FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the in-service death benefit for tiers 2 through 6 Westchester County correction officers. The in-service death benefit will be the value of the pension reserve as if the member had retired on their date of death.

If this bill is enacted during the 2022 legislative session, we anticipate that there will be an increase of approximately \$93,000 in the annual contributions of Westchester County for the fiscal year ending March 31, 2023. In future years, this cost will vary as the billing rates and salary of the affected members change.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$681,000 which will be borne by Westchester County as a one-time payment. This estimate is based on the assumption that payment will be made on February 1, 2023. If Westchester County elects to amortize this cost over a 10-year period, the cost for the first year including interest would be \$87,000.

These estimated costs are based on 776 affected members employed by the State of New York, with annual salary of approximately \$88.3 million as of March 31, 2021.
