(c) Computation. The credit authorized by this subdivision shall be equal to one-third of all expenditures paid by the taxpayer to a minority or women-owned business enterprise pursuant to a contract for the provision of goods and services during the tax year, provided that such contract was not subject to the provisions of article fifteen-A of the executive law or any other provision of law mandating contracts with a minority or women-owned business, and the taxpayer is not a minority or women-owned business enterprise.
