(e) For taxable years beginning on or after January first, two thousand seventeen and before January first, two thousand eighteen, the amount of the credit allowed under this section shall be equal to the product of the total number of eligible farm employees and two hundred fifty dollars. For taxable years beginning on or after January first, two thousand eighteen and before January first, two thousand nineteen, the amount of the credit allowed under this section shall be equal to the product of the total number of eligible farm employees and three hundred dollars. § 5. This act shall take effect immediately and shall apply only to taxable years beginning on or after January 1, 2017 and before January 1, 2025.

§ 3. This act shall take effect immediately.

SUBPART C

Section 1. Subdivision (f) of section 42 of the tax law, as added by section 1 of part RR of chapter 60 of the laws of 2016, is amended to read as follows:

(f) A taxpayer claiming the credit allowed under this section shall not be allowed to claim any other tax credit allowed under this chapter, except the credit allowed under section forty-two-a of this article, with respect to any eligible farm employee included in the total number of eligible farm employees used to determine the amount of the credit allowed under this section.

§ 2. The tax law is amended by adding a new section 42-a to read as follows:

§ 42-a. Farm employer overtime credit. (a) Notwithstanding subdivision (f) of section forty-two of this article, a taxpayer that is a farm
employer or an owner of a farm employer shall be eligible for a credit
gainst the tax imposed under article nine-A or twenty-two of this chap-
ter, pursuant to the provisions referenced in subdivision (h) of this
section.
(b) A farm employer is a corporation (including a New York S corpo-
ratation), a sole proprietorship, a limited liability company or a part-
nership that is an eligible farmer.
(c) For purposes of this section, the term "eligible farmer" means a
taxpayer whose federal gross income from farming as defined in
subsection (n) of section six hundred six of this chapter for the taxa-
ble year is at least two-thirds of excess federal gross income. Excess
federal gross income means the amount of federal gross income from all
sources for the taxable year in excess of thirty thousand dollars. For
purposes of this section, payments from the state's farmland protection
program, administered by the department of agriculture and markets,
shall be included as federal gross income from farming for otherwise
eligible farmers.
(d) An eligible farm employee is an individual who meets the defi-
nition of a "farm laborer" under section two of the labor law who is
employed by a farm employer in New York state, but excluding general
executive officers of the farm employer.
(e) Eligible overtime is the aggregate number of hours of work
performed during the taxable year by an eligible farm employee that in
any calendar week exceeds the overtime work threshold set by the commis-
sioner of labor pursuant to the recommendation of the farm laborers wage
board, provided that work performed in such calendar week in excess of
sixty hours shall not be included.
(f) Special rules. If more than fifty percent of such eligible farm-
er's federal gross income from farming is from the sale of wine from a
licensed farm winery as provided for in article six of the alcoholic
beverage control law, or from the sale of cider from a licensed farm
cidery as provided for in section fifty-eight-c of the alcoholic beverage
control law, then an eligible farm employee of such eligible farmer
shall be included for purposes of calculating the amount of credit
allowed under this section only if such eligible farm employee is
employed by such eligible farmer on qualified agricultural property as
defined in paragraph four of subsection (n) of section six hundred six
of this chapter.
(g) The amount of the credit allowed under this section shall be equal
to the aggregate amount of such credit allowed per eligible farm employ-
ee, as follows. The amount of the credit allowed per eligible farm
employee shall be equal to the product of (i) the eligible overtime
worked during the taxable year by the eligible farm employee and (ii)
the overtime rate paid by the farm employer to the eligible farm employ-
ee less such employee's regular rate of pay.
(h) Quarterly filing option. A farm employer shall be able to file for
an advanced partial payment of this credit on a quarterly basis on a
form prescribed by the department for their eligible overtime expenses
incurred during the preceding quarter based on quarterly employment and
wage data submitted to the department.
(i) Special advanced payment. For the tax year beginning on January
first, two thousand twenty-two, a farm employer shall be allowed to file
for a special advanced prepayment of the credit on a form prescribed by
the department. The special advanced payment can be claimed for the
estimated eligible overtime expenses to be incurred by the farm employer
during the first quarter of the tax year for which eligible overtime
expenses would be incurred. The department shall issue emergency regulations on the documentation required to be filed in order to calculate the estimated first quarter eligible overtime expenses. When a farm employer files for their first advanced partial credit payment under subdivision (h) of this section, the credit amount will be rectified with the special advanced payment. No interest or penalties will be imposed nor any interest paid on any difference between the special advanced payment and the advanced partial payment.

(i) Cross references: For application of the credit provided in this section, see the following provisions of this chapter:

(1) Article 9-A: Section 210-B, subdivision 58.
(2) Article 22: Section 606, subsection (nnn).

§ 3. Section 210-B of the tax law is amended by adding a new subdivision 58 to read as follows:

58. Farm employer overtime credit. (a) Allowance of credit. A taxpayer shall be allowed a credit, to be computed as provided in section forty-two-a of this chapter, against the tax imposed by this article.
(b) Application of credit. The credit allowed under this subdivision for any taxable year shall not reduce the tax due for such year to less than the amount prescribed in paragraph (d) of subdivision one of section two hundred ten of this article. However, if the amount of credit allowed under this subdivision for any taxable year reduces the tax to such amount or if the taxpayer otherwise pays tax based on the fixed dollar minimum amount, any amount of credit thus not deductible in such taxable year shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section one thousand eighty-six of this chapter. Provided, however, the provisions of subsection (c) of section one thousand eighty-eight of this chapter notwithstanding, no interest shall be paid thereon.

§ 4. Subparagraph (B) of paragraph 1 of subsection (i) of section 606 of the tax law is amended by adding a new clause (xlix) to read as follows:

(xlix) Farm employer overtime credit under subsection (nnn) subdivision fifty-eight of section two hundred ten-B

§ 5. Section 606 of the tax law is amended by adding a new subsection (nnn) to read as follows:

(nn) Farm employer overtime credit. (1) A taxpayer shall be allowed a credit, to be computed as provided in section forty-two-a of this chapter, against the tax imposed by this article.
(2) Application of credit. If the amount of credit allowed under this subsection for any taxable year exceeds the taxpayer's tax for such year, the excess shall be treated as an overpayment of tax to be credited or refunded in accordance with the provision of section six hundred eighty-six of this article, provided, however, that no interest shall be paid thereon.

§ 6. This act shall take effect immediately and shall apply to taxable years beginning on or after January 1, 2022.

§ 2. This act shall take effect immediately provided, however, that the applicable effective date of Subparts A through C of this act shall be as specifically set forth in the last section of such Subparts.

The amount of the credit shall be equal to the incremental cost associated with upgrading a vehicle so that it is accessible by individuals with disabilities as defined in paragraph two of this subsection. Provided, however, that such credit shall not exceed ten thousand dollars per vehicle. For purposes of this subsection, purchases of new vehicles that are initially manufactured to be accessible for individuals with disabilities and for which there is no comparable make and model that does not include the equipment necessary to provide accessibility to individuals with disabilities, the credit shall be ten thousand dollars per vehicle. For tax years beginning on or after January first, two thousand twenty-three, the credit for the purchase of new vehicles shall be five thousand dollars for a vehicle that is not an electric vehicle and ten thousand dollars for the purchase of new electric vehicles that are initially manufactured to be accessible for individuals with disabilities and for which there is no comparable make and model that does not include the equipment necessary to provide accessibility to individuals with disabilities.

(2) Definitions. The term "accessible by individuals with disabilities" shall, for the purposes of this subsection, refer to a vehicle that complies with federal regulations promulgated pursuant to the Americans with Disabilities Act applicable to vans under twenty-two feet in length, by the federal Department of Transportation, in Code of Federal Regulations, title 49, parts 37 and 38, and by the federal Architecture and Transportation Barriers Compliance Board, in Code of Federal Regulations, title 36, section 1192.23, and the Federal Motor Vehicle Safety Standards, Code of Federal Regulations, title 29, part 57. § 2. Subdivision 38 of section 210-B of the tax law, as added by section 17 of part A of chapter 59 of the laws of 2014, paragraph (c) as amended by section 2 of part K of chapter 60 of the laws of 2016, is amended to read as follows:

The amount of the credit shall be equal to the incremental cost associated with upgrading a vehicle so that it is accessible by individuals with disabilities as defined in paragraph (b) of this subdivision. Provided, however, that such credit shall not exceed ten thousand dollars per vehicle. For purposes of this subdivision, purchases of new vehicles that are initially manufactured to be accessible for individuals with disabilities and for which
there is no comparable make and model that does not include the equipment necessary to provide accessibility to individuals with disabilities, the credit shall be ten thousand dollars per vehicle. The term "electric vehicles" shall have the same meaning as in section sixty-six-q of the public service law.

(c) Application of credit. In no event shall the credit allowed under this subdivision for any taxable year reduce the tax due for such year to less than the amount prescribed in paragraph (d) of subdivision one of section two hundred ten of this article. However, if the amount of credit allowed under this subdivision for any taxable year reduces the tax to such amount or if the taxpayer otherwise pays tax based on the fixed dollar minimum amount, any amount of credit thus not deductible in such taxable year shall be carried over to the following year or years, and may be deducted from the taxpayer's tax for such year or years. The tax credit allowed pursuant to this subdivision shall not apply to taxable years beginning on or after January first, two thousand twenty-nine.

The aggregate amount of tax credits allowed pursuant to the authority of this paragraph shall be five million dollars each year during the period two thousand fifteen through two thousand twenty-nine of the annual allocation made available to the program pursuant to paragraph four of subdivision (e) of this section. Such aggregate amount of credits shall be allocated by the governor's office for motion picture and television development among taxpayers in order of priority based upon the date of filing an application for allocation.
of film production credit with such office. If the total amount of allo-

first day of the next year. If the total amount of allocated tax credits
applied for under this paragraph at the conclusion of any year is less
than five million dollars, the remainder shall be treated as part of the
annual allocation made available to the program pursuant to paragraph
four of subdivision (e) of this section. However, in no event may the
total of the credits allocated under this paragraph and the credits
allocated under paragraph five of subdivision (a) of section thirty-one
of this article exceed five million dollars in any year during the peri-

(4) Additional pool 2 - The aggregate amount of tax credits allowed in
subdivision (a) of this section shall be increased by an additional four

development among taxpayers in accordance with subdivision (a) of this
section. If the commissioner of economic development determines that the
aggregate amount of tax credits available from additional pool 2 for the
empire state film post production tax credit have been previously allocated,
and determines that the pending applications from eligible applicants
for the empire state film post production tax credit pursuant to section
thirty-one of this article is insufficient to utilize the balance of unal-
located empire state film post production tax credits from such
pool, the remainder, after such pending applications are considered,
shall be made available for allocation in the empire state film tax
credit pursuant to this section, subdivision twenty of section two
hundred ten-B and subsection (gg) of section six hundred six of this
chapter. Also, if the commissioner of economic development determines

allocation year on the certificate of tax credit. Taxpayers eligible to
claim a credit must report the allocation year directly on their empire
state film production credit tax form for each year a credit is claimed
and include a copy of the certificate with their tax return. In the case
of a qualified film that receives funds from additional pool 2, no
empire state film production credit shall be claimed before the later of
the taxable year the production of the qualified film is complete, or

film has been allocated credit by the governor's office for motion

thirty-one of this article in each year starting in two thousand fifteen
through two thousand twenty-six twenty-nine. This amount shall be

section. If the commissioner of economic development determines that the
aggregate amount of tax credits available from additional pool 2 for the
empire state film post production tax credit have been previously allocated,
and determines that the pending applications from eligible applicants
for the empire state film post production tax credit pursuant to section
thirty-one of this article is insufficient to utilize the balance of
unallocated empire state film post production tax credits from such
pool, the remainder, after such pending applications are considered,
shall be made available for allocation in the empire state film tax
credit pursuant to this section, subdivision twenty of section two
hundred ten-B and subsection (gg) of section six hundred six of this
chapter. Also, if the commissioner of economic development determines
that the aggregate amount of tax credits available from additional pool
2 for the empire state film post production tax credit have been previ-
ously allocated, and determines that the pending applications from
eligible applicants for the empire state film post production tax credit
pursuant to this section is insufficient to utilize the balance of unal-
located film production tax credits from such pool, then all or part of
the remainder, after such pending applications are considered, shall be
made available for allocation for the empire state film post production
credit pursuant to this section, subdivision thirty-two of section two
hundred ten-B and subsection (qq) of section six hundred six of this
chapter. The governor's office for motion picture and television devel-
opment must notify taxpayers of their allocation year and include the
allocation year on the certificate of tax credit. Taxpayers eligible to
claim a credit must report the allocation year directly on their empire

Section 1. Legislative findings and declarations. The legislature hereby finds that commercial tugboat, barge and other commercial towboat operators are subject to the petroleum business tax when their vessels are used in commercial tugboat, barge and other commercial towboat operations. The legislature further finds that such commercial tugboat, barge and other commercial towboat operators endure an administrative and unexpected financial burden as a result of such law that is not warranted by the minimal amounts to be collected from the commercial tugboat, barge and other commercial towboat operators under such law, as determined by the state of New York.

The legislature, therefore, declares that it is in the best interest of the commercial tugboat, barge and other commercial towboat industry of the state of New York to exempt the commercial tugboat, barge and other commercial towboat industry from this tax.

§ 2. Paragraph 2 of subdivision (b) of section 301-a of the tax law, as added by section 154 of part A of chapter 389 of the laws of 1997, is amended to read as follows:

(2) Motor fuel brought into this state in the fuel tank connecting with the engine of a vessel propelled by the use of such motor fuel shall be deemed to constitute a taxable use of motor fuel for the purposes of this subdivision to the extent that the fuel is consumed in the operation of the vessel in this state. Provided, however, that this paragraph shall not apply to (i) a recreational motor boat or (ii) subsequent to August thirty-first, nineteen hundred ninety-four, a commercial fishing vessel (as defined in subdivision (j) of section three hundred of this article) if the motor fuel imported and consumed in this state is used to operate such vessel while it is engaged in the harvesting of fish for sale or (iii) subsequent to August thirty-first, two thousand twenty-two, a commercial tugboat, barge or other commercial
towboat operator if the motor fuel imported and consumed in this state is used to operate vessels of such operators while such operator is engaged in commercial tugboat, barge or other commercial towboat operations in the state. Provided, further, that tax liability for gallonage that a vessel consumes shall be the tax liability with respect to the positive difference between the gallonage consumed in this state during the reporting period and the gallonage purchased in this state (upon which the tax imposed by this section has been paid) during such period. A credit or refund shall be available for any excess of tax liability for gallonage purchased in this state during the period over tax liability on gallonage so consumed in this state during such period, which excess shall be presumed to have been used outside this state.

§ 3. Subparagraph (B) of paragraph 1 of subdivision (c) of section 301-a of the tax law, as amended by section 19 of part K of chapter 61 of the laws of 2011, is amended to read as follows:

(B) Highway diesel motor fuel brought into this state in the fuel tank connecting with the engine of a vessel propelled by the use of such diesel motor fuel shall be deemed to constitute a taxable use of diesel motor fuel for the purpose of this paragraph to the extent of the fuel that is consumed in the operation of the vessel in this state. Provided, however, this paragraph shall not apply to (i) a recreational motor boat or (ii) a commercial fishing vessel (as defined in subdivision (j) of section three hundred of this article) if the highway diesel motor fuel imported into and consumed in this state is used to operate such commercial fishing vessel while it is engaged in the harvesting of fish for sale or (iii) subsequent to August thirty-first, two thousand twenty-two, a commercial tugboat, barge or other commercial towboat operator if the highway diesel motor fuel imported and consumed in this state is used to operate vessels of such operator while such operator is engaged in commercial tugboat, barge or other commercial towboat operations in this state. Provided, further, that tax liability for gallonage that a vessel consumes in this state shall be the tax liability with respect to the positive difference between the gallonage consumed in this state during the reporting period and the gallonage purchased in this state (upon which the tax imposed by this section has been paid) during such period. A credit or refund shall be available for any excess of tax liability for gallonage purchased in this state during the period over tax liability on gallonage so consumed in this state during such period, which excess shall be presumed to have been used outside this state.

§ 4. Section 301-b of the tax law is amended by adding a new subdivision (j) to read as follows:

(j) Exemption for commercial tugboat, barge, or other commercial towboat operators. A use by a commercial tugboat, barge, or other commercial towboat operator of non-highway diesel motor fuel or residual petroleum product where such non-highway diesel motor fuel or residual petroleum product was used and consumed by a commercial tugboat, barge, or other commercial towboat operator in commercial tugboat, barge, or other commercial towboat operations in the state.

§ 5. This act shall take effect August 31, 2022.
Section 1. Paragraph 1 of subsection (a) of section 671 of the tax law, as amended by chapter 760 of the laws of 1992, is amended to read as follows:

(1) Every employer maintaining an office or transacting business within this state and making payment of any wages taxable under this article shall deduct and withhold from such wages for each payroll period a tax computed in such manner as to result, so far as practicable, in withholding from the employee's wages during each calendar year an amount substantially equivalent to the tax reasonably estimated to be due under this article resulting from the inclusion in the employee's New York adjusted gross income or New York source income of the employee's wages received during such calendar year. The method of determining the amount to be withheld shall be prescribed by the regulations of the commissioner, with due regard to the New York withholding exemptions of the employee and the sum of any credits allowable against the employee's tax. The commissioner shall publish any changes to such method of determining the amount of tax to be withheld on the website of the department of taxation and finance. The commissioner shall also cause notice of such changes to be published in the section for miscellaneous notices in the state register and shall give other appropriate general notice of such changes.

§ 2. Paragraph 6 of subsection (j) of section 697 of the tax law, as amended by chapter 61 of the laws of 1989, is amended to read as follows:

(6) Publication of interest rates. The commissioner of taxation and finance shall publish the interest rates set under this subsection on the website of the department of taxation and finance. Immediately following such publication, the commissioner shall cause such interest rates to be published in the section for miscellaneous notices in the state register and give other appropriate general notice of the rates to be set under this subsection no later than twenty days preceding the first day of the calendar quarter during which such interest rates apply. The setting and publication of such interest rates shall not be included within paragraph (a) of subdivision two of section one hundred two of the state administrative procedure act relating to the definition of a rule.

§ 3. Paragraph 5 of subsection (e) of section 1096 of the tax law, as amended by chapter 61 of the laws of 1989, is amended to read as follows:

§ 4. This act shall take effect immediately.

§ 4. This act shall take effect on the first of January of the second calendar year commencing after this act shall have become a law and shall apply to assessment rolls with taxable status dates on or after such date; provided, however, that this act shall expire and be deemed repealed twelve years after such effective date; and provided, further, that no assessment of local public utility mass real property appearing on the municipal assessment roll with a taxable status date occurring in the first calendar year after this act shall have become a law shall be less than ninety percent or more than one hundred ten percent of the assessment of the same property on the date this act shall have become a law.

§ 2. Subdivision 4 of section 499-pppp of the real property tax law, as added by chapter 475 of the laws of 2013, is amended to read as follows:

4. Any final determination of an assessment ceiling by the commission-er pursuant to subdivision one of this section shall be subject to judicial challenge by an owner of local public utility mass real property or a local assessing jurisdiction in a proceeding under article seven of this chapter; provided however, the time to commence such proceeding shall be within sixty days of the issuance of the final assessment ceiling certificate and all questions of fact and law shall be determined de novo. Any judicial proceeding shall be commenced in the supreme court in the county of Albany or the county agreed upon by the parties in which the local public utility mass real property is located. In such a proceeding, the local assessing jurisdiction, upon request to the local public utility mass real property owner, shall be provided with a copy of the annual report provided to the commissioner under section four hundred ninety-nine-rrrr of this title. If the local public utility mass real property owner fails to provide the report within thirty days of such a request, the proceeding shall be dismissed.

§ 3. This act shall take effect immediately, provided, however, that the amendments to subdivision 4 of section 499-pppp of the real property tax law made by section two of this act shall not affect the repeal of such subdivision and shall be deemed to be repealed therewith.

PART Z

Section 1. This Part enacts into law major components of legislation relating to the administration of the STAR program authorized by section 425 of the real property tax law and subsection (eee) of section 606 of the tax law. Each component is wholly contained within a Subpart identified as Subparts A through E. The effective date for each particular provision contained within such Subpart is set forth in the last section of such Subpart. Any provision in any section contained within a Subpart, including the effective date of the Subpart, which makes reference to a section of "this act", when used in connection with that particular component, shall be deemed to mean and refer to the corresponding section of the Subpart in which it is found. (a-2) Notwithstanding any provision of law to the contrary, where an application for the "enhanced" STAR exemption authorized by subdivision four of this section has not been filed on or before the taxable status date, and the owner believes that good cause existed for the failure to file the application by that date, the owner may, no later than the last day for paying school taxes without incurring interest or penalty, submit a written request to the commissioner asking him or her to extend the filing deadline and grant the exemption. Such request shall contain an explanation of why the deadline was missed, and shall be accompanied by an application, reflecting the facts and circumstances as they existed on the taxable status date. After consulting with the assessor, the commissioner may extend the filing deadline and grant the exemption if the commissioner is satisfied that (i) good cause existed for the failure to file the application by the taxable status date, and that (ii) the applicant is otherwise entitled to the exemption. The commissioner shall mail notice of his or her determination to such owner and the assessor. If the determination states that the commissioner has granted the exemption, the assessor shall thereupon be authorized and directed to correct the assessment roll accordingly, or, if another person has custody or control of the assessment roll, to direct that person to make the appropriate corrections. [If the correction is not made before school taxes are levied, the school district authorities...]

If the correction is not made before school taxes are levied, the school district authorities...
shall be authorized and directed to take account of the fact that the commissioner has granted the exemption by correcting the applicant’s tax bill and/or issuing a refund accordingly. Provided, however, that if the assessment roll cannot be corrected in time for the exemption to appear on the applicant’s school tax bill, the commissioner shall be authorized to remit directly to the applicant the tax savings that the STAR exemption would have yielded if it had appeared on the applicant’s tax bill. The amounts so payable shall be paid from the account established for the payment of STAR benefits to late registrants pursuant to subparagraph (iii) of paragraph (a) of subdivision fourteen of this section.

§ 2. This act shall take effect immediately.

§ 1321-c. Form of application. The form of the application shall be

§ 1321-d. License applicant eligibility. 1. Gaming facility licenses shall only be issued to applicants who are qualified under the criteria set forth in this article, as determined by the commission.

2. As a condition of filing, each potential license applicant shall:
(a) demonstrate to the board that local support has been obtained through the enactment of local laws or resolutions in support by the host municipality and county; and
(b) waive all rights they or any affiliated entity possess under section one thousand three hundred eleven of this article to bring an action to recover a fee.

3. The expiration of the seven year restricted period from the date that an initial gaming facility license was awarded is February twenty-eighth, two thousand twenty-three for the three initial casino licenses and November twenty-second, two thousand twenty-three for the final casino license awarded. Should an applicant or applicants commence gaming activities prior to such dates, such applicant or applicants shall be jointly and severally liable for payment of the proportionate fee for the respective period remaining as required by section one thousand three hundred eleven of this article.

§ 1321-e. Required capital investment. 1. The board shall establish the minimum capital investment for each unawarded gaming facility license. Such investment may include, but not be limited to, a casino area, hotel and other amenities; and provided further, that the board shall determine whether it will include the purchase or lease price of the land where the gaming facility will be located or any infrastructure designed to support the site including, but not limited to, drainage, utility support, roadways, interchanges, fill and soil or groundwater or surface water contamination issues. The board may consider private capital investment made previous to the effective date of this title, but may, in its discretion, discount a percentage of the investment made.

Upon award of a gaming license by the commission, the applicant shall be required to deposit ten percent of the total investment proposed in the application into an interest-bearing account. Monies received from the applicant shall be held in escrow until the final stage of construction, as detailed in the timeline of construction submitted with the licensee’s application and approved by the commission, at which time the deposit plus interest earned shall be returned to the applicant to be applied for the final stage. Should the applicant be unable to complete the gaming facility, the deposit shall be forfeited to the state. In place of a cash deposit, the commission may allow for an applicant to secure a deposit bond insuring that ten percent of the proposed capital investment shall be forfeited to the state if the applicant is unable to complete the gaming facility.

2. Each applicant shall submit its proposed capital investment with its application to the board which shall include stages of construction of the gaming facility and the deadline by which the stages and overall construction and any infrastructure improvements will be completed. In awarding a license, the commission shall determine at what stage of construction a licensee shall be approved to open for gaming; provided, however, that a licensee shall not be approved to open for gaming until the commission has determined that at least the gaming area and other ancillary entertainment services and non-gaming amenities, as required by the board, have been built and are of a superior quality as set forth in the conditions of licensure. The commission shall not approve a gaming facility to open before the completion of the permanent casino area.
3. The board shall determine a licensing fee to be paid by a licensee within thirty days after the award of the license which shall be deposited into the commercial gaming revenue fund; provided however that such licensing fee shall be no less than one billion dollars per license. The license shall set forth the conditions to be satisfied by the licensee before the gaming facility shall be opened to the public. The commission shall set any renewal fee for such license based on the cost of fees associated with the evaluation of a licensee under this article which shall be deposited into the commercial gaming fund. Such renewal fee shall be exclusive of any subsequent licensing fees under this section.

4. The commission shall determine the sources and total amount of an applicant's proposed capitalization to develop, construct, maintain and operate a proposed gaming facility under this article. Upon award of a gaming license, the commission shall continue to assess the capitalization of a licensee for the duration of construction of the proposed gaming facility and the term of the license.

§ 1321-g. Investigation of license applicants. The process used to investigate license applicants shall be the same process established under section thirteen hundred seventeen of this article.

§ 1321-i. Hearings. The process used for hearings shall be the same process established under section thirteen hundred nineteen of this article.

§ 1321-j. Siting evaluation. In determining whether an applicant shall be eligible for a gaming facility license, the board shall evaluate how each applicant proposes to advance the following objectives with consideration given to the differences between proposed projects related to whether it is a conversion of an existing video lottery gaming facility or new facility construction, and the proposed location.

1. The decision by the board to select a gaming facility license applicant shall be weighted by fifty percent based on economic activity and business development factors including:

(a) realizing maximum capital investment exclusive of land acquisition and infrastructure improvements;

(b) maximizing revenues received by the state and localities;

(c) providing the highest number of quality jobs in the gaming facility;

(f) providing a market analysis detailing the benefits of the site location of the gaming facility and the estimated recapture rate of gaming-related spending by residents travelling to an out-of-state gaming facility;

(g) offering the fastest time to completion of the full gaming facility;

(h) demonstrating the ability to fully finance the gaming facility; and
(i) demonstrating experience in the development and operation of a quality gaming facility.

2. The decision by the board to select a gaming facility license applicant shall be weighted by twenty percent based on local impact and siting factors including:

   (c) establishing a fair and reasonable partnership with live entertainment venues that may be impacted by a gaming facility under which the gaming facility actively supports the mission and the operation of the impacted entertainment venues.

3. The decision by the board to select a gaming facility license applicant shall be weighted by fifteen percent based on workforce enhancement factors including:
   (a) implementing a workforce development plan that utilizes the existing labor force, including the estimated number of construction jobs a proposed gaming facility will generate, the development of workforce training programs that serve the unemployed and methods for accessing employment at the gaming facility;
   (b) taking additional measures to address problem gambling including, but not limited to, training of gaming employees to identify patrons exhibiting problems with gambling;
   (c) utilizing sustainable development principles including, but not limited to:
      (1) having new and renovation construction certified under the appropriate certification category in the Leadership in Energy and Environmental Design Green Building Rating System created by the United States Green Building Council;

   (d) developing an ongoing plan to submeter and monitor all major sources of energy consumption and undertake regular efforts to maintain and improve energy efficiency of buildings in their systems;
   (e) purchasing, whenever possible, domestically manufactured slot machines for installation in the gaming facility;

   (f) establishing an on-site child day care program;
(f) implementing a workforce development plan that:

1. (1) incorporates an affirmative action program of equal opportunity by which the applicant guarantees to provide equal employment opportunities to all employees qualified for licensure in all employment categories, including persons with disabilities;

2. (2) utilizes the existing labor force in the state;

3. (3) estimates the number of construction jobs a gaming facility will generate and provides for equal employment opportunities and which includes specific goals for the utilization of minorities, women and veterans on those construction jobs;

4. (4) identifies workforce training programs offered by the gaming facility; and

5. (5) identifies the methods for accessing employment at the gaming facility; and

(g) demonstrating that the applicant has an agreement with organized labor, including hospitality services, and has the support of organized labor for its application, which specifies:

1. (1) the number of employees to be employed at the gaming facility, including detailed information on the pay rate and benefits for employees and contractors in the gaming facility and all infrastructure improvements related to the project; and

2. (2) detailed plans for assuring labor harmony during all phases of the construction, reconstruction, renovation, development and operation of the gaming facility.

4. (a) The decision by the board to select a gaming facility license applicant shall be weighted by fifteen percent based on a diversity framework established by the board that takes into account the utilization and employment of minorities, women and service-disabled veterans in permanent and part-time jobs at such proposed facility, as well as diversity in the ownership and leadership of the corporate entity which seeks to apply for a gaming facility license.

(b) In establishing such framework under this subdivision, the board shall consult with the division of minority and women’s business development in the department of economic development to achieve the maximum feasible participation of minority and women-owned businesses. Guidelines for such framework may include, but not be limited to an applicant’s:

1. (1) ability to identify and establish mentorship opportunities and other business development programs as part of its overall application;

2. (2) the development of aspirational goals for the utilization of minority group members, women and service-disabled veterans in each construction trade, profession, and occupation at the proposed facility;

4. (4) participation with enterprises in which such minority ownership is real, substantial and continuing;

5. (5) how an applicant’s plan shall promote diversity in its business model, financing, employment goals, and other social and economic equity roles in the gaming industry; and

6. (6) any such further criteria as the board and director shall see fit for inclusion.

§ 1321-k. Video lottery gaming facility conversions. Notwithstanding any law, rule or regulation to the contrary, for any video lottery gaming facility authorized by paragraph four of subdivision a of section sixteen hundred seventeen-a of the tax law that converts to a gaming

converted to a gaming facility; and pursuant to the agreement, such
video lottery devices shall be deemed to be hosted for the corporation
by such entity.

3. The requirements set forth in this section shall be in addition to

pari-mutuel betting shall be permitted in the manner and subject to the conditions provided for in this article may apply to the commission for a license so to do. Applications for licenses shall be in such form as may be prescribed by the commission and shall contain such information or other material or evidence as the commission may require. No license shall be issued by the commission authorizing the simulcast transmission of thoroughbred races from a track located in Suffolk county. The fee for such licenses shall be five hundred dollars per simulcast facility and for account wagering licensees that do not operate either a simulcast facility that is open to the public within the state of New York or a licensed racetrack within the state, twenty thousand dollars per year payable by the licensee to the commission for deposit into the general fund. Except as provided in this section, the commission shall not approve any application to conduct simulcasting into individual or group residences, homes or other areas for the purposes of or in connection with pari-mutuel wagering. The commission may approve simulcasting into residences, homes or other areas to be conducted jointly by one or more regional off-track betting corporations and one or more of the following: a franchised corporation, thoroughbred racing corporation or a harness racing corporation or association; provided (i) the simulcasting consists only of those races on which pari-mutuel betting is authorized by this chapter at one or more simulcast facilities for each of the contracting off-track betting corporations which shall include wagers made in accordance with section one thousand fifteen, one thousand sixteen and one thousand seventeen of this article; provided further that the contract provisions or other simulcast arrangements for such simulcast facility shall be no less favorable than those in effect on January first, two thousand five; (ii) that each off-track betting corporation having within its geographic boundaries such residences, homes or other areas technically capable of receiving the simulcast signal shall be a contracting party; (iii) the distribution of revenues shall be subject to contractual agreement of the parties except that statutory payments to non-contracting parties, if any, may not be reduced; provided, however, that nothing herein to the contrary shall prevent a track from televising its races on an irregular basis primarily for promotional or marketing purposes as found by the commission. For purposes of this paragraph, the provisions of section one thousand thirteen of this article shall not apply. Any party to an agreement receiving such notice of an intent to terminate, may request the commission to mediate between the parties new terms and conditions in a replacement agreement between the parties as will permit continuation of an in-home experiment until June thirtieth, two thousand twenty-three; and (iv) no in-home simulcasting in the thoroughbred special betting district shall occur without the approval of the regional thoroughbred track.

On any day on which a franchised corporation has not scheduled a racing program but a thoroughbred racing corporation located within the state is conducting racing, each off-track betting corporation branch office and each simulcasting facility licensed in accordance with section one thousand seven (that has entered into a written agreement with such facility's representative horsemen's organization, as approved by the commission), one thousand eight, or one thousand nine of this article shall be authorized to accept wagers and display the live simulcast signal from thoroughbred tracks located in another state or foreign country subject to the following provisions:

display the live full-card simulcast signal of thoroughbred tracks (which may include quarter horse or mixed meetings provided that all such wagering on such races shall be construed to be thoroughbred races) located in another state or foreign country, subject to the following provisions; provided, however, no such written agreement shall be required of a franchised corporation licensed in accordance with section one thousand seven of this article:

Section 1. Section 606 of the tax law is amended by adding a new subsection (nnn) to read as follows:

(nnn) Caregiving tax credit. (1) For taxable years beginning on or after January first, two thousand twenty-two, a qualified caregiver shall be allowed a credit against the tax imposed by this article for a portion of the total purchase price paid for a qualified caregiving
expense by such a qualified caregiver for performing caregiving duties provided to a qualified family member that resided within this state.

(2) For purposes of this section (A) "qualified caregiving expense" means payments made by the qualified caregiver for goods and services which are provided to or for the benefit of the qualifying family member or to assist the qualified caregiver in caring for the qualifying family member. Such expenses include, but are not limited to, home health agency services, adult day care, companionship services, personal care attendant services, homemaker services, respite care, health care equipment, assistive devices and supplies, home modification, transportation, legal or financial services, and assistive technology.

(B) "qualified family member" means an individual who is: (i) at least eighteen years of age during a taxable year; (ii) a resident of New York state; (iii) requires assistance with at least one activity of daily living (ADL), as certified by a licensed health care practitioner; and (iv) is an individual who qualifies as a dependent, spouse, domestic partner as defined by section four of the workers' compensation law, sibling, partner, parent or other relation by blood or marriage, including an in-law, grandparent, grandchild, step-parent, aunt, uncle, niece, or nephew of the qualified caregiver.

(C) "qualified caregiver" means an individual who is a New York state resident taxpayer for the taxable year. In the case of a joint return, the term includes the individual and the individual's spouse. The qualified caregiver claiming the credit must have a federal adjusted gross income of seventy-five thousand dollars or less for an individual and one hundred fifty thousand dollars or less for a couple, and incur uncompensated expenses directly related to the care of a qualified family member. In addition, qualified caregivers must provide care to one or more eligible qualified family members during the taxable year, and be eligible to receive a credit against the family caregiver's state tax liability for the taxable year.

(3) The credit established pursuant to this subsection shall be allowed for the taxable year in which the qualified caregiver incurred the qualified caregiving expense. The credit established under this subsection shall not exceed fifty percent of the total amount expended, and shall not exceed three thousand five hundred dollars.

(5) Eligible qualified caregivers shall apply for the credit through the department. The commissioner, in consultation with the commissioner of the department of health and the director of the office for the aging, shall issue a certification for an approved application to the taxpayer that states the amount of the credit allocated to the taxpayer and the allocation year.

Such aggregate amount of credits shall be allocated by the department on a first come first serve basis in order of priority based upon the date of filing an application for allocation of credit with the department. Once the credits allocated exceed the limit established in this subsection, the commissioner shall cease to allocate and certify tax credits to taxpayers.
(7) The commissioner may require a qualified taxpayer to furnish the following information in support of his or her claim for credit under this subsection: household adjusted gross income, the name of the eligible family member and his or her identifying information including social security numbers, and all other information which may be required by the commissioner to determine the credit.

(8) The commissioner, after consulting with the commissioner of the department of health and the director of the office for the aging, shall by October thirty-first, two thousand twenty-two promulgate regulations necessary and appropriate to carry out the purposes of this subsection. Notwithstanding any other provisions to the contrary in the state administrative procedure act, such rules and regulations may be adopted on an emergency basis if necessary to meet such October thirty-first, two thousand twenty-two deadline.

(9) The department shall submit to the governor, the temporary president of the senate, and the speaker of the assembly an annual report by February first of each year evaluating the effectiveness of the caregiving tax credit provided by this subsection. Such report shall be based on data available from the application filed with the department for any caregiving credits. Notwithstanding any provision of law to the contrary, the information contained in the report shall be public information. The report shall include recommendations for changes in the calculation or administration of the credit proposed by the department, in consultation with the department of health and the office for the aging, that are deemed useful and appropriate.

(ii) To the extent the amount of such tax abatement exceeds the lesser of (A) twenty thousand dollars or (B) the real property tax liability of the eligible building in any tax year, any amount of such tax abatement that remains may be applied to the real property tax liability of such building in succeeding tax years, provided that such abatement must be applied to the real property tax liability of such building in one or more of the four tax years succeeding the tax year in which such tax abatement was initially taken.

(b) Notwithstanding paragraph (a) of this subdivision, an enhanced tax abatement shall be provided to an eligible building described in subdivision one of this section that is located within a childcare desert as described in this title and in any rules promulgated hereunder. Beginning in the tax year commencing on or after July first, two thousand twenty-three, the amount of such enhanced tax abatement shall be equal to the costs incurred in the construction, conversion, alteration or improvement that has resulted in the creation of a premises of a childcare center or in an increase in the maximum number of children allowed on the premises of an existing childcare center, provided that such costs are certified in accordance with paragraph (d) of subdivision two of section four hundred ninety-nine-ccccc of this title, and provided further that, during the abatement period, the amount of such abatement shall not exceed seventy-five dollars for each square foot of the premises nor exceed two hundred twenty-five thousand dollars.

(i) For any tax year, such abatement shall not exceed fifteen dollars for each square foot of the premises, provided that such amount may be reduced as a result of an allocation of available funds for such abatement pursuant to paragraph (d) of this subdivision; and provided further that the amount of such enhanced tax abatement in any tax year shall not exceed the lesser of (A) forty-five thousand dollars or (B) the real property tax liability for the eligible building in the tax year in which such tax abatement is taken.

(ii) To the extent the amount of such enhanced tax abatement exceeds the lesser of (A) forty-five thousand dollars or the (B) real property
tax liability of the eligible building in any tax year, any amount of such tax abatement that remains may be applied to the real property tax liability of such building in succeeding tax years, provided that such abatement must be applied to the real property tax liability of such building in one or more of the four tax years succeeding the tax year in which the tax abatement was initially taken.

(c) Notwithstanding paragraph (a) or (b) of this subdivision, the aggregate amount of tax abatements authorized pursuant to this section for any tax year shall be a maximum of twenty-five million dollars. No tax abatements shall be authorized pursuant to this section for any tax year commencing on or after July first, two thousand thirty.

(d) Such aggregate amount of tax abatements, including the tax abatement described in paragraph (a) of this subdivision and the enhanced tax abatement described in paragraph (b) of this subdivision, shall be allocated by the department of finance on a pro rata basis among applicants whose applications have been approved by the designated agency. If such allocation is not made prior to the date that the real property tax bill, statement of account or other similar bill or statement is prepared, the department of finance shall, as necessary, after such allocation is made, submit an amended real property tax bill, statement of account or other similar bill or statement to any applicant whose abatement requires adjustment to reflect such allocation. Nothing in this paragraph shall be deemed to affect the obligation of any taxpayer under applicable law with respect to the payment of any installment of real property tax for the fiscal year as to which such allocation is made, which was due and payable prior to the date such amended real property tax bills are sent, and the department of finance shall be authorized to determine the date on which any such amended bills be sent and the installments of real property tax be reflected therein.

(e) Notwithstanding any law to the contrary, any abatement granted to an eligible building pursuant to this section shall be in addition to any other abatement or exemption granted to such building, provided that any abatement granted under this section shall be applied after any other abatement or exemption granted to such building, and provided further that the application of this abatement after any other such exemption or abatement shall not exceed the real property tax liability due on such eligible property.

3. Such abatement shall commence on the first of July following the approval of an application for abatement by the designated agency.

4. If, as a result of application to the tax commission or a court order or action by the department of finance, the billable assessed value of the eligible building for the fiscal year in which the tax abatement is taken is reduced after the assessment roll becomes final, the department of finance shall recalculate such abatement so that the abatement granted shall not exceed the annual tax liability of such building as so reduced. The amount equal to the difference between the initial abatement granted by the department and the abatement as so recalculated shall be deducted from any refund otherwise payable or remission otherwise due as a result of such reduction in billable assessed value.

§ 499-cccc. Application for tax abatement. 1. 4. Monies shall be payable from the fund on the audit and warrant of the comptroller on vouchers approved and certified by the commissioner of economic development.

§ 8. This act shall take effect immediately and shall apply to taxable years beginning on January 1, 2022 and before January 1, 2027; provided that sections one through four of this act shall expire and be deemed repealed December 31, 2026.

§ 2. Paragraph (y) of subdivision 1 of section 1367 of the racing, pari-mutuel wagering and breeding law, as amended by section 3 of part Y of chapter 59 of the laws of 2021, is amended to read as follows:

(y) "Sports wagering gross revenue" means: (i) the amount equal to the total of all sports wagers not attributable to prohibited sports events that a casino or mobile sports wagering licensee collects from all sports bettors, less the total of all sums not attributable to prohibited sports events paid out as winnings to all sports bettors, however, that the total of all sums paid out as winnings to sports bettors shall not include the cash equivalent value of any merchandise or thing of value awarded as a prize;

§ 3. Subdivision 7 of section 1367 of the racing, pari-mutuel wagering and breeding law, as added by section 3 of part Y of chapter 59 of the laws of 2021, is amended to read as follows:

7. For the privilege of conducting sports wagering in the state, casinos shall pay a tax equivalent to ten percent of their sports wagering gross gaming revenue, excluding sports wagering gross gaming revenue attributed to mobile sports wagering offered pursuant to section thirteen hundred sixty-seven-a of this title. Platform providers shall pay a tax constituting a certain percentage of the sports wagering gross gaming revenue attributed to mobile sports wagering offered through such platform provider's platform pursuant to section thirteen hundred sixty-seven-a of this title; provided however, that such percentage shall be determined [pursuant to a competitive bidding process conducted by the commission] as outlined in subdivision seven of section thirteen hundred sixty-seven-a of this title; and provided further, that such percentage shall be no lower than twelve percent. When awarding a license pursuant to section thirteen hundred sixty-seven-a of this...
title, the commission may set graduated tax rates; provided however, that any such tax rates may not be lower than the minimum rate established in this subdivision.

§ 4. Subdivision 7 of section 1367-a of the racing, pari-mutuel wagering and breeding law, as added by section 4 of part Y of chapter 59 of the laws of 2021, is amended and a new subdivision 8 is added to read as follows:

7. A platform provider may be licensed by the commission only after having been selected for potential licensure by the commission following a competitive bidding process in which the commission shall issue a request for applications no later than July first, two thousand twenty-one; provided however, that the deadline for submission of applications shall be no later than thirty days after the date upon which the commission issues such request for applications.

(a) The commission shall select platform providers based upon the criteria set forth in this section no later than one hundred fifty days, to the extent practicable, after the final application is received. The commission may disqualify applicants from licensure consideration if the applicant or the mobile sports wagering operator or operators included in their bid have not satisfied provision of required application information, fail to meet any platform provider and mobile sports wagering operator eligibility criteria established pursuant to the request for applications, or are deemed by the commission to have not satisfied the criteria pursuant to subdivision five of this section.

(a-1) The commission shall publish on its website the criteria that will be used to score applications based upon the criteria set forth in paragraph (c) of this subdivision; provided however, that such scoring methodology shall award additional points to an applicant that has entered into an agreement that includes revenue sharing related to such mobile sports wagering with compacted Native American tribe(s) or nation(s).

(b) The commission shall determine the form of application for bidders, which shall require, at a minimum, the following information:

(i) Different scenarios for the number of platform providers and number of mobile sports wagering operators licensed by the commission. For each scenario, this shall include estimates of mobile sports wagering gross gaming revenue and the bases for such estimates, the percentage of gross revenue from mobile sports wagering the applicant will pay to the state for the privilege of licensure if chosen, and the percentage of overall mobile sports wagering gross gaming revenue estimated to be generated;

(ii) The number of mobile sports wagering operators the applicant will host on its mobile sports wagering platform, if the applicant is licensed as a platform provider;

(iii) A description of how the applicant will use technology to ensure all bettors are physically within approved locations within the state, that any wager is accepted through equipment physically located at a licensed gaming facility and that necessary safeguards against abuses and addictions are in place;

(iv) The applicant and any associated operators such applicant proposes in its application possess the qualifications, capabilities and experience to provide a mobile sports wagering platform;

(v) A list of all jurisdictions where the applicant and parent company, and mobile sports wagering operator or operators and parent company or companies have been licensed or otherwise authorized by contract or otherwise to conduct sports wagering operations. This shall include the
applicant and its mobile sports wagering operator or operators' experience in such other markets;
(vi) Player acquisition model, advertising and affiliate programs and marketing budget, including details on how the applicant and its mobile sports wagering operator or operators will convert customers from wagering through illegal channels to wagering legally in the state;
(vii) Timeframe to implement mobile sports wagering from award of license;
(viii) The applicant and mobile sports wagering operator or operators' capacity to bring authorized sports bettors into their mobile sports wagering platform; and
(ix) Integrity monitoring and reporting including any current affiliations related to integrity monitoring.

(c) In determining whether an applicant shall be eligible for a platform provider license, the commission shall evaluate how each applicant proposes to maximize sustainable, long-term revenue for the state by evaluating the following factors:

(i) A market analysis detailing the benefits of the applicant's bid as it relates to maximizing revenue to the state;
(ii) Estimates of mobile sports wagering gross gaming revenue generated by the applicant under different scenarios;
(iii) The percentage of mobile sports wagering gross gaming revenue to be paid to the state under different scenarios;
(iv) The potential market share of the mobile sports wagering operator or operators under different scenarios;
(v) Advertising and promotional plans of the mobile sports wagering operator or operators;
(vi) Past experience and expertise in the market of the applicant and any mobile sports wagering operator or operators which are part of such applicant's application;
(vii) The applicant's capacity to rapidly and effectively bring authorized sports bettors into its platform;
(viii) A demonstration of how and to what degree the applicant fosters racial, ethnic, and gender diversity in its workforce;
(ix) Timeframe to implement mobile sports wagering from award of license;
(x) Any other factors that could impact the integrity, sustainability or safety of the mobile sports wagering system; and
(xi) Any other factors that could impact revenue to the state.

(d) The commission shall award a license to each of the two highest scoring platform providers that submit applications; provided however, that such awards shall require that both winning platform providers pay the same tax rate; and provided further, that the commission shall require that no less than four mobile sports wagering operators will be operating in the state by January thirty-first, two thousand twenty-three and sixteen by January thirty-first, two thousand twenty-four. In the event that the commission fails to approve the required number of operators by these deadlines, it shall not interfere with the ability of previously licensed platforms or operators to continue to operate in the state. For any applicant licensed after January first, two thousand twenty-two, such tax rate shall be set at the same amount that is applicable to previously licensed applicants. The commission may award additional licenses if it determines that such additional awards are in the best interests of the state; provided however, that any additional platform providers awarded licenses must also agree to pay the same tax rate as
those platform providers that were initially awarded licenses by the 
commission. The award of any such license shall require each applicant 
to remit the highest percentage of gross gaming revenue from mobile 
sports wagering contained in an applicant's bid selected by the commis-
5  sion for licensure. A qualified applicant shall be afforded 
the ability to revise its bid in any such manner in order for such bid 
to meet the percentage of gross gaming revenue from mobile sports wager-
ing as required by the commission for license award, provided that the 
9  bid does not incorporate any additional operators not already included 
in the bid; and provided however that it is not determined by the 
11  commission that the revised bid no longer meets all requirements and 
criteria established pursuant to this section and the request for appli-
cations. Any applicant that does not revise its bid to meet the percent-
14  age of gross gaming revenue from mobile sports wagering required by the 
commission for license award shall not be awarded a license.

8. Pursuant to subdivision seven of this section, the commission shall 
hold a competitive bidding process and award no less than two but no 
more than five additional mobile sports wagering licenses by January 
31  thirty-first, two thousand twenty-three.

(a) The commission shall accept applications for mobile sports wager-
8  ing licenses issued pursuant to this subdivision at the earlier of thir-
yty days after all mobile sports wagering licensees awarded a license 
pursuant to subdivision seven of this section commence operations or 
September first, two thousand twenty-two.

(b) Applicants that participated in the request for proposals issued 
pursuant to subdivision seven of this section and not awarded a mobile 
sports wagering license shall be eligible to reapply for consideration 
pursuant to this subdivision.

(i) Nothing herein shall prohibit a platform provider that did not 
previously respond to the request for applications from applying. New 
applicants shall submit applications demonstrating the criteria outlined 
in paragraphs (a-1), (b), and (c) of subdivision seven of this section.

(ii)(1) When establishing scoring criteria for new mobile sports 
wagering applications after January first, two thousand twenty-one, the 
commission shall provide that such scoring affords no less than fifteen 
percent weighting to a diversity framework established by the commission 
that takes into account the utilization and employment of minorities, 
women, and service-disabled veterans in permanent and part-time jobs at 
an applicant's corporate entity, as well as diversity in the ownership 
and leadership of the corporate entity which seeks to apply for a mobile 
sports wagering license.

(2) In establishing such framework under this subparagraph, the 
commission shall consult with the division of minority and women's busi-
ness development in the department of economic development to achieve 
the maximum feasible participation of minority and women-owned busi-
nesses. Guidelines for such framework may include, but not be limited 
to, an applicant's:

(A) ability to identify and establish mentorship opportunities and 
other business development programs as part of its overall application;

(B) the development of aspirational goals for the utilization of 
minority group members, women, and service-disabled veterans in each 
profession and occupation at such applicant's corporate entity;

(C) assurances that any contractors or subcontractors of any contrac-
tor make good faith efforts to meet any established workforce partic-
ipation goals;
(D) participation with enterprises in which such minority ownership is real, substantial and continuing;
(E) how an applicant's plan shall promote diversity in its business model, financing, employment goals, and other social and economic equity roles in the gaming industry; and
(F) any such further criteria as the commission shall see fit for inclusion.
(c) The commission shall make determinations to award a license or disqualify applicants on a rolling basis to expedite issuance of additional licenses.
(d) As a condition of licensure pursuant to this subdivision, the commission shall require that each platform provider authorized to conduct mobile sports wagering pay a one time fee of twenty-five million dollars and each operator authorized to conduct mobile sports wagering on a platform licensed pursuant to subdivision seven of this section shall pay a fee of ten million dollars. Such fee shall be paid within thirty days of commission approval prior to license issuance and deposited into the state lottery fund established in section ninety-two-c of the state finance law for education aid.

§ 5. This act shall take effect immediately.

In order to pay the costs of the insurance required by this section and by the workers' compensation law and to carry out its other powers and duties and to pay for any of its liabilities under section fourteen-a of the workers' compensation law, the New York Jockey Injury Compensation Fund, Inc. shall ascertain the total funding necessary and establish the sums that are to be paid by all owners and trainers licensed or required to be licensed under section two hundred twenty of this article, to obtain the total funding amount required annually. In order to provide that any sum required to be paid by an owner or trainer is equitable, the fund shall establish payment schedules that reflect such factors as are appropriate, including where applicable, the geographic location of the racing corporation at which the owner or trainer participates, the duration of such participation, the amount of any purse earnings, the number of horses involved, or such other factors as the fund shall determine to be fair, equitable and in the best interests of racing. In no event shall the amount deducted from an owner's share of purses exceed two percent; provided, however, that from two thousand twenty and two thousand twenty-one through calendar year two thousand twenty-five, the New York Jockey Injury Compensation Fund, Inc. may use up to two million dollars from the account established pursuant to subdivision nine of section two hundred eight of this article to pay the annual costs required by this section and the funds from such account shall not count against the two percent of purses deducted from an owner's share of purses. The amount deducted from an owner's share of purses shall not exceed one percent after April first, two thousand twenty-four. In the cases of multiple ownerships and limited racing appearances, the fund shall equitably adjust the sum required.
§ 2. Paragraph (a) of subdivision 9 of section 208 of the racing, pari-mutuel wagering and breeding law, as amended by section 2 of part CC of chapter 59 of the laws of 2020, is amended to read as follows:
(a) The franchised corporation shall maintain a separate account for all funds held on deposit in trust by the corporation for individual horsemen's accounts. Purse funds shall be paid by the corporation as required to meet its purse payment obligations. Funds held in horsemen's accounts shall only be released or applied as requested and directed by the individual horseman. [For two thousand twenty and two thousand twenty-one] Through calendar year two thousand twenty-five the New York Jockey Injury Compensation Fund, Inc. may use up to two million dollars from the account established pursuant to this subdivision to pay the annual costs required by section two hundred twenty-one of this article.

§ 3. This act shall take effect immediately.

§ 493-a. Deductions. (a) For each taxable year beginning on or after January first, two thousand twenty-two, and before January first, two thousand twenty-five, the provisions of section 280E of the internal revenue code, relating to expenditures in connection with the illegal sale of drugs, shall not apply for the purposes of this chapter to the carrying on of any trade or business that is commercial cannabis activity by a licensee.
(b) For the purposes of this section, the following definitions shall apply:
(1) "Commercial cannabis activity" includes the cultivation, possession, manufacture, distribution, processing, storing, laboratory testing, packaging, labeling, transportation, delivery, or sale of cannabis and cannabis products, or acting as the holder of an adult-use on-site consumption license pursuant to article four of the cannabis law.
(2) "Licensee" shall have the same meaning as defined in section three of the cannabis law.

§ 2. This act shall take effect on the same date and in the same manner as section 39 of chapter 92 of the laws of 2021, takes effect, and shall expire January 1, 2025 when upon such date the provisions of this act shall be deemed repealed.

PART PP

Section 1. The tax law is amended by adding a new section 47 to read as follows:
§ 47. Fuel tax holiday. (a) Definitions. For purposes of this section:
(1) "Applicable period" shall mean the period beginning May first, two thousand twenty-two and ending December thirty-first, two thousand twenty-two.
(2) "Diesel motor fuel" and "motor fuel" shall have the same meaning as section two hundred eighty-two of this chapter.
(3) "Filling station" shall have the same meaning as section two hundred eighty-two of this chapter.
(4) "Retail sale" and "sold at retail" shall mean any sale of motor fuel or diesel motor fuel at a filling station to a person for use in a motor vehicle.
"Retail seller" shall mean any person who sells motor fuel or diesel motor fuel at retail.

"Sale" shall have the same meaning as section two hundred eighty-two of this chapter.

(b) Exemption from taxation. Notwithstanding any other provision of law, rule or regulation to the contrary, the taxes imposed on retail sales of motor fuel and diesel motor fuel made during the applicable period shall be exempt from the taxes imposed by articles twelve-A and twenty-eight of this chapter. If the retail seller is located within a municipality that has elected to eliminate the tax imposed pursuant to article twenty-nine of this chapter, such taxes shall not be imposed on the retail sale of motor fuel or diesel motor fuel during the applicable period.

(c) Price reduction. (1) During the applicable period, each retail seller shall reduce the price per gallon of motor fuel and diesel motor fuel offered for sale by the amount of the taxes that the retail seller prepaid on the gallon of motor fuel and diesel motor fuel and the amount of tax in excess of the prepaid amount that would have been collected from the consumer if the sale of the motor fuel or diesel motor fuel had not been exempt from tax pursuant to subdivision (b) of this section.

(2) Failure to reduce the price as required under paragraph one of this subdivision shall constitute price gouging. Where a violation of this section is alleged to have occurred, the attorney general may apply in the name of the people of the state of New York to the supreme court within the judicial district in which such violation is alleged to have occurred, on notice of five days, for an order enjoining or restraining commission or continuance of the alleged unlawful acts. In any such proceeding, the court shall impose a civil penalty in an amount not to exceed one hundred thousand dollars and, where appropriate, order restitution to aggrieved consumers.

(3) In addition to any action brought by the attorney general pursuant to paragraph two of this subdivision, a person injured by a violation of this section may bring an action to recover damages. The court may also award reasonable attorney's fees to a prevailing plaintiff.

(d) Advertising. Notwithstanding any other provision of law to the contrary, a retail seller may advertise that the motor fuel and/or diesel motor fuel is being or will be sold without the state taxes. Such advertisement may commence no earlier than three days before the applicable period and must end by the end of the applicable period.

(e) Refunds and credits. (1) Notwithstanding any other provision of law to the contrary, the retail seller shall be entitled to receive a credit against the taxes due pursuant to article twenty-eight of this chapter for the amount of tax that the retail seller prepaid pursuant to articles twelve-A, twenty-eight and, if applicable, twenty-nine of this chapter. If the retail seller is located within a municipality that has elected to eliminate the tax imposed pursuant to article twenty-nine of this chapter, the retail seller shall be entitled to claim a credit against the taxes due pursuant to article twenty-eight of this chapter for such prepaid taxes. The amount of credit shall equal the amount of tax that was prepaid pursuant to articles twelve-A, twenty-eight and, if applicable, twenty-nine of this chapter for each gallon of motor fuel and diesel motor fuel sold at retail during the applicable period. Such credit shall not be allowed for sales that would have otherwise been exempt from tax.

(2) A retail seller may claim the credit prescribed in paragraph one of this subdivision when the retail seller files its return of tax for
the sales of motor fuel and diesel motor fuel for the period that includes the applicable period. Notwithstanding the foregoing, if a retailer seller is required to file its return more than thirty days after the close of the applicable period defined in paragraph one of subdivision (a) of this section, such retailer shall be authorized to file an amendment to its most recently filed return to claim such credit. No credit may be claimed for the taxes prepaid pursuant to article twelve-A, twenty-eight or, if applicable, twenty-nine of this chapter pursuant to this section if the claim would have been barred pursuant to the article that required prepayment of such taxes. No interest shall be paid on any claims for credit made pursuant to this section.

8. By March thirty-first, two thousand twenty-three, the comptroller shall transfer from the general fund to the mass transportation operating assistance fund an amount no greater than the amount that would have otherwise been deposited in the mass transportation operating assistance fund pursuant to this section if the exemption defined in subdivision (b) of section forty-seven of the tax law had not been authorized; provided however that the comptroller shall make such transfer only after the director of the budget has determined in his or her discretion that the transfer is necessary to ensure a positive fund balance of the mass transportation operating assistance fund at the end of the two thousand eleven-two thousand twelve state fiscal year.

§ 3. Subdivision 3 of section 89-b of the state finance law is amended by adding a new paragraph (g) to read as follows:

(g) Within forty-five days after an applicable period as defined by subdivision (a) of section forty-seven of the tax law, the comptroller, in consultation with the director of the division of the budget, shall transfer from the general fund to the special obligation reserve and payment account an amount equal to the amount that would have otherwise been deposited in the special obligation reserve and payment account pursuant to this section if the exemption defined in subdivision (b) of section forty-seven of the tax law had not been authorized.

§ 4. Section 89-c of the state finance law is amended by adding a new subdivision 4 to read as follows:

4. Within forty-five days after an applicable period as defined by subdivision (a) of section forty-seven of the tax law, the comptroller, in consultation with the director of the division of the budget, shall transfer from the general fund to the dedicated mass transportation trust fund an amount equal to the amount that would have otherwise been deposited in the dedicated mass transportation trust fund pursuant to this section if the exemption defined in subdivision (b) of section forty-seven of the tax law had not been authorized.

or paid by retail customers
resulting from computing sales and compensating use taxes at a cents per
gallon rate pursuant to the provisions of paragraph two of subdivision
(e) and subdivision (m) of section eleven hundred eleven of the tax law.
§ 6. Paragraph 1 of subdivision (n) of section 1817 of the tax law, as
amended by section 30 of subpart I of part V-1 of chapter 57 of the laws
of 2009, is amended to read as follows:
(1) Every person engaged in the retail sale of motor fuel and/or
diesel motor fuel or a distributor of such fuels, as defined in article
twelve-A of this chapter, shall comply with the provisions of section
three hundred ninety-two-i of the general business law by reducing the
prices charged for motor fuel and diesel motor fuel in an amount equal
to any reduction in taxes prepaid by the distributor, credit for the
amount of taxes prepaid by the retail seller allowable pursuant to
section forty-seven of the tax law, exemption from taxation pursuant to
section forty-seven of the tax law to the extent that the tax that would
have been otherwise due exceeds the amount of tax prepaid, or imposed on
retail customers resulting from computing sales and compensating use
taxes at a cents per gallon rate pursuant to the provisions of paragraph
two of subdivision (e) and subdivision (m) of section one thousand one
hundred eleven of this chapter.
§ 7. Notwithstanding any law to the contrary, a municipality may make

pursuant to sections eleven hundred seven and eleven hundred eight of
the tax law or article twenty-nine of the tax law beginning May 1, 2022
and ending December 31, 2022, by local law, ordinance or resolution, if
such municipality mails, by certified or registered mail, a certified
copy of such local law, ordinance or resolution to the commissioner of
taxation and finance at his or her office in Albany no later than the
Wednesday immediately preceding the applicable period as defined by
paragraph one of subdivision (a) of section forty-seven of the tax law.
§ 8. The commissioner of taxation and finance shall (a) on an emergen-
cy basis, promulgate and/or amend any rules and regulations necessary to
provide for the tax free sales of motor fuel and diesel motor fuel and
refunds of prepaid tax to retail sellers; and
(b) immediately make provisions for retail sellers to apply for credit
for the taxes prepaid pursuant to articles twelve-A and twenty-eight,
and, if applicable, twenty-nine of the tax law.
§ 9. The department of transportation, in conjunction with the depart-
ment of taxation and finance, shall conduct a study on possible alterna-
tives to the use of taxes on motor fuel and diesel motor fuel in order
to finance transportation needs across the state of New York. The study
shall examine existing pilot programs in other states and by the
federal government for alternative options for transportation financing,
when examining which alternative means of financing transportation would
work best in New York. The study shall be completed and delivered to
the governor, the temporary president of the senate, the speaker of the
assembly, and the chairs of the respective financial and transportation
committees by April 1, 2023.
§ 10. This act shall take effect immediately.

The applicable percentage shall be (i) seven and one-half percent for taxable years beginning in nineteen hundred ninety-four, (ii) ten percent for taxable years beginning in nineteen hundred ninety-five and before two thousand, (iv) twenty-two and one-half percent for taxable years beginning in two thousand, (v) twenty-five percent for taxable years beginning in two thousand one, (vi) twenty-seven and one-half percent for taxable years beginning in two thousand two, (vii) thirty percent for taxable years beginning in two thousand three, (viii) thirty-one and seven-eighths percent in two thousand twenty-two, (ix) thirty-three and three-quarters percent in two thousand twenty-three, (x) thirty-five and five-eighths percent in two thousand twenty-four, and (xi) thirty-seven and a half percent in two thousand twenty-five and thereafter. Provided, however, that if the reversion event, as defined in this paragraph, occurs, the applicable percentage shall be twenty percent for taxable years ending on or after the date on which the reversion event occurred. The reversion event shall be deemed to have occurred on the date on which federal action, including but not limited to, administrative, statutory or regulatory changes, materially reduces or eliminates New York state's allocation of the federal temporary assistance for needy families block grant, or materially reduces the ability of the state to spend federal temporary assistance for needy families block grant funds for the earned income credit or to apply state general fund spending on the earned income credit toward the temporary assistance for needy families block grant maintenance of effort requirement, and the commissioner of the office of temporary and disability assistance shall certify the date of such event to the commissioner of taxation and finance, the director of the division of the budget, the speaker of the assembly and the temporary president of the senate.

§ 2. Severability clause. If any clause, sentence, paragraph, subdivision, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.
