The education law is amended by adding a new article 2-A to read 4 as follows: 5 ARTICLE 2-A б STUDENT SUICIDE PREVENTION 7 Section 20. Legislative intent. 21. Definitions. 8 9 22. According to data from the federal Centers for Disease 13 Control and Prevention as reported in the year two thousand sixteen, 14 suicide is the second leading cause of death for youth and young adults 15 16 ten to twenty-four years of age, inclusive, in both the United States 17 and in New York state. 18 2. As children and teens spend a significant amount of their young 19 lives in school, the personnel who interact with them on a daily basis 20 are essential gatekeepers for recognizing warning signs of suicide and 21 making the appropriate referrals for help.

S. 82--A

1 In a national survey conducted by the Jason Foundation, a teacher 3. 2 was identified as the number one person to whom a student would turn to 3 help a friend who might be suicidal. It is imperative that when a young 4 person comes to a teacher for help, such teacher has the knowledge, 5 tools, and resources to respond correctly. б 4. In the year two thousand eighteen, the federal Centers for Disease 7 Control and Prevention found in its Youth Risk Behavior Survey that 8 lesbian, gay, and bisexual youth are almost four times more likely to 9 seriously consider attempting suicide, have made a suicide plan, or have 10 attempted suicide, than their heterosexual peers. 11 5. There are national hotlines available to help adults and youth, including lesbian, gay, bisexual, transgender, queer or questioning 12 13 (LGBTQ) youth, who are experiencing suicidal ideation or who are worried 14 about a family member or peer who may be at risk, including the National Suicide Prevention Lifeline, the Crisis Text Line, the Trevor Project 15 16 Lifeline, and TrevorChat. 17 6. According to the Family Acceptance Project, research has found that, for an LGBTQ youth, having at least one supportive adult can 18 19 reduce the youth's risk of suicide. 20 7. New York state schools face the serious issues of students at high 21 risk of suicide and death by suicide in the school communities. School personnel must be supported by clear policies and procedures, which 22 serve as an easily-accessible roadmap, eliminate confusion over educator 23 24 roles and the referral process, and equip educators with the tools to 25 respond safely when a suicide does occur in the school community. 26 § 21.
