7. For the privilege of conducting sports wagering in the state, casinos shall pay a tax equivalent to ten percent of their sports wagering gross gaming revenue, excluding sports wagering gross gaming revenue attributed to mobile sports wagering offered pursuant to section thirteen hundred sixty-seven-a of this title. Platform providers shall pay a tax constituting a certain percentage of the sports wagering gross gaming revenue attributed to mobile sports wagering offered through such platform provider's platform pursuant to section thirteen hundred sixty-seven-a of this title; provided however, that such percentage shall be determined [pursuant to a competitive bidding process conducted by the commission] as outlined in subdivision seven of section thirteen hundred sixty-seven-a of this title; and provided further, that such percentage shall be no lower than twelve percent. [When awarding a license pursuant to section thirteen hundred sixty-seven-a of this title, the commission may set graduated tax rates; provided however, that any such tax rates may not be lower than the minimum rate established in this subdivision.] This tax shall be in lieu of all other state and local taxes and fees imposed on the operation of, or the proceeds from, the operation of sports wagering, except as provided in this section and section thirteen hundred sixty-seven-a of this title.

§ 4. Subdivision 8 of section 1367 of the racing, pari-mutuel wagering and breeding law, as added by section 3 of part Y of chapter 59 of the laws of 2021, is amended to read as follows:

Any interest and penalties imposed by the commission relating to those taxes, all penalties levied and collected by the commission, and the appropriate funds, cash or prizes forfeited from sports wagering shall be deposited into the state lottery fund for education. In the first fiscal year in which mobile sports wagering licensees commence operations and accept mobile sports wagers pursuant to this section, the commission shall pay into the commercial gaming fund one percent of the state tax imposed on mobile sports wagering by this section to be distributed for problem gambling education and treatment purposes pursuant to paragraph a of subdivision four of section ninety-seven-nnnn of the state finance law; provided however, that such amount shall be equal to six million dollars for each fiscal year thereafter. The commission shall require at least monthly deposits by a platform provider of any payments pursuant to subdivision seven of this section, at such times, under such conditions, and in such depositories as shall be prescribed by the state comptroller. In a month when the amount of sports wagering gross revenue for a platform provider is a negative number, such platform provider may carry over the negative amount to the return filed for the subse-
quent month. However, no amount shall be carried over for a period of more than twelve months after the month in which the amount was originally due. The deposits shall be deposited to the credit of the state commercial gaming revenue fund. The commission shall require a monthly report and reconciliation statement to be filed with it on or before the tenth day of each month, with respect to gross revenues and deposits received and made, respectively, during the preceding month.

(a-1) The commission shall publish on its website the criteria that will be used to score applications based upon the criteria set forth in paragraph (c) of this subdivision; provided however, that such scoring methodology shall award additional points to an applicant that has entered into an agreement that includes revenue sharing related to such mobile sports wagering with compacted Native American tribe(s) or nation(s).

(b) The commission shall determine the form of application for bidders, which shall require, at a minimum, the following information:

(i) Different scenarios for the number of platform providers and number of mobile sports wagering operators licensed by the commission. For each scenario, this shall include estimates of mobile sports wagering gross gaming revenue and the bases for such estimates, the percent-age of gross revenue from mobile sports wagering the applicant will pay to the state for the privilege of licensure if chosen, and the percent-age of overall mobile sports wagering gross gaming revenue estimated to be generated;

In the event that the commission fails to approve the required number of operators by these deadlines, it shall not interfere with the ability of previously licensed platforms or operators from continuing to operate in the state. the best interests of the state; provided however, that any additional platform providers awarded licenses must also agree to pay the same tax rate as those platform providers that were initially awarded licenses by the commission. The award of any such license shall require each applicant to remit the highest percentage of gross gaming revenue from mobile sports wagering contained in an applicant’s bid selected by the commission considered for licensure. A qualified applicant shall be afforded the ability to revise its bid in any such manner in order for such bid to meet the percentage of gross gaming revenue from mobile sports wagering as required by the commission for license award, provided that the bid does not incorporate any additional operators not already included in the bid; and provided however that it is not determined by the commission that the revised bid no longer meets all requirements and criteria established pursuant to this section and the request for applications.
