(g) [i] In any case in which an order has been issued pursuant to this section approving a foster care placement instrument, the social services official or authorized agency charged with custody or care of the child shall report the initial placement and any anticipated change in placement to the court and the attorneys for the parties, including the attorney for the child, forthwith, but not later than one business day following either the decision to make the initial placement or to change the placement or the actual date the initial placement or placement change occurred, whichever is sooner. Such notice shall indicate the date that the placement change is anticipated to occur or the date the placement change occurred, as applicable. Provided, however, if such notice lists an anticipated date for the initial placement or placement change, the local social services district or authorized agency shall subsequently notify the court and attorneys for the parties, including the attorney for the child, of the date the placement or placement...
change occurred; such notice shall occur no later than one business day following the placement or placement change.

(ii) When a child whose legal custody was transferred to the commissioner of a local social services district in accordance with this section resides in a qualified residential treatment program, as defined in section four hundred nine-h of this chapter, and where such child's initial placement or change in placement in such program commenced on or after September twenty-ninth, two thousand twenty-one, upon receipt of notice required pursuant to subparagraph (i) of this paragraph and motion of the local social services district, the court shall make an assessment and determination on such placement in accordance with section three hundred ninety-three of this chapter. Notwithstanding any other provision of law to the contrary, such assessment and determination shall occur no later than sixty days from the date the placement of the child in the qualified residential treatment program commenced.

§ 1-a. Section 371 of the social services law is amended by adding a new subdivision 22 to read as follows:

22. "Supervised setting" shall mean a residential placement in the community approved and supervised by an authorized agency or the local social services district in accordance with the regulations of the office of children and family services to provide a transitional experience for older youth in which such youth may live independently. A supervised setting includes, but is not limited to, placement in a supervised independent living program, as defined in subdivision twenty-one of this section.

(c) "Child care facility" shall mean an institution, group residence, group home, agency operated boarding home, or supervised setting, including a supervised setting includes, but is not limited to, placement in a supervised independent living program.

§ 393. Court approval of placement in a qualified residential treatment program. 1. The provisions of this section shall apply when a child is placed on or after September twenty-ninth, two thousand twenty-one and resides in a qualified residential treatment program, as defined in section four hundred nine-h of this article, and whose care and custody were transferred to the commissioner of a local social services district in accordance with section three hundred fifty-eight-a of this chapter, or whose custody and guardianship were transferred to the commissioner of a local social services district in accordance with section three hundred eighty-three-c, or three hundred eighty-four-b of this title.

2. (a) Within sixty days of the start of a placement of a child referenced in subdivision one of this section in a qualified residential treatment program, the court shall:

(i) Consider the assessment, determination, and documentation made by the qualified individual pursuant to section four hundred nine-h of this article;

(ii) Determine whether the needs of the child can be met through placement in a foster family home and, if not, whether placement of the child in the particular qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment, whether placement in an alternative qualified residential treatment program would be more appropriate and wheth-
that placement is consistent with the short-term and long-term goals for the child, as specified in the child's permanency plan;

(iii) Consider any relevant information or documentation that is necessary to make a determination, including any such information provided by an authorized agency as defined in subdivision ten of section three hundred seventy-one of this title; and

(iv) Approve or disapprove the placement of the child in the qualified residential treatment program. Provided that where the qualified individual determines that the placement of the child in the qualified residential treatment program is not appropriate in accordance with the assessment required pursuant to section four hundred nine-h of this article, the court may approve the placement of the child in the qualified residential treatment program if the court finds, and states in the written order that:

(A) there is not an alternative setting available that can meet the child's needs in a less restrictive environment; and

(B) that continued placement in the qualified residential program is in the child's best interest.

(b) If the court disapproves the placement of the child in the qualified residential treatment program, the court shall, on its own motion, determine a schedule for the return of the child, change the authorized agency in which the child is placed, or direct the local social services district or office of children and family services, as applicable, to make such other arrangements for the child's care and welfare in the most effective and least restrictive environment as the facts of the case may arise. If such alternative arrangements include a placement in a different qualified residential treatment program, the requirements included in this section and section four hundred nine-h of this article shall be satisfied for such new placement.

(c) Nothing herein shall require the court to hold a hearing to conduct such assessment and determination when all parties agree to the placement of the child, as long as such review is completed within sixty days of the initial placement of the child.

3. Documentation of the court's determination pursuant to this section shall be recorded in the child's case record.

4. Nothing in this section shall prohibit the court's approval of a placement in a qualified residential treatment program from occurring at the same time as another hearing scheduled for such child, including but not limited to the child's dispositional or permanency hearing, provided such approval is completed within sixty days of the start of such placement.

5. Notwithstanding any other provision of law to the contrary, any child placed in a setting prior to September twenty-ninth, two thousand twenty-one, which is subsequently accredited to be a qualified residential treatment program as defined in section four hundred nine-h of this article, shall not be subject to the requirements of this section, and such placement, if initially eligible for funding title IV-E of the federal Social Security Act, as amended, shall continue to be eligible to receive such reimbursement.

§ 2-a. Subparagraph 1 of paragraph (g) of subdivision 6 and subdivision 10 of section 398 of the social services law, subparagraph 1 of paragraph (g) of subdivision 6 as amended by chapter 3 of the laws of 2012 and subdivision 10 as amended by chapter 563 of the laws of 1986, are amended to read as follows:

(1) Place children in its care and custody or its custody and guardianship, in suitable instances, in supervised settings, family homes,
agency boarding homes, group homes or institutions under the proper safeguards. Such placements can be made either directly, or through an authorized agency, except that, direct placements in agency boarding homes or group homes may be made by the social services district only if the office of children and family services has authorized the district to operate such homes in accordance with the provisions of section three hundred seventy-four-b of this chapter and only if suitable care is not otherwise available through an authorized agency under the control of persons of the same religious faith as the child. Where such district places a child in an agency boarding home, group home or institution, either directly, or through an authorized agency, the district shall certify in writing to the office of children and family services, that such placement was made because it offers the most appropriate and least restrictive level of care for the child, and, is more appropriate than a family foster home placement, or, that such placement is necessary because there are no qualified foster families available within the district who can care for the child. If placements in agency boarding homes, group homes or institutions are the result of a lack of foster parents within a particular district, the office of children and family services shall assist such district to recruit and train foster parents. Placements shall be made only in institutions visited, inspected and supervised in accordance with title three of article seven of this chapter and conducted in conformity with the applicable regulations of the supervising state agency in accordance with title three of article seven of this chapter. With the approval of the office of children and family services, a social services district may place a child in its care and custody or its custody and guardianship in a federally funded job corps program and may receive reimbursement for the approved costs of appropriate program administration and supervision pursuant to a plan developed by the department and approved by the director of the budget.

10. Any provision of this chapter or any other law notwithstanding, where a foster child for whom a social services official has been making foster care payments is in attendance at a college or university away from his or her foster family boarding home, group home, agency boarding home or institution, a social services official may make foster payments, not to exceed the amount which would have been paid to a foster parent on behalf of said child had the child been cared for in a foster family boarding home, to such college or university or a provider of room and board as appropriate, in lieu of payment to the foster parents or authorized agency, for the purpose of room and board, if not otherwise provided.

§ 3. The social services law is amended by adding a new section 409-h to read as follows:

§ 409-h. Assessment of appropriateness of placement in a qualified residential treatment program. 1. (a) Prior to a child's placement in a qualified residential treatment program of a child in the care and custody or the custody and guardianship of the commissioner of a local social services district or the office of children and family services that occurs on or after September twenty-ninth, two thousand twenty-one, a qualified individual as defined in subdivision four of this section shall assess the appropriateness of such placement utilizing an age-appropriate, evidence-based, validated functional assessment tool approved by the federal government for such purpose. Such assessment shall be in accordance with 42 United States
Code sections 672 and 675a and shall include, but not be limited to: (i) an assessment of the strengths and needs of the child; and (ii) a determination of the most effective and appropriate level of care for the child in the least restrictive setting, including whether the needs of the child can be met with family members or through placement in a foster family home, or alternative setting which may include, but is not limited to, such settings specified in paragraph (d) of this subdivision or a qualified residential treatment program, consistent with the short-term and long-term goals for the child as specified in the child's permanency plan. Such assessment shall be completed in conjunction with the family and permanency team established pursuant to paragraph (b) of this subdivision.

(b) Such assessment and all supporting information shall be provided in writing to the court, the parties to the proceeding, including the attorney for the child, the office and the local social services district where such child is in their care and custody or custody and guardianship no later than five days after the completion of such assessment.

(c) The family and permanency team shall consist of all appropriate biological family members, relatives, and fictive kin of the child, as well as, as appropriate, professionals who are a resource to the family of the child, including but not limited to, teachers, medical or mental health providers who have treated the child, or clergy. In the case of a child who has attained the age of fourteen, the family and permanency team shall include the members of the permanency planning team for the child in accordance with 42 United States Code section 675.

(d) Where the qualified individual determines that the child may not be placed in a foster family home, the qualified individual must specify in writing the reasons why the needs of the child cannot be met by the child's family or in a foster family home and why such a placement is not the most effective and appropriate level of care for such child. Such determination shall include whether the needs of the child can be met through placement in:

(i) An available supervised setting, as such term is defined in section three hundred seventy-one of this article;

(ii) If the child has been found to be, or is at risk of becoming, a sexually exploited child as defined in subdivision one of section four hundred forty-seven-a of this article, a setting providing residential care and supportive services for sexually exploited children;

(iii) A setting specializing in providing prenatal, post-partum or parenting supports for youth; or

(iv) A qualified residential treatment program.

2. Where the qualified individual determines that the placement of the child in the qualified residential treatment program is not appropriate after the assessment conducted pursuant to subdivision one of this section, the child's placement shall continue, at least until the court has an opportunity to examine the qualified individual's assessment. Provided however, during such time, after the qualified individual's assessment but prior to the court's review, the local social services district or the office of children and family services with legal custody of the child, shall determine potential alternative placement settings that may be appropriate for the child if the court also disapproves the placement. Such placements shall be determined based on the best interest of the child and may include, but are not limited to with family members, in an available foster family home, a setting specified
3. As used in the section, "qualified residential treatment program" means a program that is a non-foster family residential program in accordance with 42 United State Code section 672.

4. As used in this section, "qualified individual" shall mean a trained professional or licensed clinician acting within their scope of practice who shall have current or previous relevant experience in the child welfare field. Provided however, such individual shall not be an employee or agent of the office of children and family services, nor shall such person have a direct role in case management or case planning decision making authority for the child for whom such assessment is being conducted, in accordance with 42 United States Code section 675.

§ 4. The family court act is amended by adding a new section 353.7 to read as follows:

§ 353.7. Placement in qualified residential treatment programs. 1. The provisions of this section shall apply when a respondent is placed pursuant to clause (A) of subparagraph (i) of paragraph (b) of subdivision two-a or paragraph (c) of subdivision three of section 353.3 of this part, on or after September twenty-ninth, two thousand twenty-one and resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and whose care and custody were transferred to a local social services district or the office of children and family services in accordance with this article.

(a) When a respondent is in the care and custody of a local social services district or the office of children and family services pursuant to this article, such social services district or office shall report any anticipated placement of the respondent into a qualified residential treatment program as defined in section four hundred nine-h of the social services law to the court and the attorneys for the parties, including the attorney for the respondent, forthwith, but not later than one business day following either the decision to place the respondent in the qualified residential treatment program or the actual date the placement change occurred, whichever is sooner. Such notice shall indicate the date that the initial placement or change in placement is anticipated to occur or the date the placement change occurred, as applicable. Provided, however, if such notice lists an anticipated date for the placement change, the local social services district or office shall subsequently notify the court and the attorneys for the parties, including the attorney for the respondent, of the date the placement change occurred, such notice shall occur no later than one business day following the placement change.

(b) When a respondent whose legal custody was transferred to a local social services district or the office of children and family services in accordance with this article resides in a qualified residential treatment program as defined in section four hundred nine-h of the social services law, and where such respondent’s initial placement or change in placement in such qualified residential treatment program commenced on or after September twenty-ninth, two thousand twenty-one, upon receipt of notice required pursuant to paragraph (a) of this subdivision and motion of the local social services district or the office of children and family services with legal custody of the respondent, the court shall make an assessment and determination on such placement in accordance with subdivision three of this section. Notwithstanding any other provision of law to the contrary, such assessment and determination shall occur no later than sixty days from the date the placement
of the respondent in the qualified residential treatment program commenced.

3. (a) Within sixty days of the start of a placement of a respondent referenced in subdivision one of this section in a qualified residential treatment program, the court shall:

(i) Consider the assessment, determination, and documentation made by the qualified individual pursuant to section four hundred nine-h of the social services law;

(ii) Determine whether the needs of the respondent can be met through placement in a foster family home and, if not, whether placement of the respondent in the particular qualified residential treatment program provides the most effective and appropriate level of care for the respondent in the least restrictive environment, whether placement in an alternative qualified residential treatment program would be more appropriate and whether that placement is consistent with the short-term and long-term goals for the respondent as specified in the respondent’s permanency plan;

(iii) Consider any relevant information or documentation that is necessary to make a determination, including any such information provided by an authorized agency as defined in subdivision ten of section three hundred seventy-one of the social services law; and

(iv) Approve or disapprove the placement of the respondent in the qualified residential treatment program. Provided that, where a qualified individual determines that the placement of the respondent in the qualified residential treatment program is not appropriate in accordance with the assessment required pursuant to section four hundred nine-h of the social services law, the court may approve the placement of the respondent in the qualified residential treatment program if the court finds, and states in the written order that:

(A) there is not an alternative setting available that can meet the respondent’s needs in a less restrictive environment; and

(B) that continued placement in the qualified residential treatment program serves the respondent’s needs and best interests or the need for protection of the community.

(b) If the court disapproves the placement of the child in the qualified residential treatment program, the court shall, on its own motion, determine a schedule for the return of the child, change the authorized agency in which the child is placed, or direct the local social services district or office of children and family services, as applicable, to make such other arrangements for the child’s care and welfare in the most effective and least restrictive environment as the facts of the case may arise. If such alternative arrangements include a placement in a different qualified residential treatment program, the requirements included in this section and section four hundred nine-h of the social services law shall be satisfied for such new placement.

(c) Nothing herein shall require the court to hold a hearing to conduct such assessment and determination when all parties agree to the placement of the child, as long as such review is completed within sixty days of the initial placement of the child.

4. Documentation of the court’s determination pursuant to this section shall be recorded in the respondent’s case record.

5. Nothing in this section shall prohibit the court’s approval of a placement in a qualified residential treatment program from occurring at the same time as another hearing scheduled for such respondent, including but not limited to the respondent’s dispositional or permanency
hearing, provided such approval is completed within sixty days of the start of such placement.

6. Notwithstanding any other section of law to the contrary, any child placed in a setting prior to September twenty-ninth, two thousand twenty-one, which is subsequently accredited to be a qualified residential treatment program as defined in section four hundred nine-h of the social services law, shall not be subject to the requirements of this section, and such placement, if initially eligible for funding title IV-E of the federal Social Security Act, as amended, shall continue to be eligible to receive such reimbursement.

§ 5. Section 355.5 of the family court act is amended by adding a new subdivision 10 to read as follows:

10. Where the respondent remains placed in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, the commissioner of the local social services district or the office of children and family services with legal custody of the respondent shall submit evidence at the permanency hearing with respect to the respondent:
   (a) demonstrating that ongoing assessment of the strengths and needs of the respondent cannot be met through placement in a foster family home, that the placement in the qualified residential treatment program provides the most effective and appropriate level of care for the respondent in the least restrictive environment, and that the placement is consistent with the short-term and long-term goals for the respondent, as specified in the respondent's permanency plan;
   (b) documenting the specific treatment and service needs that will be met for the respondent in the placement and the length of time the respondent is expected to need the treatment or services; and

   (i) demonstrating that ongoing assessment of the strengths and needs of the respondent continues to support the determination that the needs of the respondent cannot be met through placement in a foster family home, that the placement in the qualified residential treatment program provides the most effective and appropriate level of care for the respondent in the least restrictive environment, and that the placement is consistent with the short-term and long-term goals of the respondent, as specified in the respondent's permanency plan;
   (ii) documenting the specific treatment or service needs that will be met for the respondent in the placement and the length of time the respondent is expected to need the treatment or services; and
   (iii) documenting the efforts made by the local social services district with legal custody of the respondent to prepare the respondent to return home, or to be placed with a fit and willing relative, legal guardian or adoptive parent, or in a foster family home.
§ 7. The family court act is amended by adding a new section 756-b to read as follows:

§ 756-b. Court approval of placement in a qualified residential treatment program. 1. The provisions of this section shall apply when a respondent is placed on or after September twenty-ninth, two thousand twenty-one and resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and whose care and custody were transferred to a local social services district in accordance with this part.

2. (a) When a respondent is in the care and custody of a local social services district pursuant to this part, such social services district shall report any anticipated placement of the respondent into a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, to the court and the attorneys for the parties, including the attorney for the respondent, forthwith, but not later than one business day following either the decision to place the respondent in the qualified residential treatment program or the actual date the placement change occurred, whichever is sooner. Such notice shall indicate the date that the initial placement or change in placement is anticipated to occur or the date the placement change occurred, as applicable. Provided, however, if such notice lists an anticipated date for the placement change, the local social services district shall subsequently notify the court and the attorneys for the parties, including the attorney for the respondent, of the date the placement change occurred; such notice shall occur no later than one business day following the placement change.

(b) When a respondent whose legal custody was transferred to a local social services district in accordance with this part resides in a qualified residential treatment program, as defined in section four hundred nine-h of the social services law, and where such respondent's initial placement or change in placement in such qualified residential treatment program commenced on or after September twenty-ninth, two thousand twenty-one, upon receipt of notice required pursuant to paragraph (a) of this subdivision and motion of the local social services district, the court shall make an assessment and determination on such placement in accordance with subdivision three of this section. Notwithstanding any other provision of law to the contrary, such assessment and determination shall occur no later than sixty days from the date the placement of the respondent in the qualified residential treatment program commenced.

3. (a) Within sixty days of the start of a placement of a respondent referenced in subdivision one of this section in a qualified residential treatment program, the court shall:

(i) Consider the assessment, determination and documentation made by the qualified individual pursuant to section four hundred nine-h of the social services law;

(ii) Determine whether the needs of the respondent can be met through placement in a foster family home and, if not, whether placement of the respondent in the qualified residential treatment program provides the most effective and appropriate level of care for the respondent in the least restrictive environment, whether placement in an alternative qualified residential treatment program would be more appropriate and whether that placement is consistent with the short-term and long-term goals for the respondent as specified in the respondent's permanency plan;

(iii) Consider any relevant information or documentation that is necessary to make a determination, including any such information
provided by an authorized agency as defined in subdivision ten of section three hundred seventy-one of the social services law; and

(iv) Approve or disapprove the placement of the respondent in a qualified residential treatment program. Provided that, where the qualified individual determines that the placement of the respondent in the qualified residential treatment program is not appropriate in accordance with the assessment required pursuant to section four hundred nine-h of the social services law, the court may approve the placement of the respondent in the qualified residential treatment program if the court finds, and states in the written order that:

(A) there is not an alternative setting available that can meet the respondent's needs in a less restrictive environment; and

(B) that it would be contrary to the welfare of the respondent to be placed in a less restrictive setting and that continued placement in the qualified residential program is in the respondent's best interest.

(b) If the court disapproves the placement of the child in the qualified residential treatment program, the court shall, on its own motion, determine a schedule for the return of the child, change the authorized agency in which the child is placed, or direct the local social services district or office of children and family services, as applicable, to make such other arrangements for the child's care and welfare in the most effective and least restrictive environment as the facts of the case may arise. If such alternative arrangements include a placement in a different qualified residential treatment program, the requirements included in this section and section four hundred nine-h of the social services law shall be satisfied for such new placement.

(c) Nothing herein shall require the court to hold a hearing to conduct such assessment and determination when all parties agree to the placement of the child, as long as such review is completed within sixty days of the initial placement of the child.

4. Documentation of the court's determination pursuant to this section shall be recorded in the respondent's case record.

5. Nothing in this section shall prohibit the court's approval of a placement in a qualified residential treatment program from occurring at the same time as another hearing scheduled for such respondent, including but not limited to the respondent's dispositional or permanency hearing, provided such approval is completed within sixty days of the start of such placement.

6. Notwithstanding any other section of law to the contrary, any child placed in a setting prior to September twenty-ninth, two thousand twenty-one, which is subsequently accredited to be a qualified residential treatment program as defined in section four hundred nine-h of this article, shall not be subject to the requirements of this section, and such placement, if initially eligible for funding title IV-E of the federal Social Security Act, as amended, shall continue to be eligible to receive such reimbursement.

vision and motion of the local social services district, the court shall
make an assessment and determination on such placement in accordance
with section one thousand fifty-five-c of this article. Notwithstanding
any other provision of law to the contrary, such assessment and determi-
nation shall occur no later than sixty days from the date the placement
of the child in the qualified residential treatment program commenced.
§ 9. The opening paragraph of subdivision (j) of section 1055 of the
family court act is designated paragraph (i) and a new paragraph (ii) is
added to read as follows:

such child's initial placement or change in placement in such program
commenced on or after September twenty-ninth, two thousand twenty-one,
upon receipt of notice required pursuant to paragraph (i) of this subdi-

make an assessment and determination on such placement in accordance
with section one thousand fifty-five-c of this part. Notwithstanding any
other provision of law to the contrary, such assessment and determi-
nation shall occur no later than sixty days from the date the placement
of the child in the qualified residential treatment program commenced.
§ 10. The family court act is amended by adding a new section 1055-c
to read as follows:

§ 1055-c. Court approval of placement in a qualified residential
treatment program. 1. The provisions of this section shall apply when a
child is placed on or after September twenty-ninth, two thousand twen-
ty-one and resides in a qualified residential treatment program, as
defined in section four hundred nine-h of the social services law, and
whose care and custody were transferred to the commissioner of a local
social services district in accordance with this article.

2. Within sixty days of the start of a placement of a child referenced
in subdivision one of this section in a qualified residential treatment
program, the court shall:

(a) Consider the assessment, determination, and documentation made by
the qualified individual pursuant to section four hundred nine-h of the
social services law;

(b) Determine whether the needs of the child can be met through place-
ment in a foster family home and, if not, whether placement of the child
in the qualified residential treatment program provides the most effec-
tive and appropriate level of care for the child in the least restric-
tive environment, whether placement in an alternative qualified residen-
tial treatment program would be more appropriate and whether that
placement is consistent with the short-term and long-term goals for the
child, as specified in the child's permanency plan;

(c) Consider any relevant information or documentation that is neces-
sary to make a determination, including any such information provided by
an authorized agency as defined in subdivision ten of section three
hundred seventy-one of the social services law; and

(d) Approve or disapprove the placement of the child in the qualified
residential treatment program. Provided that, where the qualified indi-

assessment required pursuant to section four hundred nine-h of the
social services law, the court may approve the placement of the child in
the qualified residential treatment program if the court finds, and
states in the written order that:
(i) there is not an alternative setting available that can meet the
child's needs in a less restrictive environment; and
(ii) that continued placement in the qualified residential treatment
program is in the child's best interest.
3. If the court disapproves the placement of the child in the quali-
fied residential treatment program, the court shall, on its own motion,
determine a schedule for the return of the child, change the authorized
agency in which the child is placed, or direct the local social services
district or office of children and family services, as applicable, to
make such other arrangements for the child's care and welfare in the
most effective and least restrictive environment as the facts of the
case may arise. If such alternative arrangements include a placement in
a different qualified residential treatment program, the requirements
included in this section and section four hundred nine-h of the social
services law shall be satisfied for such new placement.
4. Nothing herein shall require the court to hold a hearing to conduct
such assessment and determination when all parties agree to the place-
ment of the child, as long as such review is completed within sixty days
of the initial placement of the child.
5. Documentation of the court's determination pursuant to this section
shall be recorded in the child's case record.
6. Nothing in this section shall prohibit the court's approval of a
placement in a qualified residential treatment program from occurring at
the same time as another hearing scheduled for such child, including but
not limited to the child's dispositional or permanency hearing, provided
such approval is completed within sixty days of the start of such place-
ment.
7. Notwithstanding any other section of law to the contrary, any child
placed in a setting prior to September twenty-ninth, two thousand twen-
ty-one, which is subsequently accredited to be a qualified residential
treatment program as defined in section four hundred nine-h of the
social services law, shall not be subject to the requirements of this

ment program, as defined in section four hundred nine-h of the social
services law, the commissioner of the social services district with
legal custody of the child shall submit evidence at the permanency hear-
ing with respect to the child:
(i) demonstrating that ongoing assessment of the strengths and needs
of the child continues to support the determination that the needs of
the child cannot be met through placement in a foster family home, that
the placement in the qualified residential treatment program provides
the most effective and appropriate level of care for the child in the
least restrictive environment, and that the placement is consistent with
the short-term and long-term goals for the child, as specified in the
child's permanency plan;
(ii) documenting the specific treatment or service needs that will be
met for the child in the placement and the length of time the child is

and willing relative, legal guardian or adoptive parent, or in a foster

paragraph 2 of subdivision (d) of section 1089 of the family court act
is designated item (I) and a new item (II) is added to read as follows:
(II) When a child whose legal custody was transferred to the commis-

child's initial placement or change in placement in such program
commenced on or after September twenty-ninth, two thousand twenty-one,
upon receipt of notice required pursuant to item (I) of this clause and
motion of the local social services district, the court shall make an
assessment and determination on such placement in accordance with
section three hundred ninety-three of the social services law or section
one thousand fifty-five-c, one thousand ninety-one-a or one thousand
ninety-seven of this chapter. Notwithstanding any other provision of law
to the contrary, such assessment and determination shall occur no later
than sixty days from the date the placement of the child in the quali-

youth into a qualified residential treatment program, as defined in
section four hundred nine-h of the social services law, to the court and
the attorneys for the parties, including the attorney for the former
foster care youth, forthwith, but not later than one business day
following either the decision to place the former foster care youth in
the qualified residential treatment program or the actual date the
placement change occurred, whichever is sooner. Such notice shall indi-

anticipated to occur or the date the placement change occurred, as
applicable. Provided, however, if such notice lists an anticipated date
for the placement change, the local social services district or office

(d) Approve or disapprove the placement of the former foster care youth in the qualified residential treatment program. Provided that, where the qualified individual determines that the placement of the former foster care youth in the qualified residential treatment program is not appropriate in accordance with the assessment required pursuant to section four hundred nine-h of the social services law, the court may approve the placement of the former foster care youth in the qualified residential treatment program if the court finds, and states in the written order that:

(i) there is not an alternative setting available that can meet the former foster care youth's needs in a less restrictive environment; and

(ii) that continued placement in the qualified residential treatment program is in the former foster care youth's best interest.

4. If the court disapproves the placement of the child in the qualified residential treatment program, the court shall, on its own motion, determine a schedule for the return of the child, change the authorized agency in which the child is placed, or direct the local social services district or office of children and family services, as applicable, to make such other arrangements for the child's care and welfare in the most effective and least restrictive environment as the facts of the case may arise. If such alternative arrangements include a placement in
a different qualified residential treatment program, the requirements included in this section and section four hundred nine-h of the social services law shall be satisfied for such new placement.

6. Documentation of the court's determination pursuant to this section shall be recorded in the former foster care youth's case record.

7. Nothing in this section shall prohibit the court's approval of a placement in a qualified residential treatment program from occurring at the same time as another hearing scheduled for such former foster care youth, including but not limited to the former foster care youth's dispositional or permanency hearing, provided such approval is completed within sixty days of the start of such placement.

PART AA

Section 1. Legislative findings and intent. The legislature finds that the transition to the green economy and creating good paying jobs are not mutually exclusive priorities for New York State. In order to make this transition and achieve the ambitious goals set forth in the Climate Leadership and Community Protection Act, a clear focus on prioritizing renewable energy sources is necessary. However, the workers who will
build, operate and maintain the infrastructure of the green economy must not be left behind. Setting clear standards for job quality will ensure the creation of good jobs, protect workers in the ongoing transition of our energy sector, and result in positive economic impacts. In addition to workers engaged directly in the renewable energy sector, New Yorkers have experienced widespread unemployment as a result of the COVID-19 pandemic. New manufacturing and supply chain jobs are a necessary element of any pandemic recovery. Due to such findings, the legislature hereby declares that the mandate of prevailing wage or project labor agreements for construction work performed in connection with the installation of renewable energy systems, labor peace involved with such systems, and the buy American preference provided in this bill will ensure that workers are central to New York State's transition to the green economy and its pandemic recovery plan.

§ 2. Paragraph b of subdivision 4 of section 224-a of the labor law, as added by section 1 of part FFF of chapter 58 of the laws of 2020, is amended to read as follows:

b. Construction work performed under a contract with a not-for-profit corporation as defined in section one hundred two of the not-for-profit corporation law, other than a not-for-profit corporation formed exclusively for the purpose of holding title to property and collecting income thereof or any public entity as defined in this section where the not-for-profit corporation has gross annual revenue and support less than five million dollars;

§ 3. The labor law is amended by adding a new section 224-d to read as follows:

§ 224-d. Prevailing wage for covered renewable energy systems. 1. For purposes of this section, a "covered renewable energy system" means a renewable energy system, as such term is defined in section sixty-six-p of the public service law, with a capacity of at least five megawatts alternating current and which involves the procurement of renewable energy credits by a public entity, or a third party acting on behalf and for the benefit of a public entity.

2. For purposes of this section, "public entity" shall include, but shall not be limited to, the state, a local development corporation as defined in subdivision eight of section eighteen hundred one of the public authorities law or section fourteen hundred eleven of the not-for-profit corporation law, a municipal corporation as defined in section one hundred nineteen-n of the general municipal law, an industrial development agency formed pursuant to article eighteen-A of the general municipal law or industrial development authorities formed pursuant to article eight of the public authorities law, and any state, local or interstate or international authorities as defined in section two of the public authorities law; and shall include any trust created by any such entities.

3. Notwithstanding part FFF of chapter fifty-eight of the laws of two thousand twenty that established prevailing wage for construction work done under contract which is paid for in whole or in part out of public funds, a covered renewable energy system shall be subject to prevailing wage requirements in accordance with sections two hundred twenty and two hundred twenty-b of this article. Provided that a renewable energy system defined in section sixty-six-p of the public service law which is not considered to be covered by this section, may still otherwise be deemed a "covered project" pursuant to section two hundred twenty-four-a of this article if it meets such definition.
4. For purposes of this section, a covered renewable energy system shall exclude construction work performed under a pre-hire collective bargaining agreement between an owner or contractor and a bona fide building and construction trade labor organization which has established itself, and/or its affiliates, as the collective bargaining representative for all persons who will perform work on such a system, and which provides that only contractors and subcontractors who sign a pre-negotiated agreement with the labor organization can perform work on such a system, or construction work performed under a labor peace agreement, project labor agreement, or any other construction work performed under an enforceable agreement between an owner or contractor and a bona fide building and construction trade labor organization.

5. For purposes of this section, the "fiscal officer" shall be deemed to be the commissioner of labor. The enforcement of any covered renewable energy system pursuant to this section shall be subject to the requirements of sections two hundred twenty, two hundred twenty-a, two hundred twenty-b, two hundred twenty-three, two hundred twenty-four-b and two hundred twenty-seven of this chapter and within the jurisdiction of the fiscal officer; provided, however, nothing contained in this section shall be deemed to construe any covered renewable energy system as otherwise being considered public work pursuant to this article.

6. The fiscal officer may issue rules and regulations governing the provisions of this section. Violations of this section shall be grounds for determinations and orders pursuant to section two hundred twenty-b of this article.

§ 4. Section 66-p of the public service law, as added by chapter 705 of the laws of 2019, is renumbered section 66-q and a new section 66-r is added to read as follows:

§ 66-r. Renewable energy projects; labor standards. 1. In the implementation of section sixty-six-p of this article, the commission shall ensure that labor and job standards associated with renewable energy projects are prioritizing the creation of good paying jobs and protecting all workers throughout the state in accordance with the provisions of this section.

2. For purposes of this section, a "covered renewable energy system" means a renewable energy system, as such term is defined in section sixty-six-p of this article, with a capacity of at least five megawatts alternating current and which involves the procurement of renewable energy credits by a public entity, or a third party acting on behalf and for the benefit of a public entity.

3. For purposes of this section, "public entity" shall include, but shall not be limited to, the state, a local development corporation as defined in subdivision eight of section eighteen hundred one of the public authorities law or section fourteen hundred eleven of the not-for-profit corporation law, a municipal corporation as defined in section one hundred nineteen-n of the general municipal law, an industrial development agency formed pursuant to article eighteen-A of the general municipal law or industrial development authorities formed pursuant to article eight of the public authorities law, and any state, local or interstate or international authorities as defined in section two of the public authorities law; and shall include any trust created by any such entities.

4. The owner of the covered renewable energy system, or a third party acting on the owner's behalf, as a condition of any renewable energy credits agreement with a public entity, must stipulate to the public entity that it will enter into a labor peace agreement with at least one
bona fide labor organization that is actively engaged in representing or attempting to represent employees who will provide necessary operations and maintenance services for the renewable energy system. The maintenance of such a labor peace agreement shall be an ongoing material condition of any continuation of payments. For purposes of this section, "labor peace agreement" means an agreement between an entity and a labor organization that, at a minimum, protects the state’s proprietary interests by prohibiting labor organizations and members from engaging in picketing, work stoppages, boycotts, and any other economic interference with the relevant renewable energy system.

5. The public entity shall require a covered renewable energy system, in each of its contracts for construction, reconstruction, alteration, repair, improvement or maintenance, to contain a provision that the iron and structural steel used or supplied in the performance of the contract, shall be, when practicable, produced or made in whole or substantial part in the United States, its territories or possessions in accordance with the provisions of subdivision one of section one hundred forty-six of the state finance law.

6. Whenever changes are proposed to any public procurement process involving the program described in subdivision two of section sixty-six-p of this article, the commission shall make simultaneous recommendations to the temporary president of the senate and the speaker of the assembly, regarding necessary changes to this section and section two hundred twenty-four-d of the labor law, if any, in meeting the goals outlined in the legislative findings and intent of the chapter of the laws of two thousand twenty-one which added this section.

§ 5. Severability clause. If any clause, sentence, paragraph, subdivision, or section of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, or section thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 6. This act shall take effect on October 1, 2021 and shall apply to any agreement which involves the procurement of renewable energy credits by a public entity, or a third party acting on behalf and for the benefit of a public entity, for applicable renewable energy projects entered into on or after that date; provided, however, that section two of this act shall take effect on the same date and in the same manner as section 1 of part FFF of chapter 58 of the laws of 2020, takes effect.
