1 project shall proceed without the approval of the governing body of a
2 municipality. Such governing body may request the commissioner to under-
3 take the provision of such project. If the commissioner agrees to such
4 undertaking he shall notify the local governing body which shall appro-
5 priate sufficient moneys to pay the estimated amount of the municipal
6 share. Such moneys shall be deposited with the state comptroller who is
7 authorized to receive and accept the same for the purposes of such
8 project, subject to the draft or requisition of the commissioner. When
9 the work of such project has been completed, the commissioner shall
10 render to the governing body of such municipality an itemized statement
11 showing in full (a) the amount of money that has been deposited by such
12 municipality with the state comptroller as hereinbefore provided, and
13 (b) all disbursements made pursuant to this section for such project.
14 Any surplus moneys shall be paid to such municipality on the warrant of
15 the comptroller on vouchers therefor approved by the commissioner. When
16 the work of such project has been completed and it is determined by the
17 commissioner that the amount of the cost to be borne by the municipality
18 is in excess of the amount deposited by such municipality with the state
19 comptroller, the commissioner shall then notify the municipality of the
20 deficiency of funds. The municipality shall then within ninety days of
21 the receipt of such notice, pay such amount to the state comptroller.
22 For purposes of this section, the term "municipality" shall include a
23 city, county, town, village or two or more of the foregoing acting
24 jointly.
