2021-2022 Regular Sessions

IN ASSEMBLY

January 7, 2021

Introduced by M. of A. CAHILL -- read once and referred to the Committee on Higher Education

AN ACT to amend the education law, in relation to including the alternative and complementary integration and application of scientific principles in the scope of the practice of dietetics and nutrition

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 8001 of the education law, as added by chapter 635 of the laws of 1991, is amended to read as follows:

§ 8001. Definitions. 1. Dietetics and nutrition are herein each defined as the integration and application of principles derived from the sciences of nutrition, biochemistry, physiology, food management and behavioral and social sciences, including the alternative and complementary integration and application of such principles, to achieve and maintain people's health and for healing.

9 2. Where the title "certified dietitian" or "certified nutritionist" 10 is used in this article it shall mean "certified dietitian", "certified 11 dietician", [**or**] "certified nutritionist", **or "certified nutrition** 12 **specialist"**.

3. A certified dietitian or certified nutritionist is one who engages 13 14 in the integration and application of principles derived from the sciences of nutrition, biochemistry, physiology, food management and 15 16 behavioral and social sciences, including the alternative and complementary integration and application of such principles, to achieve and 17 maintain people's health and for healing, and who is certified as such 18 19 by the department pursuant to section eight thousand four of this arti-20 cle. The primary function of a certified dietitian or certified nutri-21 tionist is the provision of nutrition care services that shall include: 22 (a) Assessing nutrition needs and food patterns;

23 (b) Planning for and directing the provision of food appropriate for 24 physical and nutrition needs; [and]

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.
