For purposes of this paragraph, the term "member" shall include each person who during the qualifying period was in the employment of a public employer which then participated for such employees in a public retirement system in this state, irrespective of whether the person was a participant in such system at that time, provided that the person has become a participant in such retirement system and has purchased service credit for a period of time that includes some or all of the qualifying period in accordance with provisions of law applicable to such purchase of service credit.

§ 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would expand the definition of a member who participated in World Trade Center rescue, recovery or cleanup operations. The term member shall include any person during the qualifying period who was employed by a public employer participating in the New York State and Local Retirement System (NYSLRS) irrespective of whether the employee was a participant of the system at that time. The employee must have become a participant in NYSLRS since that time and purchased service credit for some or all of qualifying period.

If this bill is enacted, it would reclassify certain current and future retirement benefits. The cost of the revised benefit will depend upon the applicant's age, service, salary, plan, and benefit type otherwise payable.

Benefit without enactment:	None	Ordinary Disability	In Performance of Duty Disability	Service
Cost for WTC benefit:	9 times salary	5 times salary	2.5 times salary	2 times salary

This bill would also lead to more deaths being classified as "accidental". For each death classified as accidental due to this bill, the cost would depend on the age, service, salary, plan, and status at time of death. It is estimated that the cost for each Employees' Retirement System (ERS) member affected would average approximately 3.5 times final average salary. The estimated cost for each Police and Fire Retirement System (PFRS) member would average approximately 11 times final average salary.

ERS Costs: Pursuant to Section 25 of the Retirement and Social Security Law, the increased cost to the New York State and Local Employees' Retirement System would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provision.

PFRS Costs: These costs would be shared by the State of New York and the participating employers in the PFRS.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill (legislative bill draft 03559-02-1) would amend paragraph e of subdivision 36 in Section 2 of the Retirement and Social Security Law to expand the term "member" to include those individuals who were employed by a public employer who participated in a New York State public retirement system during a qualifying period of the World Trade Center rescue, recovery or cleanup operations, who later became a member of a New York State public retirement system and purchased prior service credit during all or part of a qualifying period of the World Trade Center rescue, recovery or cleanup operations.

The annual cost to the employers of members of the New York State Teachers' Retirement System is estimated to be negligible if this bill is enacted.
