

STATE OF NEW YORK

6421

2021-2022 Regular Sessions

IN SENATE

April 27, 2021

Introduced by Sen. HINCHEY -- read twice and ordered printed, and when printed to be committed to the Committee on Environmental Conservation

AN ACT to amend the environmental conservation law, in relation to establishing the position of Catskill park coordinator within the department of environmental conservation

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The New York City Watershed Agreement, the Public Access
2 Plan, the Clean Water/Clean Air Bond Act and other department of envi-
3 ronmental conservation programs in the Catskills all have a common
4 interest in community development, land acquisition and recreational
5 access, concern for the abundance and purity of water, and coordination
6 with other department of environmental conservation activities within
7 the watershed. The department of environmental conservation watershed
8 coordinator is responsible for the monumental task of overseeing the
9 implementation of all state partnership programs embodied in the 1997
10 New York City Watershed Agreement. The new Catskill park coordinator
11 position would complement the role of the watershed coordinator by inte-
12 grating those activities directly related to the watershed agreement
13 with all other department of environmental conservation program inter-
14 ests and by advocating for the best interests of the Catskill park. The
15 benefit of a Catskill Park Preserve Advocate has been successfully
16 demonstrated in the Hudson River estuary, Adirondacks, and Salmon River
17 corridor; a similar position will ensure integration and balance in the
18 department of environmental conservation's current and future initi-
19 atives affecting the natural, social and economic resources in the Cats-
20 kill Region.

21 § 2. The environmental conservation law is amended by adding a new
22 section 9-0115 to read as follows:

23 § 9-0115. Catskill park coordinator.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.
