2021-2022 Regular Sessions

IN SENATE

May 12, 2021

Introduced by Sens. HARCKHAM, GOUNARDES -- read twice and ordered printed, and when printed to be committed to the Committee on Higher Education

AN ACT to amend the education law, in relation to infiltration anesthesia and nitrous oxide analgesia in the practice of dental assisting

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision 1 of section 6605-b of the education law, as added by chapter 437 of the laws of 2001, is amended to read as follows:

1. A dental hygienist shall not administer or monitor nitrous oxide analgesia or local infiltration anesthesia in the practice of dental hygiene without a dental hygiene restricted local infiltration anesthesia/nitrous oxide analgesia certificate and except under the personal supervision of a dentist [~~and in conjunction with the performance of dental hygiene procedures~~] authorized by law and in accordance with regulations promulgated by the commissioner. Personal supervision, for purposes of this section, means that the supervising dentist remains in the dental office where the local infiltration anesthesia or nitrous oxide analgesia services are being performed, personally authorizes and prescribes the use of local infiltration anesthesia or nitrous oxide analgesia for the patient and, before dismissal of the patient, personally examines the condition of the patient after the use of local infiltration anesthesia or nitrous oxide analgesia is completed. It is professional misconduct for a dentist to fail to provide the supervision required by this section, and any dentist found guilty of such misconduct under the procedures prescribed in section sixty-five hundred ten of this [~~title~~] article shall be subject to the penalties prescribed in section sixty-five hundred eleven of this [~~title~~] article.

§ 2. Section 6608 of the education law, as amended by chapter 390 of the laws of 2019, is amended to read as follows:

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [~~-~~] is old law to be omitted.

LBD11407-01-1

§ 6608. Definition of practice of registered dental assisting. The practice of registered dental assisting is defined as providing supportive services to a dentist in his or her performance of dental services authorized under this article. Such support shall include providing patient education, taking preliminary medical histories and vital signs to be reviewed by the dentist, placing and removing rubber dams, selecting and prefitting provisional crowns, selecting and prefitting orthodontic bands, removing orthodontic arch wires and ligature ties, placing and removing matrix bands, taking impressions for study casts or diagnostic casts, removing periodontal dressings, placing and removing temporary restorations, and such other dental supportive services authorized by the dentist consistent with regulations promulgated by the commissioner, provided that such functions are performed under the direct personal supervision of a licensed dentist in the course of the performance of dental services. Such services shall not include diagnosing and/or performing surgical procedures, irreversible procedures or procedures that would alter the hard or soft tissue of the oral and maxillofacial area or any other procedures determined by the department. The practice of registered dental assisting may be conducted in the office of any licensed dentist or in any appropriately equipped school or public institution but must be done under the direct personal supervision of a licensed dentist. Direct personal supervision, for purposes of this section, means supervision of dental procedures based on instructions given by a licensed dentist in the course of a procedure who remains in the dental office where the supportive services are being performed, personally diagnoses the condition to be treated, personally authorizes the procedures, and before dismissal of the patient, who remains the responsibility of the licensed dentist, evaluates the services performed by the registered dental assistant. Nothing herein authorizes a registered dental assistant to perform any of the services or functions defined as part of the practice of dental hygiene in accordance with the provisions of subdivision one of section sixty-six hundred six of this article, except those functions authorized pursuant to this section. All dental supportive services provided in this section may be performed by currently registered dental hygienists either under a dentist's supervision, as defined in regulations of the commissioner, or, in the case of a registered dental hygienist working for a hospital as defined in article twenty-eight of the public health law, pursuant to a collaborative arrangement with a licensed dentist in accordance with subdivision one of section sixty-six hundred six of this article. Such collaborative arrangement shall not obviate or supersede any law or regulation which requires identified services to be performed under the personal supervision of a dentist.

§ 3. This act shall take effect immediately.
