A public corporation to be known as the "New York water authority" is hereby created for the public purposes and charged with the duties and having the powers provided in this title. The authority shall be a body corporate and politic constituting a public benefit corporation.

2. The governing body of the authority shall consist of a total of three members, one of which is to be appointed by the governor, one to be appointed by the temporary president of the senate at the recommendation of the senators representing portions of the upstate New York region, and one to be appointed by the speaker of the assembly at the recommendation of the assembly members representing portions of the upstate New York region. At all times, all three members shall be residents of the upstate New York region. The member to be appointed by the governor shall be appointed for a term of office ending on December thirty-first of the third year following the year in which this title shall have become a law, the member to be appointed by the temporary president of the senate shall be appointed for a term ending on the thirty-first day of December of the fourth year following the year in which this title shall have become a law, and the member to be appointed by the speaker of the assembly shall be appointed for a term ending on the thirty-first day of December of the fifth year following the year in which this title shall have become a law. All members shall continue to hold office until their successors are appointed and qualify. All members shall hold, at a minimum, a bachelor's degree from an accredited college or university, with concentration or degree in one of the following areas of study and at least five years of professional experience therein, or without such degree, such member shall have at least ten years of professional experience in one of the following fields: legal, environmental, financial, management, engineering, human resources, or science. Vacancies shall be filled in the manner provided for original appointment. Vacancies, occurring other than by expiration of term of office, shall be filled by appointment for the unexpired terms. Members may be removed from office only for the same reasons and in the same manner as provided by section twenty-eight hundred twenty-seven of this chapter. Each member shall attend, in each fiscal year, at least seventy-five percent of all meetings of the governing body. Any member who ceases to be a resident of the upstate New York region shall forfeit his or her membership on the governing body upon such member's termination of residence in the upstate New York region, which forfeiture shall create a vacancy. The members of the authority shall receive no compensation for their services but shall be reimbursed for their actual, necessary expenses incurred in connection with the carrying out of the purposes of this title; provided, however, that no member shall be reimbursed for any expense of attending ordinary authority meetings or any other expense exceeding one thousand dollars incurred with respect to any individual purpose, unless the governing body at a meeting duly called and held when all three members are present shall have authorized such expenditure by such member. The powers of the authority shall be vested in and be exercised by the governing body at a meeting duly called and held where a quorum of at least two members are present.

Any one or more members of the authority may participate in a meeting of such authority by means of a conference telephone, video teleconferencing, or similar communications equipment allowing all persons participating in the meeting to hear or see and hear each other at the same time. The vote of a majority of the members present at the time of the vote, if a quorum is present at such time, shall be the act of the authority. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate and it shall thereupon be deemed to be and shall be dissolved.

(b) The authority and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the authority shall have bonds or other obligations outstanding, unless adequate provision has been made for the payment or satisfaction thereof, or so long as the water board shall have contractual duties or obligations outstanding unless adequate provision has been made for the satisfaction thereof. Upon termination of the existence of the authority, all of the rights, obligations and properties of the authority then remaining shall pass to and vest to the state, with the state's consent, and, if the authority acquired such property from a county, city or other municipality, with such county, city or municipality's consent, unless otherwise provided in an agreement between such

county, city or municipality and the authority, and except as otherwise may be specified by law.

6. It is hereby determined and declared that the authority and the carrying out of its powers and duties are in all respects for the benefit of the people of the upstate New York region and the state for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the authority is and shall be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

The member appointed by the governor shall be appointed for a term ending on December thirty-first of the first year following the year in which this title shall have become a law; one of the members appointed by the temporary president of the senate shall be appointed for a term ending on December thirty-first of the second year following the year in which this title shall have become a law; one of the members appointed by the speaker of the assembly shall be appointed for a term ending on December thirty-first of the third year following the year in which this title shall have become a law; the remaining member appointed by the temporary president of the senate shall be appointed for a term ending on December thirty-first of the fourth year following the year in which this title shall have become a law; and the remaining member appointed by the speaker of the assembly shall be appointed for a term ending on December thirty-first of the fifth year following the year in which this title shall have become a law. Any member shall forfeit his or her membership on the governing body upon such member's termination of residence in the upstate New York region, which forfeiture shall create a vacancy. The members of the water board shall receive no compensation for their services but shall be reimbursed for their actual and necessary expenses incurred in connection with the carrying out of the purposes of this title; provided, however, that no member shall be reimbursed for any expense of attending ordinary board meetings or any other expense exceeding one thousand dollars incurred with respect to any individual purpose, unless the governing body at a meeting duly called and held when three members are present shall have authorized such expenditure by such member. The powers of the water board shall be vested in and be exercised by the governing body at a meeting duly called and held where a quorum of three members are present. In addition to the secretary, the governing body may appoint and at pleasure remove such additional officers and employees as it may determine necessary or appropriate for the performance of the powers and duties of the water board, and fix and determine their qualifications, duties and compensation, subject to the provisions of the civil service law. The governing body may also from time to time contract for expert professional services. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office. The amount and sufficiency of such bond shall be approved by the governing body and the premium therefor shall be paid by the water board.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, a county, city or other municipality in the state, or any state agency, shall be deemed to have forfeited or shall forfeit his or her office or employment or any benefits provided under the retirement and social security law by reason of his or her acceptance of appointment as a member, officer, agent or employee of the water board, nor shall service as such member, officer, agent or employee be deemed incompatible or in conflict with such office, membership or employment.

(b) The water board and its corporate existence shall continue until terminated by law, provided, however, that no such law shall take effect so long as the water board shall have contractual duties or obligations outstanding unless adequate provision has been made for the satisfaction thereof. Upon termination of the existence of the water board, all of the rights, obligations and properties of the water board then remaining shall pass to and vest to the state, with the consent of the state, and if the water board acquired such property from a county, city or other municipality, with the consent of such county, city or municipality, unless otherwise provided in an agreement with such county, city or municipality and the water board, and except as otherwise may be specified by law.

6. It is hereby determined and declared that the water board and the carrying out of its powers and duties are in all respects for the benefit of the people of the upstate New York region and the state for the improvement of their health, welfare and prosperity and that such purposes are public purposes and that the water board is and shall be performing an essential governmental function in the exercise of the powers conferred upon it by this title.

7. The water board shall establish and maintain its principal office at which it conducts its business in the city of Albany. 8. The purpose of the act of the legislature establishing the water board shall be, among other things, to provide for the jurisdiction, control, possession, supervision and use of the system; authorization to make rules and regulations in furtherance of this title; the enforcement of this title, the rules, regulations, permits and orders of the water board in connection with the direct or indirect use of the system facilities by persons within the upstate New York region and any other persons for whom the water board provides services including, but not limited to, accepting, treating and disposing of wastewater, industrial waste, and other waste, from whatever source derived; and to enable the water board to comply with all applicable laws of the United States and the state, and the rules, regulations, permits and orders of their regulatory agencies.

Employees serving in positions in newly created titles shall be assigned to the same collective bargaining unit as they would have been assigned to such unit were such titles created prior to the establishment of the water board. Nothing contained in this title shall be construed (a) to diminish the rights of employees pursuant to a collective bargaining agreement or (b) to affect existing law with respect to an application to the public employment relations board seeking a designation by the public employment relations board that certain persons are managerial or confidential.

Bonds may be sold at public or private sale for such price or prices as the authority shall determine provided that no issue of bonds may be sold by the authority at private sale unless such sale and the terms thereof have been approved in writing by (a) the comptroller, where such sale is not to such comptroller, or (b) by the state director of the budget, where such sale is to be to the comp-

troller. The authority may pay all expenses, premiums and commissions which it may deem necessary or advantageous in connection with the issuance and sale of bonds or authority obligations.

4. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guaranties or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

5. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or part of the revenues, other monies or property of the authority to secure the payment of the bonds, or any costs of issuance thereof, including, but not limited to, any contracts, earnings or proceeds of any grant to the authority received from any private or public source subject to such agreements with bondholders as may then exist;

(j) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

The authority shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the authority.

No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

§ 1240-s. Repayment of state appropriations. All appropriations made by the state to the authority shall be treated as advances by the state to the authority, and shall be repaid to it without interest either out of the proceeds of bonds issued by the authority pursuant to the provisions of this title, or by the delivery of non-interest bearing bonds of the authority to the state for all or any part of such advances, or out of excess revenues of the authority, at such times and on such conditions as the state and the authority mutually may agree upon.

An action against the board or authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Wherever a notice of claim is served upon the water board or the authority, the water board or the authority, as the case may be, shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The water board or the authority, as the case may be, may require any person presenting for settlement an account or claim for any cause whatever against the water board or the authority, to be sworn before a member, counsel, officer or employee of the water board or the authority designated for such purpose concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The water board or the authority, as the case may be, shall have power to settle or adjust all claims in favor of or against the water board or the authority, as the case may be.

4. Any action or proceeding to which the authority, water board or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county in which the cause of such action arose.

5. The rate of interest to be paid by the water board or the authority upon any judgment for which it is liable, other than a judgment on bonds of the authority, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate or rates set forth in such bonds from the due date thereof until paid or otherwise satisfied.

§ 1240-w. Conflicts of interest. 1. If any member, officer or employee of the water board or the authority shall have an interest, either direct or indirect, in any contract to which the water board or the authority is, or is to be, a party, such interest shall be disclosed to the water board and the authority in writing. The member, officer or employee having such interest shall not participate in any action by the water board or the authority with respect to such contract.

2. No member, officer or employee shall be deemed to have such an interest solely by reason of the ownership of two percent or less of the securities of a corporation which is, or is to be, a party to a contract with the water board or the authority, including without limitation the

holding company of any banking institution in which the funds of the water board or the authority are, or are to be, deposited or which is, or is to be, acting as trustee or paying agent under any bond or note resolution, trust indenture or similar instrument to which the authority is a party.

3. Nothing in this section shall be deemed or construed to limit the right of any member, officer or employee of the authority to acquire an interest in bonds or notes of the authority.

§ 1240-x. Severability. If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 1240-y. Inconsistent provisions of other laws superseded. Insofar as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of any charter, local law, ordinance or resolution of any municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority or water board otherwise set forth in this title. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority and the water board shall be subject to all applicable general or special laws of the state, the county charter, city charter and any local law or ordinance.

Such moneys shall be payable on the audit and warrant of the comptroller on vouchers certified or approved by the secretary of state in the manner prescribed by law.

§ 3. This act shall take effect on the one hundred eightieth day after it shall have become a law. Effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made and completed on or before such effective date.
