

STATE OF NEW YORK

8816

IN SENATE

April 20, 2022

Introduced by Sen. ADDABBO -- read twice and ordered printed, and when printed to be committed to the Committee on Environmental Conservation

AN ACT to amend the environmental conservation law, in relation to the filling of borrow pits in Jamaica Bay; and to amend chapter 288 of the laws of 2014 amending the environmental conservation law relating to the filling of borrow pits in Jamaica Bay, in relation to making the provisions of such chapter permanent

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. Due to the increase in vessel size in
2 recent years, New York State waterways such as channels, berthing areas
3 and harbors are being excavated in a process known as dredging to main-
4 tain sufficient depth for safe and efficient vessel operation.

5 Dredged material is naturally accumulated sediment, much of the
6 dredged material does contain some contaminants at varying concen-
7 trations.

8 Jamaica Bay was dredged to supply soil for a number of construction
9 projects. This process created borrow pits in the bay. These borrow pits
10 have been identified as an attractive alternative for the disposing of
11 dredge material.

12 § 2. Subdivisions 1 and 3-a of section 15-0505 of the environmental
13 conservation law, subdivision 1 as amended by chapter 233 of the laws of
14 1979 and subdivision 3-a as added by chapter 288 of the laws of 2014,
15 are amended to read as follows:

16 1. No person, local public corporation or interstate authority shall
17 excavate or place fill below the mean high water level in any of the
18 navigable waters of the state, or in marshes, estuaries, tidal marshes
19 and wetlands that are adjacent to and contiguous at any point to any of
20 the navigable waters of the state and that are inundated at mean high
21 water level or tide, without a permit issued pursuant to subdivision 3
22 of this section. For the purposes of this section, fill shall include,
23 but shall not be limited to, earth, clay, silt, sand, gravel, stone,
24 rock, shale, concrete (whole or fragmentary), ashes, cinders, slag,
25 metal, dredged material or any other similar material whether or not

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
