AN ACT to amend the civil practice law and rules, the criminal procedure law and the executive law, in relation to prohibiting possession of reproductive or sexual health devices from being permitted in specified criminal or civil proceedings as evidence of prostitution

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act shall be known and may be cited as the "end criminalization of condoms act".

2
3 § 2. Legislative findings. The legislature hereby finds that promoting
4 and protecting health and respecting and fulfilling human rights are
5 necessarily linked, and that health-oriented and rights-based law
6 enforcement efforts are central to the effective provision of government
7 services for the benefit of the people of the state. Section 3 of article 17 of the New York state constitution requires that the legislature
8 protect and promote the health of the inhabitants of this state as a
9 matter of public concern. Despite these provisions, for purposes of
10 prosecuting certain criminal, civil and administrative offenses, reproductive and sexual health tools, including condoms, are currently being
11 destroyed, confiscated, or used as evidence by law enforcement officers.
12 This legislation is intended to strengthen the public health of all New
13 Yorkers, including the most vulnerable, while preserving the ability of
14 law enforcement to prosecute other crimes such as felony sexual
15 offenses. The purpose of this act is to avoid the disparate impact of
16 the practice of citing condoms and other reproductive and sexual health
