37 each polling place within its jurisdiction shall have sufficient ballots
38 for each election district to facilitate this section. The state board
39 of elections shall promulgate regulations to ensure that auditing of
40 votes shall remain simple, accurate, affordable, and secure, including
41 by requiring marks on ballots to determine the relevant election
42 district so ballots can be quickly and easily sorted by election

44 elections to reduce the number of polling places below existing require-
45 ments.

46 § 9. Subdivision 3 of section 8-600 of the election law, as added by
47 chapter 6 of the laws of 2019, is amended to read as follows:

48 3. Any voter may vote at any polling place for early voting estab-

9 may, by a writing signed by the duly authorized chairman or secretary of
10 the county, city, town or village committee of such political party or
11 independent body, and delivered to and filed with one of the inspectors
12 of election, appoint not more than two watchers to attend any meeting or
13 meetings of the inspectors for an election district held for the regis-
14 tration of voters thereof. Additionally, the committee on open govern-
15 ment may, by a writing signed by a designee of the committee, and deliv-
16 ered to and filed with one of the inspectors of election, appoint as
17 many watchers as the committee deems appropriate. Any resident of New
18 York state may apply to be a watcher, and the committee shall appoint
19 all qualified applicants subject to limits in quantity that they shall
20 deem reasonable. If more qualified individuals apply than the committee
21 deems able to serve as watchers without creating a disruption to the
22 process, the committee shall select the most qualified applicants to
23 serve as watchers. Partisan affiliation, or lack thereof, shall not be a
24 valid criterion to determine qualification or lack thereof.

25 § 11. Subdivision 9 of section 5-210 of the election law, as amended
26 by chapter 44 of the laws of 2016, is amended to read as follows:

27 9. The county board of elections shall, promptly and in any event, not
28 later than twenty-one days after receipt by it of the application, veri-
29 fy the identity of the applicant. In order to do so, the county board of
30 elections shall utilize the information provided in the application and
31 shall attempt to verify such information with the information provided
32 by the department of motor vehicles, social security administration and
33 any other lawful available information source. If the county board of
34 elections is unable to verify the identity of the applicant within twen-
35 ty-one days of the receipt of the application, it shall immediately take
36 steps to confirm that the information provided by the applicant was
37 accurately utilized by such county board of elections, was accurately
38 verified with other information sources and that no data entry error, or
39 other similar type of error, occurred. Following completion of the
40 preceding steps, the county board of elections shall mail (a) a notice
41 of its approval, (b) a notice of its approval which includes an indi-
42 cation that such board has not yet been able to verify the identity of
43 the applicant and a request for more information so that such verifica-
44 tion may be completed, or (c) a notice of its rejection of the applica-
45 tion to the applicant in a form approved by the state board of
46 elections. Notices of approval, notices of approval with requests for
47 more information or notices of rejection shall be sent by nonforwardable
48 first class or return postage guaranteed mail on which is endorsed such
49 language designated by the state board of elections to ensure postal
50 authorities do not forward such mail but return it to the board of
51 elections with forwarding information, when it cannot be delivered as
52 addressed and which contains a request that any such mail received for
53 persons not residing at the address be dropped back in the mail. The
54 voter's registration and enrollment shall be complete upon receipt of
55 the application by the appropriate county board of elections. The fail-
56 ure of a county board of elections to verify an applicant's identity

1 shall not be the basis for the rejection of a voter's application,
2 provided, however, that such verification failure shall be the basis for
3 requiring county board of elections to take the additional verification
4 steps provided by this chapter. The notice shall also advise the regis-
5 trant of the date when his registration and enrollment is effective, of
6 the date and the hours of the next regularly scheduled primary or gener-
7 al election in which he will be eligible to vote, of the location of the
8 polling ~~[place]~~ places of the election district and county in which he
9 is or will be a qualified voter, whether such polling ~~[place-is]~~ places
10 are accessible to physically handicapped voters, an indication that
11 physically handicapped voters or voters who are ill or voters who will
12 be out of the city or county on the day of the primary or general
13 election, may obtain an absentee ballot and the phone number to call for
14 absentee ballot applications, the phone numbers to call for location of
15 polling places, to obtain registration forms and the phone number to
16 call to indicate that the voter is willing to serve on election day as
17 an inspector, poll clerk or interpreter. The notice of approval, notice
18 of approval with request for more information or notice of rejection
19 shall also advise the applicant to notify the board of elections if
20 there is any inaccuracy. The form of such mail notification shall be
21 prescribed by the state board of elections and shall contain such other
22 information and instructions as it may reasonably require to carry out
23 the purposes of this section. The request for more information shall
24 inform the voter that "THE FAILURE TO CONTACT THE BOARD OF ELECTIONS AND
25 CORRECT ANY INACCURACIES IN THE APPLICATION OR PROVIDE REQUESTED ADDI-
26 TIONAL INFORMATION MAY RESULT IN A REQUEST FOR IDENTIFICATION AT THE
27 POLLS IN ORDER TO CAST A VOTE ON A VOTING MACHINE." If such notice is
28 returned undelivered without a new address, the board shall forthwith
29 send such applicant a confirmation notice pursuant to the provisions of
30 section 5-712 of this article and place such applicant in inactive
31 status. The state board of elections shall prepare uniform notices by
32 this section as provided for in subdivision eight of section 3-102 of
33 this chapter.

34 § 12. Subdivision 1 of section 5-226 of the election law is amended to

37 board of elections shall, if he is a qualified voter in any election
38 district within the jurisdiction of such board, change his registration
39 to the correct election district. The board of elections shall thereupon

49 record". Between elections it shall be kept in the main office or a
50 branch office of the board of elections. The other record shall be kept

For purposes of this subdivision, the term "individual, voter-verifiable paper ballot" means either: (a) a paper ballot marked by the voter by hand; or (b) a paper ballot marked through the use of a nontabulating ballot marking device or system, provided that voters shall have both options available in every polling place, and further provided that machines purchased prior to the effective date of this section may continue to be used.
