

STATE OF NEW YORK

8075

IN SENATE

January 24, 2022

Introduced by Sen. CLEARE -- read twice and ordered printed, and when printed to be committed to the Committee on Health

AN ACT to amend the public health law and the environmental conservation law, in relation to the remediation of lead contaminated soil

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 206 of the public health law is amended by adding a
2 new subdivision 32 to read as follows:

3 32. The commissioner in consultation with the commissioner of environ-
4 mental conservation shall require that areas containing lead-contaminat-
5 ed soil shall have the levels of lead contamination decreased to the
6 level of three hundred ppm (parts per million) for residential zoned
7 areas and one thousand ppm for areas zoned for commercial and/or indus-
8 trial development.

9 § 2. Subdivision 1 of section 3-0301 of the environmental conservation
10 law is amended by adding a new paragraph nn to read as follows:

11 nn. Require, in consultation with the commissioner of public health,
12 as required by subdivision thirty-two of section two hundred six of the
13 public health law, that areas containing lead-contaminated soil have the
14 levels of lead contamination decreased to the level of three hundred ppm
15 (parts per million) for residential zoned areas and one thousand ppm for
16 areas zoned for commercial and/or industrial development.

17 § 3. This act shall take effect on the ninetieth day after it shall
18 have become a law. Effective immediately, the addition, amendment and/or
19 repeal of any rule or regulation necessary for the implementation of
20 this act on its effective date are authorized to be made and completed
21 on or before such date.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.
