1 employee is not a member in the retirement system or any other public
2 retirement system of the city or state of New York as of such entry date
3 in covered employment, such employee shall be enrolled in the retirement
4 system effective ninety-one days after the commencement of employment.
5 Notwithstanding the preceding, if such employee files with the retire-
6 ment system an application to opt out of membership within ninety days
7 after commencement of employment, the retirement system shall refrain
8 from enrolling such employee unless and until such employee subsequently
9 files an application for membership with the retirement system, or is
10 otherwise subsequently mandated to enroll by the rules and regulations
11 of the retirement system or any applicable law. The employer and the
12 applicable union for the retirement system shall jointly provide written
13 notice to the employee informing the employee that he or she has the
14 option to opt out of the automatic enrollment program. Such notice shall
15 be provided to the employee on three occasions: on or before the thirti-
16 eth day, the sixtieth day and the ninetieth day prior to automatic
17 enrollment in the retirement system. The automatic enrollment of eligi-
18 ble employees as provided for in this subparagraph shall not be
19 construed to modify the right of eligible employees to join the retire-
20 ment system as of the first date of covered employment by filing an
21 application for membership with the retirement system. The employer
22 shall inform the employee in writing of the right to join the system as
23 well as the fact that the employee shall be enrolled in the retirement
24 system on the ninety-first day after commencement of employment, unless
25 such employee files with the retirement system an application to opt out
26 of membership prior to such date. Any eligible employee who elects to
27 opt out of membership in the retirement system within the ninety day
28 period shall retain the right to join such system by subsequently filing
29 an application for membership so long as such employee remains in
30 covered employment.

31 (ii) Every current employee who is eligible for membership in the
32 retirement system on July first, two thousand twenty-three, and who is
33 not a member in the retirement system or any other public retirement
34 system of the city or state of New York, shall be enrolled in the
35 retirement system effective October first, two thousand twenty-three,
36 unless such employee files with the retirement system an application to
37 opt out of membership before October first, two thousand twenty-three.
38 Such automatic enrollment in the retirement system shall not be
39 construed to waive any of the eligibility requirements for previous
40 service credit.

41 (iii) The automatic enrollment of eligible employees as provided for
42 in this subparagraph shall not be construed to modify the rights and
43 obligations of any employee whose participation in the retirement system
44 is mandated by the rules and regulations of the retirement system or any
45 applicable law, and such mandated members may not opt out of membership.

46 (iv) If an employee who is automatically enrolled in the retirement
47 system pursuant to the provisions of this paragraph is a member of a
48 union, the retirement system shall provide written notice to the union
49 of the employee's enrollment within thirty days of the employee's
50 enrollment in the retirement system.

51 (v) The provisions of this subparagraph shall apply to full-time
52 employees and part-time employees. The provisions of this subparagraph
53 shall not apply to provisional employees.

54 § 2. Paragraph (f) of subdivision 18 of section 2575 of the education
55 law, as added by chapter 749 of the laws of 1992, is amended to read as

§ 3. This act shall take effect July 1, 2023. Effective immediately the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made and completed on or before such date.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY OF BILL: This proposed legislation would amend Section 2575 of the Education Law to require certain new and existing New York City Board of Education Retirement System (BERS) eligible employees, who are non-provisional, not currently mandated to join BERS, and who are not otherwise already a member in a public retirement system within the State, to be enrolled into BERS membership within stated time periods unless the employees timely opt out of such membership.

Under current law, certain BERS eligible employees, including provisional employees in competitive or labor class titles and employees in non-competitive and exempt class titles, have the option of joining BERS by filing an application for membership at any time during employment with a BERS participating employer. Permanent employees in the competitive or labor class, who are employed in BERS eligible positions, are currently mandated into BERS membership.

The proposed legislation would require BERS to enroll new non-provisional and non-permanent eligible employees (e.g., non-competitive and exempt class titles) into BERS membership, within 90 days of employment, unless the employee files an application with BERS to opt out of membership within the 90-day period. An existing non-provisional and non-permanent eligible employee who is not already a BERS member will be enrolled as a BERS member on October 1, 2023, unless such employee files an application with BERS to opt out of membership by September 30, 2023.

A BERS eligible employee who timely opts out of BERS automatic enrollment may still join BERS at any time during employment with a participating employer upon the filing of an application. A BERS eligible employee who would be subject to automatic enrollment may voluntarily join BERS prior to the automatic enrollment date. The proposed legislation would have no effect on employees who are, under existing provisions of law, required to become BERS members.

The proposed legislation also requires BERS participating employers and affected unions to provide multiple scheduled written notices of the applicable provisions to new employees and requires BERS to provide written notice to the employee's union within 30 days of the employee's enrollment into BERS.

Effective Date: July 1, 2023.

FINANCIAL IMPACT - ANNUAL EMPLOYER CONTRIBUTIONS: If enacted into law, the ultimate employer cost for this proposed legislation would be based on the number, ages, years of service, and salary of those employees that would have otherwise not elected to become members of BERS.

Based on the data and these statistics herein, and assuming no BERS eligible employee opts out of participation, the Office of the Actuary (OA) has estimated the following costs for this legislation:

* The additional annual employer contribution will be \$12.9 million if no prior years of service are purchased by these individuals.

* The additional annual employer contribution will be \$19.7 million if all years of prior service eligible for buyback are purchased by these individuals.

Note that the first year's additional annual employer contribution will likely be significantly larger than these amounts due to the acceleration of membership for certain individuals. However, the present value of the future liabilities for each of these respective contribution streams does not change.

Finally, for purposes of determining the portion of the annual employer contribution attributable to the buyback of prior service, we have assumed an amortization period of 15 years (14 payments under the One-Year Lag Methodology used in the actuarial valuation).

CONTRIBUTION TIMING: For the purposes of this Fiscal Note, it is assumed that since the proposed legislation requires BERS to enroll all existing eligible employees (who are not already members and who do not opt out) into BERS on October 1, 2023, the increase in employer contributions for BERS could be first reflected as early as in Fiscal Year 2025.

CENSUS DATA: The estimates presented herein are based on information provided by BERS for 19,644 individuals who are non-provisional and not currently members of BERS, but could voluntarily elect to participate. This group consists of 18,306 part-time and 1,338 full-time employees, is 71% female, and has an average age of 36.6 years, average annual salary of approximately \$31,700, and average service since date of hire of 4.5 years.

The OA was advised that employees in Payroll Codes 056, 744, 745, 746, and 747 work part-time and earned 0.67 years, 0.28 years, 0.78 years, 0.68 years, and 0.05 years of service per year on average, respectively. Employees in Payroll Codes 740 and 742 are generally full-time employees.

Finally, the OA was advised that approximately 55% of eligible employees who are not currently BERS members are assumed to eventually join BERS. These assumptions are reflected in the OA's calculations.

ACTUARIAL ASSUMPTIONS AND METHODS: The changes in the Present Value of future employer contributions and annual employer contributions presented herein have been calculated based on the actuarial assumptions and methods in effect for the June 30, 2021 (Lag) actuarial valuations used to determine the Preliminary Fiscal Year 2023 employer contributions of BERS.

These estimates assume that the fractional years of service as described above remains unchanged in the future. These estimates also assume a level workforce (i.e., the number, salary, age, and service characteristics of the added group remain approximately the same in future years).

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the realization of the actuarial assumptions used, as well as certain demographic characteristics of BERS and other exogenous factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Costs are also dependent on the actuarial methods used, and therefore different actuarial methods could produce different results. Quantifying these risks is beyond the scope of this Fiscal Note.

Not measured in this Fiscal Note are the following:

* The potential savings to other New York City Retirement Systems and Pension Funds (NYCRS) as the result of these employees becoming members in BERS instead of another NYCRS.

* The initial, additional administrative costs of BERS and other New York City agencies to implement the proposed legislation.

* The impact of this proposed legislation on Other Postemployment Benefit (OPEB) costs.

* The cost of potential Tax-Deferred Annuity (TDA) plan participation and benefits.

I am a Fellow of the Society of Actuaries and a Member of the American Academy of Actuaries.
