(a) (i) Except as provided in subparagraph (ii) of this paragraph, at least one month prior to the date on which an incarcerated individual may be paroled pursuant to subdivision one of section 70.40 of the penal law, a member or members as determined by the rules of the board shall personally interview such incarcerated individual and determine whether he or she should be paroled in accordance with the guidelines adopted pursuant to subdivision four of section two hundred fifty-nine-c of this article. If parole is not granted upon such review, the incarcerated individual shall be informed in writing within two weeks of such appearance of the factors and reasons for such denial of parole. Such reasons shall be given in detail and not in conclusory terms. The board shall specify a date not more than twenty-four months from such determination for reconsideration, and the procedures to be followed upon reconsideration shall be the same. If the incarcerated individual is released, he or she shall be given a copy of the conditions of parole. Such conditions shall where appropriate, include a requirement that the parolee comply with any restitution order, mandatory surcharge, sex offender registration fee and DNA databank fee previously imposed by a court of competent jurisdiction that applies to the parolee. The conditions shall indicate which restitution collection agency established under subdivision eight of section 420.10 of the criminal procedure law, shall be responsible for collection of restitution, mandatory surcharge, sex offender registration fees and DNA data-

bank fees as provided for in section 60.35 of the penal law and section eighteen hundred nine of the vehicle and traffic law.

(ii) Any incarcerated individual who is scheduled for presumptive release pursuant to section eight hundred six of the correction law shall not appear before the board as provided in subpara-

graph (i) of this paragraph unless such incarcerated individual’s scheduled presumptive release is forfeited, canceled, or rescinded subsequently as provided in such law. In such event, the incarcerated individual shall be informed in writing within two weeks of such appearance of the factors and reasons for such denial of parole. Such reasons shall be given in detail and not in conclusory terms. The board shall specify a date not more than twenty-four months from such determination for reconsideration, and the procedures to be followed upon reconsideration shall be the same. If the incarcerated individual is released, he or she shall be given a copy of the conditions of parole. Such conditions shall where appropriate, include a requirement that the parolee comply with any restitution order, mandatory surcharge, sex offender registration fee and DNA databank fee previously imposed by a court of competent jurisdiction that applies to the parolee. The conditions shall indicate which restitution collection agency established under subdivision eight of section 420.10 of the criminal procedure law, shall be responsible for collection of restitution, mandatory surcharge, sex offender registration fees and DNA data-

bank fees as provided for in section 60.35 of the penal law and section eighteen hundred nine of the vehicle and traffic law.
Discretionary release on parole shall not be granted merely as a reward for good conduct or efficient performance of duties while confined but after considering if there is a reasonable probability that, if such incarcerated individual is released, he or she will live and remain at liberty without violating the law, and that his or her release is not incompatible with the welfare of society and will not so deprecate the seriousness of his or her crime as to undermine respect for law. In making the parole release decision, the procedures adopted pursuant to subdivision four of section two hundred fifty-nine-c of this article shall require that the following be considered: (i) the institutional record including program goals and accomplishments, academic achievements, vocational education, training or work assignments, therapy and interactions with staff and incarcerated individuals; (ii) performance, if any, as a participant in a temporary release program; (iii) release plans including community resources, employment, education and training and support services available to the incarcerated individual; (iv) any deportation order issued by the federal government against the incarcerated individual while in the custody of the department and any recommendation regarding deportation made by the commissioner of the department pursuant to section one hundred forty-seven of the correction law; (v) any current or prior statement made to the board by the crime victim or the victim's representative, where the crime victim is deceased or is mentally or physically incapacitated; (vi) the length of the determinate sentence to which the incarcerated individual would be subject had he or she received a sentence pursuant to section 70.70 or section 70.71 of the penal law for a felony defined in article two hundred twenty or article two hundred twenty-one of the penal law; (vii) the seriousness of the offense with due consideration to the type of sentence, length of sentence and recommendations of the sentencing court, the district attorney, the attorney for the incarcerated individual, the pre-sentence probation report as well as consideration of any mitigating and aggravating factors, and activities following arrest prior to confinement; and (viii) prior criminal record, including the nature and pattern of offenses, adjustment to any previous probation or parole supervision and institutional confinement. The board shall provide toll free telephone access for crime victims. In the case of an oral statement made in accordance with subdivision one of section 440.50 of the criminal procedure law, the parole board member shall present a written report of the statement to the parole board. A crime victim's representative shall mean the crime victim's closest surviving relative, the committee or guardian of such person, or the legal representative of any such person. Such statement submitted by the victim or victim's representative may include information concerning threatening or intimidating conduct toward the victim, the victim's representative, or the victim's family, made by the person sentenced and occurring after the sentencing. Such information may include, but need not be limited to, the threatening or intimidating conduct of any other person who or which is directed by the person sentenced. Any statement by a victim or the victim's representative made to the board shall be maintained by the department in the file provided to the board when interviewing the incarcerated individual in consideration of release. A victim or victim's representative who has submitted a written request to the department for
the transcript of such interview shall be provided such transcript as soon as it becomes available.

(B) Where a crime victim or victim's representative as defined in subparagraph (A) of this paragraph, or other person submits to the parole board a written statement concerning the release of an incarcerated individual, the parole board shall keep that individual's name and address confidential.

(d) (i) Notwithstanding the provisions of paragraphs (a), (b) and (c) of this subdivision, after the incarcerated individual has served his or her minimum period of imprisonment imposed by the court, or at any time after the incarcerated individual's period of imprisonment has commenced for an incarcerated individual serving a determinate or indeterminate term of imprisonment, provided that the incarcerated individual has had a final order of deportation issued against him and provided further that the incarcerated individual is not convicted of either an A-I felony offense other than an A-I felony offense as defined in article two hundred twenty of the penal law or a violent felony offense as defined in section 70.02 of the penal law, if the incarcerated individual is subject to deportation by the United States Bureau of Immigration and Customs Enforcement, in addition to the criteria set forth in paragraph (c) of this subdivision, the board may consider, as a factor warranting earlier release, the fact that such incarcerated individual will be deported, and may grant parole from an indeterminate sentence or release for deportation from a determinate sentence to such incarcerated individual conditioned specifically on his prompt deportation. The board may make such conditional grant of early parole from an indeterminate sentence or release for deportation from a determinate sentence only where it has received from the United States Bureau of Immigration and Customs Enforcement assurance (A) that an order of deportation will be executed or that proceedings will promptly be commenced for the purpose of deportation upon release of the incarcerated individual from the custody of the department of correctional services, and (B) that the incarcerated individual, if granted parole or release for deportation pursuant to this paragraph, will not be released from the custody of the United States Bureau of Immigration and Customs Enforcement, unless such release be as a result of deportation without providing the board a reasonable opportunity to arrange for execution of its warrant for the retaking of such person.

(ii) An incarcerated individual who has been granted parole from an indeterminate sentence or release for deportation from a determinate sentence pursuant to this paragraph shall be delivered to the custody of the United States Bureau of Immigration and Customs Enforcement along with the board's warrant for his or her retaking to be executed in the event of his release from such custody other than by deportation. In the event that such person is not deported, the board shall execute the warrant, effect his return to imprisonment in the custody of the department and within sixty days after such return, provided that the person is serving an indeterminate sentence and the minimum period of imprisonment has been served, personally interview him or her to determine whether he or she should be paroled in accordance with the provisions of paragraphs (a), (b) and (c) of this subdivision.

The return of a person granted parole from an indeterminate sentence or release for deportation from a determinate sentence pursuant to this paragraph for the reason set forth herein shall not be deemed to be a parole delinquency and the interruptions specified in subdivision three
of section 70.40 of the penal law shall not apply, but the time spent in
the custody of the United States Bureau of Immigration and Customs
Enforcement shall be credited against the term of the sentence in
accordance with the rules specified in paragraph (c) of that subdivi-
sion. Notwithstanding any other provision of law, any [inmate] incarcerated individual granted parole from an indeterminate sentence or release for deportation from a determinate sentence pursuant to this paragraph
who is subsequently committed to imprisonment in the custody of the
department for a felony offense committed after release pursuant to this
paragraph shall have his parole eligibility date on the indeterminate
sentence for the new felony offense, or his or her conditional release
date on the determinate sentence for the new felony offense, as the case
may be, extended by the amount of time between the date on which such
inmate incarcerated individual was released from imprisonment in the
custody of the department pursuant to this paragraph and the date on
which such inmate incarcerated individual would otherwise have
completed service of the minimum period of imprisonment on the prior
felony offense.

(e) Notwithstanding the requirements of paragraph (a) of this subdivi-
sion, the determination to parole an inmate incarcerated individual
who has successfully completed the shock incarceration program pursuant
to section eight hundred sixty-seven of the correction law may be made
without a personal interview of the inmate incarcerated individual and
shall be made in accordance with procedures set forth in the rules of
the board. If parole is not granted, the time period for reconsideration
shall not exceed the court imposed minimum.

(d) If a finding of probable cause is made pursuant to this subdivi-
sion either by a determination at a preliminary hearing or by the waiver
thereof, or if the releasee has been convicted of a new crime while
under presumptive release, parole, conditional release or post-release
supervision, the board's rules shall provide for (i) declaring such
person to be delinquent as soon as practicable and shall require reason-
able and appropriate action to make a final determination with respect
to the alleged violation or (ii) ordering such person to be restored to
presumptive release, parole, conditional release or post-release super-
vision under such circumstances as it may deem appropriate or (iii) when
a presumptive releasee, parolee, conditional releasee or person on post-
release supervision has been convicted of a new felony committed while
under such supervision and a new indeterminate or determinate sentence
has been imposed, the board's rules shall provide for a final declara-
tion of delinquency. The inmate incarcerated individual shall then be
notified in writing that his or her release has been revoked on the
basis of the new conviction and a copy of the commitment shall accompany
said notification. The inmate's incarcerated individual's next appear-
ance before the board shall be governed by the legal requirements of
said new indeterminate or determinate sentence, or shall occur as soon
after a final reversal of the conviction as is practicable.

(b) Upon an appeal to the board, the inmate incarcerated individual
may be represented by an attorney. Where the inmate incarcerated indi-
vidual is financially unable to provide for his or her own attorney,
upon request an attorney shall be assigned pursuant to the provisions of
subparagraph (v) of paragraph (f) of subdivision three of this section.

(a) (i) The board shall provide for the making of a verbatim record of
each parole release interview, except where a decision is made to
release the inmate incarcerated individual to parole supervision, and
each preliminary and final revocation hearing, except when the decision
of the presiding officer after such hearings result in a dismissal of all charged violations of parole, conditional release or post release supervision.

(ii) Notwithstanding the provisions of subparagraph (i) of this paragraph, the board shall provide for the making of a verbatim record of each parole release interview in all proceedings where the [inmate] incarcerated individual is a detained sex offender as such term is defined in subdivision (g) of section 10.03 of the mental hygiene law. Such record shall be provided to the office of mental health for use by the multidisciplinary staff and the case review panel pursuant to section 10.05 of the mental hygiene law.

§ 11-a. Paragraph (a) of subdivision 2 and paragraph (d) of subdivision 3 of section 259-i of the executive law, paragraph (a) of subdivision 2 as amended by section 38-f-2 of subpart A of part C of chapter 62 of the laws of 2011 and paragraph (d) of subdivision 3 as amended by chapter 413 of the laws of 1984, are amended to read as follows:

(a) At least one month prior to the expiration of the minimum period or periods of imprisonment fixed by the court or board, a member or members as determined by the rules of the board shall personally interview an [inmate] incarcerated individual serving an indeterminate sentence and determine whether he or she should be paroled at the expiration of the minimum period or periods in accordance with the procedures adopted pursuant to subdivision four of section two hundred fifty-nine-c of this article. If parole is not granted upon such review, the [inmate] incarcerated individual shall be informed in writing within two weeks of such appearance of the factors and reasons for such denial of parole. Such reasons shall be given in detail and not in conclusory terms. The board shall specify a date not more than twenty-four months from such determination for reconsideration, and the procedures to be followed upon reconsideration shall be the same. If the [inmate] incarcerated individual is released, he or she shall be given a copy of the conditions of parole. Such conditions shall where appropriate, include a requirement that the parolee comply with any restitution order and mandatory surcharge previously imposed by a court of competent jurisdiction that applies to the parolee. The conditions shall indicate which restitution collection agency established under subdivision eight of section 420.10 of the criminal procedure law, shall be responsible for collection of restitution and mandatory surcharge as provided for in section 60.35 of the penal law and section eighteen hundred nine of the vehicle and traffic law.

(d) If a finding of probable cause is made pursuant to this subdivision either by determination at a preliminary hearing or by the waiver thereof, or if the releasee has been convicted of a new crime while under his present parole or conditional release supervision, the board's rules shall provide for (i) declaring such person to be delinquent as soon as practicable and shall require reasonable and appropriate action to make a final determination with respect to the alleged violation or (ii) ordering such person to be restored to parole supervision under such circumstances as it may deem appropriate or (iii) when a parolee or conditional releasee has been convicted of a new felony committed while under his or her present parole or conditional release supervision and a new indeterminate sentence has been imposed, the board's rules shall provide for a final declaration of delinquency. The [inmate] incarcerated individual shall then be notified in writing that his or her release has been revoked on the basis of the new conviction and a copy of the commitment shall accompany said notification. The [inmate's] incarcerated...
ed individual's next appearance before the board shall be governed by the legal requirements of said new indeterminate sentence, or shall occur as soon after a final reversal of the conviction as is practicable.

§ 12. Subdivision 3 of section 259-k of the executive law, as amended by section 38-i of subpart A of part C of chapter 62 of the laws of 2011, is amended to read as follows:

3. Members of the board and officers and employees of the department providing community supervision services and designated by the commissioner shall have free access to all incarcerated individuals confined in institutions under the jurisdiction of the department, the office of children and family services and the department of mental hygiene in order to enable them to perform their functions, provided, however, that the department of mental hygiene may temporarily restrict such access where it determines, for significant clinical reasons, that such access would interfere with its care and treatment of the mentally ill. If under the provisions of this subdivision an incarcerated individual is not accessible for release consideration by the board, that incarcerated individual shall be scheduled to see the board in the month immediately subsequent to the month within which he or she was not available.

§ 13. Subdivision 1 of section 259-l of the executive law, as amended by chapter 26 of the laws of 2018, is amended to read as follows:

1. It shall be the duty of the commissioner of corrections and community supervision to ensure that all officers and employees of the department shall at all times cooperate with the board of parole and shall furnish to such members of the board and employees of the board such information as may be appropriate to enable them to perform their independent decision making functions. It is also his or her duty to ensure that the functions of the board of parole are not hampered in any way, including but not limited to: a restriction of resources including staff assistance; limited access to vital information; and presentation of information in a manner that may inappropriately influence the board in its decision making. Where an incarcerated individual has appeared before the board prior to having completed any program assigned by the department, and such program remains incomplete by no fault of the incarcerated individual, and where the board has denied such incarcerated individual release pursuant to paragraph (a) of subdivision two of section two hundred fifty-nine-i of this article, the department shall prioritize such incarcerated individual's placement into the assigned program.

§ 14. The section heading, subdivisions 1 and 2, paragraph (b) of subdivision 4 and subdivisions 5, 9, 10 and 11 of section 259-r of the executive law, the section heading, subdivisions 1 and 2, paragraph (b) of subdivision 4, and subdivisions 5 and 9 as amended by section 38-l of subpart A of part C of chapter 62 of the laws of 2011 and subdivisions 10 and 11 as added by section 1 of part A of chapter 55 of the laws of 2015, are amended to read as follows:

29. limits and conditions specified in subdivision four of this section.
30. Except as set forth in paragraph (a) of this subdivision, such release

34. district attorney and the attorney for the [inmate] incarcerated indi-
35. vidual that the [inmate] incarcerated individual is being considered for
36. release pursuant to this section and the parties receiving notice shall
37. have fifteen days to comment on the release of the [inmate] incarcerated
38. individual. Release on medical parole shall not be granted until the
39. expiration of the comment period provided for in this paragraph.
40. 2. (a) The commissioner, on the commissioner's own initiative or at
41. the request of an [inmate] incarcerated individual, or an [inmate's]
42. incarcerated individual's spouse, relative or attorney, may, in the
43. exercise of the commissioner's discretion, direct that an investigation
44. be undertaken to determine whether a diagnosis should be made of an
45. [inmate] incarcerated individual who appears to be suffering from a
46. terminal condition, disease or syndrome. Any such medical diagnosis
47. shall be made by a physician licensed to practice medicine in this state
48. pursuant to section sixty-five hundred twenty-four of the education law.
49. Such physician shall either be employed by the department, shall render
50. professional services at the request of the department, or shall be
51. employed by a hospital or medical facility used by the department for
52. the medical treatment of [inmates] incarcerated individuals. The diagno-
53. sis shall be reported to the commissioner and shall include but shall
54. not be limited to a description of the terminal condition, disease or
55. syndrome suffered by the [inmate] incarcerated individual, a prognosis
56. concerning the likelihood that the [inmate] incarcerated individual will
1 not recover from such terminal condition, disease or syndrome, a
description of the [inmate's] incarcerated individual's physical or
cognitive incapacity which shall include a prediction respecting the
likely duration of the incapacity, and a statement by the physician of
whether the [inmate] incarcerated individual is so debilitated or inca-
pacitated as to be severely restricted in his or her ability to self-am-
bulate or to perform significant normal activities of daily living. This
report also shall include a recommendation of the type and level of
services and treatment the [inmate] incarcerated individual would
require if granted medical parole and a recommendation for the types of
settings in which the services and treatment should be given.
(b) The commissioner, or the commissioner's designee, shall review the
diagnosis and may certify that the [inmate] incarcerated individual is
suffering from such terminal condition, disease or syndrome and that the
[inmate] incarcerated individual is so debilitated or incapacitated as
to create a reasonable probability that he or she is physically or
cognitively incapable of presenting any danger to society. If the
commissioner does not so certify then the [inmate] incarcerated individ-
ual shall not be referred to the board for consideration for release on
medical parole. If the commissioner does so certify, then the commis-
sioner shall, within seven working days of receipt of such diagnosis,
refer the [inmate] incarcerated individual to the board for consider-
ation for release on medical parole. However, no such referral of an
[inmate] incarcerated individual to the board shall be made unless the
[inmate] incarcerated individual has been examined by a physician and
diagnosed as having a terminal condition, disease or syndrome as previ-
ously described herein at some time subsequent to such [inmate's] incar-
cerated individual's admission to a facility operated by the department
of correctional services.
(c) When the commissioner refers an [inmate] incarcerated individual
ton the board, the commissioner shall provide an appropriate medical
discharge plan established by the department. The department is author-
ized to request assistance from the department of health and from the
county in which the [inmate] incarcerated individual resided and commit-
ted his or her crime, which shall provide assistance with respect to the
development and implementation of a discharge plan, including potential
placements of a releasee. The department and the department of health
shall jointly develop standards for the medical discharge plan that are
appropriately adapted to the criminal justice setting, based on stand-
dards established by the department of health for hospital medical
discharge planning. The board may postpone its decision pending
completion of an adequate discharge plan, or may deny release based on
inadequacy of the discharge plan.
(b) The board shall require as a condition of release on medical
parole that the releasee agree to remain under the care of a physician
while on medical parole and in a hospital established pursuant to arti-
cle twenty-eight of the public health law, a hospice established pursu-
ant to article forty of the public health law or any other placement
that can provide appropriate medical care as specified in the medical
discharge plan required by subdivision two of this section. The medical
discharge plan shall state that the availability of the placement has
been confirmed, and by whom. Notwithstanding any other provision of law,
when an [inmate] incarcerated individual who qualifies for release under
this section is cognitively incapable of signing the requisite documen-
tation to effectuate the medical discharge plan and, after a diligent
search no person has been identified who could otherwise be appointed as
the [inmate's] incarcerated individual's guardian by a court of competent jurisdiction, then, solely for the purpose of implementing the medical discharge plan, the facility health services director at the facility where the [inmate] incarcerated individual is currently incarcerated shall be lawfully empowered to act as the [inmate's] incarcerated individual's guardian for the purpose of effectuating the medical discharge.

5. A denial of release on medical parole or expiration of medical parole in accordance with the provisions of paragraph (f) of subdivision four of this section shall not preclude the [inmate] incarcerated individual from reapplying for medical parole or otherwise affect an [inmate's] incarcerated individual's eligibility for any other form of release provided for by law.

9. The chairman shall report annually to the governor, the temporary president of the senate and the speaker of the assembly, the chairpersons of the senate crime and corrections committee, and the chairperson of the assembly corrections committee the number of [inmates] incarcerated individuals who have applied for medical parole; the number who have been granted medical parole; the nature of the illness of the applicants, the counties to which they have been released and the nature of the placement pursuant to the medical discharge plan; the categories of reasons for denial for those who have been denied; the number of releasees who have been granted an additional period or periods of medical parole and the number of such grants; the number of releasees on medical parole who have been returned to imprisonment in the custody of the department and the reasons for return.

11. (a) After the commissioner has made a determination to grant medical parole pursuant to subdivision ten of this section, the commissioner shall notify the chairperson of the board of parole, or their designee who shall be a member of the board of parole, and provide him or her with all relevant records, files, information and documentation, which includes but is not limited to the criminal history, medical diagnosis and treatment pertaining to the terminally ill [inmate] incarcerated individual no more than five days from the date of the determination. (b) The chairperson or his or her designee shall either accept the commissioner's grant of medical parole, in which case the [inmate] incarcerated individual may be released by the commissioner, or conduct further review. This decision or review shall be made within five days of the receipt of the relevant records, files, information and documentation from the commissioner. The chairperson's further review may include, but not be limited to, an appearance by the terminally ill [inmate] incarcerated individual before the chairperson or his or her

deignee. (c) After this further review, the chairperson shall either accept the commissioner's grant of medical parole, in which case the [inmate] incarcerated individual may be released by the commissioner, or the chairperson shall schedule an appearance for the terminally ill [inmate] incarcerated individual before the board of parole.

In the event the terminally ill [inmate] incarcerated individual is scheduled to make an appearance before the board of parole pursuant to this subdivision, the matter shall be heard by a panel that does not include the chairperson or any member of the board of parole who was involved in the review of the commissioner's determination.

§ 14-a. Paragraph (a) of subdivision 1 of section 259-r of the executive law, as amended by section 38-l-1 of subpart A of part C of chapter 62 of the laws of 2011, is amended to read as follows:

(a) The board shall have the power to release on medical parole any [inmate] incarcerated individual serving an indeterminate or determinate sentence of imprisonment who, pursuant to subdivision two of this section, has been certified to be suffering from a terminal condition, disease or syndrome and to be so debilitated or incapacitated as to create a reasonable probability that he or she is physically or cognitively incapable of presenting any danger to society, provided, however, that no [inmate] incarcerated individual serving a sentence imposed upon a conviction for murder in the first degree or an attempt or conspiracy to commit murder in the first degree shall be eligible for such release, and provided further that no [inmate] incarcerated individual serving a sentence imposed upon a conviction for any of the following offenses shall be eligible for such release unless in the case of an indeterminate sentence he or she has served at least one-half of the minimum period of the sentence and in the case of a determinate sentence he or she has served at least one-half of the term of his or her determinate sentence: murder in the second degree, manslaughter in the first degree, any offense defined in article one hundred thirty of the penal law or an attempt to commit any of these offenses. Solely for the purpose of determining medical parole eligibility pursuant to this section, such one-half of the minimum period of the indeterminate sentence and one-half of the term of the determinate sentence shall not be credited with any time served under the jurisdiction of the department prior to the commencement of such sentence pursuant to the opening paragraph of subdivision one of section 70.30 of the penal law or subdivision two-a of section 70.30 of the penal law, except to the extent authorized by subdivision three of section 70.30 of the penal law.

§ 15. Section 259-s of the executive law, as amended by section 38-m of subpart A of part C of chapter 62 of the laws of 2011, is amended to read as follows:

§ 259-s. Release on medical parole for [inmates] incarcerated individuals suffering significant debilitating illnesses. 1. (a) The board shall have the power to release on medical parole any [inmate] incarcerated individual serving an indeterminate or determinate sentence of imprisonment who, pursuant to subdivision two of this section, has been certified to be suffering from a significant and permanent non-terminal condition, disease or syndrome that has rendered the [inmate] incarcerated individual so physically or cognitively debilitated or incapacitated as to create a reasonable probability that he or she does not present any danger to society, provided, however, that no [inmate] incarcerated individual serving a sentence imposed upon a conviction for murder in the first degree or an attempt or conspiracy to commit murder in the first degree shall be eligible for such release, and provided
further that no [inmate] incarcerated individual serving a sentence imposed upon a conviction for any of the following offenses shall be eligible for such release unless in the case of an indeterminate sentence he or she has served at least one-half of the minimum period of the sentence and in the case of a determinate sentence he or she has served at least one-half of the term of his or her determinate sentence: murder in the second degree, manslaughter in the first degree, any offense defined in article one hundred thirty of the penal law or an attempt to commit any of these offenses. Solely for the purpose of determining medical parole eligibility pursuant to this section, such one-half of the minimum period of the indeterminate sentence and one-half of the term of the determinate sentence shall not be credited with any time served under the jurisdiction of the department prior to the commencement of such sentence pursuant to the opening paragraph of subdivision one of section 70.30 of the penal law or subdivision two-a of section 70.30 of the penal law, except to the extent authorized by subdivision three of section 70.30 of the penal law.

(b) Such release shall be granted only after the board considers whether, in light of the [inmate's] incarcerated individual's medical condition, there is a reasonable probability that the [inmate] incarcerated individual, if released, will live and remain at liberty without violating the law, and that such release is not incompatible with the welfare of society and will not so deprecate the seriousness of the crime as to undermine respect for the law, and shall be subject to the limits and conditions specified in subdivision four of this section. In making this determination, the board shall consider: (i) the nature and seriousness of the [inmate's] incarcerated individual's crime; (ii) the [inmate's] incarcerated individual's prior criminal record; (iii) the [inmate's] incarcerated individual's disciplinary, behavioral and rehabilitative record during the term of his or her incarceration; (iv) the amount of time the [inmate] incarcerated individual must serve before becoming eligible for release pursuant to section two hundred fifty-nine-i of this article; (v) the current age of the [inmate] incarcerated individual and his or her age at the time of the crime; (vi) the recommendations of the sentencing court, the district attorney and the victim or the victim's representative; (vii) the nature of the [inmate's] incarcerated individual's medical condition, disease or syndrome and the extent of medical treatment or care that the [inmate] incarcerated individual will require as a result of that condition, disease or syndrome; and (viii) any other relevant factor. Except as set forth in paragraph (a) of this subdivision, such release may be granted at any time during the term of an [inmate's] incarcerated individual's sentence, notwithstanding any other provision of law.

(c) The board shall afford notice to the sentencing court, the district attorney, the attorney for the [inmate] incarcerated individual and, where necessary pursuant to subdivision two of section two hundred fifty-nine-i of this article, the crime victim, that the [inmate] incarcerated individual is being considered for release pursuant to this section and the parties receiving notice shall have thirty days to comment on the release of the [inmate] incarcerated individual. Release on medical parole shall not be granted until the expiration of the comment period provided for in this paragraph.

2. (a) The commissioner, on the commissioner's own initiative or at the request of an [inmate] incarcerated individual, or an [inmate's] incarcerated individual's spouse, relative or attorney, may, in the exercise of the commissioner's discretion, direct that an investigation
be undertaken to determine whether a diagnosis should be made of an [inmate] incarcerated individual who appears to be suffering from a significant and permanent non-terminal and incapacitating condition, disease or syndrome. Any such medical diagnosis shall be made by a physician licensed to practice medicine in this state pursuant to section sixty-five hundred twenty-four of the education law. Such physician shall either be employed by the department, shall render professional services at the request of the department, or shall be employed by a hospital or medical facility used by the department for the medical treatment of [inmates] incarcerated individuals. The diagnosis shall be reported to the commissioner and shall include but shall not be limited to a description of the condition, disease or syndrome suffered by the [inmate] incarcerated individual, a prognosis concerning the likelihood that the [inmate] incarcerated individual will not recover from such condition, disease or syndrome, a description of the [inmate's] incarcerated individual's physical or cognitive incapacity which shall include a prediction respecting the likely duration of the incapacity, and a statement by the physician of whether the [inmate] incarcerated individual is so debilitated or incapacitated as to be severely restricted in his or her ability to self-ambulate or to perform significant normal activities of daily living. This report also shall include a recommendation of the type and level of services and treatment the [inmate] incarcerated individual would require if granted medical parole and a recommendation for the types of settings in which the services and treatment should be given.

(b) The commissioner, or the commissioner's designee, shall review the diagnosis and may certify that the [inmate] incarcerated individual is suffering from such condition, disease or syndrome and that the [inmate] incarcerated individual is so debilitated or incapacitated as to create a reasonable probability that he or she is physically or cognitively incapable of presenting any danger to society. If the commissioner does not so certify then the [inmate] incarcerated individual shall not be referred to the board for consideration for release on medical parole. If the commissioner does so certify, then the commissioner shall, within seven working days of receipt of such diagnosis, refer the [inmate] incarcerated individual to the board for consideration for release on medical parole. However, no such referral of an [inmate] incarcerated individual to the board of parole shall be made unless the [inmate] incarcerated individual has been examined by a physician and diagnosed as having a condition, disease or syndrome as previously described herein at some time subsequent to such [inmate's] incarcerated individual's admission to a facility operated by the department.

(c) When the commissioner refers an [inmate] incarcerated individual to the board, the commissioner shall provide an appropriate medical discharge plan established by the department. The department is authorized to request assistance from the department of health and from the county in which the [inmate] incarcerated individual resided and committed his or her crime, which shall provide assistance with respect to the development and implementation of a discharge plan, including potential placements of a releasee. The department and the department of health shall jointly develop standards for the medical discharge plan that are appropriately adapted to the criminal justice setting, based on standards established by the department of health for hospital medical discharge planning. The board may postpone its decision pending completion of an adequate discharge plan, or may deny release based on inadequacy of the discharge plan.
3. Any certification by the commissioner or the commissioner's designee pursuant to this section shall be deemed a judicial function and shall not be reviewable if done in accordance with law.

4. (a) Medical parole granted pursuant to this section shall be for a period of six months.

(b) The board shall require as a condition of release on medical parole that the releasee agree to remain under the care of a physician while on medical parole and in a hospital established pursuant to article twenty-eight of the public health law, a hospice established pursuant to article forty of the public health law or any other placement, including a residence with family or others, that can provide appropriate medical care as specified in the medical discharge plan required by subdivision two of this section. The medical discharge plan shall state that the availability of the placement has been confirmed, and by whom. Notwithstanding any other provision of law, when an [inmate] incarcerated individual who qualifies for release under this section is cognitively incapable of signing the requisite documentation to effectuate the medical discharge plan and, after a diligent search no person has been identified who could otherwise be appointed as the [inmate's] incarcerated individual's guardian by a court of competent jurisdiction, then, solely for the purpose of implementing the medical discharge plan, the facility health services director at the facility where the [inmate] incarcerated individual is currently incarcerated shall be lawfully empowered to act as the [inmate's] incarcerated individual's guardian for the purpose of effectuating the medical discharge.

(c) Where appropriate, the board shall require as a condition of release that medical parolees be supervised on intensive caseloads at reduced supervision ratios.

(d) The board shall require as a condition of release on medical parole that the releasee undergo periodic medical examinations and a medical examination at least one month prior to the expiration of the period of medical parole and, for the purposes of making a decision pursuant to paragraph (e) of this subdivision, that the releasee provide the board with a report, prepared by the treating physician, of the results of such examination. Such report shall specifically state whether or not the parolee continues to suffer from a significant and permanent non-terminal and debilitating condition, disease, or syndrome, and to be so debilitated or incapacitated as to be severely restricted in his or her ability to self-ambulate or to perform significant normal activities of daily living.

(e) Prior to the expiration of the period of medical parole the board shall review the medical examination report required by paragraph (d) of this subdivision and may again grant medical parole pursuant to this section; provided, however, that the provisions of paragraph (c) of subdivision one and subdivision two of this section shall not apply.

(f) If the updated medical report presented to the board states that a parolee released pursuant to this section is no longer so debilitated or incapacitated as to create a reasonable probability that he or she is physically or cognitively incapable of presenting any danger to society or if the releasee fails to submit the updated medical report then the board may not make a new grant of medical parole pursuant to paragraph (e) of this subdivision. Where the board has not granted medical parole pursuant to such paragraph (e) the board shall promptly conduct through one of its members, or cause to be conducted by a hearing officer designated by the board, a hearing to determine whether the releasee is suffering from a significant and permanent non-terminal and incapacitat-

1.  Any condition, disease or syndrome and is so debilitated or incapacitated as to create a reasonable probability that he or she is physically or cognitively incapable of presenting any danger to society and does not present a danger to society. If the board makes such a determination then it may make a new grant of medical parole pursuant to the standards of paragraph (b) of subdivision one of this section. At the hearing, the releasee shall have the right to representation by counsel, including the right, if the releasee is financially unable to retain counsel, to have the appropriate court assign counsel in accordance with the county or city plan for representation placed in operation pursuant to article eighteen-B of the county law.

(g) The hearing and determination provided for by paragraph (f) of this subdivision shall be concluded within the six month period of medical parole. If the board does not renew the grant of medical parole, it shall order that the releasee be returned immediately to the custody of the department of correctional services.

(h) In addition to the procedures set forth in paragraph (f) of this subdivision, medical parole may be revoked at any time upon any of the grounds specified in paragraph (a) of subdivision three of section two hundred fifty-nine-i of this article, and in accordance with the procedures specified in subdivision three of section two hundred fifty-nine-i of this article.

(i) A releasee who is on medical parole and who becomes eligible for parole pursuant to the provisions of subdivision two of section two hundred fifty-nine-i of this article shall be eligible for parole consideration pursuant to such subdivision.

5. A denial of release on medical parole or expiration of medical parole in accordance with the provisions of paragraph (f) of subdivision four of this section shall not preclude the incarcerated individual from reapplying for medical parole or otherwise affect an inmate's eligibility for any other form of release provided for by law.

6. To the extent that any provision of this section requires disclosure of medical information for the purpose of processing an application or making a decision, regarding release on medical parole or renewal of medical parole, or for the purpose of appropriately supervising a person released on medical parole, and that such disclosure would otherwise be prohibited by article twenty-seven-F of the public health law, the provisions of this section shall be controlling.

7. The commissioner and the chair of the board shall be authorized to promulgate rules and regulations for their respective agencies to implement the provisions of this section.

8. Any decision made by the board pursuant to this section may be appealed pursuant to subdivision four of section two hundred fifty-nine-i of this article.

9. The chair of the board shall report annually to the governor, the temporary president of the senate and the speaker of the assembly, the chairpersons of the assembly and senate codes committees, the chairperson of the senate crime and corrections committee, and the chairperson of the assembly corrections committee the number of incarcerated individuals who have applied for medical parole under this section; the number who have been granted medical parole; the nature of the illness of the applicants, the counties to which they have been released and the nature of the placement pursuant to the medical discharge plan; the categories of reasons for denial for those who have been denied; the number of releasees who have been granted an additional
period or periods of medical parole and the number of such grants; the number of releasees on medical parole who have been returned to imprisonment in the custody of the department and the reasons for return.

Except as provided in section two hundred sixty-six of this article, applications for such assistance must be made and submitted no later than one hundred eighty days after the effective date of the chapter of the laws of nineteen hundred eighty-eight which amended this paragraph and added these words or by the first day of April of each subsequent year and shall be either approved or denied by the office no later than sixty days following such submission. Any part of the moneys so made available and not apportioned pursuant to a plan approved and contract entered into with the office within the time limits required shall be apportioned by the office in its discretion to such a city or counties on a need basis, taking into consideration the inmate incarcerated population or prior commitment by a county in the development of alternatives to detention or incarceration programs.

The commissioner of the office of children and family services shall, however, establish and operate temporary release programs at office of children and family services facilities for eligible juvenile offenders and adolescent offenders and contract with the department of corrections and community supervision for the provision of parole supervision services for temporary releasees. The rules and regulations for these programs shall not be inconsistent with the [laws] for temporary release applicable to [inmates] incarcerated individuals of state correctional facilities. § 19. Subparagraphs (i) and (ii) of paragraph (c) of subdivision 1, the opening paragraph of paragraph (b) and paragraph (c) of subdivision 2 and subdivision 3 of section 632-a of the executive law, subparagraphs (i) and (ii) of paragraph (c) of subdivision 1 as amended by section 100 of subpart B of part C of chapter 62 of the laws of 2011, the opening paragraph of paragraph (b) of subdivision 2 as amended by section 101 of subpart B of part C of chapter 62 of the laws of 2011 and paragraph (c) of subdivision 2 and subdivision 3 as amended by section 24 of part A-1 of chapter 56 of the laws of 2010, are amended to read as follows:

(c) The office, upon receipt of notice of a contract, an agreement to pay or payment of profits from a crime or funds of a convicted person pursuant to paragraph (a) or (b) of this subdivision, or upon receipt of notice of funds of a convicted person from the superintendent, sheriff or municipal official of the facility where the [inmate] incarcerated individual or prisoner is confined pursuant to section one hundred sixteen or five hundred-c of the correction law, shall notify all known crime victims of the existence of such profits or funds at their last known address.

(a) that the assignment was not in accordance with this article, or
(b) that the confinement of an [inmate] incarcerated individual in an
alternate correctional facility is no longer suitable because it poten-

4. Any [inmate] incarcerated individual who is eligible for educa-
tional services pursuant to subdivision seven of section three thousand
two hundred two of the education law shall also be returned to a New
York city local correctional facility if he or she chooses to avail
himself or herself of such services.

5. [Inmates] Incarcerated individuals assigned to alternate correc-

the city of New York and the development of alternatives to incarcera-
tion, and whether there has been compliance with all applicable laws,
rules and regulations and the operation agreement.

§ 141. Subdivision 1 of section 90 of the correction law, as added by
chapter 478 of the laws of 1970, is amended to read as follows:

1. To provide correctional programs for persons who receive sentences

a person committed to the custody of the department pursuant to an
agreement established by this section, except a person committed pursuant
to an agreement with the city of New York, shall be delivered to a
reception center designated by the commissioner for an initial processing period which shall be no longer than seven days, and thereafter, shall be transferred to a general confinement correctional facility located in the same county or in a county adjacent to the county where such person would otherwise be committed to a local correctional facility. In the event, however, that exigent circumstances related to health, safety or security arise which require the immediate transfer of an [inmate] incarcerated individual to a different facility not within the county or adjacent county, then the department shall, as soon thereafter as practicable, arrange for such [inmate] incarcerated individual to be returned to the jurisdiction of the county from which he or she was committed.

3. An agreement made under this section shall require the locality to pay the cost of treatment, maintenance and custody furnished by the department, and the costs incurred under subdivision two or three of section one hundred twenty-five of this chapter relating to the provision of clothing, money and transportation upon release or discharge of [inmates] incarcerated individuals delivered to the department pursuant to the agreement, and shall contain at least the following provisions:

§ 149. Section 104 of the correction law, as added by chapter 400 of the laws of 1984, is amended to read as follows:

§ 104. Procedures and rights. (a) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to section one hundred three of this article, shall decide that confinement in, or transfer of an [inmate] incarcerated individual to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine [inmates] incarcerated individuals for the purpose of inspecting the facilities thereof and visiting such of its [inmates] incarcerated individuals as may be confined in the institution.

(c) [Inmates] Incarcerated individuals confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed

state on the [inmates] incarcerated individuals of that sending state in
institutions pursuant to this compact including a conduct record of each
[inmate] incarcerated individual and certify said record to the official
designated by the sending state, in order that each [inmate] incarcerat-

ual in accordance with the law which may obtain in the sending state and
in order that the same may be a source of information for the sending
state.

(e) All [inmates] incarcerated individuals who may be confined in an
institution pursuant to the provisions of this compact shall be treated
in a reasonable and humane manner and shall be treated equally with such
similar [inmates] incarcerated individuals of the receiving state as may
be confined in the same institution. The fact of confinement in a
receiving state shall not deprive any [inmate] incarcerated individual

ual would have had if confined in an appropriate institution of the
sending state.

(f) Any hearing or hearings to which an [inmate] incarcerated individ-

sending state may be had before the appropriate authorities of the send-

and a record of the hearing or hearings as prescribed by the sending
state shall be made. Said record together with any recommendations of
the hearing officials shall be transmitted forthwith to the official or
officials before whom the hearing would have been had if it had taken
place in the sending state. In any and all proceedings had pursuant to
the provisions of this subdivision, the officials of the receiving state
shall act solely as agents of the sending state and no final determi-
nation shall be made in any matter except by the appropriate officials
of the sending state.

compact shall be released within the territory of the sending state
unless the [inmate] incarcerated individual, and the sending and receiv-
ing states, shall agree upon release in some other place. The sending
state shall bear the cost of such return to its territory.

(h) Any [inmate] incarcerated individual confined pursuant to the
terms of this compact shall have any and all rights to participate in

have such obligations modified or his or her status changed on account
of any action or proceeding in which he or she could have participated
if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any [inmate] incarcerated individual shall not be deprived of or restricted in his or her exercise of any power in respect to any [inmate] incarcerated individual confined pursuant to the terms of this compact.

The duly accredited officers of the sending state shall be permitted to transport [inmates] incarcerated individuals pursuant to this compact through any and all states party to this compact without interference.

(b) Any [inmate] incarcerated individual who escapes from an institution in which he or she is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of any escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of the escapee.

§ 151. Section 106 of the correction law, as added by chapter 400 of the laws of 1984, is amended to read as follows:

An actual withdrawal shall not take effect until one year after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state
shall remove to its territory, at its own expense, such [inmates] incarcerated individuals as it may have confined pursuant to the provisions of this compact.

§ 153. Subdivision (a) of section 109 of the correction law, as added by chapter 400 of the laws of 1984, is amended to read as follows:

Any bank in which such deposits shall be made shall, before receiving any such deposits, file a bond with the comptroller of the state, subject to his or her approval, for such sum as he or she shall deem necessary. Upon a certificate of approval issued by the director of the budget, pursuant to the provisions of section fifty-three of the state finance law, the amount of interest, if any, herebefore accrued and hereafter to accrue on moneys so deposited, heretofore and hereafter credited to the warden, or superintendent, by the bank from time to time, shall be available for expenditure by the warden, or superintendent, subject to the direction of the commissioner, for welfare work among the [inmates] incarcerated individuals in his or her custody. The withdrawal of moneys so deposited by such warden, or superintendent, as [inmates'] incarcerated individuals' funds, including any interest so credited, shall be subject to his or her check. Each warden, or superintendent, shall each month provide the comptroller and also the commissioner with a record of all withdrawals from [inmates'] incarcerated individuals' funds. As used in this section, the term "[inmates'] incarcerated individuals' funds" means the funds in the possession of the [inmate] incarcerated individual at the time of his or her admission into the institution, funds earned by him or her as provided in section one hundred eighty-seven of this chapter and any other funds received by him or her on his or her behalf and deposited with such warden or superintendent in accordance with the rules and regulations of the commissioner. Whenever the total unencumbered value of funds in an [inmate's] incarcerated individual's account exceeds ten thousand dollars, the superintendent shall give written notice to the office of victim services.

§ 165. Section 136 of the correction law, as amended by chapter 431 of
the laws of 2015, is amended to read as follows:
§ 136. Correctional education. 1. The objective of correctional educa-

incarcerated individuals through varied impressional and expressional
activities, with emphasis on individual [inmate] incarcerated individual
needs. The objective of this program shall be the return of these
[inmates] incarcerated individuals to society with a more wholesome attitude toward living, with a desire to conduct themselves as good citizens, and with the skill and knowledge which will give them a reasonable chance to maintain themselves and their dependents through honest labor. To this end each [inmate] incarcerated individual shall be given a program of education which, on the basis of available data, seems most likely to further the process of socialization and rehabilitation. Provided that, the commissioner, in consultation with the commissioner of education, shall develop a curricula for and require provision of an education program to all [inmates] incarcerated individual, on a periodic basis, on the consequences and prevention of shaken baby syndrome which may include the viewing of a video presentation thereon. The time daily devoted to such education shall be such as is required for meeting the above objectives. The director of education, subject to the direction of the commissioner and after consultation with the commissioner of education, shall develop the curricula and the education programs that are required to meet the special needs of each correctional facility in the department. The commissioner of education, in cooperation with the commissioner and the director of education, shall set up the educational requirements for the certification of teachers in all such correctional facilities. § 166. Section 137 of the correction law, as added by section 476 of the laws of 1970, subdivision 1 as amended by chapter 476 of the laws of 2017, subdivision 6 as amended by chapter 490 of the laws of 1974, the opening paragraph and paragraph (f) of subdivision 6 as amended and paragraphs (d) and (e) of subdivision b of subdivision 6 as added by chapter 1 of the laws of 2008, paragraph (g) of subdivision 6 as added by chapter 261 of the laws of 2019, is amended to read as follows:

§ 137. Program of treatment, control, discipline at correctional facilities. 1. The commissioner shall establish program and classification procedures designed to assure the complete study of the background and condition of each [inmate] incarcerated individual in the care or custody of the department and the assignment of such [inmate] incarcerated individual to a program that is most likely to be useful in assisting him or her to refrain from future violations of the law. Such procedures shall be incorporated into the rules and regulations of the department and shall require among other things: consideration of the physical, mental and emotional condition of the [inmate] incarcerated individual; consideration of his or her educational and vocational needs; enrollment of each [inmate] incarcerated individual in assigned programs as soon as practicable; consideration of the danger he or she presents to the community or to other [inmates] incarcerated individuals; the recording of continuous case histories including notations as to apparent success or failure of treatment employed; and periodic review of case histories and treatment methods used.

2. The commissioner shall provide for such measures as he or she may deem necessary or appropriate for the safety, security and control of correctional facilities and the maintenance of order therein.

3. Each [inmate] incarcerated individual shall be entitled to clothing suited to the season and weather conditions and to a sufficient quantity of wholesome and nutritious food. To the extent practicable, the clothing and bedding of [inmates] incarcerated individuals shall be manufactured and laundered in institutions in the department.

4. Whenever there shall be a sufficient number of cells or rooms in a correctional facility, each [inmate] incarcerated individual shall be given sleeping accommodations in a separate cell or room, provided, however, that nothing herein contained shall be construed so as to limit the right of the department to utilize dormitory-type accommodations where necessary or where appropriate to a program of treatment.

5. No [inmate] incarcerated individual in the care or custody of the department shall be subjected to degrading treatment, and no officer or other employee of the department shall inflict any blows whatever upon any [inmate] incarcerated individual, unless in self defense, or to suppress a revolt or insurrection. When any [inmate] incarcerated individual, or group of [inmates] incarcerated individuals, shall offer violence to any person, or do or attempt to do any injury to property, or attempt to escape, or resist or disobey any lawful direction, the officers and employees shall use all suitable means to defend themselves, to maintain order, to enforce observation of discipline, to secure the persons of the offenders and to prevent any such attempt or escape.

6. Except as provided in paragraphs (d) and (e) of this subdivision, the superintendent of a correctional facility may keep any [inmate]
incarcerated individual confined in a cell or room, apart from the accommodations provided for [inmates] incarcerated individuals who are participating in programs of the facility, for such period as may be necessary for maintenance of order or discipline, but in any such case the following conditions shall be observed:

(a) The [inmate] incarcerated individual shall be supplied with a sufficient quantity of wholesome and nutritious food, provided, however, that such food need not be the same as the food supplied to [inmates] incarcerated individuals who are participating in programs of the facility;

(b) Adequate sanitary and other conditions required for the health of the [inmate] incarcerated individual shall be maintained;

(c) Where such confinement is for a period in excess of twenty-four hours, the superintendent shall arrange for the facility health services director, or a registered nurse or physician's associate approved by the facility health services director to visit such [inmate] incarcerated individual at the expiration of twenty-four hours and at least once in every twenty-four hour period thereafter, during the period of such confinement, to examine into the state of health of the [inmate] incarcerated individual, and the superintendent shall give full consideration to any recommendation that may be made by the facility health services director for measures with respect to dietary needs or conditions of confinement of such [inmate] incarcerated individual required to maintain the health of such [inmate] incarcerated individual; and

(d) (i) Except as set forth in clause (E) of subparagraph (ii) of this paragraph, the department, in consultation with mental health clinicians, shall divert or remove [inmates] incarcerated individuals with serious mental illness, as defined in paragraph (e) of this subdivision, from segregated confinement, where such confinement could potentially be for a period in excess of thirty days, to a residential mental health treatment unit. Nothing in this paragraph shall be deemed to prevent the disciplinary process from proceeding in accordance with department rules and regulations for disciplinary hearings.

(ii) (A) Upon placement of an [inmate] incarcerated individual into segregated confinement at a level one or level two facility, a suicide prevention screening instrument shall be administered by staff from the department or the office of mental health who has been trained for that purpose. If such a screening instrument reveals that the [inmate] incarcerated individual is at risk of suicide, a mental health clinician shall be consulted and appropriate safety precautions shall be taken. Additionally, within one business day of the placement of such an [inmate] incarcerated individual into segregated confinement at a level one or level two facility, the [inmate] incarcerated individual shall be assessed by a mental health clinician.

(B) Upon placement of an [inmate] incarcerated individual into segregated confinement at a level three or level four facility, a suicide prevention screening instrument shall be administered by staff from the department or the office of mental health who has been trained for that purpose. If such a screening instrument reveals that the [inmate] incarcerated individual is at risk of suicide, a mental health clinician shall be consulted and appropriate safety precautions shall be taken. All [inmates] incarcerated individuals placed in segregated confinement at a level three or level four facility shall be assessed by a mental health clinician, within fourteen days of such placement into segregated confinement.
(C) At the initial assessment, if the mental health clinician finds that an incarcerated individual suffers from a serious mental illness, a recommendation shall be made whether exceptional circumstances, as described in clause (E) of this subparagraph, exist. In a facility with a joint case management committee, such recommendation shall be made by such committee. In a facility without a joint case management committee, the recommendation shall be made jointly by a committee consisting of the facility's highest ranking mental health clinician, the deputy superintendent for security, and the deputy superintendent for program services, or their equivalents. Any such recommendation shall be reviewed by the joint central office review committee. The administrative process described in this clause shall be completed within fourteen days of the initial assessment, and if the result of such process is that the incarcerated individual should be removed from segregated confinement, such removal shall occur as soon as practicable, but in no event more than seventy-two hours from the completion of the administrative process.

(D) If an incarcerated individual with a serious mental illness is not diverted or removed to a residential mental health treatment unit, such incarcerated individual shall be reassessed by a mental health clinician within fourteen days of the initial assessment and at least once every fourteen days thereafter. After each such additional assessment, a recommendation as to whether such incarcerated individual should be removed from segregated confinement shall be made and reviewed according to the process set forth in clause (C) of this subparagraph.

(E) A recommendation or determination whether to remove an incarcerated individual from segregated confinement shall take into account the assessing mental health clinicians' opinions as to the incarcerated individual's mental condition and treatment needs, and shall also take into account any safety and security concerns that would be posed by the incarcerated individual's removal, even if additional restrictions were placed on the incarcerated individual's access to treatment, property, services or privileges in a residential mental health treatment unit. A recommendation or determination shall direct the incarcerated individual's removal from segregated confinement except in the following exceptional circumstances: (1) when the reviewer finds that removal would pose a substantial risk to the safety of the incarcerated individual or other persons, or a substantial threat to the security of the facility, even if additional restrictions were placed on the incarcerated individual's access to treatment, property, services or privileges in a residential mental health treatment unit; or (2) when the assessing mental health clinician determines that such placement is in the incarcerated individual's best interests based on his or her mental condition and that removing such incarcerated individual to a residential mental health treatment unit would be detrimental to his or her mental condition. Any determination not to remove an incarcerated individual with serious mental illness from segregated confinement shall be documented in writing and include the reasons for the determination.

(iii) Incarcerated individuals with serious mental illness who are not diverted or removed from segregated confinement shall be offered a heightened level of care, involving a minimum of two hours each day, five days a week, of out-of-cell therapeutic treatment and
programming. This heightened level of care shall not be offered only in
the following circumstances:

(A) The heightened level of care shall not apply when an incarcerated individual with serious mental illness does not, in the reasonable judgment of a mental health clinician, require the heightened level of care. Such determination shall be documented with a written statement of the basis of such determination and shall be reviewed by the Central New York Psychiatric Center clinical director or his or her designee. Such a determination is subject to change should the incarcerated individual’s clinical status change. Such determination shall be reviewed and documented by a mental health clinician every thirty days, and in consultation with the Central New York Psychiatric Center clinical director or his or her designee not less than every ninety days.

(B) The heightened level of care shall not apply in exceptional circumstances when providing such care would create an unacceptable risk to the safety and security of incarcerated individuals or staff. Such determination shall be documented by security personnel together with the basis of such determination and shall be reviewed by the facility superintendent, in consultation with a mental health clinician, not less than every seven days for as long as the incarcerated individual remains in segregated confinement. The facility shall attempt to resolve such exceptional circumstances so that the heightened level of care may be provided. If such exceptional circumstances remain unresolved for thirty days, the matter shall be referred to the joint central office review committee for review.

(iv) Incarcerated individuals with serious mental illness who are not diverted or removed from segregated confinement shall not be placed on a restricted diet, unless there has been a written determination that the restricted diet is necessary for reasons of safety and security. If a restricted diet is imposed, it shall be limited to seven days, except in the exceptional circumstances where the joint case management committee determines that limiting the restricted diet to seven days would pose an unacceptable risk to the safety and security of incarcerated individuals or staff. In such case, the need for a restricted diet shall be reassessed by the joint case management committee every seven days.

(v) All incarcerated individuals in segregated confinement in a level one or level two facility who are not assessed with a serious mental illness at the initial assessment shall be offered at least one interview with a mental health clinician within fourteen days of their initial mental health assessment, and additional interviews at least every thirty days thereafter, unless the mental health clinician at the most recent interview recommends an earlier interview or assessment. All incarcerated individuals in segregated confinement in a level three or level four facility who are not assessed with a serious mental illness at the initial assessment shall be offered at least one interview with a mental health clinician within thirty days of their initial mental health assessment, and additional interviews at least every ninety days thereafter, unless the mental health clinician at the most recent interview recommends an earlier interview or assessment.

(e) An incarcerated individual has a serious mental illness when he or she has been determined by a mental health clinician to meet at least one of the following criteria:

(i) he or she has a current diagnosis of, or is diagnosed at the initial or any subsequent assessment conducted during the incarcerated individual’s...
incarcerated individual's segregated confinement with, one or more of
the following types of Axis I diagnoses, as described in the most recent
edition of the Diagnostic and Statistical Manual of Mental Disorders,
and such diagnoses shall be made based upon all relevant clinical
factors, including but not limited to symptoms related to such diag-
noses:

(A) schizophrenia (all sub-types),
(B) delusional disorder,
(C) schizophreniform disorder,
(D) schizoaffective disorder,
(E) brief psychotic disorder,
(F) substance-induced psychotic disorder (excluding intoxication and
withdrawal),
(G) psychotic disorder not otherwise specified,
(H) major depressive disorders, or
(I) bipolar disorder I and II;
(ii) he or she is actively suicidal or has engaged in a recent, seri-
ous suicide attempt;
(iii) he or she has been diagnosed with a condition that is
frequently characterized by breaks with reality, or perceptions of real-
ity, that lead the individual to experience significant functional
impairment involving acts of self-harm or other behavior that have a
seriously adverse effect on life or on mental or physical health;
(iv) he or she has been diagnosed with an organic brain syndrome that
results in a significant functional impairment involving acts of self-
harm or other behavior that have a seriously adverse effect on life or
on mental or physical health;
(v) he or she has been diagnosed with a severe personality disorder
that is manifested by frequent episodes of psychosis or depression, and
results in a significant functional impairment involving acts of self-
harm or other behavior that have a seriously adverse effect on life or
on mental or physical health;
(vi) he or she has been determined by a mental health clinician to
have otherwise substantially deteriorated mentally or emotionally while
confined in segregated confinement and is experiencing significant func-
tional impairment indicating a diagnosis of serious mental illness and
involving acts of self-harm or other behavior that have a serious
adverse effect on life or on mental or physical health.
(f) The superintendent shall make a full report to the commissioner at
least once a week concerning the condition of such incarcerated
individual and shall forthwith report to the commissioner any recommen-
dation relative to health maintenance or health care delivery made by
the facility health services director and any recommendation relative to
mental health treatment or confinement of an incarcerated individual
pursuant to paragraphs (d) and (e) of this subdivision that is not
endorsed or carried out, as the case may be, by the superintendent.
(g) Within twenty-four hours of disciplinary confinement, keeplock
pending a disciplinary hearing, placement in a segregated confinement
unit for administrative purposes, or placement in a residential mental
health treatment unit, and at weekly intervals thereafter for the dura-
tion of such confinement, an incarcerated individual shall be
permitted to make at least one personal phone call, except when to do so
would create an unacceptable risk to the safety and security of
incarcerated individuals or staff.

47. safety of the [inmate] incarcerated individual or other persons. Such
48. recommendation shall be reviewed by the facility superintendent, and if
49. the superintendent makes a determination not to accept such recommenda-
50. tion, the matter shall be referred to the joint central office review
51. committee for resolution. Such resolution shall be made no later than
52. twenty-one days after the imposition of the restriction.
53. (b) [Inmates] Incarcerated individuals in a residential mental health
54. treatment unit shall receive property, services and privileges similar
55. to [inmates] incarcerated individuals confined in the general prison
56. population, provided however, the department may impose general limita-
tions on the quantity and type of property all [inmates] incarcerated individuals on the unit are permitted to have in their cells and [inmate] incarcerated individual access to programs that are more restrictive than for general population [inmates] incarcerated individuals in order to maintain security and order on the unit. Further, in consultation with a mental health clinician, the department may make an individual determination to impose restrictions on property, services or privileges for an [inmate] incarcerated individual on the unit for therapeutic and/or security reasons which are not inconsistent with the [inmate's] incarcerated individual's mental health needs. If any such restrictions on property, services or privileges are imposed on a particular [inmate] incarcerated individual, they shall be documented in writing and shall be reviewed by the joint case management committee not less than every thirty days. A disciplinary sanction of restricted diet shall not be imposed on any [inmate] incarcerated individual who is housed in a residential mental health treatment unit.

3. Misbehavior reports will not be issued to [inmates] incarcerated individuals with serious mental illness for refusing treatment or medication, however, an [inmate] incarcerated individual may be subject to the disciplinary process for refusing to go to the location where treatment is provided or medication is dispensed. In addition, there will be a presumption against imposition and pursuit of disciplinary charges for self-harming behavior and threats of self-harming behavior, including related charges for the same behaviors, such as destruction of state property, except in exceptional circumstances.

4. A disciplinary sanction imposed on an [inmate] incarcerated individual requiring confinement to a cell or room shall continue to run while the [inmate] incarcerated individual is placed in residential mental health treatment in a residential mental health unit model or a behavioral health unit model. Such disciplinary sanction shall be reviewed by the joint case management committee or, if no such committee is available, by the treatment team assigned to the [inmate's] incarcerated individual's residential mental health treatment unit at least once every three months to determine whether based upon the [inmate's] incarcerated individual's mental health status and safety and security concerns, the [inmate's] incarcerated individual's disciplinary sanction should be reduced and/or the [inmate] incarcerated individual should be transferred to a less restrictive setting. Nothing in this subdivision shall be deemed to preclude the department from granting reductions of disciplinary sanctions to [inmates] incarcerated individuals in other residential mental health treatment unit models.

5. (a) An [inmate] incarcerated individual in a residential mental health treatment unit shall not be sanctioned with segregated confinement for misconduct on the unit, or removed from the unit and placed in segregated confinement, except in exceptional circumstances where such conduct poses a significant and unreasonable risk to the safety of [inmates] incarcerated individuals or staff, or to the security of the facility. Further, in the event that such a sanction is imposed, an [inmate] incarcerated individual shall not be required to begin serving such sanction until the reviews required by paragraph (b) of this subdivision have been completed; provided, however that in extraordinary circumstances where an [inmate's] incarcerated individual's conduct poses an immediate unacceptable threat to the safety of [inmates] incarcerated individuals or staff, or to the security of the facility an [inmate] incarcerated individual may be immediately moved to segregated confinement. The determi-
nation that an immediate transfer to segregated confinement is necessary shall be made by the highest ranking facility security supervisor in consultation with a mental health clinician.

(b) The joint case management committee shall review any disciplinary disposition imposing a sanction of segregated confinement at its next scheduled meeting. Such review shall take into account the incarcerated individual's mental condition and safety and security concerns. The joint case management committee may only thereafter recommend the removal of the incarcerated individual in exceptional circumstances where the incarcerated individual poses a significant and unreasonable risk to the safety of incarcerated individuals or staff or to the security of the facility. If a determination is made that the incarcerated individual was immediately moved to segregated confinement, the joint case management committee may recommend that the incarcerated individual continue to serve such sanction only in exceptional circumstances where the incarcerated individual poses a significant and unreasonable risk to the safety of incarcerated individuals or staff or to the security of the facility. If a determination is made that the incarcerated individual shall not be required to serve all or any part of the segregated confinement sanction, the joint case management committee may instead recommend that a less restrictive sanction should be imposed. The recommendations made by the joint case management committee under this paragraph shall be documented in writing and referred to the superintendent for review and if the superintendent disagrees, the matter shall be referred to the joint central office review committee for a final determination. The administrative process described in this paragraph shall be completed within fourteen days. If the result of such process is that an incarcerated individual who was immediately transferred to segregated confinement should be removed from segregated confinement, such removal shall occur as soon as practicable, and in no event longer than seventy-two hours from the completion of the administrative process.

6. The department shall ensure that the curriculum for new correction officers, and other new department staff who will regularly work in programs providing mental health treatment for incarcerated individuals, shall include at least eight hours of training about the types and symptoms of mental illnesses, the goals of mental health treatment, the prevention of suicide and training in how to effectively and safely manage incarcerated individuals with mental illness. Such training may be provided by the office of mental health or the justice center for the protection of people with special needs. All department staff who are transferring into a residential mental health treatment unit shall receive a minimum of eight additional hours of such training, and eight hours of annual training as long as they work in such a unit. All security, program services, mental health and medical staff with direct incarcerated individual contact shall receive training each year regarding identification of, and care for, incarcerated individuals with mental illnesses. The department shall provide additional training on these topics on an ongoing basis as it deems appropriate.

§ 194. Section 401-a of the correction law, as amended by section 6 of part A of chapter 501 of the laws of 2012 and subdivision 1 as amended by chapter 126 of the laws of 2014, is amended to read as follows:

§ 401-a. Oversight responsibilities of the justice center for the protection of people with special needs. 1. The justice center for the
protection of people with special needs shall be responsible for monitoring the quality of mental health care provided to incarcerated individuals pursuant to article twenty of the executive law. The justice center shall have direct and immediate access to all areas where state prisoners are housed, and to clinical and department records relating to incarcerated individuals' clinical conditions. The justice center shall maintain the confidentiality of all patient-specific information.

2. The justice center shall monitor the quality of care in residential mental health treatment programs and shall ensure compliance with paragraphs (d) and (e) of subdivision six of section one hundred thirty-seven of this chapter and section four hundred one of this article. The justice center may recommend to the department and the office of mental health that incarcerated individuals in segregated confinement pursuant to subdivision six of section one hundred thirty-seven of this chapter be evaluated for placement in a residential mental health treatment unit. It may also recommend ways to further the goal of diverting and removing incarcerated individuals with serious mental illness from segregated confinement to residential mental health treatment units. The justice center shall include in its annual report to the governor and the legislature pursuant to section five hundred sixty of the executive law, a description of the state's progress in complying with this article, which shall be publicly available.

3. The justice center shall appoint an advisory committee on psychiatric correctional care ("committee"), which shall be composed of independent mental health experts and mental health advocates, and may include family members of former incarcerated individuals with serious mental illness. Such committee shall advise the justice center on its oversight responsibilities pursuant to this section. The committee may also make recommendations to the justice center regarding improvements to prison-based mental health care. Nothing in this subdivision shall be deemed to authorize members of the committee to have access to a correctional or mental hygiene facility or any part of such a facility. Provided, however, newly appointed members of the advisory committee shall be provided with a tour of a segregated confinement unit and a residential mental health treatment unit, as selected by the commissioner. Any such tour shall be arranged on a date and at a time selected by the commissioner and upon such terms and conditions as are within the sole discretion of the commissioner.

§ 195. The section heading and subdivisions 1, 2, 3, 9 and 13 of section 402 of the correction law, the section heading and subdivisions 1 and 2 as added by chapter 766 of the laws of 1976, subdivision 3 as amended by chapter 789 of the laws of 1985, subdivision 9 as amended by chapter 164 of the laws of 1986, and subdivision 13 as added by chapter 7 of the laws of 2007, are amended to read as follows:

Commitment of Mentally ill incarcerated individuals. 1. Whenever the physician of any correctional facility, any county penitentiary, county jail or workhouse, any reformatory for women, or of any other correctional institution, shall report in writing to the superintendent that any person undergoing a sentence of imprisonment or adjudicated to be a youthful offender or juvenile delinquent confined therein is, in his or her opinion, mentally ill, such superintendent shall apply to a judge of the county court or justice of the supreme court in the county to cause an examination to be made of such person by two examining physicians. Such physicians shall be designated by the judge to whom the application is made. Each such physician, if satisfied,
after a personal examination, that such [inmate] incarcerated individual is mentally ill and in need of care and treatment, shall make a certificate to such effect. Before making such certificate, however, he or she shall consider alternative forms of care and treatment available during confinement in such correctional facility, penitentiary, jail, reformatory or correctional institution that might be adequate to provide for such [inmate's] incarcerated individual's needs without requiring hospitalization. If the examining physician knows that the person he or she is examining has been under prior treatment, he or she shall, insofar as possible, consult with the physician or psychologist furnishing such prior treatment prior to making his or her certificate.

2. In the city of New York, if the physician of a workhouse, city prison, jail, penitentiary or reformatory reports in writing to the superintendent of such institution that a prisoner confined therein, serving a sentence of imprisonment, is in his or her opinion mentally ill, the superintendent of said institution shall either transfer said prisoner to Bellevue or Kings county hospital for observation as to his or her mental condition by two examining physicians or shall secure two examining physicians to make such examination in his institution. Each such physician, if satisfied after a personal examination and observation that the prisoner is mentally ill and in need of care and treatment, shall make a certificate to such effect. Before making such certificate, however, he or she shall consider alternative forms of care and treatment available during confinement in such correctional facility, penitentiary, jail, reformatory or correctional institution that might be adequate to provide for such [inmate's] incarcerated individual's needs without requiring hospitalization. If the examining physician knows that the person he or she is examining has been under prior treatment, he or she shall, insofar as possible, consult with the physician or psychologist furnishing such prior treatment prior to making his or her certificate.

3. Upon such certificates of the examining physicians being so made, it shall be delivered to the superintendent who shall thereupon apply by petition forthwith to a judge of the county court or justice of the supreme court in the county, annexing such certificate to his or her petition, for an order committing such [inmate] incarcerated individual to a hospital for the mentally ill. Upon every such application for such an order of commitment, notice thereof in writing, of at least five days, together with a copy of the petition, shall be served personally upon the alleged mentally ill person, and in addition thereto such notice and a copy of the petition shall be served upon either the wife, the husband, the father or mother or other nearest relative of such alleged mentally ill person, if there be any such known relative within the state; and if not, such notice shall be served upon any known friend of such alleged mentally ill person within the state. If there be no such known relative or friend within the state, the giving of such notice shall be dispensed with, but in such case the petition for the commitment shall recite the reasons why service of such notice on a relative or friend of the alleged mentally ill person was dispensed with and, in such case, the order for commitment shall recite why service of such a notice on a relative or friend of the alleged mentally ill person was dispensed with. Copies of the notice, the petition and the certificates of the examining physicians shall also be given the mental hygiene legal service. The mental hygiene legal service shall inform the [inmate] incarcerated individual and, in proper cases, others interested in the [inmate's] incarcerated individual's welfare, of the procedures
for placement in a hospital and of the [inmate's] incarcerated individual's right to have a hearing, to have judicial review with a right to a jury trial, to be represented by counsel and to seek an independent medical opinion. The mental hygiene legal service shall have personal access to such [inmate] incarcerated individual for such purposes.

9. Except as provided in subdivision two of this section pertaining to prisoners confined in the city of New York, an [inmate] incarcerated individual of a correctional facility or a county jail may be admitted on an emergency basis to the Central New York Psychiatric Center upon the certification by two examining physicians, including physicians employed by the office of mental health and associated with the correctional facility in which such [inmate] incarcerated individual is confined, that the [inmate] incarcerated individual suffers from a mental illness which is likely to result in serious harm to himself, herself or others as defined in subdivision (a) of section 9.39 of the mental hygiene law. Any person so committed shall be delivered by the superintendent within a twenty-four hour period, to the director of the appropriate hospital as designated in the rules and regulations of the office of mental health. Upon delivery of such person to a hospital operated by the office of mental health, a proceeding under this section shall immediately be commenced.

13. Notwithstanding any provision of law to the contrary, when an [inmate] incarcerated individual is being examined in anticipation of his or her conditional release, release to parole supervision, or when his or her sentence to a term of imprisonment expires, the provisions of subdivision one of section four hundred four of this article shall be applicable and such commitment shall be effectuated in accordance with the provisions of article nine or ten of the mental hygiene law, as appropriate.

§ 196. Section 403 of the correction law, as added by chapter 766 of the laws of 1976, is amended to read as follows:

§ 403. Department or superintendent to provide certain records. The department or superintendent shall furnish to the department of mental hygiene a copy of the health and psychiatric records and a sentence calculation for each [inmate] incarcerated individual placed in a hospital. The sentence calculation shall include the maximum expiration date and tentative conditional release date and the parole eligibility or release consideration hearing date. Such records shall be furnished to the director of the hospital upon delivery of the [inmate] incarcerated individual.

§ 197. Section 404 of the correction law, as added by chapter 766 of the laws of 1976, subdivision 1 as amended by chapter 7 of the laws of 2007, subdivision 3 as added by chapter 1 of the laws of 2013, and subdivision 4 as added by chapter 548 of the laws of 2014, is amended to read as follows:

§ 404. Disposition of mentally ill [inmates] incarcerated individuals upon release to parole, conditional release, or expiration of sentence.

1. Whenever an [inmate] incarcerated individual committed to a hospital in the department of mental hygiene or whenever an [inmate] incarcerated individual is examined in anticipation of his or her conditional release, release to parole supervision, or when his or her sentence to a term of imprisonment expires and such [inmate] incarcerated individual shall continue to be mentally ill and in need of care and treatment at the time of his or her conditional release, release to parole supervision, or when his or her sentence to a term of imprisonment expires, the director of the hospital or the superintendent of a correctional
facility may apply for the person's admission to a hospital for the care
and treatment of the mentally ill in the department of mental hygiene
pursuant to article nine of the mental hygiene law, or alternatively,
the commissioner may apply for the person's admission to a secure treat-
ment facility pursuant to article ten of the mental hygiene law.

2. The director may discharge any [inmate] incarcerated individual at
the expiration of the term for which he or she was sentenced who is
still mentally ill, but who, in the opinion of the director, is reason-
able safe to be at large. Such discharged [inmate] incarcerated individ-
ual shall be entitled to suitable clothing adapted to the season in
which he or she is discharged, and if it cannot be otherwise obtained,
the business officer, or other officer having like duties shall, upon
the order of the director, or of the commissioner of mental hygiene, as
the case may be, furnish the same, and money in an amount to be fixed by
such commissioner with the approval of the director of the budget, to
defray his or her expenses until he or she can reach his or her rela-
tives or friends, or find employment to earn a subsistence.

3. Within a reasonable period prior to discharge of an [inmate] incarcerated individual committed from a state correctional facility from a
hospital in the department of mental hygiene to the community, the
director shall ensure that a clinical assessment has been completed to
determine whether the [inmate] incarcerated individual meets the crite-
ria for assisted outpatient treatment pursuant to subdivision (c) of
section 9.60 of the mental hygiene law. If, as a result of such assess-
ment, the director determines that the [inmate] incarcerated individual
meets such criteria, prior to discharge the director of the hospital
shall either petition for a court order pursuant to section 9.60 of the
mental hygiene law, or report in writing to the director of community
services of the local governmental unit in which the [inmate] incarcerated individual is expected to reside so that an investigation may be
conducted pursuant to section 9.47 of the mental hygiene law.

4. Every [inmate] incarcerated individual who has received mental
health treatment pursuant to this article within three years of his or
her anticipated release date from a state correctional facility shall be
provided with mental health discharge planning and, when necessary, an
appointment with a mental health professional in the community who can
prescribe medications following discharge and sufficient mental health
medications and prescriptions to bridge the period between discharge and
such time as such mental health professional may assume care of the
patient. [Inmates] Incarcerated individuals who have refused mental
health treatment may also be provided mental health discharge planning
and any necessary appointment with a mental health professional.

§ 198. The opening paragraph of paragraph (a), subparagraphs 4 and 8
of paragraph (b) and subparagraph 2 of paragraph (c) of subdivision 7,
the opening paragraph of paragraph (c) and the closing paragraph of
subdivision 8, the opening paragraph of subdivision 9 and subdivision 13
of section 500-b of the correction law, subparagraphs 4 and 8 of para-
graph (b) of subdivision 7 and the opening paragraph of paragraph (c) of
subdivision 8 as added by chapter 907 of the laws of 1984, the opening
paragraph of paragraph (a) and subparagraph 2 of paragraph (c) of subdi-
vision 7, the closing paragraph of subdivision 8 and the opening para-
graph of subdivision 9 as amended by chapter 574 of the laws of 1985,
and subdivision 13 as amended by section 3 of part M of chapter 55 of
the laws of 2014, are amended to read as follows:

Consistent with the commission's rules and regulations regarding the
assignment of [inmates] incarcerated individuals to housing units, the
A chief administrative officer shall exercise good judgment and discretion and shall take all reasonable steps to ensure that the assignment of persons to facility housing units:

(4) prior history of a hostile relationship with another [inmate] incarcerated individual;

(8) any other information concerning the safety or welfare of the [inmate] incarcerated individual.

(2) determinations made upon an interview with a [inmate] incarcerated individual at the time of classification;

where it is determined that the county does not have an approved service plan in effect pursuant to article thirteen-A of the executive law or is found to be in non-compliance therewith, as provided in section two hundred sixty-three of such law, it shall prohibit the commingling of any of the following categories of [inmate] incarcerated individuals:

Notwithstanding the provisions of this subdivision to the contrary, classification as authorized pursuant to this section may occur without compliance with paragraphs (b) and (c) of this subdivision for a period not to exceed six months immediately following the submission of a plan to the division pursuant to section two hundred sixty-two of the executive law. During such six month period the commission shall undertake to review, observe and assess the classification of [inmate] incarcerated individuals in local correctional facilities as authorized under this section to thereby ascertain safeguards which should be incorporated in its rules and regulations. Further, during such six month period in which such classification shall be permitted pursuant to this subdivision, the commission shall evaluate whether a local correctional facility is in substantial noncompliance with rules and regulations regarding the requirements specified in paragraphs (a), (b) and (c) of this subdivision and shall determine at the end of such six month period whether substantial noncompliance exists. At the expiration of the six month period if the commission finds a local facility in substantial noncompliance, the commission shall order that the prohibition set forth in this subdivision immediately take effect. The commissioner shall advise the chief administrative officer of such facility of the specific nature of the noncompliance and the specific measures which should be undertaken to remedy the noncompliance. When such measures have been implemented, the chief administrative officer shall certify same to the commissioner and upon the verification thereof by the commissioner, shall permit the chief administrative officer to classify [inmate] incarcerated individuals as provided under this section. In the event substantial noncompliance is not found at the expiration of the six month period, then the local correctional facility may continue to classify [inmate] incarcerated individuals as authorized in this section.

The chief administrative officer shall forward to the commissioner a quarterly report relative to the housing of [inmate] incarcerated individuals. The report shall include, but not be limited to:

13. Where in the opinion of the chief administrative officer an emergency overcrowding condition exists in a local correctional facility caused in part by the prohibition against the commingling of persons under eighteen years of age with persons eighteen years of age or older or the commingling of persons eighteen years of age or older with persons under eighteen years of age, the chief administrative officer may apply to the commission for permission to commingle the aforementioned categories of [inmate] incarcerated individuals for a period not to exceed thirty days as provided herein. The commission shall acknowl-
edge to the chief administrative officer the receipt of such application upon its receipt. The chief administrative officer shall be permitted to commingle such [inmates] incarcerated individuals upon acknowledgment of receipt of the application by the commission. The commission shall assess the application within seven days of receipt. The commission shall deny any such application and shall prohibit the continued commingling of such [inmates] incarcerated individuals where it has found that the local correctional facility does not meet the criteria set forth in this subdivision and further is in substantial noncompliance with minimum staffing requirements as provided in commission rules and regulations. In addition, the commission shall determine whether the commingling of such [inmates] incarcerated individuals presents a danger to the health, safety or welfare of any such [inmate] incarcerated individual. If no such danger exists the chief administrative officer may continue the commingling until the expiration of the aforementioned thirty day period or until such time as he or she determines that the overcrowding which necessitated the commingling no longer exists, whichever occurs first. In the event the commission determines that such danger exists, it shall immediately notify the chief administrative officer, and the commingling of such [inmates] incarcerated individuals shall cease. Such notification shall include specific measures which should be undertaken by the chief administrative officer, to correct such dangers. The chief administrative officer may correct such dangers and reapply to the commission for permission to commingle; however, no commingling may take place until such time as the commission certifies that the facility is now in compliance with the measures set forth in the notification under this subdivision. When such certification has been received by the chief administrative officer, the commingling may continue for thirty days, less any time during which the chief administrative officer commingled such [inmates] incarcerated individuals following his or her application to the commission, or until such time as he determines that the overcrowding which necessitated the commingling no longer exists, whichever occurs first. The chief administrative officer may apply for permission to commingle such [inmates] incarcerated individuals for up to two additional thirty day periods, in conformity with the provisions and the requirements of this subdivision, in a given calendar year. For the period ending December thirtieth, nineteen hundred eighty-four, a locality may not apply for more than one thirty day commingling period.

50 § 205. Subdivisions 1 and 2 of section 504 of the correction law,
51 subdivision 1 as amended by chapter 305 of the laws of 2019 and subdivi-
52 sion 2 as amended by section 28 of subpart B of part C of chapter 62 of
53 the laws of 2011, are amended to read as follows:
54 1. (a) If there is no jail in a county, or the jail becomes unfit or
55 unsafe for the confinement of some or all of the [inmates] incarcerated
56 individuals, civil or criminal, or is destroyed by fire or otherwise, or
if a pestilential disease breaks out in the jail or in the vicinity of
the jail and the physician to the jail certifies that it is likely to
endanger the health of any or all of the [inmates] incarcerated individuals in the jail, the state commission of correction, upon application,
must, by an instrument in writing, filed with the clerk of the county,
designate another suitable place within the county, or the jail of any
other county, for the confinement of some or all of the [inmates] incarcerated individuals, as the case requires. The place so designated therupon becomes, to all intents and purposes, except as otherwise
prescribed in this article, the jail of the county for which it has been
so designated, and the purposes expressed in the instrument designating
the same. The designation may be amended, modified or revoked by the
state commission of correction by a subsequent instrument in writing
filed with the clerk of the county.

(b) If transfer to the jail of another county would allow for an
[inmate's] incarcerated individual's participation in beneficial
programming, the state commission of correction, upon application and
the consent of such [inmate] incarcerated individual and any involved
sheriff, may, by an instrument in writing, filed with the clerk of the
county, designate the jail of such other county, for the confinement of
such [inmate] incarcerated individual, as the case requires. The jail so
designated thereupon becomes, to all intents and purposes, except as
otherwise prescribed in this article, the jail of the county for which
it has been so designated, and the purposes expressed in the instrument
designating the same. The designation may be amended, modified or
revoked by the state commission of correction by a subsequent instrument
in writing filed with the clerk of the county.

2. Where the jail in a county becomes unfit or unsafe for the confine-
ment of some or all of the [inmates] incarcerated individuals due to an
[inmate] incarcerated individual disturbance or other extraordinary
circumstances, including but not limited to a natural disaster, unantic-
ipated deficiencies in the structural integrity of a facility or the
inability to provide one or more [inmates] incarcerated individuals with
essential services such as medical care, upon the request of the munici-
pal official as defined in subdivision four of section forty of this
chapter and no other suitable place within the county nor the jail of
any other county is immediately available to house some or all of the
[inmates] incarcerated individuals, the commissioner of corrections and
community supervision may, in his or her sole discretion, make avail-
able, upon such terms and conditions as he or she may deem appropriate,
all or any part of a state correctional institution for the confinement
of some or all of such [inmates] incarcerated individuals as an adjunct
to the county jail for a period not to exceed thirty days. However, if
the county jail remains unfit or unsafe for the confinement of some or
all of such [inmates] incarcerated individuals beyond thirty days, the
state commission of correction, with the consent of the commissioner of
corrections and community supervision, may extend the availability of a
state correctional institution for one or more additional thirty day
periods. The state commission of correction shall promulgate rules and
regulations governing the temporary transfer of [inmates] incarcerated
individuals to state correctional institutions from county jails,
including but not limited to provisions for confinement of such
[inmates] incarcerated individuals in the nearest correctional facility,
to the maximum extent practicable, taking into account necessary securi-
ty. The commissioner of corrections and community supervision may, in
his or her sole discretion, based on standards promulgated by the
department, determine whether a county shall reimburse the state for any
or all of the actual costs of confinement as approved by the director of
the division of the budget. On or before the expiration of each thirty
day period, the state commission of correction must make an appropriate
designation pursuant to subdivision one of this section if the county
jail remains unfit or unsafe for the confinement of some or all of the
inmates incarcerated individuals and consent to the continued avail-
ability of a state correctional institution as required for herein. The
superintendence, management and control of a state correctional institu-
tion or part thereof made available pursuant hereto and the inmates
incarcerated individuals housed therein shall be as directed by the
commissioner of corrections and community supervision.
§ 206. Subdivisions 1, 3 and 4 of section 505 of the correction law,
as added by chapter 437 of the laws of 2013, are amended to read as
follows:
1. Where an inmate incarcerated individual who is not yet eighteen
years of age has been committed to the custody of the sheriff or other
person in charge of a local correctional facility and no medical consent
has been obtained prior to commitment, the commitment order shall be
deemed to grant to the minor the capacity to consent to routine medical,
dental and mental health services and treatment to himself or herself.
3. (a) At any time prior to the date the inmate incarcerated indi-
vidual becomes eighteen years of age, the inmate's parent or legal guardian may institute legal proceedings pursuant to section 70.20 of the penal law objecting to the provision of routine medical, dental or mental health services and treatment being provided to the inmate incarcerated individual.
(b) A notice of motion shall be served on the inmate incarcerated individual and the sheriff or other person in charge of the local correctional facility not less than seven days prior to the return date of the motion. The person on whom the notice of motion is served shall answer the motion not less than two days before the return date. On examining the motion and answer and, in its discretion, after hearing argument, the court shall enter an order, granting or denying the motion.
4. Nothing in this section shall preclude an inmate incarcerated individual from consenting on his or her own behalf to any medical, dental or mental health services and treatment where otherwise author-
ized by law to do so.
§ 207. Subdivision 1 and paragraph a of subdivision 2 of section 508
of the correction law, as amended by chapter 196 of the laws of 2017,
are amended to read as follows:
1. A sheriff, in his or her discretion, may by written order permit inmates incarcerated individuals confined in a local correctional facility to receive medical diagnosis and treatment in outside hospi-
tals, upon the determination that such outside treatment and diagnosis is necessary by reason of inadequate facilities within the local correc-
tional facility. Such inmates incarcerated individuals shall remain
under the jurisdiction and in the custody of said sheriff while in a hospital, other than a secure facility, as such term is defined in para-
graph b of subdivision two of this section, and said sheriff shall enforce proper measures in each case to safely maintain such jurisdic-
tion and custody.
a. If a physician to a jail or in case of a vacancy a physician acting
as such and the warden or jailer certify in writing that a prisoner
confined in a jail, either in a civil cause or upon a criminal charge,
is in such a state of mental health that he or she is in need of involuntary care and treatment and in their opinion should be removed to a psychiatric hospital for treatment, the warden or jailer shall immediately notify the director who shall have the responsibility for providing treatment for such prisoner. If such director after examination of the prisoner by an examining physician designated by him or her shall determine that such prisoner is in need of involuntary care and treatment, the director shall file an application for the involuntary hospitalization of such prisoner pursuant to article nine of the mental hygiene law in a hospital or secure facility, as defined in paragraph b of this subdivision, operated by the office of mental health or in the case of a prisoner confined in a jail in a city or county which maintains or operates a general hospital containing a psychiatric prison ward approved by the office of mental health to such prison ward for care and treatment or to any other psychiatric hospital if such prison ward is filled to capacity. Such application shall be supported by the certificate of two physicians in accordance with the requirements of section 9.27 of the mental hygiene law and thereupon such prisoner shall be admitted forthwith to the hospital or secure facility in which such application is filed, and the procedures of the mental hygiene law governing the hospitalization of such prisoner. The jailer or warden having custody of the prisoner shall deliver the prisoner to the hospital or secure facility with which the director has filed the application. If such jailer or warden shall certify that such prisoner has a mental illness which is likely to result in serious harm to himself or others and for which care in a psychiatric hospital is appropriate such jailer or warden shall effect the admission of such prisoner to a hospital or secure facility forthwith in accordance with the provisions of section 9.37 or 9.39 of the mental hygiene law and the hospital shall admit such prisoner. Upon admission of the prisoner, pursuant to section 9.37 or 9.39 of the mental hygiene law, the jailer or warden shall notify the director, the prisoner's attorney, and his or her family, where information about the family is available. While the prisoner is in the hospital, other than a secure facility, he or she shall remain in the custody under sufficient guard of the jailer or warden in charge of the jail from which he or she came. When the prisoner is in a secure facility, the jailer or warden may transfer custody of the [inmate incarcerated individual] to the commissioner of mental health, pursuant to an agreement between such jailer or warden and such commissioner. A prisoner admitted to a psychiatric hospital pursuant to section 9.27, 9.37 or 9.39 of the mental hygiene law may be retained at the hospital or secure facility pursuant to the provisions of the mental hygiene law until he or she has improved sufficiently in his or her mental illness so that hospitalization is no longer necessary or until ordered by the court to be returned to the jail whichever comes first and in either event, the prisoner shall thereupon be returned to jail. The cost of the care and treatment of such prisoners in the hospital or secure facility shall be defrayed in accordance with the provisions of the mental hygiene law in such cases provided. From the time of admission of a prisoner to a hospital under this section the retention of such prisoner for care and treatment shall be subject to the provisions for notice, hearing, review and judicial approval of continued retention or transfer and continued retention provided by article nine of the mental hygiene law for the admission and retention of involuntary patients.

In cases where payment of such accommodations, maintenance and medical care is assumed by the county, city or town from which such incarcerated individual was committed the payor shall make payment by issuing payment instrument in favor of the agency or individual that provided such accommodations and services, after certification has been made by the head of the institution to which the incarcerated individual was legally confined, that the charges for such accommodations, maintenance and medical care were necessary and are just, and that the institution has no available funds for such purpose.

2. A child so born may be returned with its mother to the correctional institution in which the mother is confined unless the chief medical officer of the correctional institution shall certify that the mother is
physically unfit to care for the child, in which case the statement of
the said medical officer shall be final. A child may remain in the
correctional institution with its mother for such period as seems desir-

§ 217. Section 622 of the correction law, as added by chapter 7 of the laws of 2007, subdivision 6 as amended by chapter 672 of the laws of 2019, is amended to read as follows:

§ 622. Sex offender treatment program. 1. The department shall make available a sex offender treatment program for those incarcerated individuals who are serving sentences for felony sex offenses, or for other offenses defined in subdivision (p) of section 10.03 of the mental hygiene law, and are identified as having a need for such program in accordance with sections eight hundred three and eight hundred five of this chapter. In developing the treatment program, the department shall give due regard to standards, guidelines, best practices, and qualifications recommended by the office of sex offender management. The department shall make such treatment programs available sufficiently in advance of the time of the incarcerated individual's consideration by the case review team, pursuant to section 10.05 of the mental hygiene law, so as to allow the incarcerated individual to complete the treatment program prior to that time.

2. The primary purpose of the program shall be to reduce the likelihood of reoffending by assisting such offenders to control their chain of behaviors that lead to sexual offending. The length of participation for each incarcerated individual to achieve successful completion shall be dependent upon the initial assessment of the incarcerated individual's specific needs and the degree of progress made by the incarcerated individual as a participant but shall not be less than six months.

3. The department's sex offender treatment program shall include residential programs, which shall require that at each correctional facility where the residential program is provided, incarcerated individuals participants shall be housed within the same housing area in order to provide clinically appropriate treatment, and to provide a more structured and controlled setting.

4. Each residential program shall be staffed with a licensed psychologist who shall provide clinical supervision to the treatment staff, review, approve and modify treatment plans as appropriate for individual incarcerated individuals, provide clinical assessments for participating incarcerated individuals, observe and participate in group sessions and make treatment recommendations. Each residential program shall also be staffed with a licensed clinical social worker or other mental health professional who shall be knowledgeable about the administration of testing instruments that are designed to measure the degree of a sex offender's psychopathy and his or her
program needs. The assigned licensed psychologist shall also be knowledgeable about the application of such testing instruments.

5. Any [inmate] incarcerated individual committed to the custody of the department on or after the effective date of this section for a felony sex offense, or for any of the other offenses listed in subdivision (p) of section 10.03 of the mental hygiene law, shall, as soon as practicable, be initially assessed by staff of the office of mental health who shall be knowledgeable regarding the diagnosis, treatment, assessment or evaluation of sex offenders. The assessment shall include, but not be limited to, the determination of the degree to which the [inmate] incarcerated individual presents a risk of violent sexual recidivism and his or her need for sex offender treatment while in prison.

6. Staff of the office of mental health and the office for people with developmental disabilities may be consulted about the [inmate] incarcerated individual's treatment needs and may assist in providing any additional treatment services determined to be clinically appropriate to address the [inmate] incarcerated individual's underlying mental abnormality or disorder. Such treatment services shall be provided using professionally accepted treatment protocols.

2. The department shall make available either a "prepaid" or "collect call" system, or a combination thereof, for telephone service. Under the "prepaid" system, funds may be deposited into an account in order to pay for station-to-station calls, provided that nothing in this subdivision shall require the department to provide or administer a prepaid system. Under a "collect call" system, call recipients are billed for the cost of an accepted telephone call initiated by an [inmate] incarcerated individual. Under such "collect call" system, the provider of [inmate] incarcerated individual telephone service, as an additional means of payment, must permit the recipient of [inmate] incarcerated individual calls to establish an account with such provider in order to deposit funds to pay for such collect calls in advance.

3. The department shall not accept or receive revenue in excess of its reasonable operating cost for establishing and administering such telephone system services as provided in subdivisions one and two of this section.

4. The department shall establish rules and regulations or departmental procedures to ensure that any [inmate] incarcerated individual phone call system established by this section provides reasonable security measures to preserve the safety and security of each correctional facility, all staff and all persons outside a facility who may receive [inmate] incarcerated individual phone calls.

§ 219. Section 624 of the correction law, as added by chapter 447 of the laws of 2016, is amended to read as follows:

Procedure for furlough release of eligible [inmates] incarcerated
individuals. 1. A person confined in a city prison or a county jail and
penitentiaries of a county which elects to have this article apply ther-

incarcerated individual, may make application to the furlough release
committee of the institution for permission to participate in a furlough
program.

2. Any eligible [inmate] incarcerated individual may make application
to the furlough committee for leave of absence provided, however, that
in exigent circumstances such application may be made directly to the
warden of the institution and the warden may exercise all of the powers
of the furlough committee subject, however, to any limitations or
requirements set forth in the rules and regulations of the department
and subject further to the discretion of the commissioner.

6. After approving the program of furlough, the warden may then permit
an eligible [inmate] incarcerated individual who has accepted such
program to go outside the premises of the institution within the limits
of the extended bounds of confinement described in the memorandum;
provided, however, that no such permission shall become effective in the
case of a furlough program prior to the time at which the person to be
released becomes an eligible [inmate] incarcerated individual.

7. Participation in a furlough release program shall be a privilege.
Nothing contained in this article may be construed to confer upon any
[inmate] incarcerated individual the right to participate, or to contin-

may at any time, and upon recommendation of the furlough committee or of
the commissioner, revoke any [inmate’s] incarcerated individual’s privi-

program as signed by the warden of the institution and shall exhibit
such copy to any peace officer or police officer upon request of such
officer.

2. If the [inmate] incarcerated individual violates any provision of
the program, or any rule, or regulation promulgated by the commissioner
for conduct of [inmates] incarcerated individuals participating in

to the same extent as if he or she violated a rule or regulation of the
commissioner for conduct of [inmates] incarcerated individuals within
the premises of the institution.

any peace officer or police officer and, in such event the [inmate]
incarcerated individual shall be returned forthwith to the institution
that released him or her. In any case where the institution is in a
county other than the one in which the [inmate] incarcerated individual
is apprehended, the officer may deliver the [inmate] incarcerated individual
to the nearest institution, jail or lockup and it shall be the
duty of the person in charge of said facility to hold such [inmate]
incarcerated individual securely until such time as he or she is deliv-

The commissioner may revoke at any time such credit for any disciplinary infraction committed by the incarcerated individual or for any failure to continue to participate successfully in any assigned work and treatment program after the certificate of earned eligibility has been awarded. subdivision (c) of section eight thousand three hundred three-a of the
civil practice law and rules, or an order has not been issued by a
federal court pursuant to rule 11 of the federal rules of civil proce-
dure imposing sanctions in an action commenced by the [inmate] incarcerated individual against a state agency, officer or employee.

2. In the case of an [inmate] incarcerated individual who meets the
criteria set forth in subdivision one of this section and who also meets
the criteria for merit time as provided for in paragraph (d) of subdivi-
sion one of section eight hundred three of this article, such [inmate] incarcerated individual may be entitled to presumptive release, as
provided in this section, at the expiration of five-sixths of the mini-
mum or aggregate minimum period of his or her indeterminate term of
imprisonment.

3. Any [inmate] incarcerated individual eligible for presumptive
release pursuant to this section shall be required to apply for such
release pursuant to section two hundred six of this chapter.

4. The commissioner shall promulgate rules and regulations for the
granting, withholding, cancellation and recission of presumptive release
authorized by this section in accordance with law.

5. No person shall have the right to demand or require presumptive
release authorized by this section. The commissioner may revoke at any
time an [inmate's] incarcerated individual's scheduled presumptive
release pursuant to this section for any disciplinary infraction commit-
ted by the [inmate] incarcerated individual or for any failure to
continue to participate successfully in any assigned work and treatment
program after the certificate of earned eligibility has been awarded.
The commissioner may deny presumptive release to any [inmate] incarcerated individual whenever the commissioner determines that such release
may not be consistent with the safety of the community or the welfare of
the [inmate] incarcerated individual. Any action by the commissioner
pursuant to this section shall be deemed a judicial function and shall
not be reviewable if done in accordance with law.

6. Any eligible [inmate] incarcerated individual who is not released
pursuant to subdivision one or two of this section shall be considered
for discretionary release on parole pursuant to the provisions of

Provided, further, however, that a person under a determinate sentence as a second felony drug offender for a class B felony offense defined in article two hundred twenty of the penal law, who was sentenced pursuant to section 70.70 of such law, shall not be eligible to participate in a temporary release program until the time served under imprisonment for his or her determinate sentence, including any jail time credited pursuant to the provisions of article seventy of the penal law, shall be at least eighteen months. In the case of a person serving an indeterminate sentence of imprisonment imposed pursuant to the penal law in effect after September one, nineteen hundred sixty-seven, for the purposes of this article parole eligibility shall be upon the expiration of the minimum period of imprisonment fixed by the court or where the court has not fixed any period, after service of the minimum period fixed by the state board of parole. If an [inmate] incarcerated individual is denied release on parole, such [inmate] incarcerated individual shall not be deemed an eligible [inmate] incarcerated individual until he or she is within two years of his or her next scheduled appearance before the state parole board. In any case where an [inmate] incarcerated individual is denied release on parole while participating in a temporary release program, the department shall review the status of the [inmate] incarcerated individual to determine if continued placement in the program is appropriate. No person convicted of any escape or absconding offense defined in article two hundred five of the penal law shall be eligible for temporary release. Further, no person under sentence for aggravated harassment of an employee by an [inmate] incarcerated individual as defined in section 240.32 of the penal law for, any homicide offense defined in article one hundred twenty-five of the penal law, or any sex offense defined in article one hundred thirty of the penal law, or for an offense defined in section 255.25, 255.26 or 255.27 of the penal law shall be eligible to participate in a work release program as defined in subdivision three of this section. Nor shall any person under sentence for any sex offense defined in article one hundred thirty of the penal law be eligible to participate in a community services program as defined in subdivision five of this section. Notwithstanding the foregoing, no person who is an otherwise eligible [inmate] incarcerated individual who is under sentence for a crime involving: (a) infliction of serious physical injury upon another as defined in the penal law or (b) any other offense involving the use or threatened use of a deadly weapon may participate in a temporary release program without the written approval of the commissioner. The commissioner shall promulgate regulations giving direction to the temporary release committee at each institution in order to aid such committees in carrying out this mandate.

The governor, by executive order, may exclude or limit the participation of any class of otherwise eligible [inmates] incarcerated individuals from participation in a temporary release program. Nothing in this paragraph shall be construed to affect either the validity of any executive order previously issued limiting the participation of otherwise eligible [inmates] incarcerated individuals in such program or the authority of the commissioner to impose appropriate regulations limiting such participation.

§ 228-a. Subdivisions 2-a, 3, 4, 5, 6, 7, 8 and 10 of section 851 of the correction law, subdivision 2-a as added by chapter 251 of the laws
of 2002, subdivision 3 as amended by chapter 60 of the laws of 1994, subdivisions 4, 5, 6, 7, 8 and 10 as amended by chapter 691 of the laws of 1977 and paragraph (a) of subdivision 6 as amended by chapter 107 of the laws of 1983, are amended to read as follows:

2-a. With respect to an incarcerated individual's claim that he or she was subjected to substantial physical, sexual or psychological abuse committed by the victim, such demonstration shall include corroborative material that may include, but is not limited to, witness statements, social services records, hospital records, law enforcement records and a showing based in part on documentation prepared at or near the time of the commission of the offense or the prosecution thereof tending to support the incarcerated individual's claim. Prior to making a determination under this subdivision, the commissioner is required to request and take into consideration the opinion of the district attorney who prosecuted the underlying homicide or assault offense and the opinion of the sentencing court. If such opinions are received within forty-five days of the request, the commissioner shall take them into consideration. If such opinions are not so received, the commissioner may proceed with the determination. Any action by the commissioner pursuant to this subdivision shall be deemed a judicial function and shall not be reviewable in any court.

3. "Work release program" means a program under which eligible incarcerated individuals may be granted the privilege of leaving the premises of an institution for a period not exceeding fourteen hours in any day for the purpose of on-the-job training or employment, or for any matter necessary to the furtherance of any such purposes. No person shall be released into a work release program unless prior to release such person has a reasonable assurance of a job training program or employment. If after release, such person ceases to be employed or ceases to participate in the training program, the incarcerated individual's privilege to participate in such work release program may be revoked in accordance with rules and regulations promulgated by the commissioner.

4. "Furlough program" means a program under which eligible incarcerated individuals may be granted the privilege of leaving the premises of an institution for a period not exceeding seven days for the purpose of seeking employment, maintaining family ties, solving family problems, seeking post-release housing, attending a short-term educational or vocational training course, or for any matter necessary to the furtherance of any such purposes.
5. "Community services program" means a program under which eligible incarcerated individuals may be granted the privilege of leaving the premises of an institution for a period not exceeding fourteen hours in any day for the purpose of participation in religious services, volunteer work, or athletic events, or for any matter necessary to the furtherance of any such purposes.

6. "Leave of absence" means a privilege granted to an incarcerated individual, who need not be an "eligible incarcerated individual," to leave the premises of an institution for the period of time necessary:
   (a) to visit his or her spouse, child, brother, sister, grandchild, parent, grandparent or ancestral aunt or uncle during his or her last illness if death appears to be imminent;
   (b) to attend the funeral of such individual;
   (c) to undergo surgery or to receive medical or dental treatment not available in the correctional institution only if deemed absolutely necessary to the health and well-being of the incarcerated individual and whose approval is granted by the commissioner or his or her designated representative.

7. "Educational leave" means a privilege granted to an eligible incarcerated individual to leave the premises of an institution for a period not exceeding fourteen hours in any day for the purpose of education or vocational training, or for any matter necessary to the furtherance of any such purposes.

8. "Industrial training leave" means a privilege granted to an eligible incarcerated individual to leave the premises of an institution for a period not exceeding fourteen hours in any day for the purpose of participating in an industrial training program, or for any matter necessary to the furtherance of any such purpose.

10. "Extended bounds of confinement" means the area in which an incarcerated individual participating in a temporary release program may travel, the routes he or she is permitted to use, the places he or she is authorized to visit, and the hours, days, or specially defined period during which he or she is permitted to be absent from the premises of the institution.

§ 228-b. Subdivision 2 of section 851 of the correction law, as amended by chapter 447 of the laws of 1991, the opening paragraph as amended by chapter 252 of the laws of 2005 and the closing paragraph as amended by section 43 of subpart B of part C of chapter 62 of the laws of 2011, is amended to read as follows:

2. "Eligible incarcerated individual" means: a person confined in an institution who is eligible for release on parole or who will become eligible for release on parole or conditional release within two years. Provided, that a person under a determinate sentence as a second felony drug offender for a class B felony offense defined in article two hundred twenty of the penal law, who was sentenced pursuant to section 70.70 of such law, shall not be eligible to participate in a temporary release program until the time served under imprisonment for his or her determinate sentence, including any jail time credited pursuant to the provisions of article seventy of the penal law, shall be at least eighteen months. In the case of a person serving an indeterminate sentence of imprisonment imposed pursuant to the penal law in effect after September one, nineteen hundred sixty-seven, for the purposes of this article parole eligibility shall be upon the expiration of the minimum period of imprisonment fixed by the court or where the court has not fixed any period, after service of the minimum period fixed by the

state board of parole. If an [inmate] incarcerated individual is denied
release on parole, such [inmate] incarcerated individual shall not be
deemed an eligible [inmate] incarcerated individual until he or she is
within two years of his or her next scheduled appearance before the
state parole board. In any case where an [inmate] incarcerated individ-
ual is denied release on parole while participating in a temporary
release program, the department shall review the status of the [inmate]
icarcerated individual to determine if continued placement in the
program is appropriate. No person convicted of any escape or absconding
offense defined in article two hundred five of the penal law shall be
eligible for temporary release. Nor shall any person under sentence for
any sex offense defined in article one hundred thirty of the penal law
be eligible to participate in a community services program as defined in
subdivision five of this section. Notwithstanding the foregoing, no
person who is an otherwise eligible [inmate] incarcerated individual who
is under sentence for a crime involving: (a) infliction of serious phys-
ical injury upon another as defined in the penal law, (b) a sex offense
involving forcible compulsion, or (c) any other offense involving the
use or threatened use of a deadly weapon may participate in a temporary
release program without the written approval of the commissioner. The
commissioner shall promulgate regulations giving direction to the tempo-
rary release committee at each institution in order to aid such commit-
tees in carrying out this mandate.

The governor, by executive order, may exclude or limit the partic-
ipation of any class of otherwise eligible [inmates] incarcerated indi-
viduals from participation in a temporary release program. Nothing in
this paragraph shall be construed to affect either the validity of any
executive order previously issued limiting the participation of other-
wise eligible [inmates] incarcerated individuals in such program or the
authority of the commissioner to impose appropriate regulations limiting
such participation.

§ 855. Procedure for temporary release of inmates incarcerated individual. 1. A person confined in an institution designated for the conduct of work release programs who is an eligible inmate incarcerated individual, may make application to the temporary release committee of the institution for permission to participate in a work release program.

2. Any eligible inmate incarcerated individual may make application to the temporary release committee for participation in a furlough program or community services program, or for an industrial training leave or educational leave.

3. Any inmate incarcerated individual may make application to the temporary release committee for a leave of absence provided, however, that in exigent circumstances such application may be made directly to the superintendent of the institution and the superintendent may exercise all of the powers of the temporary release committee subject, however, to any limitation or requirement set forth in the rules and regulations of the department and subject further to the discretion of the commissioner. All leave of absences provided in exigent circumstances shall state the reasons for approval or disapproval of the application and shall be included in the inmate’s institutional parole file.

4. If the temporary release committee determines that a temporary release program for the applicant is consistent with the safety of the community and the welfare of the applicant, and is consistent with rules and regulations of the department, the committee, with the assistance of the employees or unit designated by the commissioner pursuant to subdivision four of section eight hundred fifty-two of this article, shall develop a suitable program of temporary release for the applicant. Consistent with these provisions, any educational leave program shall consider the scheduling of classes to insure a reduction of release time not spent in educational pursuits.

5. The committee shall then prepare a memorandum setting forth the details of the temporary release program including the extended bounds of confinement and any other matter required by rules or regulations of the department. Such memorandum shall be transmitted to the superintendent who may approve or reject the program, subject to rules and regulations promulgated by the commissioner. If the superintendent approves the program, he or she shall indicate such approval in writing by signing the memorandum. If the superintendent rejects the program, he or she shall state his or her reasons in writing and a copy of his or her statement shall be given to the inmate incarcerated individual and to the commissioner and such decision shall be reviewed by the commissioner. 6. In order for an applicant to accept a program of temporary release, such inmate incarcerated individual shall agree to be bound by all the terms and conditions thereof and shall indicate such agreement by signing the memorandum of the program immediately below a statement reading as follows: "I accept the foregoing program and agree to be bound by the terms and conditions thereof. I understand that I will be under the supervision of the state department of corrections and community supervision while I am away from the premises of the institution and I agree
to comply with the instructions of any parole officer or other employee of the department assigned to supervise me. I understand that my participation in the program is a privilege which may be revoked at any time, and that if I violate any provision of the program I may be taken into custody by any peace officer or police officer and I will be subject to disciplinary procedures. I further understand that if I intentionally fail to return to the institution at or before the time specified in the memorandum I may be found guilty of a felony." Such agreement shall be placed on file at the institution from which such temporary release is granted.

7. After approving the program of temporary release, the superintendent may then permit an incarcerated individual who has accepted such program to go outside the premises of the institution within the limits of the extended bounds of confinement described in the memorandum; provided, however, that no such permission shall become effective in the case of a work release or furlough program prior to the time at which the person to be released becomes an eligible incarcerated individual.

8. At least three days before releasing an incarcerated individual on a temporary release program, the superintendent shall notify in writing the sheriff or chief of police of the community into which the incarcerated individual is to be released.

9. Participation in a temporary release program shall be a privilege. Nothing contained in this article may be construed to confer upon any incarcerated individual the right to participate, or to continue to participate, in a temporary release program. The superintendent of the institution may at any time, and upon recommendation of the temporary release committee or of the chairman of the state board of parole or his or her designee, revoke any incarcerated individual's privilege to participate in a program of temporary release in accordance with regulations promulgated by the commissioner.

§ 231-a. The section heading, subdivisions 1, 5 and 6 of section 853 of the correction law, as added by chapter 472 of the laws of 1969, are amended to read as follows:

Procedure for release of eligible incarcerated individuals.

1. A person confined in an institution designated for the conduct of work release programs who is, or who within ninety days will become, an eligible incarcerated individual, may make application to the work release committee of the institution for permission to participate in a work release program.

5. After approving the program of work release, the warden may then permit an eligible incarcerated individual who has accepted such program to go outside the premises of the institution within the limits of the extended bounds of confinement described in the memorandum.

6. Participation in a work release program shall be a privilege. Nothing contained in this article may be construed to confer upon any incarcerated individual the right to participate, or to continue to participate, in a work release program. The warden of the institution may at any time, and upon recommendation of the work release committee or of the chairman of the state board of parole or his or her designee, revoke any incarcerated individual's privilege to participate in a program of work release.
§ 232. Section 856 of the correction law, as amended by chapter 691 of the laws of 1977, subdivisions 1 and 4 as amended by chapter 843 of the laws of 1980, is amended to read as follows:

§ 856. Conduct of [inmate] incarcerated individuals participating in a temporary release program. 1. An [inmate] incarcerated individual who is permitted to leave the premises of an institution to participate in a temporary release program shall have on his or her person a card identifying him or her as a participant in a temporary release program as signed by the superintendent of the institution at all times while outside the premises of the institution and shall exhibit such card to any peace officer or police officer upon request of such officer. The commissioner may, by regulation, require such information, including effective dates, to be included in such card as he or she shall deem necessary and proper.

2. If the [inmate] incarcerated individual violates any provision of the program, or any rule or regulation promulgated by the commissioner for conduct of [inmates] incarcerated individuals participating in temporary release programs, such [inmate] incarcerated individual shall be subject to disciplinary measures to the same extent as if he or she violated a rule or regulation of the commissioner for conduct of [inmates] incarcerated individuals within the premises of the institution. The failure of an [inmate] incarcerated individual to voluntarily return to the institution of his or her confinement more than ten hours after his or her prescribed time of return shall create a rebuttable presumption that the failure to return was intentional. Any [inmate] incarcerated individual who is found to have intentionally failed to return pursuant to this subdivision shall be an absconder in violation of his or her temporary release program and will not be an eligible [inmate] incarcerated individual as defined in subdivision two of section eight hundred fifty-one of this chapter. The creation of such rebuttable presumption shall not be admissible in any court of law as evidence of the commission of any crime defined in the penal law. A full report of any such violation, a summary of the facts and findings of the disciplinary hearing and disciplinary measures taken, shall be made available to the board for the [inmate's] incarcerated individual's next scheduled appearance before the state board of parole including any defense or explanation offered by the [inmate] incarcerated individual in response at such hearing.

3. The provisions of this chapter relating to good behavior allowances shall apply to behavior of [inmates] incarcerated individuals while participating in temporary release programs outside the premises of institutions, and such allowances may be granted, withheld, forfeited or cancelled in whole or in part for behavior outside the premises of an institution to the same extent and in the same manner as is provided for behavior of [inmates] incarcerated individuals within the premises of institutions.

4. An [inmate] incarcerated individual who is in violation of the provisions of his or her temporary release program may be taken into custody by any peace officer or police officer and, in such event, the [inmate] incarcerated individual shall be returned forthwith to either the institution that released him or her, or to the nearest secure facility where greater security is indicated. In any case where the institution is in a county other than the one in which the [inmate] incarcerated individual is apprehended, the officer may deliver the [inmate] incarcerated individual to the nearest institution, jail or lockup and it shall be the duty of the person in charge of said facility
to hold such [inmate] incarcerated individual securely until such time
as he or she is delivered into the custody of an officer of the institu-
tion from which he or she was released. Upon delivering the [inmate]
inincarcerated individual to an institution, jail or lockup, other than
the one from which the [inmate] incarcerated individual was released,
the officer who apprehended the [inmate] incarcerated individual shall
forthwith notify the superintendent of the institution from which the
[inmate] incarcerated individual was released and it shall be the duty
of the superintendent to effect the expeditious return of the [inmate]
inincarcerated individual to the institution.
5. Upon the conclusion or termination of a temporary release program,
a full report of the [inmate's] incarcerated individual's performance in
such program shall be prepared in accordance with regulations of the
commissioner. Such report shall include but not be limited to: adjust-
ment to release, supervision contacts, statement of any violations of
the terms and conditions of release and of any disciplinary actions
taken, and an assessment of the [inmate's] incarcerated individual's
suitability for parole. Such report shall be made available to the state
board of parole for the [inmate's] incarcerated individual's next sched-
uled appearance before such board.
§ 232-a. Section 854 of the correction law, as added by chapter 472 of
the laws of 1969, subdivision 2 as amended by section 46 of subpart B of
part C of section 62 of the laws of 2011, is amended to read as follows:

work release program. 1. An [inmate] incarcerated individual who is
permitted to leave the premises of an institution to participate in a
program of work release shall have on his or her person a copy of the
memorandum of that program as signed by the warden of the institution at
all times while outside the premises of the institution and shall exhib-
it such copy to any peace officer upon request of the officer.
2. If the [inmate] incarcerated individual violates any provision of
the program, or any rule or regulation promulgated by the commissioner
of corrections and community supervision for conduct of [inmates] incarcerated individuals participating in work release programs, he or she
shall be subject to disciplinary measures to the same extent as if he or
she violated a rule or regulation of the commissioner for conduct of
[inmates] incarcerated individuals within the premises of the institu-
tion.
3. The provisions of this chapter relating to good behavior allowances
shall apply to behavior of [inmates] incarcerated individuals while
participating in work release programs outside the premises of insti-
tutions, and such allowances may be granted, withheld, forfeited or
cancelled in whole or in part for behavior outside the premises of an
institution to the same extent and in the same manner as is provided for
behavior of [inmates] incarcerated individuals within the premises of
institutions.
4. An [inmate] incarcerated individual who is in violation of the
provisions of his or her work release program may be taken into custody
by any peace officer and, in such event, the [inmate] incarcerated indi-
vidual shall be returned forthwith to the institution that released him
or her. In any case where the institution is in a county other than the
one in which the [inmate] incarcerated individual is apprehended, the
officer may deliver the [inmate] incarcerated individual to the nearest
institution, jail or lockup and it shall be the duty of the person in
charge of said facility to hold such [inmate] incarcerated individual
securely until such time as he or she is delivered into custody of an
officer of the institution from which he or she was released. Upon delivering the incarcerated individual to an institution, jail or lockup, other than the one from which he or she was released, the peace officer who apprehended the incarcerated individual shall forthwith notify the warden of the institution from which the incarcerated individual was released and it shall be the duty of the warden to effect the expeditious return of the incarcerated individual to the institution.

Notwithstanding subdivision five of this section, an [inmate] incarcerated individual sentenced to shock incarceration shall promptly commence participation in the program when such [inmate] incarcerated individual is an eligible [inmate] incarcerated individual pursuant to subdivision one of section eight hundred sixty-five of this article.

(f) Fees for [inmates] incarcerated individuals. 1. Notwithstanding any other provision of law to the contrary, a federal, state or local [inmate] incarcerated individual under sentence for conviction of a crime may seek to commence his or her action or proceeding by paying a reduced filing fee as provided in paragraph two of this subdivision. Such [inmate] incarcerated individual shall file the form affidavit referred to in subdivision (d) of this section along with the summons and complaint or summons with notice or third-party summons and complaint or petition or notice of petition or order to show cause. As part of such application, the [inmate] incarcerated individual shall indicate the name and mailing address of the facility at which he or she is confined along with the name and mailing address of any other federal, state or local facility at which he or she was confined during the preceding six month period. The case will be given an index number if applicable, or, in courts other than the supreme or county courts, any necessary filing number and the application will be submitted to a judge of the court. Upon receipt of the application, the court shall obtain from the appropriate official of the facility at which the [inmate] incarcerated individual is confined a certified copy of the [inmate's] incarcerated individual's trust fund account statement (or institutional equivalent) for the six month period preceding filing of the [inmate's] incarcerated individual's application. If the [inmate] incarcerated individual has been confined for less than six months at such facility, the court shall obtain additional information as follows:
(i) in the case of a state [inmate] incarcerated individual who has been transferred from another state correctional facility, the court shall obtain a trust fund account statement for the six month period from the central office of the department of corrections and community supervision in Albany; or

(ii) in the case of a state [inmate] incarcerated individual who is newly transferred from a federal or local correctional facility, the court shall obtain any trust fund account statement currently available from such facility. The court may, in its discretion, seek further information from the prior or current facility.

If the court determines that the [inmate] incarcerated individual has insufficient means to pay the full filing fee, the court may permit the [inmate] incarcerated individual to pay a reduced filing fee, the minimum of which shall not be less than fifteen dollars and the maximum of which shall not be more than fifty dollars. The court shall require an initial payment of such portion of the reduced filing fee as the [inmate] incarcerated individual can reasonably afford or shall authorize no initial payment of the fee if exceptional circumstances render the [inmate] incarcerated individual unable to pay any fee; provided however, that the difference between the amount of the reduced filing fee and the amount paid by the [inmate] incarcerated individual in the initial partial payment shall be assessed against the [inmate] incarcerated individual as an outstanding obligation to be collected either by the superintendent or the municipal official of the facility at which the [inmate] incarcerated individual is confined, as the case may be, in the same manner that mandatory surcharges are collected as provided for in subdivision five of section 60.35 of the penal law. The court shall notify the superintendent or the municipal official of the facility where the [inmate] incarcerated individual is housed of the amount of the reduced filing fee that was not directed to be paid by the [inmate] incarcerated individual. Thereafter, the superintendent or the municipal official shall forward to the court any fee obligations that have been collected, provided however, that:

(i) in no event shall the filing fee collected exceed the amount of fees required for the commencement of an action or proceeding; and

(ii) in no event shall an [inmate] incarcerated individual be prohibited from proceeding for the reason that the [inmate] incarcerated individual has no assets and no means by which to pay the initial partial filing fee.

3. The institution at which an [inmate] incarcerated individual is confined, or the central office for the department of corrections and community supervision, whichever is applicable, shall promptly provide the trust fund account statement to the [inmate] incarcerated individual as required by this subdivision.

4. Whenever any federal, state or local [inmate] incarcerated individual obtains a judgment in connection with any action or proceeding which exceeds the amount of the filing fee, paid in accordance with the provisions of this subdivision for commencing such action or proceeding, the court shall award to the prevailing [inmate] incarcerated individual, as a taxable disbursement, the actual amount of any fee paid to commence the action or proceeding.

5. The provisions of this subdivision shall not apply to a proceeding commenced pursuant to article seventy-eight of this chapter which alleges a failure to correctly award or certify jail time credit due an [inmate] incarcerated individual, in violation of section six hundred-a of the correction law and section 70.30 of the penal law.
§ 250. Section 5011 of the civil practice law and rules, as amended by section 52 of subpart B of part C of chapter 62 of the laws of 2011, is amended to read as follows:

A judgment shall refer to, and state the result of, the verdict or decision, or recite the default upon which it is based. A judgment may direct that property be paid into court when the party would not have the benefit or use or control of such property or where special circumstances make it desirable that payment or delivery to the party entitled to it should be withheld. In any case where damages are awarded to a [inmate] incarcerated individual serving a sentence of imprisonment with the state department of corrections and community supervision or to a prisoner confined at a local correctional facility, the court shall give prompt written notice to the office of victim services, and at the same time shall direct that no payment be made to such [inmate] incarcerated individual or prisoner for a period of thirty days following the date of entry of the order containing such direction.
