§ 59-0103. Legislative declaration. 1 The legislature hereby declares it to be in the public interest to 2 protect and manage the Great Swamp, in the counties of Dutchess and 3 4 Putnam, by establishing the Great Swamp reserve. It is further in the 5 public interest to establish a council made up of representatives of 6 state and local governments and private citizens to prepare a comprehen-7 sive management plan and make recommendations to preserve, protect and enhance the natural, recreational, economic and educational values of 8 9 the region, which the state and local governments may adopt. In addi-10 tion, it is further in the public interest to establish a commission 11 made up of a governor's appointee, the county executive of Dutchess and 12 Putnam counties and the supervisors of the towns of Dover, Pawling, Patterson and Southeast to prepare, oversee and participate in the 13 14 implementation of a comprehensive land use plan for the Great Swamp area 15 to guide development therein in a manner suitable to the needs for preservation of the core preservation area and compatible growth and devel-16 17 opment in the compatible growth area. § 59-0105. Legislative findings and intent. 18 The legislature hereby finds that the counties of Dutchess and Putnam 19 20 contain a wetland ecosystem of statewide importance known as the Great 21 Swamp. 22 The legislature finds that within the Great Swamp the federal, state, county and local governments own and manage significant properties in 23 the form of parks, preserves, historic sites and protected open space, 24 25 where there is an interdependent and reciprocal relationship between 26 human activities and natural processes, and where fishing, agriculture 27 and tourism have been the dominant industries for more than three 28 hundred fifty years. 29 The legislature finds that the Great Swamp, an area encompassing over 30 six thousand acres in the counties of Dutchess and Putnam, is of critical importance to the state because it is a contiguous wetland. The 31 32 Great Swamp is interconnected by the Swamp River and Ten Mile River, and 33 the ecologic and hydrologic integrity of this system should be protected in a comprehensive plan adopted by the state and individual local 34 35 governments. 36 The legislature also finds that the Great Swamp contains one of the 37 greatest concentrations and diversities of endangered, threatened and special concern species of plants and animals to be found in the state, 38 39 and that protection of their habitats is in the best interest of the people of New York. The legislature further finds that the Great Swamp 40 41 contains many other unique natural, agricultural, historical, cultural 42 and recreational resources that are mutually supportive and ultimately 43 dependent upon maintenance of the hydrologic and ecologic integrity of th<u>is region.</u> 44 45 the legislature finds that the purpose of this article is Therefore, 46 to allow the state and local governments to protect, preserve and prop-47 erly manage the unique natural resources of the Great Swamp and to 48 encourage coordination of existing programs and studies affecting land 49 and water resources in the region and to protect the value of the existing public and private investment that has already been made to acquire 50 51 land in the region. 52 The legislature further finds that a portion of the system known as the Great Swamp area requires the preparation and implementation of a 53 state supported regional comprehensive land use incentive plan that will 54 assist in the preservation of the core preservation area, protection of 55

56 the Great Swamp area and for the designation of compatible growth areas

1	to accommodate appropriate patterns of regional growth with recognition
2	of the rights of private land owners and the purpose of preservation of
3	the core area.
4	The legislature intends that a comprehensive regional land use plan be
5	implemented whereby private landowners whose property is located within
б	the Great Swamp area are afforded an opportunity to receive benefits
7	from the plan such as transferable development rights, conservation
8	easements, rights and values transfers, purchase of development rights,
9	property tax incentives and/or fee acquisition with monetary compen-
10	sation.

Implementation of the Great Swamp comprehensive land use 21 <u>plan.</u> 22 For the counties of Dutchess and Putnam, and each town or village 23 implementing regulations wholly within the Great Swamp area approved by the commission, there may be defense by and shall be indemnity from the 24 25 state in the event of legal actions or proceedings brought against any such municipalities or their agents, servants, officials or employees 26 27 that may result from the municipal acquisition of land consistent with 28 the land use plan or comprehensive management plan or the adoption or 29 implementation of any land use control including, but not limited to, 30 the provisions of a zoning law, ordinance, or regulation consistent with 31 this article or required by the minimum standards and criteria of the 32 land use plan. Indemnity shall not apply to any such claim in which a 33 final court determination results in a finding of intentional wrongdo-34 ing, recklessness, or an unlawful discriminatory practice including the 35 finding that the land use control was intended to exclude a particular 36 group or individual, or gross negligence on the part of such munici-37 pality or its agents, servants, officials, or employees. Actions or proceedings brought under subdivisions 2, 2-a, 3-b, 4, paragraphs (a) 38 39 and (b) of subdivision 5 and subdivisions 6, 7, 14, and 18 of section 296 of the executive law and 42 U.S.C. 55 1981, 1983, 1988 shall be 40 indemnified by the state only so far as the grievance alleged in such 41 42 action or proceeding was the result of an act consistent with this arti-43 cle or the plan. 44 1. 1	proceeding against the state based upon the same act or omission, and in
2	the prosecution of any appeal.
3	3. There shall be no indemnity in the event of a settlement between or
4	among the parties to such legal action or proceeding in those instances
5	in which the attorney general is not providing the defense for the
б	governing body or its agents, unless such settlement is approved by the
7	commission with the concurrence of the attorney general.
8	§ 59-0123. Cooperation of state and municipal agencies.
9	The council may request and shall be provided with such cooperation,
10	assistance, services and data, from any department, agency, advisory
11	board, task force, commission, bureau or any other agency having juris-
12	diction over land or water within the Great Swamp reserve, as are neces-
13	sary to carry out the council's function pursuant to this article. The
14	council shall coordinate its actions with the region 1 regional advisory

16	agency is authorized to provide, within amounts appropriated therefor
17	and subject to the approval of the director of the budget, such assist-
18	ance and services as the council may request.
19	§ 59-0125. Acceptance of monies.
20	<u>The council may accept any grant or appropriation from federal, state</u>
20 21	and municipal sources and any gift for use to carry out the provisions
∠⊥ 22	of this article. Such monies shall be expended by the council to carry
23	out the provisions of this article, except that such expenditures shall
24	not exceed the grants, appropriations and gifts received by the council.
25	§ 59-0127. Limitations on regulation of hunting, fishing and recreation-
26	al activities; nonregulation of federal conservation activ-
27	<u>ities.</u>
28	Nothing in this article shall be interpreted to authorize the regu-
29	lation of hunting, fishing, trapping, possession of wildlife or other
30	recreational activities in the Great Swamp reserve, except as otherwise
31	provided by law. This article shall not apply to any action undertaken
32	by any federal agency or federal department in fulfillment of its obli-
33	gations or duties pursuant to any federal law, federal regulation,
34	federal agency policy, or federal management activity relating to wild-
35	life, game or nongame species management, habitat protection, or migra-
36	tory species protection.
37	§ 59-0129. Effect on other laws.
38	Except as otherwise provided in the provisions of this article, this
39	article shall not affect:
40	1. the police powers, local planning powers, zoning powers or authori-
41	ty to regulate land uses by villages and towns within the Great Swamp
42	reserve; or
43	2. the police power of the state to regulate any activity carried out
44	upon any lands, in the Great Swamp reserve; or
45	3. the authority of any state or public agency in the management of
46	any state or public lands in the Great Swamp reserve.
47	<u>§ 59-0131. Judicial review.</u>
48	Any person aggrieved by a final determination by any governing body
49	acting under this article, may within thirty days from the date of such
50	determination seek judicial review pursuant to article 78 of the civil
51	practice law and rules in the supreme court. The commission shall be a
52	party to any such proceeding. In the event that the court finds that the
53	determination of such governing body constitutes the equivalent of
54	taking without just compensation, the commission may set aside the
55	determination of such governing body, or if the land so regulated other-
56	wise meets the goals and objectives of this article and if the commis-

- 1 sion or the governing body has sufficient funds therefor, the commission or the governing body may acquire such land or interest in lands as have been taken, proceeding under the power of eminent domain. All issues in any proceeding under the power of eminent domain shall have preference over all other civil actions or proceedings. § 59-0133. Severability.
- 7 The provisions of this article shall be severable and if any portion
- 8 thereof or the applicability thereof to any person or circumstances
- 9 shall be held invalid, the remainder of this article and the application
- 10 thereof shall not be affected thereby.
- 11 § 2. This act shall take effect immediately.
