11 under this chapter.

The notice shall be given to the clerk of the board of supervisors of the county, the comptroller or chief financial officer of the city, the town clerk of the town, the clerk of the village or the secretary of the fire district, as the case may be, by delivering it to such officer or by registered letter properly addressed to such officer.

The failure to give notice of injury or notice of death shall be a bar to any claim under this chapter unless such failure is excused by the workers' compensation board on any of the following grounds, (1) that for some sufficient reason the notice could not have been given, (2) that a member of a body in charge of, or any officer of, the fire department or fire company had knowledge within such ninety-day period of the injuries or death, (3) that the political subdivision, or its insurance carrier had not been prejudiced by a delay in giving such notice, or (4) that the cause of disablement or death was not known to be the result of service performed in line of duty as a volunteer firefighter in sufficient time to comply with the provisions of this section.

§ 2. This act shall take effect on the one hundred twentieth day after it shall have become a law. Effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made and completed on or before such effective date.
