2. Contracts, cost reports, claims, bills or expenditures of medical assistance funds that were the subject matter of a previous audit or review by or on behalf of the inspector, within the last three years, shall not be subject again to review or audit except on the basis of new information, for good cause to believe that the previous review or audit was erroneous, or where the scope of the inspector's review or audit is significantly different from the scope of the previous review or audit.
