11 between January 1, 1999 and May 31, 1999
12 results solely from the late enactment of
13 the state legislation implementing the
14 federal adoption and safe families act,
15 the state shall be solely responsible for
16 the full amount of the disallowance or

18 provision shall be deemed to apply both
19 prospectively and retroactively regardless
20 of whether such sanctions or disallowances
21 are for services provided or claims made
22 prior to or after April 1, 2021.

23 Notwithstanding any other provision of law,
24 any federal disallowance resulting from a
25 federal title IV-E eligibility review or
26 audit that uses extrapolated statistic
27 techniques shall be passed along by the
28 state to any and all social services
29 districts that the office of children and
30 family services has determined have not
31 complied with the title IV-E eligibility
32 requirements or have not taken the neces-

2 less of the date the children may have

5 filing date of any federal claims for
6 reimbursement; provided, however, that the
7 state shall be responsible for the disal-
8 lowed costs and expenditures related to
9 the placement of children in a facility
10 operated by the office of children and
11 family services, which shall be determined
12 in the same manner as the disallowed costs
13 and expenditures for social services
14 districts other than the city of New York.
15 In order to reimburse the federal govern-
16 ment for the full amount of any disallow-
17 ance imposed on the state by the federal
18 administration for children and families
19 within the timeframes necessary to avoid
20 any potential interest payments on such
21 amount, the office of children and family
22 services is authorized to immediately
23 offset funds otherwise due to each
24 district for a pro rata share of the total
25 disallowed costs based on the percentage
26 of applicable federal title IV-E claims
27 made by that district for the relevant
28 time period as compared to the total
29 applicable statewide title IV-E claims.
30 The amount of the offset against each
31 district will be adjusted, if necessary,
32 upon completion of the disallowance allo-
33 cation process. The final allocation of
34 the amount of any federal disallowance
35 resulting from a title IV-E secondary
36 eligibility review shall be allocated
37 among the districts so that each district
38 shall be responsible for the amount
39 attributable to each of the district's
40 children or cases that are determined by
41 the federal review to be unallowable. Each
42 district shall also be responsible for a
43 portion of the federal extrapolated disal-
44 lowance amount based on the relative error
45 rate for the district. The city of New
46 York's error rate will be based on the
47 federal sample and federal statistics. For
48 all social services districts other than
49 the city of New York, the error rate will

4 and/or cases determined by the office. The
5 office of children and family services
6 will determine what is reasonable in
7 establishing the size of the sample and
8 sub-sample for each district. The office
9 of children and family services shall
10 notify each social services district of
11 the sample of children and/or cases from
12 the federal audit period that the social
13 services district must review. Any child
14 or case from the social services district
15 that was included in the federal sample
16 will automatically be included in the
17 social services district's review sample
18 and the determination made at the federal
19 review regarding that child or case will
20 govern for the purposes of the social
21 services district's review. The social
22 services district must complete and submit
23 the results of its review to the office of
24 children and family services within 60
25 days of receipt of the sample. The error
26 rate for the district will be based on the
27 findings of the district's review and the
28 office of children and family services'
29 re-review. If a social services district
30 does not complete its review within 60
31 days of receiving the sample from the
32 office of children and family services,
33 the office of children and family services
34 shall assign an error rate to the social
35 services district based on the relative
36 percentage of the district's applicable
37 title IV-E claims for the relevant period
38 as compared to applicable statewide title
39 IV-E claims for that period and other
40 circumstances that the office of children
41 and family services may consider in order
42 to allocate 100 percent of the federal
43 disallowance. The office of children and
44 family services shall apply each social
45 services district's error rate to the
46 total amount of the district's applicable
47 title IV-E claims including associated
48 administrative expenses. The resulting
49 dollar amounts for all of the social

3 each social services district, the amount
4 of the district's title IV-E claims deemed
5 to be in error will be divided by the
6 amount of statewide title IV-E claims
7 deemed to be in error. The resulting
8 disallowance percentage for each district
9 will be applied to the entire title IV-E
10 extrapolated disallowance calculated by
11 the federal review to determine the amount
12 of the extrapolated disallowance for which
13 the district is responsible. Each district
14 will be credited for the amount already
15 disallowed for any individual children or
16 cases found to be in error during the
17 federal review. The exclusive appeal
18 rights for the review of the amount of the
19 federal disallowance assigned to each
20 social services district shall be pursuant
21 to article 78 of the civil practice law
22 and rules; provided, however, that in any
23 such action all of the social services
24 districts shall be joined as necessary
25 parties and the venue of any such action
26 shall be in Rensselaer county. Any social
27 services district that fails to complete
28 its sample review in the required time
29 frames shall have no right to appeal and
30 shall not be a necessary party to any
31 action brought by another social services
32 district.

General Fund
Local Assistance Account - 10000

By chapter 53, section 1, of the laws of 2020:

Notwithstanding any inconsistent provision of law, the amount appropriated herein, shall be available under a foster care block grant for state reimbursement of eligible social services district expenditures for the provision and administration of foster care services including care, maintenance, supervision, and tuition; for supervision of foster children placed in federally funded job corps programs; for care, maintenance, supervision, and tuition for adjudicated juvenile delinquents placed in residential programs operated by authorized agencies and in out-of-state residential programs; and for the provision and administration of the kinship guardian assistance program including kinship guardianship assistance payments and payments for non-recurring guardianship expenses; except that, reimbursement from the amount appropriated herein shall not be available for tuition expenditures for foster children, including persons in need of supervision and adjudicated juvenile delinquents, made by a social services district located within a city having a population of one million or more.

Notwithstanding any other provision of law, a portion of the funds are available to reimburse social services districts for the change in the maximum state aid rates established by the office of children and family services for the 2020-21 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for salary and fringe benefit costs and other critical nonpersonal services costs for foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the cost of living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law, for the period commencing on April 1, 2020 and ending March 31, 2021 the commissioner shall not apply any cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are

1 otherwise reimbursable by the state from April 1, 2020 through March
2 31, 2021 shall be limited to a district allocation, hereinafter
3 referred to as the district's block grant allocation. Notwithstand-
4 ing any other provision of law, such block grant allocation shall be
5 based, in part, on each district's claims for such costs, adjusted
6 by the applicable cost allocation methodology and net of any retro-
7 active payments for the 12 month period ending June 30, 2019 that
8 are submitted on or before January 2, 2020 and, in part, on such
9 other factors as determined by the office of children and family
10 services and approved by the director of the budget. Any portion of
11 a social services district's allocation from funds appropriated
12 herein not claimed by such district during the state fiscal year may
13 be used by such district for expenditures on preventive services
14 provided pursuant to section 409-a of the social services law, inde-
15 pendent living services and aftercare services provided pursuant to
16 regulations of the department of family assistance, claimed by such
17 district during the next state fiscal year up to the amount remain-
18 ing from the district's foster care block grant allocation, provided
19 however, that any claims for such services during the next state
20 fiscal year in excess of such amount shall be subject to 62 percent
21 state reimbursement exclusive of any federal funds made available
22 for such purposes, in accordance with directives of the department
23 of family assistance and subject to the approval of the director of
24 the budget. Any claims submitted by a social services district for
25 reimbursement for a particular state fiscal year for which the
26 social services district does not receive state or federal
27 reimbursement during that state fiscal year may not be claimed
28 against that district's block grant apportionment for the next state
29 fiscal year.

30 The office of children and family services, with the approval of the
31 director of the budget, may reduce a district's block grant allo-
32 cation by the state share decrease related to federal retroactive
33 reimbursement for such foster care services identified herein. The
34 office, with the approval of the director of the budget, may reduce
35 a district's block grant allocation by the state share of disallow-
36 ances or sanctions taken against the district pursuant to the social
37 services law or federal law.

38 Notwithstanding any other provision of law, the state shall not be
39 responsible for reimbursing a social services district and a
40 district shall not seek state reimbursement for any portion of any
41 state disallowance or sanction taken against the social services
42 district, or any federal disallowance attributable to final federal
43 agency decisions or to settlement made, on or after July 1, 1995,
44 when such disallowance or sanction results from the failure of the
45 social services district to comply with federal or state require-
46 ments, including, but not limited to, failure to document eligibil-
47 ity for federal or state funds in the case record; provided, howev-
48 er, if the office determines that any federal disallowance for
49 services provided between January 1, 1999 and May 31, 1999 results
50 solely from the late enactment of the state legislation implementing
51 the federal adoption and safe families act, the state shall be sole-

ly responsible for the full amount of the disallowance or sanction; provided, further, however, this provision shall be deemed to apply both prospectively and retroactively regardless of whether such sanctions or disallowances are for services provided or claims made prior to or after April 1, 2020.

Notwithstanding any other provision of law, any federal disallowance resulting from a federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

Notwithstanding any law to the contrary, the office of children and family services shall impose on social services districts any federal disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset against each district will be adjusted, if necessary, upon completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the

OFFICE OF CHILDREN AND FAMILY SERVICES

1 federal sample and federal statistics. For all social services
2 districts other than the city of New York, the error rate will be
3 based on a review conducted by the district of a sample of children
4 and/or cases determined by the office of children and family
5 services and a re-review of a sub-sample by the office of those
6 children and/or cases determined by the office. The office of chil-
7 dren and family services will determine what is reasonable in estab-
8 lishing the size of the sample and sub-sample for each district. The
9 office of children and family services shall notify each social
10 services district of the sample of children and/or cases from the
11 federal audit period that the social services district must review.
12 Any child or case from the social services district that was
13 included in the federal sample will automatically be included in the
14 social services district's review sample and the determination made
15 at the federal review regarding that child or case will govern for
16 the purposes of the social services district's review. The social
17 services district must complete and submit the results of its review
18 to the office of children and family services within 60 days of
19 receipt of the sample. The error rate for the district will be based
20 on the findings of the district's review and the office of children
21 and family services' re-review. If a social services district does
22 not complete its review within 60 days of receiving the sample from
23 the office of children and family services, the office of children
24 and family services shall assign an error rate to the social
25 services district based on the relative percentage of the district's
26 applicable title IV-E claims for the relevant period as compared to
27 applicable statewide title IV-E claims for that period and other
28 circumstances that the office of children and family services may
29 consider in order to allocate 100 percent of the federal disallow-
30 ance. The office of children and family services shall apply each
31 social services district's error rate to the total amount of the
32 district's applicable title IV-E claims including associated admin-
33 istrative expenses. The resulting dollar amounts for all of the
34 social services districts will be summed to derive the total amount
35 of title IV-E claims deemed to be in error statewide. To establish a
36 disallowance percentage for each social services district, the
37 amount of the district's title IV-E claims deemed to be in error
38 will be divided by the amount of statewide title IV-E claims deemed
39 to be in error. The resulting disallowance percentage for each
40 district will be applied to the entire title IV-E extrapolated
41 disallowance calculated by the federal review to determine the
42 amount of the extrapolated disallowance for which the district is
43 responsible. Each district will be credited for the amount already
44 disallowed for any individual children or cases found to be in error
45 during the federal review. The exclusive appeal rights for the
46 review of the amount of the federal disallowance assigned to each
47 social services district shall be pursuant to article 78 of the
48 civil practice law and rules; provided, however, that in any such
49 action all of the social services districts shall be joined as
50 necessary parties and the venue of any such action shall be in Rens-
51 selaer county. Any social services district that fails to complete

2 appeal and shall not be a necessary party to any action brought by
3 another social services district.

35 provided by the commissioner of health of each local social services
36 district's share of payments made pursuant to section 367-b of the
37 social services law.

38 Notwithstanding the provisions of any other law to the contrary, the
39 office of children and family services may, on behalf of social
40 services districts, make payments to foster boarding homes paid
41 directly by social services districts by direct deposit or debit
42 card. Local social services districts shall reimburse the office for
43 the costs of administering such direct deposit or debit card
44 payments.

45 Notwithstanding any inconsistent provision of the social services law
46 or the state finance law, the office of children and family services
47 shall, on a quarterly basis, request that the office of temporary
48 and disability assistance reimburse the office of children and fami-
49 ly services for the non-federal share of the costs of administering
50 such direct deposit or debit card payments to capture the local

10 For eligible services and expenses of youth development programs as
11 determined by the office of children and family services. Notwith-
12 standing any other provision of law to the contrary, a youth devel-
13 opment program shall mean a program designed to provide community-
14 level services to promote positive youth development but shall not
15 include approved runaway programs or transitional independent living
16 support programs as such terms are defined in section 532-a of the
17 executive law. Each county or a city with a population of one
18 million or more, which shall be known as a municipality, operating a
19 youth development program approved by the office of children and
20 family services shall be eligible for one hundred percent state
21 reimbursement of its qualified expenditures, subject to the amount
22 available under this appropriation and exclusive of any federal
23 funds made available therefor, not to exceed the municipality's
24 distribution of state aid for youth development programs. The amount
25 appropriated herein for youth development programs shall be distrib-
26 uted by the office of children and family services to eligible muni-
27 cipalities that have a comprehensive plan that has been developed in
28 consultation with the applicable municipal youth bureau and approved
29 by the office of children and family services. The distribution of
30 the amount appropriated herein to eligible municipalities by the

32 determined by the office and subject to the approval of the director
33 of budget; such factors shall include the number of youth under the

36 section 54 of the state finance law and may include, but not be
37 limited to, the percentage of youth living in poverty within the
38 municipality or such other factors as provided for in the regu-
39 lations of the office of children and family services. Up to fifteen
40 percent of the youth development funds that a municipality would
41 allocate to an approved local youth bureau pursuant to an approved
42 comprehensive plan may be used for administrative functions
43 performed by such local youth bureau. Notwithstanding any provision
44 of law to the contrary, an approved local youth bureau that is not
45 providing, operating, administering or monitoring youth development
46 programs shall not receive funding under this appropriation. The
47 office shall not reimburse any claims for youth development programs
48 unless they are submitted within twelve months of the calendar quar-
49 ter in which the expenditure was made. The office may require that

1 social security act, increases in provider revenues, reductions in
2 local social services district payments for medical assistance
3 administration, minimum wage increases, and beginning April 1, 2012
4 the operational costs of the New York state medical indemnity fund,
5 pursuant to chapter 59 of the laws of 2011, and state costs or
6 savings from the essential plan program. Such projections may be
7 adjusted by the director of the budget to account for increased or
8 expedited department of health state funds medicaid expenditures as
9 a result of a natural or other type of disaster, including a govern-
10 mental declaration of emergency.

11 The director of the budget, in consultation with the commissioner of
12 health, shall assess on a monthly basis known and projected medicaid
13 expenditures by category of service and by geographic region, as
14 determined by the commissioner of health, incurred both prior to and
15 subsequent to such assessment for each such period, and if the
16 director of the budget determines that such expenditures are
17 expected to cause medicaid spending for such period to exceed the
18 aggregate limit specified herein for such period, the state medicaid
19 director, in consultation with the director of the budget and the
20 commissioner of health, shall develop a medicaid savings allocation
21 adjustment to limit such spending to the aggregate limit specified
22 herein for such period.

23 Such medicaid savings allocation adjustment shall be designed, to
24 reduce the expenditures authorized by the appropriations herein in
25 compliance with the following guidelines: (1) reductions shall be
26 made in compliance with applicable federal law, including the
27 provisions of the Patient Protection and Affordable Care Act, Public
28 Law No. 111-148, and the Health Care and Education Reconciliation
29 Act of 2010, Public Law No. 111-152 (collectively "Affordable Care
30 Act") and any subsequent amendments thereto or regulations promul-
31 gated thereunder; (2) reductions shall be made in a manner that
32 complies with the state medicaid plan approved by the federal
33 centers for medicare and medicaid services, provided, however, that
34 the commissioner of health is authorized to submit any state plan
35 amendment or seek other federal approval, including waiver authori-
36 ty, to implement the provisions of the medicaid savings allocation
37 adjustment that meets the other criteria set forth herein; (3)
38 reductions shall be made in a manner that maximizes federal finan-
39 cial participation, to the extent practicable, including any federal
40 financial participation that is available or is reasonably expected
41 to become available, in the discretion of the commissioner, under
42 the Affordable Care Act; (4) reductions shall be made uniformly
43 among categories of services and geographic regions of the state, to
44 the extent practicable, and shall be made uniformly within a catego-
45 ry of service, to the extent practicable, except where the commis-
46 sioner determines that there are sufficient grounds for non-uniform-
47 ity, including but not limited to: the extent to which specific
48 categories of services contributed to department of health medicaid
49 state funds spending in excess of the limits specified herein; the
50 need to maintain safety net services in underserved communities; or
51 the potential benefits of pursuing innovative payment models contem-
52 plated by the Affordable Care Act, in which case such grounds shall

1 be set forth in the medicaid savings allocation adjustment; and (5)
2 reductions shall be made in a manner that does not unnecessarily
3 create administrative burdens to medicaid applicants and recipients
4 or providers.

5 The commissioner shall seek the input of the legislature, as well as
6 organizations representing health care providers, consumers, busi-
7 nesses, workers, health insurers, and others with relevant exper-
8 tise, in developing such medicaid savings allocation adjustment, to
9 the extent that all or part of such adjustment, in the discretion of
10 the commissioner, is likely to have a material impact on the overall
11 medicaid program, particular categories of service or particular
12 geographic regions of the state.

13 (a) The commissioner shall post the medicaid savings allocation
14 adjustment on the department of health's website and shall provide
15 written copies of such adjustment to the chairs of the senate
16 finance and the assembly ways and means committees at least 30 days
17 before the date on which implementation is expected to begin.

18 (b) The commissioner may revise the medicaid savings allocation
19 adjustment subsequent to the provisions of notice and prior to
20 implementation but needs to provide a new notice pursuant to subpar-
21 agraph (i) of this paragraph only if the commissioner determines, in
22 his or her discretion, that such revisions materially alter the
23 adjustment.

24 Notwithstanding the provisions of paragraphs (a) and (b) of this
25 subdivision, the commissioner need not seek the input described in
26 paragraph (a) of this subdivision or provide notice pursuant to
27 paragraph (b) of this subdivision if, in the discretion of the
28 commissioner, expedited development and implementation of a medicaid
29 savings allocation adjustment is necessary due to a public health
30 emergency.

31 For purposes of this section, a public health emergency is defined as:

32 (i) a disaster, natural or otherwise, that significantly increases
33 the immediate need for health care personnel in an area of the
34 state; (ii) an event or condition that creates a widespread risk of
35 exposure to a serious communicable disease, or the potential for
36 such widespread risk of exposure; or (iii) any other event or condi-
37 tion determined by the commissioner to constitute an imminent threat
38 to public health.

39 Nothing in this paragraph shall be deemed to prevent all or part of
40 such medicaid savings allocation adjustment from taking effect
41 retroactively to the extent permitted by the federal centers for
42 medicare and medicaid services.

43 In accordance with the medicaid savings allocation adjustment, the
44 commissioner of the department of health shall reduce department of
45 health state funds medicaid spending by the amount of the projected
46 overspending through, actions including, but not limited to modify-
47 ing or suspending reimbursement methods, including but not limited
48 to all fees, premium levels and rates of payment, notwithstanding
49 any provision of law that sets a specific amount or methodology for
50 any such payments or rates of payment; modifying medicaid program
51 benefits; seeking all necessary federal approvals, including, but
52 not limited to waivers, waiver amendments; and suspending time

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

19 ~~[\$48,205,265,000]~~ \$47,138,099,000. Provided, however, such aggre-
20 gate limits may be adjusted by the director of the budget to account
21 for any changes in the New York state federal medical assistance
22 percentage amount established pursuant to the federal social securi-
23 ty act, increases in provider revenues, reductions in local social
24 services district payments for medical assistance administration,
25 minimum wage increases, and beginning April 1, 2012 the operational
26 costs of the New York state medical indemnity fund, pursuant to
27 chapter 59 of the laws of 2011, and state costs or savings from the
28 essential plan program. Such projections may be adjusted by the
29 director of the budget to account for increased or expedited depart-
30 ment of health state funds medicaid expenditures as a result of a
31 natural or other type of disaster, including a governmental declara-
32 tion of emergency.

33 The director of the budget, in consultation with the commissioner of
34 health, shall assess on a monthly basis known and projected medicaid
35 expenditures by category of service and by geographic region, as
36 defined by the commissioner, incurred both prior to and subsequent
37 to such assessment for each such period, and if the director of the
38 budget determines that such expenditures are expected to cause medi-
39 caid spending for such period to exceed the aggregate limit speci-
40 fied herein for such period, the state medicaid director, in consul-
41 tation with the director of the budget and the commissioner of
42 health, shall develop a medicaid savings allocation adjustment to
43 limit such spending to the aggregate limit specified herein for such
44 period.

45 Such medicaid savings allocation adjustment shall be designed, to

50 Law No. 111-148, and the Health Care and Education Reconciliation

1 gated thereunder; (2) reductions shall be made in a manner that
2 complies with the state medicaid plan approved by the federal
3 centers for medicare and medicaid services, provided, however, that
4 the commissioner of health is authorized to submit any state plan
5 amendment or seek other federal approval, including waiver authori-
6 ty, to implement the provisions of the medicaid savings allocation
7 adjustment that meets the other criteria set forth herein; (3)
8 reductions shall be made in a manner that maximizes federal finan-
9 cial participation, to the extent practicable, including any federal
10 financial participation that is available or is reasonably expected
11 to become available, in the discretion of the commissioner, under
12 the Affordable Care Act; (4) reductions shall be made uniformly
13 among categories of services and geographic regions of the state, to
14 the extent practicable, and shall be made uniformly within a catego-
15 ry of service, to the extent practicable, except where the commis-
16 sioner determines that there are sufficient grounds for non-uniform-
17 ity, including but not limited to: the extent to which specific
18 categories of services contributed to department of health medicaid
19 state funds spending in excess of the limits specified herein; the
20 need to maintain safety net services in underserved communities; or
21 the potential benefits of pursuing innovative payment models contem-
22 plated by the Affordable Care Act, in which case such grounds shall
23 be set forth in the medicaid savings allocation adjustment; and (5)
24 reductions shall be made in a manner that does not unnecessarily
25 create administrative burdens to medicaid applicants and recipients
26 or providers.

27 The commissioner shall seek the input of the legislature, as well as
28 organizations representing health care providers, consumers, busi-
29 nesses, workers, health insurers, and others with relevant exper-
30 tise, in developing such medicaid savings allocation adjustment, to
31 the extent that all or part of such adjustment, in the discretion of
32 the commissioner, is likely to have a material impact on the overall
33 medicaid program, particular categories of service or particular
34 geographic regions of the state.

35 (a) The commissioner shall post the medicaid savings allocation
36 adjustment on the department of health's website and shall provide
37 written copies of such adjustment to the chairs of the senate
38 finance and the assembly ways and means committees at least 30 days
39 before the date on which implementation is expected to begin.

40 (b) The commissioner may revise the medicaid savings allocation
41 adjustment subsequent to the provisions of notice and prior to
42 implementation but needs to provide a new notice pursuant to subpar-
43 agraph (i) of this paragraph only if the commissioner determines, in
44 his or her discretion, that such revisions materially alter the
45 adjustment.

46 Notwithstanding the provisions of paragraphs (a) and (b) of this
47 subdivision, the commissioner need not seek the input described in
48 paragraph (a) of this subdivision or provide notice pursuant to
49 paragraph (b) of this subdivision if, in the discretion of the
50 commissioner, expedited development and implementation of a medicaid
51 savings allocation adjustment is necessary due to a public health
52 emergency.

DEPARTMENT OF HEALTH

AID TO LOCALITIES - REAPPROPRIATIONS 2021-22

5 exposure to a serious communicable disease, or the potential for
6 such widespread risk of exposure; or (iii) any other event or condi-
7 tion determined by the commissioner to constitute an imminent threat
8 to public health.

9 Nothing in this paragraph shall be deemed to prevent all or part of
10 such medicaid savings allocation adjustment from taking effect
11 retroactively to the extent permitted by the federal centers for
12 medicare and medicaid services.

13 In accordance with the medicaid savings allocation adjustment, the
14 commissioner of the department of health shall reduce department of

22 including, but not limited to waivers, waiver amendments; and
23 suspending time frames for notice, approval or certification of rate

26 and 3614 of the public health law, section 18 of chapter 2 of the
27 laws of 1988, and 18 NYCRR 505.14(h).

28 The department of health shall prepare a monthly report that sets
29 forth: (a) known and projected department of health medicaid expend-
30 itures as described in subdivision (1) of this section, and factors
31 that could result in medicaid disbursements for the relevant state
32 fiscal year to exceed the projected department of health state funds
33 disbursements in the enacted budget financial plan pursuant to
34 subdivision 3 of section 23 of the state finance law, including
35 spending increases or decreases due to: enrollment fluctuations,
36 rate changes, utilization changes, MRT investments, and shift of
37 beneficiaries to managed care; and variations in offline medicaid
38 payments; and (b) the actions taken to implement any medicaid
39 savings allocation adjustment implemented pursuant to subdivision
40 (4) of this section, including information concerning the impact of
41 such actions on each category of service and each geographic region
42 of the state. Each such monthly report shall be provided to the
43 chairs of the senate finance and the assembly ways and means commit-
44 tees and shall be posted on the department of health's website in a
45 timely manner.

46 The money hereby appropriated is to be available for payment of aid
47 heretofore accrued or hereafter accrued to municipalities, and to
48 providers of medical services pursuant to section 367-b of the
49 social services law, and for payment of state aid to municipalities
50 and to providers of family care where payment systems through the
51 fiscal intermediaries are not operational.

Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

The director of the budget, in consultation with the commissioner of health, shall assess on a monthly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of 2010, Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth herein; (3) reductions shall be made in a manner that maximizes federal financial participation, to the extent practicable, including any federal financial participation that is available or is reasonably expected to become available, in the discretion of the commissioner, under the Affordable Care Act; (4) reductions shall be made uniformly among categories of services and geographic regions of the state, to the extent practicable, and shall be made uniformly within a category of service, to the extent practicable, except where the commissioner determines that there are sufficient grounds for non-uniformity, including but not limited to: the extent to which specific categories of services contributed to department of health medicaid state funds spending in excess of the limits specified herein; the need to maintain safety net services in underserved communities; or the potential benefits of pursuing innovative payment models contem-

3 reductions shall be made in a manner that does not unnecessarily
4 create administrative burdens to medicaid applicants and recipients
5 or providers.

6 The commissioner shall seek the input of the legislature, as well as
7 organizations representing health care providers, consumers, busi-
8 nesses, workers, health insurers, and others with relevant exper-
9 tise, in developing such medicaid savings allocation adjustment, to
10 the extent that all or part of such adjustment, in the discretion of
11 the commissioner, is likely to have a material impact on the overall
12 medicaid program, particular categories of service or particular
13 geographic regions of the state.

14 (a) The commissioner shall post the medicaid savings allocation
15 adjustment on the department of health's website and shall provide

26 subdivision, the commissioner need not seek the input described in
27 paragraph (a) of this subdivision or provide notice pursuant to
28 paragraph (b) of this subdivision if, in the discretion of the

30 savings allocation adjustment is necessary due to a public health
31 emergency.

32 For purposes of this section, a public health emergency is defined as:

33 (i) a disaster, natural or otherwise, that significantly increases

36 exposure to a serious communicable disease, or the potential for
37 such widespread risk of exposure; or (iii) any other event or condi-
38 tion determined by the commissioner to constitute an imminent threat
39 to public health.

40 Nothing in this paragraph shall be deemed to prevent all or part of
41 such medicaid savings allocation adjustment from taking effect
42 retroactively to the extent permitted by the federal centers for
43 medicare and medicaid services.

45 commissioner of the department of health shall reduce department of

5 public health law, section 18 of chapter 2 of the laws of 1988, and
6 18 NYCRR 505.14(h).

7 The department of health shall prepare a monthly report that sets
8 forth: (a) known and projected department of health medicaid expend-

12 disbursements in the enacted budget financial plan pursuant to
13 subdivision 3 of section 23 of the state finance law, including
14 spending increases or decreases due to: enrollment fluctuations,

28 department of health state funds medicaid spending by \$373,000,000
29 for state fiscal year 2020-2021 and [~~\$175,000,000~~] \$467,000,000 in

33 Reductions shall be made in a manner that complies with the state
34 medicaid plan approved by the federal centers for medicare and medi-
35 caid services, provided, however, that the commissioner of health is
36 authorized to submit any state plan amendment or seek other federal
37 approval to implement the provisions of the medicaid payment
38 reduction adjustment.

13 ~~[\$48,205,265,000]~~ \$47,138,099,000 provided, however, such aggregate
14 limits may be adjusted by the director of the budget to account for
15 any changes in the New York state federal medical assistance
16 percentage amount established pursuant to the federal social securi-
17 ty act, increases in provider revenues, reductions in local social
18 services district payments for medical assistance administration,
19 minimum wage increases and beginning April 1, 2012 the operational
20 costs of the New York state medical indemnity fund, pursuant to
21 chapter 59 of the laws of 2011, and state costs or savings from the
22 essential plan. Such projections may be adjusted by the director of
23 the budget to account for increased or expedited department of
24 health state funds medicaid expenditures as a result of a natural or
25 other type of disaster, including a governmental declaration of
26 emergency.

27 The director of the budget, in consultation with the commissioner of
28 health, shall assess on monthly basis known and projected medicaid
29 expenditures by category of service and by geographic region, as
30 determined by the commissioner of health, incurred both prior to and
31 subsequent to such assessment for each such period, and if the
32 director of the budget determines that such expenditures are
33 expected to cause medicaid spending for such period to exceed the
34 aggregate limit specified herein for such period, the state medicaid
35 director, in consultation with the director of the budget and the
36 commissioner of health, shall develop a medicaid savings allocation
37 adjustment to limit such spending to the aggregate limit specified
38 herein for such period.

39 Such medicaid savings allocation adjustment shall be designed, to
40 reduce the expenditures authorized by the appropriations herein in
41 compliance with the following guidelines: (1) reductions shall be
42 made in compliance with applicable federal law, including the
43 provisions of the Patient Protection and Affordable Care Act, Public
44 Law No. 111-148, and the Health Care and Education Reconciliation
45 Act of 2010, Public Law No. 111-152 (collectively "Affordable Care
46 Act") and any subsequent amendments thereto or regulations promul-
47 gated thereunder; (2) reductions shall be made in a manner that
48 complies with the state medicaid plan approved by the federal
49 centers for medicare and medicaid services, provided, however, that
50 the commissioner of health is authorized to submit any state plan
51 amendment or seek other federal approval, including waiver authori-

1 adjustment that meets the other criteria set forth herein; (3)
2 reductions shall be made in a manner that maximizes federal finan-
3 cial participation, to the extent practicable, including any federal
4 financial participation that is available or is reasonably expected
5 to become available, in the discretion of the commissioner, under
6 the Affordable Care Act; (4) reductions shall be made uniformly
7 among categories of services and geographic regions of the state, to
8 the extent practicable, and shall be made uniformly within a catego-
9 ry of service, to the extent practicable, except where the commis-
10 sioner determines that there are sufficient grounds for non-uniform-
11 ity, including but not limited to: the extent to which specific
12 categories of services contributed to department of health medicaid
13 state funds spending in excess of the limits specified herein; the
14 need to maintain safety net services in underserved communities; or
15 the potential benefits of pursuing innovative payment models contem-
16 plated by the Affordable Care Act, in which case such grounds shall
17 be set forth in the medicaid savings allocation adjustment; and (5)
18 reductions shall be made in a manner that does not unnecessarily
19 create administrative burdens to medicaid applicants and recipients
20 or providers.

21 The commissioner shall seek the input of the legislature, as well as
22 organizations representing health care providers, consumers, busi-
23 nesses, workers, health insurers, and others with relevant exper-
24 tise, in developing such medicaid savings allocation adjustment, to
25 the extent that all or part of such adjustment, in the discretion of
26 the commissioner, is likely to have a material impact on the overall
27 medicaid program, particular categories of service or particular
28 geographic regions of the state.

29 (a) The commissioner shall post the medicaid savings allocation
30 adjustment on the department of health's website and shall provide
31 written copies of such plan to the chairs of the senate finance and
32 the assembly ways and means committees at least 30 days before the
33 date on which implementation is expected to begin.

34 (b) The commissioner may revise the medicaid savings allocation
35 adjustment subsequent to the provisions of notice and prior to
36 implementation but needs to provide a new notice pursuant to subpar-
37 agraph (i) of this paragraph only if the commissioner determines, in
38 his or her discretion, that such revisions materially alter the
39 plan.

40 Notwithstanding the provisions of paragraphs (a) and (b) of this
41 subdivision, the commissioner need not seek the input described in
42 paragraph (a) of this subdivision or provide notice pursuant to
43 para- graph (b) of this subdivision if, in the discretion of the
44 commissioner, expedited development and implementation of a medicaid
45 savings allocation adjustment is necessary due to a public health
46 emergency.

47 For purposes of this section, a public health emergency is defined as:

48 (i) a disaster, natural or otherwise, that significantly increases
49 the immediate need for health care personnel in an area of the
50 state; (ii) an event or condition that creates a widespread risk of
51 exposure to a serious communicable disease, or the potential for
52 such widespread risk of exposure; or (iii) any other event or condi-

tion determined by the commissioner to constitute an imminent threat to public health.

Nothing in this paragraph shall be deemed to prevent all or part of such medicaid savings allocation adjustment from taking effect retroactively to the extent permitted by the federal centers for medicare and medicaid services.

In accordance with the medicaid savings allocation adjustment, the commissioner of the department of health shall reduce department of health state funds medicaid spending by the amount of the projected overspending through, actions including, but not limited to modifying or suspending reimbursement methods, including but not limited to all fees, premium levels and rates of payment, notwithstanding any provision of law that sets a specific amount or methodology for any such payments or rates of payment; modifying medicaid program benefits; seeking all necessary federal approvals, including, but not limited to waivers, waiver amendments; and suspending time frames for notice, approval or certification of rate requirements, notwithstanding any provision of law, rule or regulation to the contrary, including but not limited to sections 2807 and 3614 of the public health law, section 18 of chapter 2 of the laws of 1988, and 18 NYCRR 505.14(h).

The department of health shall prepare a monthly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state. Each such monthly report shall be provided to the chairs of the senate finance and the assembly ways and means committees and shall be posted on the department of health's website in a timely manner.

Notwithstanding any provision of law to the contrary, the director of the budget, in consultation with the commissioner of health, may use a payment reduction plan to make across-the-board reductions to the department of health state funds medicaid spending by \$373,000,000 for state fiscal year 2020-2021 and [~~\$175,000,000~~] \$467,000,000 in state fiscal year 2021-2022 and to limit such spending to the aggregate limit specified herein, or reduce the aggregate limit specified herein to provide a reduction to the state's financial plan. Reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal
