FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

This bill would amend the current military law to allow for a member to obtain up to a total of ten years of service credit for up to ten years of military duty if the member was honorably discharged. The current maximum is three years of service credit. Members must have at least five years of credited service (not including military service). Tier 1-5 members would be required to make a payment of three percent of their most recent compensation per year of additional service credit granted by this bill. Tier 6 members would be required to make a payment of six percent of their most recent compensation per year of additional service credit.

If this bill is enacted, insofar as this proposal affects the New York State and Local Employees Retirement System (NYSLERS), it is estimated that the past service cost will be 20% (17% for Tier 6) of an affected

member's compensation for each year of service credit that is purchased. For the NYSLERS, this cost would be borne entirely by the State of New York

2

Insofar as this proposal affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), it is estimated that the past service cost will be 29% (26% for Tier 6) of an affected member's compensation for each year of service credit that is purchased. For the NYSLPFRS, this cost would be shared by the State of New York and the participating employers of the NYSLPFRS.

The exact number of current members as well as future members who could be affected by this legislation cannot be readily determined.
