STATE OF NEW YORK

3321

2021-2022 Regular Sessions

IN SENATE

January 28, 2021

Introduced by Sens. KAMINSKY, PARKER -- read twice and ordered printed, and when printed to be committed to the Committee on Environmental Conservation

AN ACT to amend the environmental conservation law, in relation to bioheating fuel requirements

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- Section 1. Section 19-0327 of the environmental conservation law, as added by chapter 315 of the laws of 2017, is amended to read as follows: 2 § 19-0327. Bioheating fuel requirements.
- (1) Definitions. For the purpose of this section, the following terms 5 shall have the following meanings:

18

- (a) "Biodiesel" shall mean a fuel, designated B100, that meets the [specifications] requirements of the [American Society for Testing and Materials designation ASTM international specification D6751 [composed exclusively of mono-alkyl esters of long chain fatty acids derived from 10 **feedstock**], or the most recent specification.
- (b) "Renewable Hydrocarbon Diesel" shall mean a domestically-produced fuel derived from [vegetable oils, animal fats, and other renewable 13 feedstocks an eligible feedstock that [meet] meets the [most recent 14 specifications requirements of ASTM international specification D975, 15 <u>or the most recent specification</u>. Renewable hydrocarbon shall not include any fuel from co-processed biomass with a feedstock that is not 16 17
- (c) "Bioheating fuel" shall mean a fuel comprised of biodiesel [blend-19 ed with petroleum heating] or renewable hydrocarbon diesel that is 20 <u>blended with heating</u> oil that meets the [specifications] requirements of 21 the [American Society for Testing and Materials designation] ASTM inter-22 <u>national specification</u> D396, or the most recent <u>specification</u>, a fuel comprised of domestically-produced renewable hydrocarbon diesel with 24 petroleum heating oil that meets the specifications of ASTM interna-

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.

tional specification D975, or other specifications as determined by the commissioner.

- (d) "Heating oil" shall mean petroleum oil refined for the purpose of use as fuel for combustion in a space and/or water heating system that meets the [specifications] requirements of the [American Society for Testing and Materials designation ATSM international specification D396 or [ether specifications as determined by the commissioner] the most recent specification.
- (e) "Feedstock" shall mean soybean oil, canola oil, oil from annual cover crops, algal oil, biogenic waste oils, fats or greases, or nonfood grade corn oil, provided that the commissioner may, by rules and regulations, modify the definition of feedstock based on the vegetable oils, animal fats or cellulosic biomass listed in table 1 of 40 C.F.R. § 80.1426.
- (2) On and after July first, two thousand eighteen, all heating oil sold for use in any building within the counties of Nassau, Suffolk and Westchester shall be bioheating fuel that contains at least five percent biodiesel and/or renewable hydrocarbon diesel.
- (3) On or after July first, two thousand twenty-two, all heating oil sold for use in any building within the state shall be bioheating fuel that contains at least five percent biodiesel and/or renewable hydrocarbon diesel.
- (4) On or after July first, two thousand twenty-five, all heating oil sold for use in any building within the state shall be bioheating fuel that contains at least ten percent biodiesel and/or renewable hydrocarbon diesel.
- (5) On or after July first, two thousand thirty, all heating oil sold for use in any building within the state shall be bioheating fuel that contains at least twenty percent biodiesel and/or renewable hydrocarbon diesel.
- (6) The minimum content requirements of this section shall not apply to kerosene.
- [(3)] The governor may, by issuing an executive order, temporarily suspend the applicability of this section at any time based on the governor's determination, after consulting with the New York state energy research and development authority and the department, that meeting the requirement of subdivision two of this section is not feasible due to lack of adequate supply of biodiesel or that meeting the requirement would result in undue financial hardship to consumers.
- $[\begin{array}{c} (4) \end{array}]$ (8) The requirements of this section shall not: (a) prohibit the sale and use of bioheating fuel with the same or any greater percentage biodiesel blended with heating oil, or the sale and use of one hundred percent biodiesel, for space and/or water heating purposes in the state; and (b) preempt any laws of the city of New York with respect mandated percentage levels of biodiesel blends with heating oil 46 provided that such laws require the same or greater percentage of biodiesel blended with heating oil as required by this section.
 - § 2. This act shall take effect immediately.
