AN ACT to amend the social services law, in relation to establishing an advisory council to effectuate a reduction in child poverty in the state; and providing for the repeal of such provisions upon expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The social services law is amended by adding a new section 131-zz to read as follows:

§ 131-zz. Child poverty reduction. 1. Legislative findings. The legislature hereby declares that New York should take any steps necessary to reduce the overall child poverty rate by fifty percent in the next ten years. Nearly three million New Yorkers are living in poverty, eight hundred ninety-five thousand of which are children. In fact, one in five New York children struggle to meet basic needs, and although several efforts have been undertaken, the overall poverty rate in New York has failed to see a reduction over the last decade. The legislature finds that reducing child poverty will protect the health and general well-being of all New Yorkers. To effectuate this reduction, the child poverty reduction advisory council shall be established to research policy ideas, develop best practices, and continually monitor relevant
