## STATE OF NEW YORK

2196

2021-2022 Regular Sessions

## IN ASSEMBLY

January 14, 2021

Introduced by M. of A. L. ROSENTHAL -- read once and referred to the Committee on Transportation

AN ACT to amend the transportation law, in relation to requiring the provision of assistive listening systems in New York state public transportation terminals

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1	Section 1. The transportation law is amended by adding a new section
⊥ 2	15-d to read as follows:
3	<u>§ 15-d. Accessible transportation system; assistive listening systems.</u>
4	1. All public transportation terminals including but not limited to
5	airports, bus stations, rest areas, and railroad stations located within
6	the state shall be equipped and maintained with an assistive listening
7	system for use by people who are hard of hearing who require the use of
8	
-	such a system to improve their reception of sound. Standards for such
9	systems shall be developed by the state fire prevention and building
10	code council upon receiving recommendations from the advisory board on
11	assistive listening systems in places of public assembly, and shall
12	provide for:
13	(a) announcements to passengers, including emergency instructions, to
14	be captioned in real time on screens in airports and rail stations;
15	(b) prominently display appropriate signage and using specific symbols
16	indicating the type of assistive listening systems available; and
17	(c) microphone systems sufficient to support a hearing-aid compatible
18	assistive listening system. Display the universal symbol for assistive
19	listening at ticketing and information booths and the areas where it is
20	available.
21	2. The commissioner is authorized to promulgate such rules and requ-
22	lations as he or she deems necessary to carry out the provisions of this
23	subdivision.

EXPLANATION--Matter in **italics** (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD00820-01-1

A. 2196

1	3. The provisions of this section shall not apply to private-use
2	<u>airports or railroad terminals.</u>
3	4. All facilities subject to the provisions of this section shall have
4	a compliant assistive listening system installed and available for
5	public use by a date no later than thirty-six months after the effective
б	date of this section.
7	5. For purposes of this section:
8	a. "airport" has the same meaning as such term is defined in subdivi-
9	sion five of section two hundred forty of the general business law;
10	b. "assistive listening system" shall mean situational-personal acous-
11	tic communication equipment designed to improve the transmission and
12	auditory reception of sound. Such system shall include but not be limit-
13	ed to the use of standard amplitude modulation, frequency modulation,
14	induction loop, infrared system (IR), or hard wired induction loop
15	system;
16	c. "private-use" refers to an airport terminal, bus station or rail-
17	road station used exclusively by the owner thereof and persons author-
18	ized by such owner;
19	d. "public-use" refers to an airport terminal, bus station, rest area,
20	railroad station or other public transportation terminal available for
21	use by the general public without a requirement for the prior approval
22	of the owner or operator thereof except as may be required by federal
23	law or regulation; and
24	e. "railroad" has the same meaning as such term is defined in section
25	two of this chapter.
26	§ 2. The transportation law is amended by adding a new section 15-e to
27	read as follows:
28	§ 15-e. Visual emergency alarm. 1. All public transportation terminals
28 29	§ 15-e. Visual emergency alarm. 1. All public transportation terminals including but not limited to airports, bus stations, rest areas, and
-	§ 15-e. Visual emergency alarm. 1. All public transportation terminals including but not limited to airports, bus stations, rest areas, and railroad stations shall be equipped with visual alarm elements suffi-
29	§ 15-e. Visual emergency alarm. 1. All public transportation terminals including but not limited to airports, bus stations, rest areas, and railroad stations shall be equipped with visual alarm elements suffi- cient to communicate effectively for emergency evacuation measures for
29 30	§ 15-e. Visual emergency alarm. 1. All public transportation terminals including but not limited to airports, bus stations, rest areas, and railroad stations shall be equipped with visual alarm elements suffi- cient to communicate effectively for emergency evacuation measures for use by people who are deaf or hard of hearing no later than thirty-six
29 30 31 32 33	§ 15-e. Visual emergency alarm. 1. All public transportation terminals including but not limited to airports, bus stations, rest areas, and railroad stations shall be equipped with visual alarm elements suffi- cient to communicate effectively for emergency evacuation measures for use by people who are deaf or hard of hearing no later than thirty-six months after the effective date of this section.
29 30 31 32 33 34	§ 15-e. Visual emergency alarm. 1. All public transportation terminals including but not limited to airports, bus stations, rest areas, and railroad stations shall be equipped with visual alarm elements suffi- cient to communicate effectively for emergency evacuation measures for use by people who are deaf or hard of hearing no later than thirty-six months after the effective date of this section. 2. Standards for such alarms shall be developed by the state fire
