The commencement of a proceeding under article seventy-eight of the civil practice law and rules, to review the action of the superintendent in suspending or revoking or refusing to renew any certificate under this article, shall stay such action of the superintendent for a period of thirty days. Such stay shall not be extended for a longer period unless the court shall determine, after a preliminary hearing of which the superintendent is notified forty-eight hours in advance, that a stay of the superintendent's action pending the final determination or further order of the court will not unduly injure the interests of the people of the state.

(b) The superintendent may approve the employment, appointment or participation of any such person whose registration or license has been revoked:

(1) if the superintendent determines that the duties and responsibilities of such person are subject to appropriate supervision and that such duties and responsibilities will not have an adverse effect upon the public, other registrants or licensees, or the registrant or licensee proposing employment or appointment of such person; or

(2) if such person has filed an application for reregistration or relicensing pursuant to this article and the application for reregistration or relicensing has not been approved or denied within one hundred twenty days following the filing thereof, unless the superintendent determines within the said time that employment or appointment of such person by a registrant or licensee in the conduct of a pharmacy benefit management business would not be in the public interest.
