2021-2022 Regular Sessions

IN SENATE

April 29, 2021

- Introduced by Sen. KAMINSKY -- read twice and ordered printed, and when printed to be committed to the Committee on Energy and Telecommunications
- AN ACT to amend part B of chapter 173 of the laws of 2013 relating to the issuance of securitized restructuring bonds to refinance the outstanding debt of the Long Island power authority, in relation to the utility debt securitization authority; and in relation to permitting the issuance of securitized restructuring bonds to finance system resiliency costs; and to amend the public authorities law, in relation to certain contracts by the Long Island power authority

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings. The legislature hereby finds and 1 determines that the establishment of the utility debt securitization 2 authority under part B of chapter 173 of the laws of 2013, as amended, 3 4 permitted the issuance of securitized restructuring bonds on favorable terms which resulted in lower aggregate distribution, transmission and 5 6 transition charges to Long Island ratepayers, compared to other avail-7 able alternatives, and the purposes of such act will be further advanced 8 by amending such act to permit the issuance of additional such bonds 9 subject to a limit on the outstanding principal amount thereof and to 10 allow such bonds to be issued to refund bonds of the utility debt secu-11 ritization authority. The legislature finds and determines that improvements to the transmission and distribution system of the Long Island 12 13 Power Authority to increase resiliency and better withstand the effects 14 of climate change are necessary, and that issuance of securitized restructuring bonds by the Utility Debt Securitization Authority may 15 16 allow the funding of such improvements on more favorable terms than if such bonds were issued by the Long Island Power Authority. The legisla-17 18 ture hereby further finds and determines that it is in the interest of 19 Long Island ratepayers for the comptroller to exercise oversight over
