35 36 3. (a) On or after the effective date of this section, no child care facility shall use or have on the premises any infant lounger unless a medical professional has determined that use of an infant lounger is medically necessary for a particular child in such child care facility.

- (b) The office of children and family services, in consultation with the city of New York department of health and mental hygiene, shall notify child care facilities of the provisions of this subdivision in plain, non-technical language. Such notice shall be given to every child care facility upon the effective date of this section or as soon as practicable thereafter, and such notice shall also be given to each applicant for license or registration pursuant to section three hundred ninety of the social services law.

- 4. Whenever there shall be a violation of subdivision two of this section an application may be made by the attorney general in the name of the people of the state of New York to a court or justice having jurisdiction by a special proceeding to issue an injunction, and upon notice to the defendant of not less than five days, to enjoin and restrain the continuance of such violations; and if it shall appear to the satisfaction of the court or justice that the defendant has, in fact, violated this section, an injunction may be issued by the court or justice, enjoining and restraining any further violations, without requiring proof that any person has, in fact, been injured or damaged thereby. - 5. If any provision of this section or the application thereof to any person or circumstance is held unconstitutional, such invalidity shall not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.
