tient, the director shall review whether the assisted outpatient contin-
36 ues to meet the criteria for assisted outpatient treatment, pursuant to
37 paragraph two of this subdivision.

38 (n) Petition for an order to stay, vacate or modify. (1) In addition
39 to any other right or remedy available by law with respect to the order
40 for assisted outpatient treatment, the assisted outpatient, the mental
41 hygiene legal service, or anyone acting on the assisted outpatient's
42 behalf may petition the court on notice to the director, the original
43 petitioner, and all others entitled to notice under subdivision [~~(f)~~]
44 (g) of this section to stay, vacate or modify the order.

45 (2) The appropriate director shall petition the court for approval
46 before instituting a proposed material change in the assisted outpatient
47 treatment plan, unless such change is authorized by the order of the
48 court. Such petitions to change an assisted outpatient treatment plan,
49 as well as petitions for continued treatment, may be made to any judge
50 of the supreme or county courts in the county in which the subject of
51 the petition is present or reasonably believed to be present. Such peti-
52 tion shall be filed on notice to all parties entitled to notice under
53 subdivision [~~(f)~~] (g) of this section. Not later than five days after
54 receiving such petition, excluding Saturdays, Sundays and holidays, the
55 court shall hold a hearing on the petition; provided that if the
56 assisted outpatient informs the court that he or she agrees to the

1 proposed material change, the court may approve such change without a
2 hearing. Non-material changes may be instituted by the director without
3 court approval. For the purposes of this paragraph, a material change is
4 an addition or deletion of a category of services to or from a current
5 assisted outpatient treatment plan, or any deviation without the
6 assisted outpatient's consent from the terms of a current order relating
7 to the administration of psychotropic drugs.

8 ~~[(m)]~~ (o) Appeals. Review of an order issued pursuant to this section
9 shall be had in like manner as specified in section 9.35 of this
10 article; provided that notice shall be provided to all parties entitled
11 to notice under subdivision (g) of this section.

12 ~~[(n)]~~ (p) Failure to comply with assisted outpatient treatment. Where
13 in the clinical judgment of a physician, (i) the assisted outpatient,
14 has failed or refused to comply with the assisted outpatient treatment,
15 (ii) efforts were made to solicit compliance, and (iii) such assisted
16 outpatient may be in need of involuntary admission to a hospital pursu-
17 ant to section 9.27 of this article or immediate observation, care and
18 treatment pursuant to section 9.39 or 9.40 of this article, such physi-
19 cian may request the appropriate director of community services, the
20 director's designee, or any physician designated by the director of
21 community services pursuant to section 9.37 of this article, to direct
22 the removal of such assisted outpatient to an appropriate hospital for
23 an examination to determine if such person has a mental illness for
24 which he or she is in need of hospitalization is necessary pursuant to
25 section 9.27, 9.39 or 9.40 of this article~~[- Furthermore, if such~~
26 ~~assisted outpatient refuses to take medications as required by the court~~
27 ~~order, or he or she refuses to take, or fails a blood test, urinalysis,~~
28 ~~or alcohol or drug test as required by the court order, such physician~~
29 ~~may consider such refusal or failure when determining whether];~~ provided
30 that if, after efforts to solicit compliance, such physician determines
31 that the assisted outpatient's failure to comply with the assisted
32 outpatient treatment includes a substantial failure to take medication,
33 pass or submit to blood testing or urinalysis, or receive treatment for
34 alcohol or substance abuse, such physician may presume that the assisted
35 outpatient is in need of an examination to determine whether he or she
36 has a mental illness for which hospitalization is necessary. Upon the
37 request of such physician, the appropriate director, the director's
38 designee, or any physician designated pursuant to section 9.37 of this
39 article, may direct peace officers, acting pursuant to their special
40 duties, or police officers who are members of an authorized police
41 department or force or of a sheriff's department to take the assisted
42 outpatient into custody and transport him or her to the hospital operat-
43 ing the assisted outpatient treatment program or to any hospital author-
44 ized by the director of community services to receive such persons. Such
45 law enforcement officials shall carry out such directive. Upon the
46 request of such physician, the appropriate director, the director's
47 designee, or any physician designated pursuant to section 9.37 of this
48 article, an ambulance service, as defined by subdivision two of section
49 three thousand one of the public health law, or an approved mobile
50 crisis outreach team as defined in section 9.58 of this article shall be
51 authorized to take into custody and transport any such person to the
52 hospital operating the assisted outpatient treatment program, or to any
53 other hospital authorized by the appropriate director of community
54 services to receive such persons. Any director of community services, or
55 designee, shall be authorized to direct the removal of an assisted
56 outpatient who is present in his or her county to an appropriate hospi-

tal, in accordance with the provisions of this subdivision, based upon a determination of the appropriate director of community services directing the removal of such assisted outpatient pursuant to this subdivision. Such person may be retained for observation, care and treatment and further examination in the hospital for up to seventy-two hours to permit a physician to determine whether such person has a mental illness and is in need of involuntary care and treatment in a hospital pursuant to the provisions of this article. Any continued involuntary retention of the assisted outpatient in such hospital beyond the initial seventy-two hour period shall be in accordance with the provisions of this article relating to the involuntary admission and retention of a person. If at any time during the seventy-two hour period the person is determined not to meet the involuntary admission and retention provisions of this article, and does not agree to stay in the hospital as a voluntary or informal patient, he or she must be released. Failure to comply with an order of assisted outpatient treatment shall not be grounds for involuntary civil commitment or a finding of contempt of court.

~~[(p)]~~ (g) Effect of determination that a person is in need of assisted outpatient treatment. The determination by a court that a person is in need of assisted outpatient treatment shall not be construed as or deemed to be a determination that such person is incapacitated pursuant to article eighty-one of this chapter.

~~[(p)]~~ (r) False petition. A person making a false statement or providing false information or false testimony in a petition or hearing under this section shall be subject to criminal prosecution pursuant to article one hundred seventy-five or article two hundred ten of the penal law.

~~[(q)]~~ (s) Exception. Nothing in this section shall be construed to affect the ability of the director of a hospital to receive, admit, or retain patients who otherwise meet the provisions of this article regarding receipt, retention or admission.

~~[(r)]~~ (t) Education and training. (1) The office ~~[of mental health]~~, in consultation with the office of court administration, shall prepare educational and training materials on the use of this section, which shall be made available to local governmental units, providers of services, judges, court personnel, law enforcement officials and the general public.

(2) The office, in consultation with the office of court administration, shall establish a mental health training program for supreme and county court judges and court personnel, and shall provide such training with such frequency and in such locations as may be appropriate to meet statewide needs. Such training shall focus on the use of this section and generally address issues relating to mental illness and mental health treatment.

§ 6. Section 29.15 of the mental hygiene law is amended by adding a new subdivision (o) to read as follows:

If, as a result of such assessment, the director determines that the inmate meets such criteria, prior to discharge the director of the hospital shall either petition for a court order pursuant to section 9.60 of the mental hygiene law, or report in writing to the director of community services of the local governmental unit in which the inmate is expected to reside so that an investigation ~~[may]~~ shall be conducted pursuant to section 9.47 of the mental hygiene law.

5. Within a reasonable period prior to release or discharge of an inmate who is not currently committed to a hospital in the department of mental hygiene from a state correctional facility to the community, if such inmate has a serious mental illness pursuant to paragraph (e) of subdivision six of section one hundred thirty-seven of this chapter, the department shall notify the director of a hospital who shall ensure that a clinical assessment has been completed to determine whether the inmate meets the criteria for assisted outpatient treatment pursuant to subdivision (c) of section 9.60 of the mental hygiene law. If, as a result of such assessment, the director determines that the inmate meets such criteria, prior to release or discharge, the director of the hospital shall either petition for a court order pursuant to section 9.60 of the mental hygiene law, or report in writing to the director of community services of the local governmental unit in which the inmate is expected to reside so that an investigation shall be conducted pursuant to section 9.47 of the mental hygiene law.
