8 completing such applications shall be able to also submit an application
9 to register to vote through the electronic voter registration transmit-

26 paper format shall be transmitted to the state board of elections
27 through an electronic voter registration transmittal system by convert-
28 ing the paper form to an image file or a portable document format file
29 which shall thereafter be deemed the original form for voter registra-

32 of the converted paper application may include or be accompanied by data
33 elements and transmittal information as required by the rules and regu-

46 of the eligibility requirements.

47 6. The voter registration related portion of each agency's integrated
48 application for services or assistance shall:

49 (a) include a statement of the eligibility requirements for voter

7. Information from the voter relevant to both voter registration and the agency application shall be entered by the voter only once upon an electronic application.

8. The agency shall redact or remove from the completed integrated application to be transmitted to the state board of elections any information solely applicable to the agency application.

6 FOR VOTER REGISTRATION AND PRE-REGISTRATION PURPOSES. DO NOT FORWARD MY
7 INFORMATION TO THE BOARD OF ELECTIONS."

8 11. The voter shall be able to sign the voter registration application
9 and the agency application by means of a single manual or electronic
10 signature unless the agency requires more than one signature for other
11 agency purposes.

12 12. No application for voter registration shall be submitted if the
13 applicant declines registration or fails to sign the integrated applica-
14 tion, whether on paper or online.

15 13. ~~[Designated]~~ Beginning January first, two thousand twenty-three,
16 designated agencies for purposes of this section shall include the
17 department of motor vehicles[7]. Beginning January first, two thousand

19 also include the department of health, the office of temporary and disa-
20 bility assistance, the department of labor, ~~[the office of vocational~~
21 ~~and educational services for individuals with disabilities,]~~ the office
22 of adult career and continuing education services - vocational rehabili-
23 tation, county and city departments of social services, and the New York
24 city housing authority, as well as any other agency designated by the
25 governor. Beginning January first, two thousand twenty-five, designated
26 agencies for the purposes of this section shall also include the state
27 university of New York. Each designated agency shall enter into an
28 agreement with the state board of elections finalizing the format and
29 content of electronic transmissions required by this section. The state
30 board of elections shall prepare and distribute to designated agencies
31 written instructions as to the implementation of the program and shall
32 be responsible for establishing training programs for employees of
33 designated agencies listed in this section. Such instructions and such
34 training shall ensure usability of the integrated application for low
35 English proficiency voters. Any such designated agency shall take all
36 actions that are necessary and proper for the implementation of this
37 section, including facilitating technological capabilities to allow
38 transmission of data through an interface with the electronic voter
39 registration transmittal system in a secure manner.

40 14. ~~[Each]~~ Every other year, the governor shall conduct a review of
41 each participating agency under section 5-211 of this article not
42 already designated as an automatic voter registration agency pursuant to
43 this subdivision in order to determine whether designation is appropri-
44 ate. The governor shall designate each participating agency that
45 collects information or documents that would provide proof of eligibil-
46 ity to vote unless the governor determines that there are compelling
47 reasons why automatic voter registration is not feasible at the agency.
48 If the governor should determine that there are compelling reasons why
49 automatic voter registration is not feasible at an agency, the governor
50 shall prepare a report explaining those reasons to the legislature by
51 the end of the calendar year in which that determination is made. Any
52 agency designated by the governor pursuant to this subdivision shall
53 provide automatic voter registration upon the earlier occurrence of: (a)
54 two years after designation by the governor, or (b) five days after the
55 date of certification by the state board of elections that the informa-

tion technology infrastructure to substantially implement the provisions of this section at the agency is functional.

15. The state board of elections shall promulgate rules and regulations for the creation and administration of an integrated electronic voter registration process as provided for by this section.

16. Each participating agency shall provide an opportunity through rulemaking for public notice and comment regarding the plans for implementation in the agency. Such opportunity must be provided sufficiently in advance of implementation to allow for adjustment of agency plans to take public comment into account. Agency plans for implementation shall provide for sufficient testing of the process in the agency prior to implementation in order to ensure the technology is functioning properly, the process is usable and understandable for applicants and agency employees, and reasonable precautions have been put in place to minimize error or the possibility of discouraging applications for services, assistance, or registration.

§ 5-902. Failure to receive exemplar signature not to prevent registration. If a voter registration exemplar signature is not received from an applicant who submits a voter registration or pre-registration application pursuant to this title and such signature exemplar is not otherwise available from the statewide voter registration database or a state or local agency, the local board of elections shall, absent another reason to reject the application, proceed to register or pre-register and, as applicable, enroll the applicant. Within ten days of such action, the board of elections shall send a standard form promulgated by the state board of elections to the voter whose record lacks an exemplar signature, requiring such voter to submit a signature for identification purposes. The voter shall submit to the board of elections a voter registration exemplar signature by any one of the following methods: in person, by mail with return postage paid provided by the board of elections, by electronic mail, or by electronic upload to the board of elections through the electronic voter registration transmittal system. If such voter does not provide the required exemplar signature, when the voter appears to vote the voter shall be entitled to vote by affidavit ballot.

§ 5-904. Presumption of innocent authorized error. 1. Notwithstanding subdivision six of section 5-210 of this article or any other law to the contrary, a person who is ineligible to vote who fails to decline to register or pre-register to vote in accordance with the provisions of this section and did not willfully and knowingly seek to register or pre-register to vote knowing that [~~he or she~~] the person is not eligible to do so:

(a) shall not be guilty of any crime as the result of the applicant's failure to make such declination;

(b) shall be deemed to have been registered or pre-registered with official authorization; and

(c) such act may not be considered as evidence of a claim to citizenship.

2. Notwithstanding subdivision six of section 5-210 of this article or any other law to the contrary, a person who is ineligible to vote who fails to decline to register or pre-register to vote in accordance with the provisions of this section, who then either votes or attempts to vote in an election held after the effective date of that person's registration, and who did not willfully and knowingly seek to register or pre-register to vote knowing that [~~he or she~~] the person is not

1 eligible to do so, and did not subsequently vote or attempt to vote
2 knowing that ~~[he or she]~~ the person is not eligible to do so:

3 (a) shall not be guilty of any crime as the result of the applicant's
4 failure to make such declination and subsequent vote or attempt to vote;

5 (b) shall be deemed to have been registered or pre-registered with
6 official authorization; and

7 (c) such act may not be considered as evidence of a claim to citizen-
8 ship.

9 § 5-906. Forms. The state board of elections shall promulgate rules
10 and regulations to implement this title. All agency forms and notices
11 required by this title shall be approved by the state board of
12 elections. All applications and notices for use by a board of elections
13 pursuant to this title shall be promulgated by the state board of
14 elections, and no addition or alteration to such forms by a board of
15 elections shall be made without approval of the state board of
16 elections.

17 § 2. Section 5-308 of the election law, as added by a chapter of the
18 laws of 2020 amending the election law relating to establishing an auto-
19 matic voter registration process integrated within designated agency
20 applications, as proposed in legislative bills numbers S.8806 and
21 A.8280-C, is amended to read as follows:

22 § 5-308. Enrollment; automatic voter registration. 1. The board of
23 elections shall, promptly and not later than twenty-one days after
24 receipt of a voter registration or pre-registration application submit-
25 ted pursuant to title nine of this article by a voter registering or
26 pre-registering for the first time, send any such voter who did not
27 enroll in a party a notice and a form to indicate party enrollment~~[~~
28 ~~with return postage paid by the board of elections]~~. Such notice shall
29 offer the voter the opportunity to enroll with a party or to decline to
30 enroll with a party and contain the following statement in prominent
31 type "~~[IF YOU DO NOT CHOOSE A PARTY YOU WILL NOT BE ABLE TO PARTICIPATE~~
32 ~~IN PRIMARY ELECTIONS FOR THAT PARTY]~~ ONLY ENROLLED MEMBERS OF A POLI-
33 TICAL PARTY MAY VOTE IN THAT PARTY'S PRIMARIES." Such form shall provide
34 a clear alternative for the applicant to decline to affiliate with any
35 party. ~~[If the board of elections has not received a response to the~~
36 ~~party enrollment notice and form within forty five days of the applica-~~
37 ~~tion, the board shall mail a second similar notice and form to the~~
38 ~~voter.]~~

39 2. Notwithstanding subdivision two of section 5-304 of this title, if
40 a voter who registered to vote for the first time (or pre-registered)
41 pursuant to title nine of this article responds to the notice required
42 by subdivision one of this section and elects to enroll in a party, such
43 enrollment shall take effect immediately. However, any pre-registrant's
44 registration shall remain classified as "pending" until ~~[he or she]~~ the
45 voter reaches the age of eligibility.

46 3. If a voter appears at a primary election and votes by affidavit
47 ballot indicating the intent to enroll in such party, such affidavit
48 ballot shall cause the voter to be enrolled immediately in that party if
49 the board of elections determines that the voter registered (or pre-re-
50 gistered) to vote for the first time pursuant to title nine of this
51 article.

52 4. If a voter appears at a primary election and votes by affidavit
53 ballot indicating the intent to enroll in such party, such affidavit
54 ballot shall be cast and counted if the board of elections determines
55 that the voter registered (or pre-registered) to vote at least twenty-

1 five days before that primary pursuant to title nine of this article and
2 such voter is otherwise qualified to vote in such election.
3 § 3. This act shall take effect on the same date and in the same
4 manner as a chapter of the laws of 2020 amending the election law relat-
5 ing to establishing an automatic voter registration process integrated
6 within designated agency applications, as proposed in legislative bills
7 numbers S.8806 and A.8280-C, takes effect.
