AN ACT to amend the public authorities law, in relation to enacting the metropolitan transportation authority open data act

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act shall be known and may be cited as the "metropolitan transportation authority open data act".

2
3 § 2. Legislative findings. The legislature finds that the release of
4 data, in a format that is easily accessible, understandable and usable
5 by the public, can increase civic engagement with government. In addition,
6 in an authority providing a public service and operating an enterprise as
7 vast as that of the Metropolitan Transportation Authority, transparency in
8 data is in the public's best interest. It is the intent of the legislature
9 that the authority and its subsidiaries release as much data as is feasible
10 in open formats, so that the public can access that data, analyze it, and
11 engage with the authority with suggestions and solutions to improve its
12 operations.

13 § 3. The public authorities law is amended by adding a new section
14 1279-j to read as follows:

15 § 1279-j. Open data reporting. 1. The metropolitan transportation
16 authority and its subsidiaries and affiliates, including the New York
17 city transit authority and the Triborough bridge and tunnel authority,
18 shall fully comply with the provisions of Executive Order 95 of 2013,
19 "Using Technology to Promote Transparency, Improve Government Performance
20 and Enhance Citizen Engagement," and shall provide the New York
21 state office of information technology services and legislature all data
22 as defined in this section.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets

29 cies or other restrictions, requirements or rights associated with the
30 publishable MTA data, including but not limited to contractual or other
31 legal orders, restrictions or requirements. Data shall not be publisha-
32 ble MTA data if making such data available on the open data website
