(iv) The practice protocol shall reflect current accepted medical and nursing practice~~[, The protocols shall be filed with the department within ninety days of the commencement of the practice]~~ and may be updated periodically. The commissioner shall make regulations establishing the procedure for the review of protocols and the disposition of any issues arising from such review.

§ 2. Paragraph (b) of subdivision 3 of section 6902 of the education law, as added by section 2 of part D of chapter 56 of the laws of 2014, is amended to read as follows:

(b) Notwithstanding subparagraph (i) of paragraph (a) of this subdivision, a nurse practitioner, certified under section sixty-nine hundred ten of this article and practicing for more than three thousand six hundred hours ~~[may comply with this paragraph in lieu of complying]~~ shall not be required to comply with the requirements of paragraph (a) of this subdivision relating to collaboration with a physician or nurse practitioner, a written practice agreement and written practice protocols~~[, A nurse practitioner complying with this paragraph shall have collaborative relationships with one or more licensed physicians qualified to collaborate in the specialty involved or a hospital, licensed under article twenty-eight of the public health law, that provides services through licensed physicians qualified to collaborate in the specialty involved and having privileges at such institution. As evidence that the nurse practitioner maintains collaborative relationships, the nurse practitioner shall complete and maintain a form, created by the department, to which the nurse practitioner shall attest, that describes such collaborative relationships. For purposes of this paragraph, "collaborative relationships" shall mean that the nurse practitioner shall communicate, whether in person, by telephone or through written (including electronic) means, with a licensed physician qualified to collaborate in the specialty involved or, in the case of a hospital, communicate with a licensed physician qualified to collaborate in the specialty involved and having privileges at such hospital, for the purposes of exchanging information, as needed, in order to provide comprehensive patient care and to make referrals as necessary. Such form shall also reflect the nurse practitioner's acknowledgement that if reasonable efforts to resolve any dispute that may arise with the collaborating physician or, in the case of a collaboration with a hospital, with a licensed physician qualified to collaborate in the specialty involved and having privileges at such hospital, about a patient's care are not successful, the recommendation of the physician shall prevail. Such form shall be updated as needed and may be subject to review by the department. The nurse practitioner shall maintain documentation that supports such collaborative relationships. Failure to comply with the requirements found in this paragraph by a nurse practitioner who is not complying with such provisions of paragraph (a) of this subdivision, shall be subject to professional misconduct provisions as set forth in article one hundred thirty of this title]~~.

§ 3. Section 3 of part D of chapter 56 of the laws of 2014, amending the education law relating to enacting the "nurse practitioners modernization act", as amended by section 10 of part S of chapter 57 of the laws of 2021, is amended to read as follows:

§ 3. This act shall take effect on the first of January after it shall have become a law ~~[and shall expire June 30 of the seventh year after it shall have become a law, when upon such date the provisions of this act shall be deemed repealed]~~; provided, however, that effective immediately, the addition, amendment and/or repeal of any rule or regulation

1 necessary for the implementation of this act on its effective date is
2 authorized and directed to be made and completed on or before such
3 effective date.
4 § 4. This act shall take effect immediately.
