26 professional nursing outlined in section sixty-nine hundred two of this  
27 title, the practice of a certified registered nurse anesthetist further  
28 includes, but is not limited to, administration of anesthesia to a  
29 patient during the peri-anesthetic, peri-obstetric, or peri-procedural  
30 period at a healthcare facility; performing and documenting a preanes-  
31 thetic assessment and evaluation of the patient, including requesting

46 patient from a postanesthesia care area and providing postanesthesia  
47 follow-up evaluation and care; implementing acute and chronic pain  
48 management modalities; and responding to emergency situations by provid-  
49 ing airway management, administration of emergency fluids and drugs, and  
50 using basic or advanced cardiac life support techniques.

51 2. Nurse anesthesia must be provided in collaboration with a collab-  
52 orating physician, provided such services are performed in accordance  
53 with a written practice agreement and written practice protocols as set  
54 forth in subdivision four of this section or pursuant to collaborative  
55 relationships as set forth in subdivision five of this section, whichev-  
56 er is applicable.

1 3. Prescriptions for drugs, devices, and anesthetic agents, anesthesia  
2 related agents, and analgesics may be issued by a certified registered  
3 nurse anesthetist during the peri-anesthetic, peri-obstetric, or peri-  
4 operative period, in accordance with the written practice agreement and  
5 written practice protocols described in subdivision four of this section  
6 if applicable. The certified registered nurse anesthetist shall obtain  
7 a certificate from the department upon successfully completing a program  
8 including an appropriate pharmacology component, or its equivalent, as  
9 established by the commissioner's regulations, prior to prescribing  
10 under this subdivision. The license issued under this article shall  
11 state whether the certified registered nurse anesthetist has successful-

13 under this subdivision.

14 4. A certified registered nurse anesthetist licensed under this arti-  
15 cle and practicing for thirty-six hundred hours or less shall do so in  
16 accordance with a written practice agreement and written practice proto-  
17 cols agreed upon by a collaborating physician, who shall be reasonably  
18 available for consultation as needed.

19 (a) The written practice agreement shall include explicit provisions  
20 for the resolution of any disagreement between the collaborating physi-  
21 cian and the certified registered nurse anesthetist regarding a matter  
22 of anesthesia or pain management treatment that is within the scope of  
23 practice of both. To the extent the practice agreement does not so  
24 provide, then the collaborating physician's treatment shall prevail.

25 (b) Each practice agreement shall provide for patient records review  
26 by the collaborating physician in a timely fashion but in no event less  
27 often than every three months. The names of the certified registered  
28 nurse anesthetist and the collaborating physician shall be available in  
29 the practice setting of the certified registered nurse anesthetist.

30 (c) The practice protocol shall reflect current accepted medical and  
31 nursing practice. The commissioner shall make regulations establishing  
32 the procedure for the review of protocols and the disposition of any  
33 issues arising from such review.

35 cle and practicing for more than thirty-six hundred hours shall have  
36 collaborative relationships with one or more collaborating physicians,

41 (a) For purposes of this subdivision, "collaborative relationships"  
42 shall mean that the certified registered nurse anesthetist shall commu-  
43 nicate, whether in person, by telephone or through written (including  
44 electronic) means, with a collaborating physician, or, in the case of a  
45 hospital, communicate with a collaborating physician having privileges  
46 at such hospital, for the purposes of exchanging information, as needed,  
47 in order to provide comprehensive patient care and to make referrals as  
48 necessary.

49 (b) As evidence that the certified registered nurse anesthetist main-  
50 tains collaborative relationships, the certified registered nurse  
51 anesthetist shall complete and maintain a form, created by the depart-  
52 ment, to which the certified registered nurse anesthetist shall attest,  
53 that describes such collaborative relationships. Such form shall also  
54 reflect the certified registered nurse anesthetist's acknowledgement  
55 that if reasonable efforts to resolve any dispute that may arise with  
56 the collaborating physician or, in the case of a collaboration with a

1 hospital, with a collaborating physician having privileges at such  
2 hospital, about a patient's care are not successful, the recommendation  
3 of the physician shall prevail. Such form shall be updated as needed and  
4 may be subject to review by the department. The certified registered  
5 nurse anesthetist shall maintain documentation that supports such colla-  
6 borative relationships.

7 6. Nothing in this section shall be deemed to limit or diminish the  
8 practice of the profession of nursing as a registered professional nurse  
9 under article one hundred thirty-nine of this title or any other law,  
10 rule, regulation or certification, nor to deny any registered profes-  
11 sional nurse the right to do any act or engage in any practice author-  
12 ized by article one hundred thirty-nine of this title or any other law,  
13 rule, regulation or certification.
