2 ferring as such member was allowed in the retirement system from which
3 the member has transferred, the transfer shall be deemed complete upon
4 receipt by the transferee retirement system of (a) a statement from the
5 transferor retirement system of the transferring member's date of
6 membership in the transferor retirement system, tier status, service
7 credited to the transferred membership, and such other information as
8 the transferee retirement system may require to effectuate the transfer,
9 ~~[and]~~ (b) such member's accumulated contributions from the transferor
10 retirement system, if same had not been previously withdrawn, or notice
11 from the transferor retirement system that such member had no accumu-
12 lated contributions, or notice from the transferor retirement system
13 that such member's accumulated contributions had been withdrawn and the
14 amount thereof and, as applicable, receipt from such member of such
15 member's accumulated contributions and interest, and (c) the pension

27 city board of education retirement system as a member of the career

29 or she retired, would be eligible for transfer and who has not, in fact,
30 received a pension payment from such system shall be permitted to trans-
31 fer his or her retirement system membership pursuant to the provisions
32 of this section. In such event, the application for retirement shall be
33 deemed to have been rescinded and the retirement system from which the
34 service shall be transferred shall transfer the appropriate reserves as
35 provided by this section, provided, however, that with respect to trans-
36 fers pursuant to this subdivision which occur on or after ~~[the twenty-~~

42 section or transfer thereof pursuant to the first sentence of subdivi-
43 sion d of this section shall be required in the case of any transfer

51 state to any other public retirement system of the state, excluding any

10 credited service, except when transferring within and between the New
11 York city employees' retirement system, New York city teachers' retire-
12 ment system and New York city board of education retirement system, are

15 § 3. Subdivision 1 of section 43 of the retirement and social security

25 section or transfer thereof pursuant to the first sentence of subdivi-
26 sion d of this section shall be required in the case of any transfer
27 pursuant to this section with less than ten years of credited service
28 with the transferring retirement system at the time the transfer is

37 board of education retirement system. For the purpose of giving the
38 transferring member such status and crediting such service in the second
39 retirement system as such member was allowed in the first retirement
40 system in those cases to which this subdivision shall apply, the trans-
41 fer shall be deemed complete upon receipt by the second retirement
42 system of:

30 respect to transfers pursuant to this section which occur on or after
31 the effective date of the chapter of the laws of two thousand twenty-two

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY OF BILL: This proposed legislation (see Appendix) would amend
Sections 43 and 343 of the Retirement and Social Security Law (RSSL),
Sections 13-143 and 13-144 of the Administrative Code of the City of New
York (ACCNY), Section 522 of the Education Law, and Chapter 666 of the
laws of 1990 to reinstate the transfer of reserves between certain New
York City and State retirement systems.

Effective Date: Upon enactment.

BACKGROUND: Chapter 647 of the Laws of 2004, for purposes of streamlining transfers between certain public retirement systems and alleviating the administrative burden of reserve calculations and transfers, eliminated the transfer of reserves as a required step in completing the transfer of memberships between certain public retirement systems within New York.

Currently, members of the New York City Employees' Retirement System (NYCERS), the New York City Teachers' Retirement System (NYCTRS), or the New York City Board of Education Retirement System (BERS) who accept another position that entitles them to membership in another New York public retirement system may choose to transfer their membership. Upon successful application for such transfer, certain member accumulated contributions (with accrued interest) are generally transferred, but additional employer paid reserves are not.

Under the proposed legislation, if enacted, when members with a minimum of 10 years of Credited Service transfer their membership to another retirement system, the originating system would be required to calculate and pay such member's pension reserve, net of any accumulated salary deductions otherwise transferred, to the destination retirement system. Such transfers of reserves would not be required for members transferring wholly between NYCERS, NYCTRS, and BERS.

This proposed legislation would essentially repeal parts of Chapter 647 and eliminate the administrative efficiencies created by such law.

FINANCIAL IMPACT - OVERVIEW: There is no data available to accurately estimate the number of New York City Retirement System or Pension Fund (NYCRS) members who would potentially transfer between affected City and State retirement systems. Therefore, the estimated financial impact has been calculated on a per event basis equal to the increase in Unfunded Accrued Liability (UAL) for an average NYCERS, NYCTRS, and BERS member with at least 10 years of service. This increase in UAL consists of the reserve required to be transferred to the State system, net of any member contributions that would otherwise be transferred.

With respect to an individual member, the additional cost of this proposed legislation could vary greatly depending on the member's length of service, age, and salary history.

These costs would be offset by any reserves reciprocally transferred from a State system to a City system. Transfers between affected City systems would not be expected to materially impact these costs.

FINANCIAL IMPACT - SUMMARY: The enactment of this proposed legislation would not be expected to result in any material changes in the ultimate costs of the NYCRS but is expected to increase administrative burdens and potentially delay member transfers.

Enactment of this proposed legislation would, on a transfer from a City System to a State system, increase employer contributions, where such amount would depend on the number of members affected as well as other characteristics including the age, years of service, and salary history of the member. A breakdown of the financial impact by System is shown in the table below.

NYCRS	Average Increase in UAL per Transfer	Average Increase in Annual Employer Contributions per Transfer
NYCERS	\$298,700	\$35,300
NYCTRS	\$387,500	\$45,800
BERS	\$181,300	\$21,400

As there is no data currently available to accurately estimate the number and demographic characteristics of members who may transfer to the State, the financial impact would be recognized at the time of event. Consequently, changes in employer contributions have been estimated assuming that the increase in the UAL will be financed over the same time period used for actuarial losses in accordance with Section 13-638.2(k-2) of the ACCNY. Using this approach, the increase in UAL would be amortized over a closed 15-year period (14 payments under the One-Year Lag Methodology) using level dollar payments.

With respect to the timing, increases in employer contributions would depend upon when eligible members file their application to transfer their NYCERS membership to the State but, generally, increased employer contributions will first occur the second fiscal year following the transfer of reserves to the State.

CENSUS DATA: The estimates presented herein are based on the census data used in the Preliminary June 30, 2021 (Lag) actuarial valuation of NYCERS to determine the Preliminary Fiscal Year 2023 employer contributions.

The table below contains a summary of the census data for the members in NYCERS, NYCTRS, and BERS who have at least 10 years of service as of June 30, 2021.

NYCERS	Active Count	Average Age	Average Service	Average Salary
NYCERS	95,530	53.6	19.6	\$90,200
NYCTRS	68,118	50.1	18.7	\$108,100
BERS	10,866	56.8	17.2	\$63,900

ACTUARIAL ASSUMPTIONS AND METHODS: The changes in the UAL and annual employer contributions presented herein have been calculated based on the actuarial assumptions and methods in effect for the Preliminary June 30, 2021 (Lag) actuarial valuations used to determine the Preliminary Fiscal Year 2023 employer contributions of NYCERS.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the realization of the actuarial assumptions used, as well as certain demographic characteristics of NYCERS and other exogenous factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Costs are also dependent on the actuarial methods used, and therefore different actuarial methods could produce different results. Quantifying these risks is beyond the scope of this Fiscal Note.

Not measured in this Fiscal Note are the following:

- * The initial, additional administrative costs of NYCERS and other New York City agencies to implement the proposed legislation.

- * The impact of this proposed legislation on Other Postemployment Benefit (OPEB) costs.

STATEMENT OF ACTUARIAL OPINION: I, Michael J. Samet, am the Interim Chief Actuary for, and independent of, the New York City Retirement Systems and Pension Funds. I am a Fellow of the Society of Actuaries and a Member of the American Academy of Actuaries. I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of my knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2022-47 dated May 10, 2022 was prepared by the Interim Chief Actuary for the New York City Retirement Systems and Pension Funds. This estimate is intended for use only during the 2022 Legislative Session.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend Section 522 of the Education Law and various sections of the Retirement and Social Security Law and the Administrative Code of the City of New York to restore the transfer of pension reserves in cases in which a member of the New York State Teachers' Retirement System (NYSTRS) or any Retirement System of the State or City of New York transfers a membership with ten or more years of credited service at the time the transfer is initiated. This act shall take effect immediately and shall apply to any membership transfer initiated on or after the effective date of this act. No transfer of reserves will be required for transfers within and between the NYC Retirement Systems. The current transfer of reserves that occurs due to transfers between the police and fire systems shall not be disturbed.

It is estimated that there will be no additional annual cost to the employers of members of the NYSTRS if this bill is enacted. In fact, this bill will greatly increase equity between the retirement systems of the state by ensuring that a member who transfers with a significant liability will bring with him or her the pension reserve accumulated by the prior retirement system to offset the liability assumed by the new retirement system.

Member data is from the System's most recent actuarial valuation files, consisting of data provided by the employers to the Retirement System. Data distributions and statistics can be found in the System's Annual Report. System assets are as reported in the System's financial statements and can also be found in the System's Annual Report. Actuarial assumptions and methods are provided in the System's Actuarial Valuation Report.

The source of this estimate is Fiscal Note 2022-2 dated October 18, 2021 prepared by the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2022 Legislative Session. I, Richard A. Young, am the Chief Actuary for the New York State Teachers' Retirement System. I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend sections 43 and 343 of the Retirement and Social Security Law and various sections of the Education Law and the Administrative Code of the City of New York to reinstate the calculation and transfer of a pension reserve for a member transferring between the public retirement systems in New York State, provided such member is transferring ten (10) or more years of service credit.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS) and the New York State and Local Police and Fire Retirement System (NYSLPFRS), if this legislation is enacted during the 2022 legislative session, there would be some ongoing administrative costs to implement the provisions of this legislation.

The actuarial gains and losses arising from the transfer of reserves is expected to net to zero over the long-term, making the proposal cost neutral.
