[-] is old law to be omitted.

LBD15080-03-2

If this bill is enacted during the 2022 legislative session, we anticipate that there will be an increase in the annual contributions of Nassau County of approximately \$10,000 for the fiscal year ending March 31, 2023. In future years, this cost will vary as the billing rates and salary of the affected deputy sheriffs change.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$58,800 which will be borne by Nassau County as a one-time payment. This estimate is based on the assumption that payment will be made on February 1, 2023.

These estimated costs are based on 57 deputy sheriffs employed by Nassau County with annual salary of approximately \$5.8 million as of March 31, 2021.
