4 (C) "qualified caregiver" means an individual who is a New York state  
5 resident taxpayer for the taxable year. In the case of a joint return,  
6 the term includes the individual and the individual's spouse. The quali-  
7 fied caregiver claiming the credit must have a federal adjusted gross  
8 income of seventy-five thousand dollars or less for an individual and  
9 one hundred fifty thousand dollars or less for a couple, and incur  
10 uncompensated expenses directly related to the care of a qualified fami-

12 more eligible qualified family members during the taxable year, and be  
13 eligible to receive a credit against the family caregiver's state tax  
14 liability for the taxable year.

15 (3) The credit established pursuant to this subsection shall be  
16 allowed for the taxable year in which the qualified caregiver incurred  
17 the qualified caregiving expense. The credit established under this  
18 subsection shall not exceed fifty percent of the total amount expended,

22 credit is waived, and may not be refunded, carried forward or otherwise  
23 used to offset taxes.

24 (5) Eligible qualified caregivers shall apply for the credit through  
25 the department. The commissioner, in consultation with the commissioner  
26 of the department of health and the director of the office for the  
27 aging, shall issue a certification for an approved application to the  
28 taxpayer that states the amount of the credit allocated to the taxpayer  
29 and the allocation year.

30 (6) The aggregate amount of tax credits allowed pursuant to the  
31 authority of this subsection shall be thirty-five million dollars each  
32 year during the period two thousand twenty-two through two thousand  
33 twenty-four. Such aggregate amount of credits shall be allocated by the  
34 department on a first come first serve basis in order of priority based  
35 upon the date of filing an application for allocation of credit with the  
36 department. Once the credits allocated exceed the limit established in  
37 this subsection, the commissioner shall cease to allocate and certify  
38 tax credits to taxpayers.

39 (7) The commissioner may require a qualified taxpayer to furnish the  
40 following information in support of his or her claim for credit under  
41 this subsection: household adjusted gross income, the name of the eligi-  
42 ble family member and his or her identifying information including  
43 social security numbers, and all other information which may be required  
44 by the commissioner to determine the credit.

45 (8) The commissioner, after consulting with the commissioner of the  
46 department of health and the director of the office for the aging, shall  
47 by October thirty-first, two thousand twenty-one promulgate regulations  
48 necessary and appropriate to carry out the purposes of this subsection.  
49 Notwithstanding any other provisions to the contrary in the state admin-  
50 istrative procedure act, such rules and regulations may be adopted on an  
51 emergency basis if necessary to meet such October thirty-first, two  
52 thousand twenty-one deadline.

53 (9) The department shall submit to the governor, the temporary presi-  
54 dent of the senate, and the speaker of the assembly an annual report by  
55 February first of each year evaluating the effectiveness of the caregiv-  
56 ing tax credit provided by this subsection. Such report shall be based

1 on data available from the application filed with the department for any  
2 caregiving credits. Notwithstanding any provision of law to the contra-  
3 ry, the information contained in the report shall be public information.  
4 The report shall include recommendations for changes in the calculation  
5 or administration of the credit proposed by the department, in consulta-  
6 tion with the department of health and the office for the aging, that  
7 are deemed useful and appropriate.

9 years commencing on and after January 1, 2022; provided that the  
10 provisions of this act shall expire and be deemed repealed on December
