1     § 5. Subdivision 3 of section 399-ee of the general business law is  
2 amended by adding a new undesignated paragraph to read as follows:

3     Notwithstanding any right of action to the attorney general as  
4 provided in this section, a wholesaler or dealer who has been injured by  
5 reason of a violation of this section may bring an action in his or her  
6 own name to enjoin such unlawful act, however, no damages of any nature  
7 shall be recoverable in such action.

8     § 6. Section 2 of chapter 579 of the laws of 2008, amending the gener-  
9 al business law relating to zone pricing of gasoline, is amended to read  
10 as follows:

11     § 2. Legislative findings and intent. The legislature hereby finds and  
12 declares that for the past several years motor fuel prices have greatly  
13 fluctuated. In some cases, price fluctuations are caused by natural  
14 market conditions. In other cases, fluctuations result from artificial  
15 manipulation of the market. One such artificial pricing manipulation is  
16 zone pricing. Zone pricing is the setting of different wholesale prices  
17 for retail motor fuel [~~that operate in different geographic areas~~ based  
18 on geographic location. Zone pricing increases the price of retail motor  
19 fuel for certain consumers, leading to inequities among consumers and  
20 regions around the state. Therefore, the legislature hereby declares  
21 that while natural market occurrences may lead to price fluctuations,  
22 artificial changes in motor fuel prices unfairly harm many consumers  
23 around the state.

24     § 7. This act shall take effect on the thirtieth day after it shall  
25 have become a law.
